

2022

South Saskatchewan

Simmental, SimmAngus & Angus Bull Sale

Monday, March 14, 2022 - 1:00 PM

Johnstone Auction Mart - Moose Jaw, SK

FEATURING:
Curtis Simmentals • Edwards Angus

From the desk at **T BAR...**

Welcome to the 2022 Edition of the South Sask Simmental and Angus Bull Sale hosted by Curtis Simmentals and Edwards Angus, March 14, at Johnstone Auction Mart, Moose Jaw, Saskatchewan.

This annual event has been the source of sires for purebred breeders, commercial cattlemen and ranchers alike. This years lineup is exciting in all categories offered ... value added opportunities for those who choose to bolster their sire needs.

The 2022 models are headlined by the sons of "Betts" ... both red and black ... mainly homo polled, the bulls combine performance with optimal birth weight values. Many are out of the daughters of the proven sires "To the Max" and "Kill Switch," sires that have been highly successful herd leaders in years prior, but still maintain a major impact through their daughters. Don't overlook the sons of these foundation sires. This offering of powerful yearlings come to you complete with performance, volume, and depth without giving up style or maternal values. The "Lawful" sons offer more power and hair, while the "Capacity" sons offers great maternal strength being out of a great foundation female.

The Edwards Angus offering is both exciting and diverse. The sires are leaders in the breed, high in maternal and calving traits yet not giving up performance. Their birth weight data allows them to fit any type of breeding pasture.

This annual event gives operations of all types and programs an opportunity to select and acquire half brothers that are ideal in body type and data to put uniformity into your calving needs. Feel free to visit the Curtis or and Edwards outfits and preview this outstanding offering or give them a call and discuss which bulls will suit your breeding needs.

Plan to be with us for South Sask. Bull Sale in Moose Jaw, on March 14th whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Win a \$2000 Sale Credit!

Purchase a bull from any current Saskatchewan Simmental member and when the registration papers are transferred your name is entered to win a \$2000 sale credit! The draw will be made at the SSA's annual general meeting in July and the lucky winner will have one year to use the credit at any public auction or private sale on bulls or females purchased from any current SSA member.

THE SOUTH SASK CONSIGNORS WOULD LIKE TO
RETAIN IN HERD SEMEN INTEREST ON ALL THE
BULLS IN THE SALE.

On behalf of Curtis Simmentals, we would like to welcome everyone to the 2022 South Sask Simmental, SimmAngus and Angus Bull Sale. We would like to start off by thanking everyone who attended the sale last year; including our repeat customers, bidders and buyers as well as new customers; your continuous support is greatly appreciated. A big thank you goes out to the team at T Bar C, Bohrsen Marketing, DLMS, all of our sale sponsors and consignors for making this day possible. Also, a huge thank you to the Curtis Simmental crew for the consistent dedication leading up to the sale and sale day. Last but not least, we would like to extend a personal thank you to our AI tech Ron Ermel. We appreciate your continuous expertise and assisting us in expanding our genetics. This has created an opportunity for immense success and excellent conception rate.

This year we have our largest group of bulls on offer to fulfill all your needs. Solid reds, red baldies, solid blacks, black baldies and new to the sale SimmAngus bulls. The offering bulls are full of mass, meat, soundness, testicles, docile, and backed by our hard working functional females right from the top of our herd. These bulls were raised on our best grass mixture, close to home through the summer months; and then moved to the valley on native grass. In addition, we then put them on a creep ration in late summer early fall to get them transitioned and eating feed before weaning at the start of November.

Since the bulls have been weaned they have been on our best quality of hay, as well as silage bales; and a 12.5 pound ration of 14% bull developer pellet, 24:4 bull supplement from BullsEye Feeds and brown oats for the winter months. The bulls are sired by some new genetics to our program, resulting in top quality bulls and replacement females that we build our herd around. Sons sell from Betts, KillSwitch, Lawful, Capacity, BJL 12F, and new to our herd Motive on the heifers. We are very pleased with the offspring of these sires and are thrilled to offer some new genetics to our customers.

We look forward to seeing you all on sale day.

A true sale feature right here. We can't say enough of the impact that Betts has had in our herd, from the bulls in the bull pen, to the replacement heifers and better yet the first calvers that are now milking. They are all awesome uddered, big middled, stylish and are gonna have a big impact on our herd going forward. 47J is awesome haired, big middled, wide topped, long necked, loads of length and lots of style. He's moderate framed on sound feet and legs. His dam has out done herself once again. She is a solid black Max daughter that is making her mark. She is long bodied deep, sound and good uddered. Be sure to check out this young herd sire as he will catch your eye sale day.

A bigger framed Betts son. He is as long as a freight train, deep bodied, wide topped and big quartered. If you are looking for a bigger framed bull to add length of body but still keep depth in his calf crop 106J is your bull. He pushed down the scale for his 205 day weight adjusted to 928lbs. His Kill Switch dam did her job on this guy that's for sure. She is a solid red bigger framed cow with a perfect udder.

These Betts x Kill Switch calves have so much to them and style to burn and the replacement heifers are the same way. 70J has been a stand out and continues to impress day in and day out. He's so smooth made, lots of neck extension, long bodied, deep ribbed, big topped, awesome quartered, with a tremendous hair coat. When he's out on the move he is stride for stride and walks like a cat, on a solid hoof and legs. His dam is a real good producing young cow who out did herself on this guy. She's deep sided clean through her lines and has a picture perfect udder.

HETERO POLLED.

Hetro Polled. By far the darkest, hairiest bull in the pen. 93J has been a stand out from a very young age and is continuing to do so. Betts stamps his offspring all alike. From their style, correctness, deep rib shape, wide top, big quarter and awesome hair coats. Im not sure which are better the replacement females or the bulls in the pen. 93J possesses all these qualities and more. His dam is a hairy solid dark cherry red General Lee daughter that has a perfect udder under her. She is smooth made, clean through her lines, on sound feet and legs.

A real dark cherry red moderate framed Betts son. 1J is a very complete bull, from his length of body, big middle, wide top, big square hip and good testicle development. He will be sure to catch your eye sale day. We have a full sib to him that just had her first calf this year and we are extremely proud to have raised her. These Betts females are picture perfect uddered and are gonna be awesome momma cows. 1J dam is a solid dark cherry red Max daughter that is one of my favourite cows in the herd. She is deep bodied perfect footed, sound and has an awesome udder under her and never seems to miss. Be sure to keep every female off this guy.

HOMO POLLED.

A real dark cherry red bigger framed Lawful son. 133J has so much rib shape to him, wide topped, hairy and moves very well. If you are looking for a bull to add weight to his calf crop 133J is your guy. His dam is a big framed solid black cow that did an awesome job. She is huge middled, sound and has loads of milk. 133J comes from two black parents.

Another good bigger framed red baldy 12F son. He's as long as a freight train, while still maintaining depth of body, wide top and a big quarter. His dam is a solid dark red Max daughter, she is deep sided, long and good uddered.

It is a pleasure working with the Curtis family of Curtis Simmentals on a nutrition program for their bulls. Curtis Simmentals utilize high-quality genetics and produce elite bulls for both purebred and commercial cattlemen.

The bulls are fed high-quality forages combined with a protein and energy source. The high-protein pellet is fed to promote lean muscle growth and assist the bulls in developing their genetic potential.

The protein supplement contains an organic mineral package to ensure proper immune function and fertility and includes a probiotic for gut health and improved efficiency. The bull ration is tailored to the bull's growth patterns throughout the winter and is designed with longevity in mind.

If you have any questions about the nutrition of the sale bulls, please feel free to call. Good luck on sale day!

HOMO POLLED.

The only red Capacity son in the sale and flush mates to lots 28&29. These ET calves have so much rib shape and mass to them. I don't think we have raised one with this much capacity and substance. 144J is the cleanest fronted bull of the three, a big barrel of a middle, wide topped, huge quartered, wide based and the best thing is they all have a solid big foot under them on good structures.

HOMO POLLED HETRO BLACK

Scream City has been a real stand out from a very young age and has developed into an outstanding young herd sire. He was the first of the three embryo calves that were born here out of Capacity x Scream 530E. He possesses so much rib shape, quarter, style, look and head presence. Every time you go in the pen there he stands picture perfect on a big solid black hoof and sound legs. He's got lots of width and base to him all in a complete moderate package. Scream City full sib is none other than RF Scream 974G who is proving to be a true brood cow with a lot of presence. The track record and Scream influence in the Simmental breed has been huge with both males and females. Be sure to give this guy an extra look sale day as he will catch your eye.

HOMO POLLED HOMO BLACK.

A real stand out individual from an early age. This young herd sire has had that look from an early age and continues to do so. 69J is deep ribbed, smooth shouldered, nice headed, walks like a cat on good feet and legs, wide over the top and has an explosive hind quarter. This young bull really presents what we were looking for with breeding the heifers to Motive. They come small and grow like crazy with lots of vigor, style and an awesome look to them. This guys dam is really making a name for herself with this guy. She has been a farm favourite since a calf and has grown into a beautiful young cow with a bright future. She is a moderate solid black Captain Morgan daughter that is huge middled, very sound, feminine and has a beautiful udder. 69J calves should push down the scale come fall and his females should be unreal as are the half blood females in the replacement pen. Be sure to check this guy out sale day.

HOMO POLLED HETRO BLACK

55J will be sure to catch your eye sale day. Another good moderate framed Motive son. These bulls are hard to fault and we are extremely pleased with how they developed, from there small birth weights to big weaning weights. 55J is clean made, full of meat and is backed by a hard working Kill Switch daughter. His dam is a solid red moderate framed young cow with a perfect udder.

Welcome to the 2022 edition of the South Sask Simmental and Angus bull sale. I would like to thank you for your interest in our program and taking the time to go through the catalogue. I am proud of the bulls I have put together for this year's sale. I think they have a lot to offer, everything from power and performance bulls, to maternal traits, to a wide variety of calving ease bulls. They have been fed a high oat and dry hay ration to promote growth and longevity. Feel free to come and have a look at the bulls anytime before the sale. If you have any questions regarding the bulls don't hesitate to give me a call. I look forward to discussing them with you to help your decision making easier for you.
 Hope to see you at the sale.

EDW 73J & 74J are a pair of flush brothers that will have a lot of friends sale day. They are massive made bulls that exhibit as much power, length, capacity, muscle and dimension as any bull. Full brothers were high sellers in the 2019 and 2021 sales selling to HBH Angus and Glenbodie Creek Cattle Co. Their dam is a model angus cow that traces back to the great Persephone cow family that came out of the Cane Ridge program from Kentucky. I am positive these bulls will create as much excitement on sale day as their older brothers did.

Here are a pair of powerful, high performing HA Cowboy Up sons out of the great MAR Final Kahuna 856. Their dam MAR Final Kahuna 856 is an absolute breathtaking individual that is among the very best to graze our pastures. She is a definite improver of body depth, docility, udder and foot quality. She is also the dam of MAR Innovation 251, the popular Genex sire that has done great things across the industry. Full and maternal brothers have sold to Jim Bob Gomersall, Bruce Montgomery and Triple H Cattle Co. So if you are looking to add power, maternal value and stretch into your calf crop be sure to look up these two lads.

Here is another fancy, long bodied, stout, heavy muscled bull off of the \$95 000 Brooking Firebrand. There is a ton of maternalism in this guys pedigree with the likes of EA Rose 918, Soo Line Annie K 9165, SAV Emblynette 8172 and MAR Final Kahuna 856. A maternal brother was a highlight in last years sale selling to Allen Schaeffer.

Edwards Gladiator 2J is the first son on offer off of my walking bull Young Dale Gladiator 120G. He is an exceptionally long bodied calving ease prospect that is heavy haired and heavy muscled. His dam was a \$10 000 purchase out of the Angus Collection sale that I would love to show you. A maternal brother sold in last years sale to Rick Herauf.

Terms and Conditions

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES...

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

IN-HERD SEMEN...

The South Sask consignors reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the South Sask consignor's expense and the buyer's convenience. Any semen collected will be for South Sask consignors in herd use only.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Bulls will be delivered by April 30th unless prior arrangements have been made. Delivery will be at buyer's risk and seller's convenience. Each animal becomes the risk of the purchaser as soon as sold. \$100 rebate on bulls taken home sale day. Bull must be insured by buyer.

INSURANCE...

Will be available sale day. All bulls returning back to consignor's farms must be fully insured. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.
