BULL SALE  
PRIVATE TREATY

*Welcome*

**We welcome you to the 2022 version of the Roy Mac Angus Private Treaty Bull Sale.** This sale format has grown on us and nothing has changed from past years.

*This was one of the more challenging years we have faced in along time. Just like a lot of other people we faced drought, hail, and feed shortages. These types of conditions quickly remind you what type of cattle can thrive under these circumstances. The need for efficient, easy fleshing cattle is apparent. It was rewarding touring pastures in the summer and seeing fat calves and healthy cows on such poor conditions.*

*This group was weaned mid September with the exception of a couple of bulls that were shown at Stockade Roundup. What you see is what you get, bulls were not on creep feed and WW's were on mommas milk and grass. They run in a large pen which helps build hard muscle and athleticism, they are ready to work come spring. This group has been culled hard, we did a cull in July and again at weaning in September.*

*We would like to thank everyone who has shown interest in our program and all past and current customers. We really do appreciate your business. We encourage you to come out to the farm to judge the bulls yourself. Give us a call to discuss your needs if you would like to take advantage of our sight unseen program. Again this year videos will be available of the entire offering.*

*Thank You*

THE MACDONALDS
