FRANCH

Our Best.
Always

APRIL 8, 2022 AT THE RANCH KISBEY, SK 1:30 PM

WELCOME TO RIGHT CROSS RANCH'S 11th Annual Bull Sale

Welcome to our 11th Annual Right Cross Ranch Bull Sale!

We want you to know how much we appreciate your friendship, your confidence in us, your confidence in our cattle, and your confidence in our program, Thank You! If Covid has taught us one thing, it's instilled that ranching isn't just about raising and selling cattle. It's about the people, our community, our neighbors, our friends, our family, and the bigger picture. We're so fortunate to be able to do what we do; there is no better way of life!

Our sale, this year, consists of both yearlings and long-yearling bulls. We calve the cowherd that supplies the yearlings in February/March, and we calve the cowherd that supplies the long yearlings in May/June. We're excited to offer you some variety in your bull selection process, a "one stop shop"! We felt it would be beneficial for everyone if we moved our sale date a little earlier. This earlier sale will give you the opportunity to find the right bull for your operation in a timely manner.

Our goal is simple, Our Best. Always. From calving cows to bull pen selection, to feeding bulls, and delivering the final product. We have put forth, our best effort. Our cowherd must work for us. Their feet, udders and attitude are a priority. Our 3 young kids are out and about daily with the cows; cows with attitude must go!

These bulls have been fed responsibly with a high roughage Total Mixed Ration. Our goal is to produce bulls that stay sound, and hard, and adapt to their new environment wherever that may be. Your satisfaction is our number one priority. This year we are offering a new Bull Warranty Program. We stand behind our cattle and our program and we will get you a bull for the breeding season, guaranteed!

There are numerous moving parts that keep a ranch functioning. We would like to thank the behind-the-scenes people that have helped to keep us pushing forward and bring this sale together!

We invite you to come tour our cowherd at any time. Our cows are milking right now and it's a great time to see them in their "working clothes!"

We are THRILLED to be able to host a lunch with beverages, a live sale, and conversations with all of you!!

Jim, Sarah, Morgan, Quinn & Cole Anderson

Right Cross Ranch

RIGHT CROSS RANCH
PO Box 100

Kisbey, SK S0C 1L0

rightcrossranch@hotmail.com

SIGHT UNSEEN PURCHASES:

If you are interested in our bulls but can not attend the sale we would be happy to take your order. We will have sale staff, auctioneers and special representatives on hand to accommodate you. We ask that all bids be received in sufficient time prior to the sale.

CALVING EASE RATING:

- *** will work on heifers
- ** will work on second calvers and older
- * will work on cows

DOCILITY:

- | | |
|-------------|-------------------|
| 1= Docile | 4=Flighty |
| 2= Restless | 5= Aggressive |
| 3=Nervous | 6=Very Aggressive |

RIGHT CROSS RANCH NUTRITION :

Right Cross Ranch has a strong focus on nutrition and management for their growing bulls and entire cow herd. Each ration is balanced based on feed analysis and goals for each set of cattle. The bull rations are formulated with 20% coarse chopped hay to encourage cud chewing, a healthy rumen and longevity. Coarsely rolled barley or corn grain provides energy to optimize growth. Cereal silage and a custom formulated bull supplement rounds out the bull rations. Slow and steady growth is the goal for Right Cross bulls.

It would be great if you have the opportunity to stop by the ranch to check out the bulls and the growing rations prior to the sale.

From the Desk at T Bar...

Welcome to the 11th Annual Right Cross Ranch Bull Sale on Monday, April 8th at the ranch, Kisbey, Saskatchewan. For the past decade, Jim and Sarah have been busy growing a family, building a top cowherd and supplying the beef bulls for the livestock industry. They produce and raise "rancher approved" bulls in a ranch setting and a ranch tradition. In building their cowherd soundness, fertility and producing extra pounds at weaning has been achieved... you can select with confidence, the bulls will perform with longevity.

A stout, rugged group of both Red and Black bulls await your appraisal. The yearling bulls are selected from the early calving group while the later born bulls are offered as two-year olds... they can cover more cows, bigger cows and adapt to all types of terrain in big pastures. Since Right Cross Ranch uses walking bulls, you have the opportunity to select half brothers with similar genetic makeup. Whether you need power bulls or bulls for your heifer pastures, quality runs deep and consistent... bulls for all pastures and all reasons!

We urge you to stop by the ranch anytime prior the sale and preview the bulls, their sires and mothers. Their large repeat customer service base is the result of good bulls coupled with taking care of customers. New for 2022, the Anderson's are introducing their "Right Cross Warranty Program"... check it out... do not hesitate to give the folks a call to discuss your breeding needs.

Plan to be with us at Right Cross Ranch whether it be in person, online or on the phone. We have inspected and graded all the bulls and would be pleased to assist you with your selections in a professional and confidential manner.

RIGHT CROSS RANCH BULL WARRANTY PROGRAM

New For 2022

Customer service always has been, and always will be, our number one priority! We stand behind our bulls, and our program, and will do anything in our power to make sure your cows are covered. Every bull sold has passed a semen test prior to delivery. If your bull fails to be a satisfactory breeder, we will provide you with a replacement bull or a sale credit. The Right Cross Ranch Bull Warranty Program covers your bull for injury or death.

Intentional acts of mistreatment causing injury or death are considered fraudulent claims. If there is a concern regarding your bull, please notify Right Cross Ranch immediately. We ask that you contact a licensed veterinarian to diagnose and assist you with treating your bull. We will be in contact with your vet and if the animal dies a postmortem will be required (at your cost).

Warranty Program Descriptions

The following options are available, and settlement will be required on the day of the sale. The buyer is responsible to choose their plan and communicate their wishes on sale day.

6 months - 7%

This plan covers your bull from the date of our sale, through one breeding season. Covers 100% of the bull's purchase price less salvage value.

12 months – 10%

This plan covers your bull from the date of our sale, through one breeding season, and one winter. Covers 100% of the bull's purchase price less salvage value.

*** If you choose to decline our warranty program, there will be other options available sale day ***

What a way to start off our catalogue! If you're looking for a big boy that's going to add hip, capacity, and pounds to your calf crop, 34J should be near the top of your list. Not only is he a powerhouse, but he's got a classic pedigree to boot, Bar E-L Natural Law 52Y, EXT, and Bar-H Mindbender 141D. In our opinion, these lines are all "breed changers" and we're excited to offer the genetic opportunity in this bull to someone! His sister calved early and has a great udder.
 CE *

When you walk through the pen, 50J will be sure to catch your eye. He's soft made, hairy, confident, and possess an Angus style like no other. He's got just an 83-pound birthweight, but his mother does have some punch; we'd suggest using him on bigger exotic heifers. CE **

We only exposed our cows, one last time, to Ambush 10Y for 30 days. The next 5 dams caught on their first cycle and gave us a crackerjack set of sons with Ambush's last "kick at the cat." The first thing that pops into my mind when I think about 82J, is his dam. She's out of one of our favorite lines, Queen Mother. Her mother has been flushed many times and her sister was one of the high selling females in the 2020 Keystone Sale. 82J is a bull that will produce top notch females. This boy's paperwork may have a few holes right now, as we wait for CA results, but don't miss your chance on this beauty! Brothers have sold to Ross & Laura Dayman, Laurier Grazing Corp, and Tyler & Amber Culbertson. CE*

Herd bull time! This chunk has had a special look from day one! If you're looking for a sire with added performance, muscle, an outstanding foot, and a dam that completes the package, don't miss 116J. Sire was a feature lot at Leeuwenburgh Angus' 2019 sale and out of a female that we sold in the 2017 Keystone Sale. We knew the potential in Freyja 90E and leased her back from Kelvin Coderre. Watch the video, Redzone 116J is a bull you're not going to want to miss! Has a sister that is a gem in our herd.

Somehow after calving out hundreds of cows, there's still some babies that stick in our minds, 287H is one of those! He was just 60 pounds at birth, yet jumped up, was aggressive and had a real zest for life! 287H has carried this look forward and gives him a unique "herd bull" presence. Dark cherry red, huge body and quiet as a pussy cat!

320H is a nice combination of bulls that were "herd changers" for us over the years, El Senro 405P, Thor 315A, and Nick 42D. These lines brought things like natural muscling in El Senro, tankiness and capacity in Thor 315A, and a real female maker in Nick 42D. Lot 44 is bound to leave his mark wherever he goes!

Sandy Bar Ambush 10Y needs no special introductions. He's Beau Switzer's all-time favorite herd sire. 10Y raises bulls that top the bull pen and females that are herd leaders. Last fall we gathered his herd and walked them 5 miles down the road to a set of corrals. The 10 year old stud got out and lead the herd the whole way, talk about LONGEVITY! This is your last chance to get your hands on an Ambush 10Y son.

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value. The buyer assumes all risk if insurance is declined.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Tracking Policy:

Please insure your bull if you are looking to have him delivered, no exceptions! Free delivery will be available for any bulls selling for more than \$3,500. Bulls selling for less will be delivered at cost. If more than one lot is purchased we will still deliver for free. We will begin deliveries after the sale. We will do our best to work with you to get you your bull. We would also appreciate if you would work with us! If we are near your farm, your bull will be delivered at our convenience. Thanks for your cooperation!
