

# Spring THAW

**"THE FINAL MELT"**

ONLINE FROZEN ANGUS GENETICS SALE

MAY 7, 2022 | CLOSING AT 7 PM CST

# Welcome

Featuring rare and exclusive genetics brought to you just in time to conclude and propel your Spring breeding decisions, we at T Bar C are proud to present Spring Thaw "The Final Melt." Featured in the catalogue is a collection of Angus breeding options that were hand selected to significantly enhance even the most prestigious of programs. Once again, what we witnessed this Spring was a case study in just how much impact popular, in-demand genetics have on fetching a prosperous dollar value when brought to public auction. In order to build and maximize that same excitement on your operation, we at T Bar C strongly encourage you to bring your attention to these genetic gems. We heavily endorse this distinguished offering and the reputable consignors behind it, as we are confident that every lot has the power to level up even the most prestigious of operations. Please make note that as the main Spring run through the AI and embryo facilities is beginning to wind down, you will notice that shipments are being arranged in an extremely timely manner in order to get genetics to you. As always, do not hesitate to contact any one of us for assistance regarding the offering.

We are looking forward to what is sure to be an exciting fall!

## "THE FINAL MELT"

### ONLINE FROZEN ANGUS GENETICS SALE

**MAY 7, 2022 | CLOSING AT 7 PM CST**

## SALE WILL BE CONDUCTED ONLINE ON FARMGATE AUCTIONS

After you are at the FarmGate Timed auction site click the LOGIN/REGISTRATION button. First time FarmGate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)

- After you create your FarmGate account you will receive a txt message with a pin code to verify your account.

- On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning FarmGate users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

How to Bid in a Timed Auction

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on.

After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid – to place the next bid on the item, you see the amount in the first box, you simply click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed.

- Max Bid Amount – to place a max bid you put your max bid in the second box listed as "Max Bid" on the item, and then click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids

\$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button, by clicking this "watchlist" Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

Sale Ending / Closeout

Most FarmGate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding work?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Bidding Close & Follow-up

After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

- Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

Introducing Schiefelbein Gable 311 the \$90,000 Sale feature from the 2022 Schiefelbein Farms Sale selling to Peak Dot Ranch. Gable 311 is a true breeders bull with a flawless EPD package, stunning looks and an outcross pedigree. As we enter the stage of the cattle cycle where retaining females is a must, Gable 311 is the best option for doing such a thing. His +100 \$M combined with +20 EPD for Heifer Pregnancy rank him in the very top 1% of the breed. Two very important traits. Every once in awhile a bull comes along that checks all the boxes and becomes popular quickly because he appeals to all aspects of the industry. Gable 311 is a big bodied bull that excels in every trait including looks. His flawless EPD package, stunning looks and outcross pedigree are quickly giving him rock star status. If you are looking for something new and exciting to breed your top females to or flush your very best cows to raise sale toppers in the future with their progeny or embryos use this bull. Since we purchased Gable the inquiries, phone calls and emails we received from breeders and stud companies have been overwhelming. People that have seen him have either made us an offer to buy him or wanted semen. From his impeccable feet, gentle disposition, and excellent fertility there is not a weak spot in this bull.

The \$43,000 LVVF Tanker 14 has just arrived at Peak Dot Ranch from South Dakota. This massive bodied son of Casino Bomber had a scan weight of 1602lbs and a 42.5 cm scrotal back in March. He is one wide built, heavy, thick made dude. He combines top ranking EPDs, phenotype, muscle, capacity and soundness with fertility and performance. Very impressed with the feet on this bull. Lots of heel and claw shape is excellent. His dam is backed by two consecutive generations of Pathfinders.

Tanker will see heavy use at Peak Dot in 2022.

This will be the only semen offered at public Auction in 2022.

Ellingson Big River is the next big important piece in our breeding program here at Peak Dot, as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He has generated all kinds of interest from breeders across the country after selling in last years record breaking Ellingson Angus Bull Sale and is well on his way to becoming one of the most popular Ellingson bulls in recent times.

**Big Performance:** A moderate 86lbs birth weight combined with a 1006lbs weaning weight and a 1674lbs yearling weight.

**Big Fertility:** 42cm scrotal at a year and has put up a large volume of quality semen.

**Big Maternal:** His dam EA Blackcap 4053 is one of the best donor females on the Ellingson Angus Ranch and has earned Pathfinder status with a production record birth ratio of 5/97, a nursing ratio of 5/107 and a yearling ratio of 3/102.

**Big Power:** Explosive body capacity, ample bone, structural soundness and fluent mobility.

Top 1% for hoof claw and angle EPDs.

Top 1% for weaning and yearling EPDs.

When you look at the beautifully designed Net Worth daughter involved in this mating, you will see a female with an impressive track record of progeny, as well as full and maternal sisters that are going on to write their own stories. 1B herself was a past Eastern Extravaganza high seller to Parkview Farms in Alberta, and has be-come a pillar in their program. Taking this perfectly constructed female and matching her with Big River; who will be making a lot of noise come Spring of 2023 with his progeny at Peak Dot, is guaranteed to produce power and substance.

JL FOREVER LADY 9078 | 3/4 SISTER TO 7053 REHORST RENOWN PRESIDENT 17J | SON

The genetic combination of this mating has as much of tomorrow's future in it as any. Susie 7052 herself topped the cow section last fall at the prestigious AAC sale at \$18,000. And in a bid to upstage his mother, her incredible President bull was a high seller as well, pushing down the scale at 1005 lbs on September 3!! We are confident after researching into Big River that he will be the next big time herd bull coming out of Peak Dot for many reasons. His overall presence, hair, great foot, and numbers make him the number one candidate for this cow. Susie 7053 has what we've been told is an ideal Rainfall daughter working at Rehorst, and we plan to incorporate this female as much as we can in the future here at Parkview.

**ELLINGSON THREE RIVERS 8062 | SIRE**

The Peak Dot program is one of the cornerstones of the Canadian Angus industry with their semi annual production sales putting hundreds of good bulls into the industry year over year. The Peak Dot donor roster is not to be overlooked as they have retained their top females for a number of years now and their ET progeny pens are absolutely stacked with quality. The 402U donor has stood the test of time and is one they are still building around as she has an outstanding production record and is powerful in every dimension. Prototypically she is excellent - super fronted, long and deep with a well attached udder. Maternally she is as good as it gets going back to Lady of Peak Dot 782L, the most influential cow in Peak Dot history with 68 progeny. 402U herself is up to 50 registered calves in the CAA registry with her sons highlighting the bull sales and her daughters continuing to build the Lady cow family as the largest at Peak Dot.

LADY LAWN OF PEAK DOT 898X

PE EPDS	CE	BW	WW	YW	MILK
	3.0	2.5	68	117	30

BROOKDALE BRUTUS 390 | SIRE

The Lady Lawn cow family has been featured at Peak Dot for years, back to the Remington Lady Lawn 144R donor that Peak Dot acquired to go on and start a new line of females. 551B is a daughter of Peak Dot herdsire SAV Eliminator 9105 that has left some of the best udders in the Angus breed with his progeny. With Eliminator on the top side and out-cross Canadian genetics on the bottom, there is unlimited mating flexibility with this proven donor and her progeny. When you think about what an ideal Angus female should look like, this second generation donor comes to mind. She is one of the easiest cows to mate because she works on about any bull. Her combination of softness, depth, udder quality and productivity is impressive. 551B raised the top selling flush of Roughrider brothers in the 2020 spring Peak Dot sale and in the spring of 2021 she did it again raising the lead off \$24,000 Roughrider son and one the top Colossal sons. All of her daughters have been retained by Peak Dot and are some of the most cherished females on the ranch. The mating is current as we can design with embryos by Brookdale Brutus one of the top bulls purchased in the USA by Peak Dot and Semex that is creating a tidal wave of excitement with his awesome phenotype. This mating carries endless possibilities and strong predictability for marketing the sons or building your own Lady Lawn cow family into the future.

TO EMBRYOS

**COLEMAN BRAVO 6313** | SIRE

Our breeding philosophy is simple, we take as many good things as possible and stack them together to create a highly desirable animal. That's what we did when breeding 7185 to the \$450,000 Coleman Bravo 6313. Taking a Charlo son and breeding him to a daughter of a full sister to Charlo, stacking in the likes of Donna 714 and Blackcap May 4136 along the way is one fantastic combination. These maternally stacked embryos offer many generations of highly successful and productive cattle. The resulting calves also happen to be 3/4 siblings in blood to the \$225,000 Coleman Triumph. Definitely embryos you don't want to miss out on!

# Terms AND CONDITIONS

## **TERMS**

The terms of the sale are cash or cheque, payable at par at sale time. The right of property shall not pass until after settlement has been made; unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATIONS**

Each purebred animal will carry papers issued by the appropriate breed association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **HEALTH**

All animals in the sale have met all necessary health requirements.

## **PEDIGREE ESTIMATES**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## **LIABILITIES**

It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not

responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **DELIVERY**

We will assist in arranging transportation wherever possible. Each purchase becomes the risk of the purchaser as soon as sold.

## **PHONE, MAIL, WIRE BIDS**

Bidders unable to participate in the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE**

We strongly recommend that insurance is purchased for full value.

## **ERRORS**

All announcements at sale time, written or oral, supersede any written material in the catalogue.
