**10TH ANNUAL BULL AND FEMALE SALE**  
**TUESDAY MARCH 22 2022 AT THE RANCH NEUDORF SK**

*With Guests Nu-Horizon Angus*

# Welcome to the Hollinger Land & Cattle Bull & Female Sale

**Hollinger**  
Land and Cattle

Welcome to our 10th Annual Bull and Commercial Female sale. It is a humbling and rewarding feeling as we prepare for our 10th Anniversary sale. As I write this I can't help but think of all the great memories from years past. The cattle, the laughs, the friendships made, and the days of the old sale barn where it was standing room only. Wow how time flies.

I recall 10 years ago when the thought of having our own sale came about. As you can imagine I was a little hesitant and unsure if it was the right decision. I recall a conversation Chris and I had in the early planning stages, his advise to me at the time was, "You'll never have a 10th sale if you don't have a 1st." Well Chris, you were right, and that was just the nudge I needed. Over the years there have been so many friends and family that have supported us, and helped make this sale happen. From setting up, to helping prepare meals, to helping with pictures and videos. Thank you! Although thank you doesn't seem like enough, Thank you, thank you, each and everyone of you. As well none of this would be possible without our outstanding customers. Both new and returning, thank you for putting your confidence in our cattle and our program, we look forward to growing these relationships for many years to come.

This years sale offering is a group we are very proud of. There are individuals among it that I think, it is safe to say, are some of the very best we have ever had to pleasure to offer for sale. Bulls sire by industry leading proven sires, like SAV America 8018, SAV President 6847, SAV Cutting

Edge 4857, SAV Raindance 6848, Mogck Entice, and Stevenson Turning Point to name a few. There are bulls on offer that will work well in your heifer pasture as well as performance oriented bulls that will add pounds and ultimately increase your bottom line.

As the tradition continues there will be a great set of open, ready to breed, commercial females on offer from Iron Saddle Ranch and LD Stock Farms. You can buy these females with confidence as the come from two of the most progressive and focused commercial programs in the country. They are real world cattle that are bred for soundness, longevity and profitability in mind.

We are pleased to be working with T Bar C Cattle Co. again this year. Their team has been with us since the beginning. They know our program and our cattle and are always available if you are in need of some help making a selection. As well Mark Shologan and his Amazing team at DLMS will be with us. They will be broadcasting the sale live on line for your convenience to bid at home if you so choose.

We would like to invite everyone out sale day, a complimentary lunch will be served and there is plenty of room for everyone in our new facility. If we can be of assistance in any way prior to the sale please don't hesitate to contact us. We look forward to seeing you on sale day.

## From the desk at T Bar C...

Welcome to the 10th Annual Hollinger Land and Cattle Angus Bull and Female Sale with guest Nu-Horizon Angus, on March 22, 2022, at the Hollinger Farm headquarters, Neudorf, Saskatchewan.

It's only fitting that at this 10th Anniversary, they offer two flush brother superstars to headline the event... two of the finest Black Angus bulls to sell this spring! HLC CSI Private Stock is an own son of the record setting S A V America 8018 who was declared Senior Bull Calf Champion at the 50th Anniversary Canadian Western Agribition. His mother was selected by Kourtney Schaff who successfully campaigned her on the show road and is now a predictable donor cow for S A V and HLC. Do not overlook his flush brother, HLC CSI Franchise as many are torn on deciding which is the better bull.

This exciting offering of thirty-eight yearling Black bulls is rich and diverse genetically as they are sired by breed leaders... optimal in frame with plenty of muscle and hair. Out of a great herd of cows, these prospects are packed with high maternal values... you will keep all the daughters.

The folks from Nu-Horizon Angus add the Red Angus component to the sale. Sons of feature bulls... Round Up, Blue Collar and Format. These rugged Red Angus bulls offer hair, volume, muscle and calving ease... most of the bulls can be used on either cows or in your heifer pastures.

The commercial heifers are consigned by Iron Saddle Ranch, LD Stock Farms, and your hosts the Hollingers. This is a top set of Angus influence heifers designed to make replacements.

Feel free to stop by the farms prior the sale, preview the bulls and their mothers... or give Chad or Kieran a call to discuss the bulls and which will fit your breeding needs... they will be pleased to assist.

Plan to be with us at Hollinger's on March 22nd for your next value-added herd sire whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

It's not everyday that you run across an individual as unique as Private Stock 879J. He is one of the first sons by the \$1.51 million dollar S A V America 8018 to sell in Canada. Many of you will remember his Dam, HLC Erica 561G. She was a sale highlight selected by Kourtney Schaff out of our Fall Female sale. Kourtney went on to show Erica very successfully throughout the US winning multiple shows. More importantly than that, Erica has become a donor for both of our operations. This being her first year in production she has 8 registered progeny. 879J has been on our radar from a very young age. He is an individual that offers unmatched width of base, squareness of hip and length of body. For as big topped and stout as he is, he is smooth shouldered and nice fronted. He was selected Senior Bull Calf Champion at the 50th Canadian Western Agribition. We think the world of this bull and will be utilizing him in our program.

**Selling 3/4 Interest and full possession. Contact Chad or T Bar C for further information on Private Stock 879J**

If you were a fan of Private Stock 879J then Franchise 906J will definitely get your blood pumping. Full brothers, these two compliment each other so well. They share the same thickness, length of body and depth of rib. When selecting one of these bulls to show last fall it was a toss up who should make the trip to town. A full sister, Erica 886J, highlighted our December production sale, selling to Highland Stock Farms for \$17,500. Be sure to come check these 2 individuals out in person. If you don't get in on the "Private Stock" you have the opportunity to own the entire "Franchise"!

Icon 963J could be one of the most unique calving ease bulls to surface in HLC history. The natural calf out of HLC Erica 561G by new outcross calving ease sire at S A V, Mill Brae Benchmark 9016. Icon is the only calf in Canada sired by Benchmark. In the recent Outstanding S A V bull sale a calving ease son of Benchmark sold for \$45000. We certainly think alot of this calf and think he could be one of best that will walk through the sale ring on March 22. **Recommend for Heifers.**

If performance and predictably are important in your program take a look at America 880J. This bull is the cattleman's kind, big testicled, deep ribbed, square hipped and sound made. Their dam S A V Blackcap May 273 was a donor for North Perth Angus in Ontario. Any of you who have seen Rito 9969 progeny can attest to the soundness and functionality of the Rito cattle. His dam Blackcap May 273 is a beautiful female that we admired for her outstanding udder quality and beautiful design. This bull is the total package. Performance and maternal in one outstanding package.

A real attractive Cutting Edge son that was part of our show string last fall. His super productive dam by Angus Valley is a female that we love in terms of udder quality, productivity and soundness. This bull offers a nice balance of calving ease and performance. Check out his length of body, neck extension and muscle shape. His dam produced one of our lead off, sale feature bulls that sold for \$7,500 to Trevor Campbell and Cam Taylor in last year's sale.

Recommend for heifers or cows. Pacesetter is a bull we utilized as an outcross calving ease, curve bending sire that would offer new fresh genetics to our program. This bull has a stout hip, big top and is sound in his structure. His heavy milking excellent uddered dam is massive middled, feminine fronted and big topped.

Here is an individual that I feel could lead off the entire offering. This calf has been on the radar from a very young age. He has as much muscle shape, hair and bone as any bull in the offering. His exceptional dam by Justified is a daughter of past donor 20R, who, as many of you know was a huge building block in our operation and continues to be through her daughters and granddaughters. 768D is also the dam of our herd sire HLC Grit 310F who produced our high selling bull HLC Grit 705H that sold for \$14,000 to Madsen Angus in last years sale. A paternal sister HLC Nu-Horizon High Rose 969J was a sale feature in the 50th Anniversary CWA National Angus Sale where she the high selling heifer calf at \$22,500 to Elm Holme CattleCo.

CE: ★ ★

LOT 41

Hello Fellow Cattleman,

Firstly, we would like to thank our bidders and buyers from past years sales having trust in our program. This will be our fourth year offering RED ANGUS bulls in conjunction with the Hollinger Land and Cattle Bull Sale.

**ALL OUR BULLS ARE SIRE VERIFIED!**

We are excited about the eleven bulls we have consigned to this sale. There are SEVEN different sires to choose, from leading bloodlines in the purebred industry. Whether you are looking for a heifer, cow or a bull that can work both ways, there are options to cover your needs.

When selecting either our AI bulls or walking bulls the criteria is actually pretty simple. First off, build them from the ground up. They better be sound good footed bulls, who are loose structured so they will be able to last for many years. They need to be wide constructed cattle that have a look of quality from the side. Then past the bull himself, he must come from a strong maternal line and still have a balanced set of EPD's.

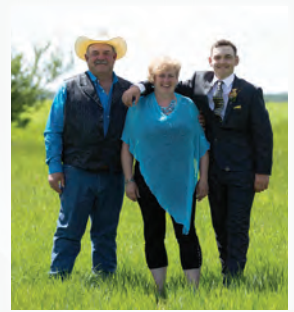

Again, thank you Chad and Trevor for giving us the opportunity to be a part of your sale.

Feel free to give either of them a call or Kieran or Kodie to discuss the 2022 offering.

Our OPEN HOUSE is on MARCH 12 & 13th at the farm to view the bulls prior to the sale! This also gives you an opportunity to see our females and the mothers of these bulls. However, if you are unable to make it, we welcome you to drop in any time to view our program and our bulls. We let the cattle speak for themselves.

Sincerely,

Kieran, Kodie & Deb

The moment you walk into the pen, 115J is a number you will just keep going back to. He immediately demands your attention with his "look at me" presence. He's a loose structured, big pinned herd sire prospect that simply does many things right. His dam is a hard working second calver that comes to us via an embryo purchase from Rainbow Red Angus. 115J's sire is an easy fleshing, complete walking bull we bought from Cockburn's. Visitors admire him in the pasture. Don't miss out on this Round Up son, he's the real deal. Maternal brother sold to Darren Dixon.

Big growth, big middle, large testicles and big hipped, the true cattlemen's kind. 1001J's extra length and shape will help push down the scales in the fall all while still coming out moderate at birth. He has that dark cherry red hair coat breeders are looking for. His dam 7034E is just beginning to write her story and 1001J is just a prime example. Recommended on larger framed heifers.

Format was our selection a few years back out of the coveted U2 program. He's seen use both in the cow and heifer pastures with great success. These twin bulls are thick made, bold ribbed bulls that comes from strong maternal lineage. 59A has been a cow that always puts cattle at the top of the bull and replacement pens. We are probably going to flush 59A as she has produced top end calves year after year. If you look up her track record her 2nd and 3rd bulls calves would have been in the pen but had some unfortunate circumstances Two maternal sisters have sold to Fraser Farms

From the moment this Format son hit the ground he knew he had one job and that was to turn heads. Whether it was as a calf in the pasture, or even now, he has always stood out, even for his age. 190J is a big pinned, big hipped sire that blends both calving ease and growth all into one package.

*Proudly Introducing*

# SAV HEADLAND 1012

**SAV LANDMARK 9148** *X* **SAV EMBLYNETTE 8616**

SAV Headland has herdbull written all over him, presenting outlier thickness, muscle shape, expansive volume and masculinity at an early age - the kind ranchers prefer. He is equally impressive on paper, with a modest birth and curvebending EPD profile that excels from start to finish. He comes from one of the strongest maternal lines identified in the breed to complete a perfect herdbull resume.

**WATCH FOR SERVICES SELLING IN FEMALE FOCUS 2022**

# Terms & Conditions

## Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## Health:

All animals in the sale have met all necessary health requirements.

## Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C CattleCo. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C CattleCo. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C CattleCo. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

## Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
