## 6<sup>TH</sup> ANNUAL BULL SALE

TUESDAY, MARCH 22, 2022 - 1:00 PM

DRYLAND CATTLE TRADING CORP. - VETERAN, AB

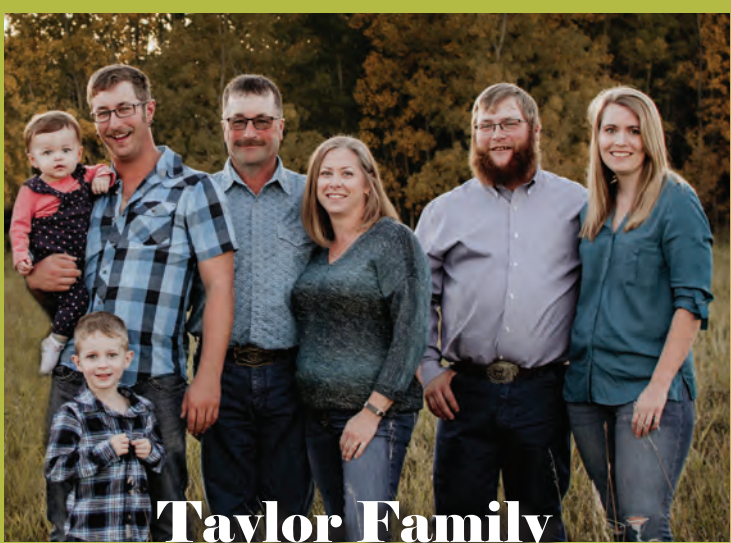

# WELCOME TO OUR SIXTH ANNUAL POPLAR BLUFF, L & S LIVESTOCK AND BRONYX ANGUS BULL SALE

## Poplar Bluff Stock Farm

It's that time of year again - Welcome to old friends and new! In the hustle and bustle of bull sale season, which rolls into calving, then seeding...you get the picture...we always appreciate the opportunity to meet with past and future clients, and so many who have become friends as well. We are so thankful for the people that we meet in our business. Thank you all for your commitment to agriculture and specifically the business of beef, and allowing us to play a role in your business.

This year will be our 6th Annual Bull Sale held at Dryland Cattle Trading Corp in Veteran, AB. We will serve lunch at 12 noon and the sale will begin at 1 PM. As mentioned many times over the years, the staff at DCTC are a first-class crew to work with.

This will be the second year that we welcome our guests, Bronyx Angus and L & S Livestock, who offer 2 year old and yearling Black Angus, respectively. We are happy to offer a little bit of variety as we recognize that there truly is no "one size fits all" approach in agriculture!

### Taylor Family

The Taylor Family - Box 55, Chauvin, AB T0B 0V0  
Phone: 780-858-2435 - John's Cell: 780-806-3395  
Email: [jktaylor@telusplanet.net](mailto:jktaylor@telusplanet.net)

With the challenging pasture conditions experienced last summer, we had to change our program a bit. As there was no regrowth on the pasture that the bulls run on at home, we kept them on a light grain/silage/hay ration for the summer, while still allowing them out to pick at what grass they could find, which gave them the opportunity to get lots of exercise - which we feel is so beneficial to their longevity and overall athleticism.

As always, no bulls are offered for sale off the farm and all bulls are virgin 2 year olds. They will be vet inspected and semen tested prior to the sale. We're also providing some protection from foot rot by administering both the initial and a booster dose of Fusogard before they come to town.

One other thing that has not changed is our commitment to raising bulls that are good footed, adequately haired for our climate and are easy to work with. We have 4 generations in the barn yard on any given day and disposition is a driving factor in what we choose to keep for our own replacement heifers as well as the bulls we offer for sale. Our cows are an honest group of girls who calve almost completely on their own. They're good mommas who milk well with tidy udders and good feet to walk our creek hills. Herd bulls are selected as well for good feet, good haircoats, large testicles and good dispositions.

We welcome you to tour the bulls ahead of time, on the farm if you'd like to see them on their home turf, or in the days leading up to the sale down at Veteran. We plan to move down on Sunday so that they can take Monday to settle in before the sale on Tuesday.

If you're unable to attend or have any specific requirements, please reach out to us. We will make every attempt to ensure that you have a bull that meets your needs. If you'd like an objective assessment of any of the bulls offered, we have several individuals listed under the sale day phones that could assist.

See you on Tuesday, March 22, 2022 in Veteran!

**\*All bulls will have received both shots of Fusogard to protect from foot rot.\***

**DRYLAND CATTLE  
TRADING CORP**

**Poplar Bluff will offer 2, \$250 credits to buyers of our bulls.**

## Terms & Conditions

### TERMS:

The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. All settlements must be made with the clerk of the sale before any cattle will be released. The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made credit clearance prior to the sale with the owner. All monies are in Canadian funds. The right of property shall not pass until after settlement is made.

### DISPUTES:

In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

### PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

### ANNOUNCEMENTS:

Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

## SALE DAY INFORMATION

### Delivery

Any bulls picked up on sale day will be eligible for a \$100 sale credit.

If you aren't set up to take your bull and would like him delivered closer to breeding season, we'd prefer if you put insurance on before he goes back to the farm. We take every care with the bulls that do go back home, but going to town and then home again resets the pecking order. Larry Toner of Stockmens Insurance will be in attendance on sale day to assist you.

Buyers must take delivery of their bulls by May 1, 2022.

Free delivery of bulls is available to central points and in most cases, right to your farm or ranch.

## ONLINE BIDDING: via dlms.ca

Can't make it to the sale? **Watch & Bid Online.**  
With DLMS you can Watch, Listen & Bid on your computer just like you were there with online bidding over the internet

### CERTIFICATE OF REGISTRY:

Registered animals will carry papers issued by the Canadian Charolais Association or the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers of each animal after settlement has been made.

### GUARANTEE:

All animals will carry standard breeding guarantee as specified by the Canadian Charolais Association or the Canadian Angus Association. At no time shall the seller's liability exceed the purchase price of the animal. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

### EXCEPTION TO GUARANTEE:

In cases where the animal has been subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

### ACCIDENTS:

Although every precaution will be taken to protect the safety and comfort of buyers, neither the Owners, Auctioneer, nor Sales Staff assume any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

### RIGHTS & OBLIGATIONS:

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction, which is not covered by the terms and conditions of this sale.

Almond is a tan Eldorado son who consistently calves easily, polls those calves and gives them fantastic feet. We have used him on a variety of cow types and have been very happy all around. The daughters have lots of milk and are highly maternal. This sale will be the last set of his sons offered.

Encore was purchased from Wilgenbusch Charolais as a heifer bull. We have been impressed with the calves he has sired. Aside from the calving ease and vigour of these calves, Encore passes on his quiet disposition and excellent foot structure. His first daughters are now in production and are a really nice set of young cows.

Chancellor was the high selling bull at Horseshoe E's 2016 sale. Originally we used him on heifers and found that he had the performance to use on cows too. His calves are consistently vigorous at birth and stamped with the same muscle shape and super feet under them as he possesses. His daughters are growing into nice young cows with beautiful udders. This year's offering will be the last set of sons offered.

## Lyle, Sheann, and Brill Brosinsky

Box 58, Cactus Lake, SK S0L 0J0

Lyle's Cell: 306-753-7809 Sheann's Cell: 306-753-9387

Email: [Lsbrosinsky@gmail.com](mailto:Lsbrosinsky@gmail.com)

Welcome we are very excited to be selling our bulls again this year with Poplar Bluff Stock Farms & Bronyx Angus.

We ranch about 30 km from Macklin by Cactus Lake just inside the Saskatchewan border. We are a family run ranch that is devoted to making bulls for our commercial cattle friends. Bulls that are easy calving but add pounds & performance come weaning time.

Our herd started in 2015 with the purchase of females from MJT Cattle CCo. Pedersen Livestock & Standard Hill Livestock. We are not about numbers quality comes first & for most. They must have good udders, feet, legs, & overall performance, or they are culled.

We added a few new females to our herd in 2021 and are excited to see what the future holds for them.

Being 2021 was so dry we ended up having to change up our feeding program. Our barley did not make a combinable crop, so we made silage bales for the first time. We also started using Bullseye nutrition program. The bulls have been fed chopped brown oats, free choice hay & barley silage bales. They are on a full herd health program with Border Vet clinic.

A huge thank you to everyone who supported our 2021 sale. We are very happy to hear our bulls have worked well for you. We look forward to working with you in the future.

Please stop by the ranch or give us a call anytime to view the bulls.

Sincerely,

*Lyle, Sheann & Brill Brosinsky*

We used this fella on 10 head a mix of purebreds & commercial cows before we sold him to Dean & Terri Forrester. Where he is still working for them. We are really happy with his calves with the heifers being kept in the replacement pen, and Brill picked a son of his for his 4-H steer this year. He's long, deep and smooth and has lots of hair. He's got some power & performance he puts into his calves.

Working on a nutrition program for Lyle, Sheann, and L & S livestock family has been great. They are a family passionate about agriculture with an excellent set of Angus bulls on offer.

L & S Livestock's bull development program begins with the use of a year-round mineral program both in the cowherd and in calves throughout the winter. The mineral program is tailored to the differing requirements and environmental conditions throughout the year.

Organic minerals are used to ensure proper immune function and overall health. The bulls are fed a forage-based diet that includes the correct energy and protein levels to allow the bulls to reach their genetic potential. The main focus is on gut health and allowing the bulls to develop lean muscle growth.

If you have any questions about the nutrition program, please feel free to call. Good luck on sale day!

Email: [brycemawbey@hotmail.com](mailto:brycemawbey@hotmail.com)

Hello & Welcome to the 6th Annual Poplar Bluff Stock Farm & Guests Bull Sale. We are extremely excited for the opportunity to offer up this strong set of coming 2 yr old bulls. For those who don't know us, our cattle operation consists of roughly 300 commercial & 60 purebred cows. In 2005 we started purchasing top proven females from production & dispersal sales of CRESCENT CREEK ANGUS, DOUBLE AA ANGUS, SASKALTA FARMS, LOOKOUT STOCK FARM, GLEN ISLAY ANGUS and REMINGTON LAND & CATTLE. We have worked hard at building the herd to where it is at today. With myself working off the farm during calving, Dad is left by himself for good stretches. He is a very selective cattleman and we expect a lot from our cows – no babysitting and no excuses or they do not stay. We have a checklist that a cow needs to meet in order to stick around. The dams that are pictured in the sale catalog will give you a good idea of the type of cow we like – cows that are consistent producing at the top end of the whole herd - maximizing return with no or very little help during calving.

The bulls on offer are good honest ranch bulls that have been developed with longevity in mind. We feel these beef bulls are the type of cattle that will satisfy the needs of the cow-calf producer, feedlot & packer, while also siring top end uniform replacement heifers. The bulls are currently on a daily TMR ration that consists of oat silage, & a 14% beef pellet @ 12 lbs per day.

If you have any questions or requests, we are more than happy to help. We stand behind our cattle which are raised to work & we look forward to working with you on sale day & in the future. Please don't hesitate to come see the cattle at the farm prior to the sale.

Sincerely,

*Owen & Bryce Mawbey*

Bronyx Angus

Note: The weaning weights of the bulls were taken on November 10, 2021

We reserve the right to collect in herd use semen on the bulls sold, at the buyers convenience and our expense.

Two ET flush brothers. Their dam 1189A is a top 402U daughter in the herd at Peak Dot. She is an excellent uddered & good footed solid ranch cow. These two herd sire prospects have soggy, deep profiles with easy going attitudes. Their sire Ellingson Rider Pride 7282 was the 2018 high selling bull. There is a real good full sister to these bulls ready to calve in April. These Bulls will flat out work with their quality, pedigree & epds.

Quiet, Smooth, Well Balanced & Well Muscled Bull.  
His dam Lookout Patricia 61S is a 1350 LB model  
angus cow with an excellent udder,  
good feet & disposition.  
She is still producing at 16 years of age.  
We used her first Bull.

Another son of RANCHERS CHOICE 48C. 51E's dam is a top consistent cow. If you like hair, extra length, volume, muscle up on the top line with performance, you will like these Bulls out of 51E, who sires both uniform groups of bulls and heifers. He bred well with another uniform group of yearlings that will be on offer for next years sale.
