Welcome to the M & J/Glasman Farms bull sale 2022. Since our last bull sale Welcome much in the world has changed. The year 2021 gave everyone quite a ride with restrictions of all sorts, vaccination roll outs, heat, drought and so on....not sure many were sad to see 2021 move on.

The cattle business and in our case the seedstock business things need to and must stay the course. The production of protein in any form is a pretty big deal and cattle producers take it very seriously. Our belief hasn't wavered...the production of beef in all forms is an honorable profession using natural resources at hand to develop the most sought after protein source in the world.

At M & J Farms and Glasman Farms we make it our goal and our responsibility to provide good solid working bulls so the cattle cycle of life continues. These age advantaged bulls are designed and developed on a 'no frills' basis. Born on grass, no creep, summer grazed as yearlings and then developed on a TMR silage based homegrown ration. This year both the Simmental and Angus offerings are even and consistent as groups offering lots of diversity in genetics to fill the needs of the bull buyer's herd bull requirements.

Our family is growing in numbers. Jared and Chelsey were blessed with a little girl Mesa Jyl in early February, a sister for McCoy. While Matthew and Leanne have a very busy life with their two girls Sarayah and Aleah and son Harlan. It is always a wonderful busy here when the 5 under five are around!

Once again we have decided to have an online format with a live auction due to the current Covid situation and resultant regulations. The online live auction will be broadcast by DLMS on Sunday afternoon February 27th starting at 2 pm. The bulls have been pictured and videoed for your online viewing. Our bullpens here on the farm are always available for a walk through. We extend an invitation to visit the farm and view the bulls . Jared and Matthew know the bulls well and would be happy to

discuss your needs. We and the T Bar C staff can assist and guide you with your bull selection and purchasing, whether it be online or on the phone. As always we stand by our sight unseen guarantee, if you aren't satisfied with the purchase at delivery or pickup, you don't own him.

Please feel free to call us at M&J or Glasman Farms if we can help in any way with your herd bull selections

Miles and Bonnie

Jared, Chelsey,  
Mesa and McCoy

Matthew, Leanne.  
Sarayah, Aleah and Harlan

*The Glasmans*

## From the desk at T Bar...

Welcome to M&J Glasman Farms Simmental and Angus Online Bull sale, Sunday February 27, 2022, at the farm outside Russell, Manitoba. This progressive family breeding operation has been suppliers of purebred and commercial sires for the livestock industry dating back seven decades.

The M&J Glasman operation is based on marketing "age advantaged" two-year-old bulls... one of the few such operations in the industry. These bulls are born on grass, carried through the winter on a growing ration, then run on grass all summer in big pastures and supplemented with a high roughage diet to be readied for the sale. The program is based on producing calving friendly, moderate framed, high-performance sires that will cover more cows and are suitable for all types of operations.

Over the years, their herd has been developed by expanding superior cow families and this propagation is the reason that this bull offering is so high in uniformity with quality whether you are shopping for Angus, Simmental, Simm/Angus sires, or some of each. They offer a discount for volume buyers so that producers can take care of their herd bull requirements at one operation in a single day. Rugged, muscled, sound with plenty of testicles and hair, they are suitable for all budgets and operations.

Plan to stop at the farm anytime prior the sale, preview the bulls and their mothers. Feel free to give any of the Glasman gang a call if you have questions or need answers on the offering... they will give you a straight upfront analysis. Just off the Yellowhead highway, M&J are worth the visit!

Plan to take care of your breeding needs at "M&J Glasman Farms Bull Sale" whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

## Welcome from Glasman Farms...

We're excited to welcome you to the annual M&J Farms bull sale and would like to start by saying thank you to our customers and friends for supporting our program. Whether you are a bidder, a buyer, someone who shares or likes a post on our social medias or stops by for a visit and a look at the cattle, we appreciate you.

The Glasman family has been in the purebred seedstock business for around 75 years and we're extremely proud of this year's strong offering with sons from Alcatraz, Earnhardt, and Bond highlighted among the group. We have kept our breeding program quite disciplined. We're not chasing extremes but rather breeding the way we want to buy. Our cattle may be purebred but they are not pampered. What you see is what you get and we love how resilient, efficient and maternal these cows are.

Our cattle work for us and have made working full time shift work and raising a young family possible. Our cows are fed and winter in a ½ section of bush about 10 miles away from our home quarter and calve in a fenced off area of the same pasture. We've moved our calving back to May/June and the cows are checked daily during calving when possible. In the 4 years since we started spring calving we have only had to help one belted Galloway heifer and one Angus heifer (got greedy breeding power to power) which is a little bit of luck but also thanks to mother nature and genetic selection.

More often than not, we work as a family unit – our 3 little cowpokes (Sarayah is 6, Aleah will be 4 this summer, and Harlan turned 1 late October) come with us for most projects whether that be setting up electric fence, sorting and processing, feeding, AI'ing, preg checking, hauling...you name it and they have probably sat in the Kubota, minivan, dually, or old Chevy half ton "supervising"!

We would like to thank Wayne and Marcella Collins for watching over the bulls where they are pastured for summer/fall grazing, letting us borrow their tractor in the late fall to feed or call the cows in and use of the loading facilities when it's time to load out for winter.

A big thank you to Leanne's family: her grandparents (Garry and Diana Clarke), her Aunt Patty, and her parents. Thank you as well to my parents, brother Jared, and friend Nathan Sorrell. These wonderful people have helped out in various ways, whether it be with land, equipment, babysitting, an extra body for sorting/processing, you name it! We are blessed and truly wouldn't be able to do a lot of this without the help and support of family.

There are so many things that can't be controlled in the times we're currently living in but selecting a herd bull to move your program forward is one thing you can.

If time allows, please make the drive to see the group for yourself and let the bulls themselves do the talking. We feel there is something here for everyone. The bull videos can be viewed online with DLMS or give me a call to chat further about the offering. We welcome your appraisal and thank you for your interest in our program!

MLG Alcatraz 015 is an excellent heifer bull candidate who is moderate in stature and smooth in his lines. His dam, MVF Tibbie 283W, is a matron in our herd who has put many bulls through the sale and raised many females that have done the same. Tibbie 283W is still in production at the age of thirteen and looked very youthful with a good Lancaster bull calf beside her this summer. Calves out of this bull should come easy and grow to a moderate mature frame score.

MLG Earnhardt 076 is one of the most attractive and complete bulls in the offering. Deep, stout, and hairy with smooth shoulders that lead into a proud herd bull skull. He is backed by the Blackbird cow family that always has a large percentage of bulls in our offering and is maybe the most popular and proven cow family in our herd thus far. His dam is a favorite perfect uddered Authority daughter who is a full sib to a past high selling bull to Felton Angus Ranch in Montana. His full sib will be a lead off bull next year. No research to do here: consistency is bred in!

LOT 34

FULL SIB TO DAM OF 076

# Black Angus

Here is a full brother to last year's lead off high selling bull to Brian McCarthy of Spring Creek Simmentals and Angus. This guy has a hair more frame and stretch to him and has been a favourite with visitors since he was a calf. Our favourite part about him is that he is backed by the Tibbie cow family. His dam also raised a Bank Note bull, MLG High Country 6016, who was junior bull calf Champion at AG-EX and pulled out of his class at Agribition. He gained a lot of attention! MLG Tibbie 11A was our favorite female of the 2015 calf crop and is a tribute to how consistent these Pioneer daughters are in their productivity.

BW	WW	YW	MILK	MCE	BW	ACT WW
3.5	48	86	4.0	20	89	770

An attractive Renovation son that offers extra depth of body and mass. Any way you look at this stud he will command your attention! MLG Renovation 030 may be one of the most unique bulls in the offering and was a favorite of Chris Poley's on a tour through the bulls. His moderate dam by BC Lookout is big ribbed and wedge shaped with an excellent udder. She is from the same cow family as Brockhill Prophecy for anyone who followed the Soo Line program and Poplar Meadows as of late. This bull is polluted with cow power stacked with the biggest names in the business.

This big ribbed train of a Lithium son is out of one of our deepest, absolute favourite Authority daughters. The Pauline cow family is known for being highly productive and profitable with amazing udder quality. Two maternal brothers have sold into purebred programs.

# Black Angus

This bull is the result of embryos purchased from Brooking Angus. He is a large scrotalled, deep sided son of the impressive Gold Coin that was a lead off favorite in Brooking's sale as a yearling for his undeniable style, depth and impressive base width. He went on to have an impressive show career as a yearling and his dam has one of the best track records at Brooking as the dam of Trendspotter and Annie K 2176, mother of Fire Brand. His full sister is a peach: long bodied, big ribbed and oh so feminine. Stacked with cow families unmatched in the business he is a definite herd bull candidate.

SOO LINE ANNIE K 9165 - DAM OF 057

DAM OF 041H

He's pretty cool! Smooth made, rocket fronted, leading up to a small head that's made for the heifer pen. His massive volume, thickness and muscle shape will make him a real asset to your herd bull roster. Between his dam's quality and being double bred Eliminator he should be an udder improver. He came as a calf alongside his phenomenal dam from the prestigious Autumn Angus Classic sale held in Ontario. She is the model Angus female: a definite front pasture kind.

***Simmental***

Opportunity here folks! Sired by M&J and Outlaw Cattle Co.'s red herd sire, STF Crimson Tide, and mothered by our favourite Simmental cow we are very excited to offer this outcross black/white face bull. His dam is our favorite Simmental cow not only in structure, udder quality, eye appeal and sporting a flashy white face, but also in her production. She has daughters by Pioneer, Bank Note, and Authority in production as well as an excellent RF Capacity heifer in the replacement pen. If you're looking for a baldie bull that's outcross to the usual black Simmental genetics don't pass this guy up!

MLG Hummer 034's good uddered dam by Rampage is thick, deep, and backed by her dam our never miss Enticer daughter purchased from the Chescus's out of their proven flush cow CZAR Lady Kat 83H.

LOT 47

This stylish, thick made herd bull candidate is sired by an exciting Renovation son out of Blackbird 172T. Not only is his sire's side maternally charged with some of the greatest cows in the Angus business, but his 1/2 blood dam sired by FF Identified B78 is extremely well made, big ribbed, and perfect uddered. She ranks among the best in our herd for phenotype and production.

Alcatraz sold through Hamilton Farms' 2019 sale for a Canadian record selling price of \$200,000 for one half interest. Alcatraz has set a new standard for the definition of what a fault free bovine should look like. His structure is pretty much flawless with tremendous width in his top from behind his shoulders all the way back to his pins, and finishes off with a wide butt exhibiting great muscle shape. He has that proud herd bull look to his front end with lots of crest and power and a nicely shaped head combined with perfect feet and leg structure. He has proven himself successfully on heifers as a calving ease specialist as well as passing on docility to his calf crops.

We flushed our matriarch foundation female, Blackbird 172T, to Renovation. The resulting flush brothers had massive volume, thickness, muscle shape and were major herd improvers. Backed by the strongest maternal cow family pedigrees in the business they were guaranteed female makers. We believed in this flush so much that we used one of the sons ourselves.

MR. ONE DERFUL  
HAPPY FIRST BIRTHDAY!

M&J Farms  
SIMMENTAL LANGUS

# Terms & Conditions...

## Terms

The terms of the sale are cash or cheque, payable at par. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## Payment Options

Payment in full sale day will be the norm. If special arrangements are needed please discuss with Miles Glasman (M&J Farms) and/or Matthew Glasman (Glasman Farms) prior to the sale.

## Insurance

All bulls staying at M&J Farms/Glasman Farms must be insured. Contact Keystone Livestock Insurance at 204-728-3058. We strongly recommend that insurance is purchased for full value.

## Delivery

Bulls will be kept until April 1, 2022. After this date a \$3/day yardage fee will be payable. All bulls will be delivered by April 30th free of charge unless special arrangements have been made at M&J Farms/Glasman Farms convenience. Every effort will be made to get your bull to your farm, however some long distances may dictate delivery to a central point.

## Breeder's Guarantee

All bulls will be semen tested prior to the sale. The bulls sold are sold with a breeder's guarantee. If problems arise please notify M&J Farms/Glasman Farms immediately so the replacement or credit towards another bull can be dealt with in a timely fashion, At no time will M&J Farms/Glasman Farms be responsible for more than the purchase price.

## Pedigree Estimates (PE)

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## Announcements

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

## Exception Guarantee

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

## Liabilities

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## Rights and Obligations

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
