

PRIME PLUS

BULL SALE & REPLACEMENT HEIFERS

April 13, 2022 - 1PM
Beautiful Plains AG Complex
- Neepawa, Manitoba -

Welcome to the sale...

I would like to welcome everyone to our annual bull sale. With the year that we have had this past year, it has never been more important to have efficient, easy keeping cattle. I feel the bulls in this sale are the best group that we have ever put together. Whether you will be using them on a cross breeding program or for purebred purposes, we have bulls that will definitely fit your needs. In purchasing a bull here at our sale, you will get really great value for your dollar and the breeders in this sale always stand behind their products.

We chose to put this sale together using both Angus and Hereford genetics because they are so complimentary to each other. The baldie cow is the mainstay in many larger ranches in both Canada and the USA and the only way to make a baldie is by crossing Hereford and Angus cattle. We will have some feature baldie heifers in the sale and some straight bred Hereford heifers, as well as our bull offering. Please feel free to contact any of the consignors or TBAR who have seen the bulls. Hope to see you at the sale on April 13 in Neepawa. We will be hosting the sale with any required COVID protocols in place.

- Doug Troop, *Doug Troop Hereford Ranch*

From the Desk at T Bar...

Welcome to the 5th annual Prime Plus Bull and Female Sale, April 13, 2022, at the Beautiful Plains Ag Complex, Neepawa, Manitoba. Prime Plus is the source of British breed sires sourced from the province's leading seedstock producers... producers with strong maternal cow herds as is evident in the top quality sons that are offered for the 2022 edition.

Prime Plus offers Polled Hereford, Red and Black Angus bulls... both yearlings and age-advantaged two's.

We all know the value and advantages of having British influence in a breeding program... loose hided, do-ability, hair, disposition, fertility and rustling ability... sought after traits that are not on paper but found in every pasture. These breeds crossed with continental based sires lead in the market place but we must remind each other of their base.

The lineup of bulls is diverse in phenotype and with fresh new era genetics... the yearlings are full of performance and eye appeal and come with optimal birth weights that will suit both heifer and cow pastures; while the two year olds are not picked-over and will cover more cows in larger pastures and rougher terrain.

The open replacement heifers offered, baldies and sim/Angus/Hereford crosses will make wonderful replacements for any pasture or program and are an example of the resulting progeny from these breed matings.

The national beef cow inventory is at the lowest level we have seen for decades and restocking is just beginning... restocking will require British influence to keep cow herds profitable and efficient. Prime Plus can supply your next sire or two on April 13th... dedicated breeders who are concerned with your bottom line!

Feel free to stop by any of the farms and preview their offering and do not hesitate to give any of these breeders a call to discuss their bulls and your requirements. The bulls will be available for viewing at the Complex the day prior the sale.

Plan to be with us in Neepawa for your Prime Plus sire whether it be in person, online or on the phone. We have graded the offering and will be pleased to assist you with your selections in a professional and confidential manner.

This bull is out of a Wascana cow that I bought in the Harvey Duke dispersal sale. She is a smaller framed cow that really puts a lot of effort into raising a calf. We have a replacement heifer from her in the herd and she has another really strong bull calf on her this year. This is the darkest colored bull in the offering.

The best Legacy son that we have ever raised here. He is a tank, really thick and correct and out of a beautiful HomeRun two year old mom. He doesn't look like a heifer bull but he started at 78 lbs. and weaned off at 880 lbs. When you consider that he is in the fall program, it is quite an accomplishment to gain that kind of weight while nursing off a two year old mother through the winter months.

P: 204-855-2404
Ron: 204-748-5208
Albert Cell: 204-748-7640

Terms and Conditions

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding: Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Hereford Association or the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance: Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supercede any written material in the catalogue.
