

JP CATTLE CO.

Simmental & Angus
BULL SALE

March 3, 2022 1:00 PM McAuley, Manitoba

Welcome...

Welcome all to the 2022 edition of the JP Cattle Co. Bull and Female Sale. Another interesting year has come and gone, and here we are again, busy calving cows and getting things ready for the sale on March 3rd. It has been a very difficult year for many of our friends and customers all across the prairies. Not very many areas escaped the year without feeling the wrath of mother nature, shorting most areas of moisture during the growing season. However, some late season rains kept the cattle out in the pastures and grazing in the fields for a while longer than it originally looked. With the high cost of feed, every day of grazing sure helped.

Once again we are very happy with the group of bulls we will have on offer this year. We feel we have a better selection of red bulls for your appraisal. As well our black simmentals and top to bottom our angus are a very even bunch. We are excited to offer our customers some new genetics from breed leading herd sires, in both breeds. While working on the footnotes, we can't help but notice how many bulls, dams or grand-dams are products of our donor program. It is very rewarding to see our goals come to fruition.

On the heifer side, once again we have a very solid group, bred to calve, the last week of March. So you won't have to wait long to get production out of these gals. We don't sell open heifers so at breeding time, we sort mainly for size and age, and breed all the more advanced ones for January and the others for March/April. There are some real good quality heifers in this group. Another important factor this year is that they have their winter feed in them, which is quite a cost saving for their new owners!

Again, I can't reiterate enough how much we appreciate the loyalty to our program that our customers show every year. We try every year to produce a product that works on their ranch. Be it new genetics, embryo transfers or plain old tried and tested, it's a constant effort on our part, and of course if there is a problem, we stand behind our bulls to the best of our abilities. Buy with confidence!

On a sad note, our mother Ev Lowes passed away on Sept. 2/2022 at the age of 92. She had a fall in June and broke her hip and shoulder and other than a short rally in late July, it was a steady decline until her passing. Like most people of Mum's generation, she never complained much. She had lots of visitors while in a personal care home in Moosomin and many stories were shared in those final days. She told us many days, she had a good life, raised a family she was very proud of and she was ready to go. She never got to the farm much over the past year but called all the time to check on us. She was very proud of our endeavors! We sure miss her.

At this time I'd like to thank all the people that make things happen at our farm. My wife Brenda, Glenn & Shelley, and our families, Justin & Samantha, Stacy & Shonda, Cam & Brooke. On a side note, especially Brooke, she does all the bookwork for the purebreds which is a huge responsibility. Thanks Brooke, from all of us! Then of course all our other staff, Scott, Allan, Aaron and Thomas.

In closing, we welcome you to come tour the bulls ahead of time if you are able so you can see the consistency and quality we have this year and we look forward to you joining us March 3rd in person or online with DLMS. We continue to strive to produce a good functional product that is affordable and has the quality to do the job at their new homes. Thanks again.

On behalf of the JP Crew,

Barry

JP CATTLE CO. Annual Simmental & Angus Bull Sale

March 3, 2022 • 1 PM
McAuley, Manitoba

AUCTIONEER:

Chris Poley, T Bar C Cattle Co. Ltd. 306-220-5006

RINGSIDE:

Shane Michelson, T Bar C Cattle Co. Ltd. 403-363-9973
Ben Wright, T Bar C Cattle Co. Ltd. 519-374-3335
Chad Wilson, T Bar C Cattle Co. Ltd. 306-577-1256

SALE DAY PHONES:

Glenn Lowes 204-851-5669
Barry Lowes 204-851-0342
Brooke Canart 204-851-2531
Stacy Lowes 204-851-5153
Eric Pateman 306-434-8567

SIGHT UNSEEN PURCHASE PROGRAM:

All sight unseen purchases are fully guaranteed.

SEMEN:

We reserve the right to draw semen on any of the sale bulls for "in herd use" at the buyer's convenience and the seller's expense.

INSURANCE AGENT:

Alameda Agencies: Bonnie Thompson 306-483-7311

365 day weights will be available sale day.

GUARANTEE: All sale bulls are fully guaranteed as breeding bulls. We will be keeping back a few bulls as replacements, if one may be required.

HEALTH: All cattle are on a full Pfizer Health Protocol. Rebecca Gervin from ValleyFlats Vet Service has done all semen test, scrotal measurement and preg-checking. Bulls were treated with Ivomec at weaning, September 20, 2021 and December 29, 2021.

FEED RATION: The bulls have been fed a complete TMR grower ration. 3M Beef Supplies balances this ration for us. We strive to develop these bulls to grow at a steady and reasonable pace after weaning. We want to have bulls ready for our customers, at breeding season, that are in good breeding condition. We strive to raise bulls that can get out, walk, and maintain their body condition. We strongly recommend leaving the bulls at the farm after the sale, where we will keep them on this grower ration, at no cost to the purchaser, until delivery.

We would like to have most of the bulls delivered by the 1st of May, if possible.

From The Desk At T Bar...

Welcome to the JP Cattle Co. Simmental and Angus Bull and Female Sale, March 3, 2022, at the ranch, McAuley, Manitoba. It has indeed been a pleasure working with this true farming family. They know the kind of breeding stock which earns dividends for their customers and each year strive to add new genetics to satisfy their large customer base. The JP herd base is large, giving them the opportunity to sell both bulls and heifers with a high level of predictability. In the past several years, the Lowes, have added embryo transplant into the program, propagating their top cows in the purebred division. Those successful results can be discovered as you browse this catalogue.

The 2022 edition comes loaded with customer opportunities. The Simmentals are stout and consistent with end-to-end quality. Many homo polled, rugged, big barreled, full of muscle and lots of that needed hair in winter. No doubt, Kill Switch has made quite an impression in the program... but let's not overlook Affiliate, Man O War, Ignition, Royal Flush or the pasture walking Wheatland Bull 8100F... what an outstanding lineup of sires in the Simmental division of their program.

The Angus bulls come to you with tons of maternal values without sacrificing performance... stout with lots of muscle and do-ability. Cash Flow, Cache Creek, Brilliance, Harvest Moon and HI Caliber offer you genetic diversity and calving ease. The Simm/Angus percentage bulls are calving ease specialists and will add those valued pounds at weaning... don't overlook these breeding packages.

The heifers, Reds, Blacks and Baldies are bred to start calving the end of March, so you are not far away from clipping the first coupon. Bred to calving ease Angus bulls, they are uniform in frame size and quality whether you would like a pen or a load.

Stop by the ranch anytime prior the sale and preview the sale line-up or give the folks at JP a call, they love to talk cattle and most importantly they know good cattle. You can select with confidence... they come with the JP Customer guarantee.

Plan to be with us in McAuley, Manitoba whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Switch Blade has been a favorite all summer and continues to impress all that enter the pen. This is one of the most complete red bulls we have ever produced. With Kill Switch on the top and 56U on the bottom, he is sure to make phenomenal females and bulls alike. He checks off all the boxes for us — hairy, natural thickness, easy moving, structurally correct, and large testicles. We unfortunately lost 119B shortly after this flush, she was a very good udder, big footed cow, who had tremendous depth and volume. We are sure glad we had excellent results in this last flush, and are pleased to have many heifers to continue on this cow family. We plan to continue to build our red herd using these genetics. Switch Blade is sure to demand your attention on March 3rd.

Two full brothers to Switch Blade, who sure show that there is consistency in this mating. Due to 135J docile mannerisms, his picture doesn't do him justice. Overall we are very impressed with these flush brothers.

These two brothers are pretty special to us, as both 125F and 49G carry the JLP prefix. 125F seems to be following in her mothers, footsteps and becoming the lead donor here at JP. We feel 834U's 50 plus registered progeny may be surpassed by 125F. 49G is one of the highest selling Affiliate sons to date, he sold it to Kearns Cattle Company in Nebraska. These 2 bulls carry all the great qualities of their sire and dam. Tremendous capacity, length of spine, and easy fleshing that we strive to produce here at JP.

29B is the prolific flush cow of Brooke and Stacy's. With her high producing flushes we decided to use two different bulls in one flush -Man O'War and Kill Switch. The results speak for themselves. She crosses well with everything we have bred her to. 29B produced the high selling bred heifer in our 2020 heifer sale going to Dimmlers and a high selling heifer calf in the Keystone Konection purchased by Wheatland Cattle Company.

Here's a bull that will stop you in your tracks in the pen and pedigree is sure to do the same. General's grand-dam and grand-sire are both past Canadian Western Agribition Simmental Champions, and he is sired by the \$317,000 Man O War. Many visitors believe this will be one of the best black simmental bulls to walk through the ring to date here at JP. 95F has elevated herself to the top of our cow herd and will be entering the donor pen this spring. General deserve a good look.

We liked this cross so much we bred the cow the same way and she is currently calving as we write these footnotes, a whole month earlier than last year. A good solid functional bull going back to the 232Z that originated from Kopp Farms.

These bulls that go back to 834U are like peas in a pod. If you are looking to put a group of similar pedigree bulls together, don't overlook the 834U descendants. Big middled, hairy, easy moving bull with a large foot under him.

Testimonials

Hear it from our buyers

We have been dealing with JPCC and the Lowes the last couple years. We have been very pleased with the bulls we have bought. Their bulls are solid, sound and look great. They go out and work, hold up well and we have had zero issues with them. Brooke, Barry and Glenn have all been great to deal with and understand what commercial cattle need to do...go out, work and perform without creating unnecessary work. We plan on adding more JPCC bulls to our bull battery going forward.

Joe and Amanda Bouchard
Fisher Branch, MB

I have been purchasing bulls from JP since 2013 and recently purchased a load of commercial bred heifers. The quality and consistency has impressed me year after year. Cattle people that know all sides of the industry commercial, feeding, purebred, and they know how to produce the animals that make the numbers work. I'm very happy with the customer service they have provided, they always make things right!

Riley Isaacson
Viscount, SK

We are extremely proud to have raised this guy. His sire, Turning Heads, is a bull that was purchased down in the States by Wheatland. We feel very fortunate to own a share of this bull especially after he was slapped Reserve Grand Champion Angus at the 2021 Canadian Western Agribition. He embodies everything that we strive to do in our Angus program. He is a very well balanced individual- Smooth shouldered, long spined, with a lot of natural thickness. We know he will have many friends come sale day.

A couple flush brothers to Lot 44, off 115C, a no miss donor here. We think this cross turned out very well. We are really impressed with the way Turning Heads has bred, and after watching these two bull calves develop and their 8 full sisters, we used him very heavily this past breed season. So you can look forward to seeing a lot more of his offspring in next year's sale.

This is the first progeny of the Pick of the Herd from Blair's Ag in the Fallsview Sale in 2020. 621E is a beautiful Napoleon daughter who went directly into our donor pen. She came with calf at side, sired by the Agribition Grand Champion Angus Bull Conley South Point. He's one of the younger bulls in the offering but we feel he has huge potential. You will definitely see many more progeny off 621E in the future. Owned jointly with Blair's Ag.

Peas in a pod these last two are. We are sad to have lost this herd sire last spring, but thankfully have a lot of semen on him.

Bred Heifers

This year we have 60 top quality bred heifers available for sale on March 3rd. We had too many cattle to calve in the winter, so we picked these ones out and bred them to start calving the last week of March and finish up in the middle of May. We have a handful of reds and the rest are black, with some blazed faced ones in the mix. They are mostly younger heifers out of our papered cows. They are very good quality heifers that are up to date on their vaccinations and have had their first shot of scour guard. They are bred by home raised easy calving Angus bulls. They will sell in groups of 3 and 4 head.

Notes

Terms & Conditions

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

DISCOUNT PURCHASE PROGRAM:

This year we have decided to introduce a discount program for multiple bull purchases. You will receive a discount of 3% of the total for 2 or 3 bulls, and then for every additional bull you receive another 1% per bull.

2-3 bulls - 3%

4 bulls - 4%

5 bulls - 5%

6 bulls- 6% etc.

SALE CREDITS:

This year with everybody being so aware of the COVID safety, we strongly recommended that you come and view the bulls prior to sale day. We are going to give four (4) - \$500 sale credits off the purchase price of a bull. The draws will be made before the beginning of the sale and winners announced from the sales block.

-All producers that come to view the bulls ahead of the sale will be entered into the draw for the first two sale credits.

- All producers that attend the sale will be entered for the third and fourth credit.

EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE...

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.

IN-HERD SEMEN...

We reserve the right to collect on any bull sold through the sale. The semen collection will be at the seller's expense and buyer's convenience. Any semen collected will be for in herd use only.
