Message

Welcome to our 28th Annual Southwest Bull Development Centre sale. A little over 28 years ago a group of progressive breeders gathered at Melita one evening and discussed the idea of starting this development centre. Some of those breeders have moved on, both with their own sales or dispersed their herds. But one thing that has not changed is that the Development Centre is still located at Oak Lake. The bulls are fed in a large area allowing lots of exercise to grow and develop. The ration of 50% Grass/alfalfa hay, 47.5% oats, 2.5% Supplement in a self-feeder, and is designed for a gain of 3lbs./day.

All the bulls have passed a semen evaluation before the sale. They have been tested and are negative for types 1 & 2 BVD. The carcass data has been collected and will be available on sale day.

The sale is at Batho Farms Ltd. and online at DLMS.ca. The bulls have been videoed in mid March and clips of each bull will be presented during the sale. We encourage everyone to come at anytime to view bulls at the development centre before the sale.

If you have any questions or are unable to attend the sale and would like to discuss the bulls feel free to call Ron, Albert or any of the consignors listed in the sale catalogue.

Michelle Rimke

South West Bull Development Centre

This thick, solid black bull is off a female I had purchased from East Poplar Simmentals as a heifer calf at the Agribition Simmental sale in 2019. Her udder development has impressed all who have seen it, as well as her width over top that she has passed onto this bull. Expect this bull to work well on heifers and cows alike, adding mass and power to bull calves yet keeping heifers clean fronted and feminine.

This red bull is my favourite of this year's offering, bringing size and power. Maternal sib to the only Simmental to go through this sale last year who found a home at a local purebred breeder. His sire, HFL Endgame 911G continues to impress across many herds and I look forward to seeing what this bull can do in the future whether in a purebred or commercial herd.

Our first Red Angus bull on offer from our only red cow family. ETON 7J is a calving ease, smooth muscled Atomic son who is heifer pen ready. His dam was chosen out of the Sunset Ridge dispersal from our good friend Nancy Howatt. She is moderate, sound, has perfect udder structure and is a sweetheart. We retained a 3/4 sister to ETON 7J who is sure to follow in her grandmothers footsteps.

High Selling Bull 2021

Holloway *Easy Decision* 001H
Consigned by Holloway Angus, Souris, MB
Purchased by Belle Creek Stock Farm

Additional Info

Ration: The Southwest Bulls have been fed a complete ration that has been prepared and processed at Batho Farms Ltd. It consists of the following ingredients:

Roughage (grass/alfalfa hay) 50%

Oats 47.5%

Supplements 2.5%

The ingredients in the TMR ration are all added by weight and this ration is self fed to the bulls. The ration is designed for the bulls to gain 3 lbs/head/day.

Health: All Southwest have tested Negative for BVD type 1 & 2.

Semen Test: Virden Animal Hospital, Virden, MB

Ultra Sound: Ultra Beef, Shari Leachman

Terms & Conditions

Terms:

The terms of the sale are cash or cheque payable in Canadian funds. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks before any cattle are released.

Purchaser's Risk:

Each animal becomes the risk of the purchaser as soon as sold.

Insurance:

Will be available on sale day from Keystone Livestock Services, Lois McRae: 204-728-3058

Bids:

All animals sell to the highest bidder.

Announcements:

Any errors or changes in information contained in the catalogue will be announced from the auction block and such announcements take precedence over printed matter in the catalogue.

Breeder's Guarantee:

Each bull becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association and Canadian Angus Association with regard to health, freedom from defects and reproductive and genetic soundness.

Liabilities:

Southwest Development Centre and its members, Batho Farms Ltd, Sales staff accept no liability for accidents that may occur. Mishaps at cattle sales are rare, but all attending must do so at their own risk.

Delivery:

Delivery is \$50.00 per bull. Maximum of \$100.00 per buyer, within a radius of 200 km. Over 200 km delivery is at cost to buyer. Delivery within one week after the sale at seller's convenience.

After Sale Management:

Any of the Southwest bulls that remain at Batho Farms Ltd at Oak Lake will be maintained on the same ration as they have been on so they will continue to grow and develop. **Cost of this is \$5.75 per head per day.** The bulls staying at Batho Farms on this program must be insured. Batho Farms Ltd or SWBDC are not responsible for any loss or injury.

Semen Test & Ultra Sound:

All bulls will be semen evaluated and have passed semen evaluation. All bulls will have been Ultra Sounded. Semen and Ultra Sound Information will be on an added sheet on sale day or can be requested earlier.

PLEASE BRING CATALOGUE TO SALE

Thank you to all buyers over the last 28 years.
Thank you to all bidders and buyers at the 28th Annual South West Bull Development Centre Sale.
