Welcome to the 2022 Supreme Speckle Park Sale. We are grateful to be back on track with no restrictions! We welcome everyone back to the ranch for our usual hospitality and excitement, as we are one of the last few sales that run the cattle live through the sale ring.

We are thrilled to have Spots 'N Sprouts and Waldner Land and Cattle back with us for another great sale. The offerings are what you'd expect from the long term, reputable breeders. There has never been or will be a substitute for time and dedication to our breeding practices. When you analyze the offerings and study the pedigrees, it will become clear that longevity and high quality didn't just appear overnight. We are proud to say that offerings from previous sales have grown into superior herd sires. It proves we do not overfeed these young super sires and we allow them to grow slow. This ensures softness and sound structured bulls for our clients for many years. We are also thankful for our international clientele for trusting in us to care for their bulls' post collection. A definite win win for all parties.

We are ecstatic with the direction the breed is going and lucky to be part of the next chapter in the Speckle Park breed. Promoting this breed has taken us deeper into the USA this year. Notta Ranch, along with our partners Hidden Valley Beef, were fortunate enough to display at the Cattlemen's Congress in Oklahoma City. The response was humbling. The amount of cattlemen and women that stopped, accepted and appreciated these cattle for their exceptional quality was overwhelming. All breeders should take comfort in knowing the Speckle Park breed was given the recognition it deserves.

Feel free to contact us with any questions you may have prior to sale day. The doors are always open if you're interested in viewing the cattle before the big day.

— Jason and Sara

## SALE PARTNERS...

This is our 12th Annual Bull and Female Sale at Notta Ranch. We can't thank those of you enough who have supported our sale in the past and put faith in our breeding program. We have been involved in the breed since 1980. We smile when we look back to those early years when we could hardly give the animals away. We were laughed at for sticking with the breed when so many others walked away from it. You, our supporters, helped us prove we were on the right path and it would only be a matter of time till the world realized the merits of Speckle Park.

We are excited to introduce some new herd sires in this year's sale. Spot-R-None TJ Chip 3E has been a great addition to our herd. He has added both height and length to our calves. Notta Kager 110B Handmade 317E has added thickness. Both Lacerta and Bart are in his background. We have never had so many similar bulls in the sale as this year. If you don't get your first choice, don't worry, there will be another one just like him coming into the ring shortly.

The heifers we are offering are from some of our best cows that have given us no end of keepers. If the heifers are like their dams they will certainly be herd builders.

Please take time to stop by the farm to take a look at our offering before sale day. We'd love to talk Speckle Park over a cup of coffee.

Once again we wish to thank Notta Ranch for hosting the sale and T Bar C and DLMS for the excellent job they both do. We wish all the contributors and buyers another good sale on Friday, April 15 at the Supreme.

— John & Dale and Steve & Amy

## FROM THE DESK AT T BAR...

Welcome to the 12th Annual "Supreme Speckle Park" Bull and Female Sale on Friday April 15th at the Notta Ranch headquarters, Neilburg, Saskatchewan. We, at T Bar, are proud to have assisted these leading progressive breeders from its beginning and would like to say "You have come a long way!" This event has been the foundation supplier for the Speckle Park breed.

Jason and Sara have spent countless hours and days improving and promoting the breed and program, not only theirs but many other programs for fellow breeders. Their promotion of the breed to other livestock breeders around the globe has become rewarding. Congratulations on the recent success below the 49th parallel. Busy... yes and raising four wonderful daughters who love the show ring... priceless!

The Notta section of the sale is small but powerful and exciting. Two feature yearling bull prospects and four two's... genetically potent herd bull material. The feature yearling heifer is foundation donor material that will leave her mark on the industry.

John, Dale and family are the seniors of the sale, established over two decades ago they run one of the largest breeding pastures in the breed. As you go through the pedigrees of many females in various herds, the name "Spots N Sprouts" comes up regularly as they have produced and marketed many foundation builders. Their 2022 offering is the largest lineup of two year old bulls ever offered in the breed... sons of two new herd sires, Chip 3E by Traffic Jam and Custom Chrome by Lacerta. You will love the stretch, smoothness and body length of these two's along with their optimal birth weights. For those looking for females, the selections come out of strong cow families, with many, paternal sisters to the bulls.

Jesse Waldner is the rookie of the group and brings an exciting Walker grandson to the sale... thick, tanky and full of muscle!

Feel free to visit any of the farms and ranches any time prior the sale and preview the offerings or give them a call as they all love to talk cows... you will get an unbiased opinion with timely selections.

Plan to be with us on April 15th for the "Speckle Park Supreme", whether it be in person, online or on the telephone. We have graded the offering and would be pleased to assist you with your selections in a professional and confidential manner.

# Birth Weight & Calving Ease

**University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:**

1. The birth weight itself influences calving ease by 65%.
2. The female has 60-70% influence on birth weight of her calf.
3. The bull has 30-40% influence on birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of cow influence calving ease.

Most commercial producers do not take birth weights. Guessing is as inaccurate as driving with a broken speedometer - what's thought to be 55 mph may in fact be 65 or 70 mph and what's thought to be 70-80 lbs. may be 80-90 lbs.

Remember, everything is relevant. Increased growth, frame and performance will increase BW. A longer-bodied calf will weigh more. If a calf is expected to have genetics for growth, it will display this prior to birth as well as after. As a rule of thumb, it takes a calf weighing 85 lbs. at birth to finish at 1200-1250 lbs. A cow should easily give birth to a calf weighing 8% of her own body weight. Thus, a 1200 lb. cow should give birth to a 96 lb. calf with ease.

**Continued selection for light birth weights will ultimately reduce the mature sizes and performance of your cattle.**

## TERMS & CONDITIONS...

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATIONS:

Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

*Thank You* TO ALL OF THE BUYERS & BIDDERS AT THE 2021 BULL SALE...
