BULL SALE

THURSDAY, MARCH 10, 2022
AT THE SPRING CREEK SIMMENTALS RANCH

Welcome from Spring Creek Simmentals and Red Rose Angus Ranch

I wish to extend a warm welcome to our friends, neighbors and fellow cattlemen, and to invite you to join us for our 17th Annual Bull Sale here at the ranch. I encourage you to come before the sale, walk through and study the bulls with me, so we can discuss what you're looking for and help you find what you need to enhance your program.

There's no denying that 2021 was yet another year of uncertainty worldwide. More specifically, widespread drought on the prairies played no favorites. Yet since farmers and cattlemen number among the most eternally optimistic people on the planet, and with the resiliency that we're known for, we focused on what we could control. Marginal cows made their way to town, as cow-calf producers were forced to tighten up their numbers. In the long run, this will rejuvenate the quality of our herds and increase the bottom line of the commercial cattleman. January and February brought big snow which will result in more moisture and better times around the corner this spring. Calf prices and feeder markets have gone up in the new year, and beef demand is at an all-time high. I believe that buying superior seed stock always pays off over time. Good cattle cost the same to feed as the poor ones, and will bring you a guaranteed larger return on investment.

Over the past couple of years farmers and cattlemen have learned, more than ever, to be thankful for life in the country. We have our land, our livelihoods, and our cattle. We have our families and friends. Something as simple as a fellow cattleman stopping by to have a look and a visit continues to be a source of great pleasure. Ranchers and farmers are philosophical; we realize that some years are harder than others; it's always been that way. It's how we mark the decades. We share a coffee, a laugh, and a home cooked meal, and we talk about the seventies, the eighties, and 2015-2022. And we talk about our cattle. We know that success will follow struggle because we've lived through the cycles before. In the meantime, we will make the best choices we can, and look forward to the future.

I had an interesting experience this fall, when I took a week to visit farmers in Quebec, some of whom have bought quite a few cattle from me over the years. I was treated to the best hospitality as we toured 13 cattle operations in a week. They appreciated that I made the trip and I enjoyed sharing cattle stories with them.

At a recent family gathering it occurred to me, and I said to Sharon, "Our work here is done." Our family have become good people and good friends with families of their own. Dan and his wife Olga, both Engineers, own IJack, an oilfield innovations company. Everything they sell is Dan's invention. Together they've had tremendous success. They have three children: Vivian, John and Katie.

Sean works out of Calgary as Chief Data Scientist for IJack. (Bachelor of Finance, U of S; MBA, Finance, U of C; Chartered Financial Analyst) The complexity of his work prevents us from knowing what he actually does, but Dan tells me that Sean does very impressive work. Sean's wife Simina is a banking lawyer and partner with Burnet Duckworth & Palmer in Calgary. They have two sons: Jack and Shea. Sean and Simina are building a new house in Calgary as I write this, and have never been happier.

Lauren met Charlie Power in Saskatoon when they were studying business at the U of S. Charlie was there on an athletic scholarship. It wasn't long before they were studying each other. Upon graduation, Charlie was drafted by the Calgary Stampeders. Lauren moved to Calgary after acquiring her degree in Human Resources and Marketing. She has most recently been selling new builds for Sterling Homes. In August their daughter, Sunny James Power, was born. Charlie works for the family business in Calgary and Edmonton in the off season.

My Mom celebrated her 102nd birthday this year. She still lives in her farmhouse. She'd enjoy a visit if you want to say hello on sale day.

Bohrson Marketing and T Bar C have represented me for several years, and I've always been pleased with their level of professionalism. Contact them with any questions or ideas you might have.

Your participation in our sale is very much appreciated. I'd be happy to get a call from you before the sale. Better yet, come for a visit and a tour. Coffee and a meal are on anytime! The sale will start at 1:00 PM with lunch preceding. We look forward to seeing you here!

Health Care:

All bulls have been on a full Pfizer health protocol. Bulls were treated with Ivermectin in Oct/21 and Jan/22.

Sight Unseen Purchase Program

Selecting and purchasing a bull is a very important and sometimes difficult undertaking. We would like to help you select a bull for your program. We have been working with these cattle for many years and consequently know the cow families very well. This knowledge can be very valuable when selecting a bull to accomplish the previously identified breeding goals in your program. Please give us a call well before the sale to discuss your requirements.

Semen

We reserve the right to draw semen on any of the sale bulls for 'in herd use' at the buyer's convenience and our cost.

Settlement, Delivery and After-Sale Options:

Option A: Purchasers wishing to pick up their bull on sale day will receive a \$50.00 discount per individual purchased. Settlement will be made in full unless other arrangements have been made.

Option B: Purchasers may choose to leave their bull(s) on our ranch. Delivery is free to all points in Manitoba, Saskatchewan and Alberta. Arrangements can be made to all other destinations. All bulls are guaranteed exportable to the USA.

Moosomin, SK on the second Thursday in March has become a herd bull headquarters that the Canadian beef industry takes note of each and every year. There have been countless amount of big time bulls that have gone on and bred for the successful buyer and assisting in providing a serious ROI to benefit their programs. Brian McCarthy has been breeding cattle for many decades and is respected for his knowledge and true pursuit of perfection.

This program has gone out and worked for so many customers and added value to their bottomline through the attention to detail Brian has incorporated into his cowherd. The set of bulls combine power and maternal greatness as they are backed by genetics that are designed to produce and have years of predicability bred into them. The Spring Creek program has been able to provide bulls that the industry seeks as they can raise equally as impressive sons as daughters. When you see the "Spring Creek" prefix in the pedigrees, you know you are acquiring proven genetics from a wise cattleman.

Spring Creek continues to provide outstanding Simmental and Angus bulls to the industry with this offering sure to impress once again. There truly is something for the most particular breeder whether you're in the purebred or commercial sector as the pens are deep throughout. We encourage you to be with us on sale day but if you can't, feel free to contact Brian or any of the staff to represent your needs in a professional manner. We look forward to visiting with you further on sale day for an awesome set of bulls from a great breeding program.

Best regards,
 The Bohrson Marketing Team

From the desk at T Bar...

Welcome to Spring Creek's Annual "In Pursuit of Perfection" Bull Sale, March 10, 2022, at the ranch headquarters, Moosomin, Saskatchewan. Brian and his family have fulfilled the breeding requirements for hundreds of commercial and seed stock producers that have made a huge impact on the Simmental Breed. Producing great seedstock is a passion for Brian and he will tell you that one cannot have enough good ones.

Over the years it's been his passion that has bred and developed a uniform, outstanding cow herd and the reason he can offer a group of bulls which are uniform in type, depth, and quality. What a powerful lineup of sires to select from... all homozygous polled. The Simmental bulls, red, black and blaze are rugged, stout in makeup and combine muscle with volume on an optimal frame size... whether you are a seedstock producer or a cow-calf operation, these bulls are the right kind ... the kind that you can truly appreciate for their quality. Although Spring Creek is referred to as a Simmental operation, do not overlook the Angus bulls. Over the past decade, Brian has quietly produced a small but powerful Angus division that will satisfy the most critical cowboy!

When you purchase a bull at Spring Creek you get more than just a bull... you are buying into a program complete with a "customer satisfaction guarantee." Plan to stop by the ranch anytime prior the sale, get Brian to give you a guided tour of the bulls and a view of their mothers. Do not hesitate to call him and discuss your breeding requirements for 2022.

Plan to be a part of "In Pursuit of Perfection" whether it be with us in person, online or on the phone. We have graded all the bulls and during these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

In Pursuit of Perfection Customer Care Programs

IPOP Volume Incentive “Go big and go home happy” Program

This simple program is designed to support our customers who need to make multiple bull purchases in one season. Our same customer may not be interested in travelling hundreds of miles to get it done. Discounts will only apply to bulls that are paid for in full on sale day. Absentee buyers will have a 30 day extension for their discount. Partnership bulls will not apply. We want to facilitate and reward your efforts!

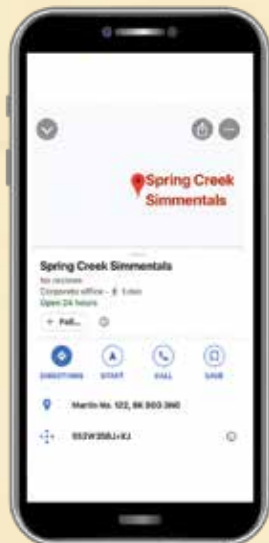

Purchases

2 Bulls – 3% Volume Discount	5 Bulls – 10% Volume Discount
3 Bulls – 5% Volume Discount	6 Bulls or more – 12%
4 Bulls – 8% Volume Discount	

The U.S. exchange rate will be announced prior to the sale.

Delivery Options on USA cattle:

- 1) For buyers wishing to meet our trailer at Dunseith, MB, Portal ND or Raymond/Regway MT, we will attend to, and assist with, all necessary health testing, vet examinations, paperwork and obtaining your State permits associated to your export animals. A \$300.00 US charge per animal will be paid by the purchaser at the time of settlement for their purchase.
- 2) For buyers from the North Eastern States, all purchases will be sent to H.S. Knill Co. Ltd, Paris, Ontario as soon as possible after the sale. Purchaser will then deal with the H.S. Knill trucking company. Knills will then do all health tests, customs paperwork, permits and make trucking arrangements; a process with which they are very familiar. The buyer is responsible for all costs incurred by **H.S. Knill Co. Ltd. (519) 442-3106.**
- 3) For buyers from the North Western States, health testing will be done at the Spring Creek Ranch and purchases will then be picked up by H.S. Knill Co. Ltd, who will, in turn, look after brokerage, permits and trucking arrangements. Buyer will be charged \$200 US per animal by Spring Creek, plus the buyer will be responsible for all incurred by **H.S. Knill Co. Ltd. (519) 442-3106.**

“Spring Creek Simmentals” works with Google Maps.

	6.9	3.9	102	152.2	35	5.1	86	100	751	1399

'Shawshank' is a feature bull. His dam, 99E, had my Lot #1 last year, Springcreek Estate 58H, that sold to Ashworth Simmentals and X-T for \$70,000. Thanks to flushing, I was able to retain five daughters of 99E and they look super. The first calves from 'Estate' also look good. 'Shawshank' himself, out of a top cow, is very unique, having super numbers, great muscle expression, large scrotal and good disposition all in one package! I will be retaining some 'in herd' semen.

	8.3	2.9	91.5	132.9	37.9	6.7	83.7	100	797	1394

This 'Proclamation' son is off my oldest and maybe best uddered cow. He has thickness and style with great scrotal development. His EPDs are a thing of 'green!' Some bulls in the pen may out power him a little, but don't underestimate his breeding potential. His gestation was 286 days. I will be retaining some 'in herd' semen.

Twin bull calves out of an awfully nice 'Blue Chip' daughter that is very quiet with a great udder. She was the high selling bred heifer at the Lazy Creek Dispersal. I pulled out some old semen here, a 'Red Teddy' x 'Line Drive' sire that did such a good job for the Goodsmen Bros. These twins have excellent EPDs.

His young dam looks super and his calving numbers (top 1%) really suggest a heifer bull. He came at 54 lbs. and 270 days.

His dam was my pick as a bred heifer at the JL Dispersal. She has calved again and her udder is near perfect. He will be an outcross sire for most of my customers.

Breed Averages

	Simmental	Black Angus
CE	7.0	3.3

Win a \$2000 Sale Credit

Purchase a bull from any current Saskatchewan member, and when the registration papers are transferred you are entered to win a \$2000 sale credit! The draw will be made at the SSA annual general meeting in July and the lucky winner will have one year to use the credit at any public auction or private sale on bulls or females purchased from any current SSA member.

The Spring Creek Team (Team South Africa)

Neels Janse van Rensburg and Gerrit Hayward immigrated to Canada a few years ago. Leaving behind friends and family, their journey has been one of courage and determination, which extends to their efforts here every day, especially in the bitter cold of winter during calving season. Every year that they're here I appreciate them more. There's no way I could run this operation without them.

Both Neels and Gerrit, together with their wives Dire and Jo-Ann, made the very difficult choice to leave a homeland they loved to start over for the sake of their children, where they could grow up in safety and freedom. I know that tears of frustration and loneliness have been shed, and I salute them for so many reasons.

In 2021 Gerrit asked me to bring young Sanguine Whitehead over and give him a chance in Canada. Sanguine has faced the same challenges as Neels and Gerrit, but he is doing it on his own. He's persevering and will making his place in the agricultural community.

Megan, Jo-Ann and Gerrit. We didn't give Jo-Ann much notice when we asked for a family picture for the catalog! Calving season is the wrong time to put a camera in front of Gerrit! Lol. Those of you who know Gerrit know that he has a big smile and is always ready to tease.

The real Gerrit

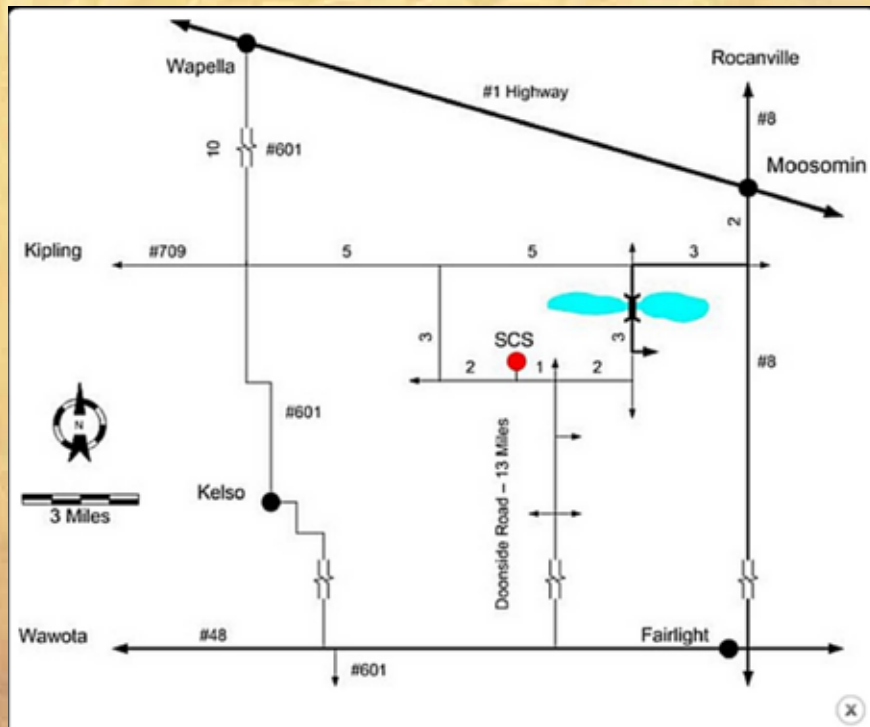

Sanguine
