DIRECTIONS...

From Saskatoon:

Head West on Highway 7 from Saskatoon.
Branch off South onto Highway 60 to Pike Lake.
Go South on 60 to secondary highway 766 (to Delisle).
Take 766 Highway 3½ miles west. The road will curve, (do not take curve North) then go South of the gravel pile 1 mile onto range road 3073. Watch for the Ward's Red Angus sign.

From Delisle:

Take 766 Highway East towards Pike Lake Provincial Park
Go 10½ miles on 766. The road will curve south, continue south onto gravel (3073) and follow the Ward's Red Angus signs.

WELCOME...

On behalf of everyone at Ward's Red Angus we would like to welcome you to our 14th Annual Sale! 2021 may have been a hot dry summer, but that native pasture can sure wean off a solid set of calves in a drought. We are pleased to be offering a very consistent set of red and black bulls. The strength of our walking herd sires, has ensured uniformity across the offering. We feel the depth and capability of these herd sires is equal to any AI genetics available. This is maintained in both the fall born as well as the yearling bulls. Again this year we are offering a few select females. These females represent the maternal side of our program. Heifers will be vet checked and palpated to ensure breeding soundness. As always, we have developed these bulls and females on a high forage ration to maximize growth and longevity.

We are pleased to be holding the sale here on the farm. The cattle are available for viewing anytime in their pens at your convenience. We know how hard it is to get away from your operations and that the weather can often be unpredictable. This year we have decided to host an open house, February 19th prior to sale day to give you another option to view the bulls. The birth to weaning spread is fantastic. Sale day, Saturday March 5, 2022, is your best opportunity to come in and make a purchase from one of the strongest weaning set of cattle we have offered to date. The birth to weaning spread is fantastic. Please consider this your invitation to join us on March 5th we look forward to seeing you!

Ward's Red Angus
Clarke, Denise,

FROM THE DESK AT T BAR...

Welcome to Ward's Red Angus 14th Annual Bull Sale, on Saturday March 5th, 2022, at the ranch southwest of Saskatoon. Their footnote, "Bulls that thrive in the Real World", can be related as we look back at the summer of 2021 as drought and extreme heat tested many of the cowherds in Western Canada. Clarke and Denise maintained their "customer service" making sure that their customers cows were getting settled... a Ward special service that has been around for many years.

The 2022 line-up is undoubtedly the strongest group of yearling bulls with consistency and uniformity in both Reds and Blacks. Awesome birth weights and highest ever weaning weights, the bulls offered are a combination of convenience at calving, high maternal value and full of performance. Thick and rugged with lots of hair, several breeder bulls are amongst the fold.

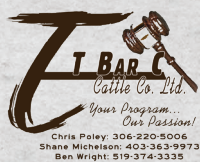

Let us not overlook the group of bulls that have been features for the last decade... that being the long yearlings. Running the grass pastures this summer, they were tested for soundness, growth, and Mother Nature's culling system. Strong from end to end, they offer fertility with longevity as they will cover more cows and more ground than their counterparts.

The heifers offered reflect the maternal side of Ward's Red Angus and are paternal sisters to the bulls offered. Ideal for youngsters of all ages.

The performance is right, the birth weights are right, and this dedicated family customer service rounds out an outstanding combination! Feel free to stop by the ranch anytime prior the sale and view the bulls and their mothers. As a convenience to their many customers, the Ward's are hosting an open house on February 19th to preview the bulls for those that might not be able to attend but still wish to participate. Don't hesitate to give Clarke a call... he loves to visit, with straight answers.

Plan to take care of your Angus needs at "Ward's Red Angus Bull Sale" whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

What a consistent group of Buckeye sons this year! This group of bull calves averaged 78 lbs at birth, with an average weaning weight of 715 lbs. Our Pen of 3 Buckeye bulls at Agribition had a 20 lbs difference, with a pen weight average of 984 lbs in November. Buckeye is proving to be a no-nonsense easy calving bull, with exceptional growth. He is a true curve bender.

Iron Man impressed us as soon as he stepped off the trailer. His dark red color, natural thickness, muscle shape combined with the way he strides out on sound feet and legs is truly impressive. He has passed these traits onto his 1st calf crop. His calves average 80 lbs at birth with an average weaning weight of 728 lbs.

- Young bull here, that has a lot to offer if you turn bulls out a little later
- Very eye appealing and correct, don't let his age fool you.
- Out of a cow we purchased from Blakes Red Angus at Red Roundup.

RED WARD'S IRON MAN 85J

THIS IS A VIDEO SALE

No bulls will physically enter the sale barn. A video of each bull will be playing at the time of the sale. Viewing of the bulls can take place anytime prior to sale day. Give yourself time sale morning to evaluate the offering prior to sale time. The experience of choosing your bull in the ring changes somewhat at a video sale.

RED JJL SIGNATURE 49B

through. Please watch the calving star ratings, as they will be scored according to how we feel they will perform for calving ease. Signature's sons' past performance is why we decided to bring him back in. Please note there are a few Hitch son's in the fall offering as well. We don't need to say how popular they have been. They speak for themselves. As in past catalogues we do not put footnote's on the fall Bulls, If you have any questions please give us a call. Please note the weaning weights on these bulls are actuals! Both sires are known for there pay weight attributes!

Capone is a herd bull with length, muscle, top and style out of a solid producing dam. His sons display many of these traits. A no-nonsense bull who has all the commercial industry's requirements. Their birthweights average 86 lbs and weaning weights average 747 lbs! A strong set of Capone sons this year!

- Youngest black bull in the pen.
- We felt the growth rate in this bull warranted putting him in the sale.
- Excellent set of testicles, he may be the sleeper in the pen.

OPEN HOUSE

**FEBRUARY 19, 2022
 11 AM - 5 PM**

We know how hard it can be to get away from your operations and that the weather can be unpredictable! For those reasons we have decided to host an Open House, **February 19th, 2022** from **11:00 a.m. to 5:00 p.m.** This is a great opportunity to come and look ahead of sale day. It also gives you a chance to look through dams of the cattle on offer in a relaxed atmosphere. Please join us for some snacks and refreshments Saturday, February 19th!

Alaska has lived up to his numbers and exceeded our expectations. We are now seeing the strength of the Alaska breeding coming through into our female side and we could not be happier! He is leaving his mark on the black side of our herd! Again, because of the consistency of these fall born bulls we will not be doing individual foot notes! Please watch the calving star ratings, as they will be scored according to how we feel they will perform for calving ease.

BLACK AND RED ANGUS FEMALES

CALVING EASE RATINGS

We evaluate each bull for calving ease determined by bone size, birth weight and maternal history. Scoring as follows:

- *** 3 Stars** - Recommended for use on moderate framed first calf heifers.
Should produce minimal or no calving trouble.
- ** 2 Stars** - Recommended for use on large framed first calf heifers.
Should produce minimal or no calving trouble.
- * 1 Star** - Recommended for use on cows.
Should produce minimal or no calving trouble.

TERMS AND CONDITIONS...

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

BREEDING GUARANTEE:

We guarantee to provide a sound breeding bull capable of passing a semen test at 14 months of age. Any bull failing to be a satisfactory breeder will be replaced with a bull of equal value and quality, or a credit given towards purchase of another bull.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

SEMEN COLLECTION:

Ward's Red Angus reserves the right to collect 100 straws of semen on any bull in this catalogue. This collection would be done at our expense and the purchaser's convenience and would be for in herd use only.

PHONE, MAIL AND WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

WEIGHT INFORMATION:

BW – is the actual weight at birth (within 24 hours). WW is actual weight taken on September 11, 2021 unless otherwise stated. A current sale weight will be available sale day.

LOADOUT:

No bulls will be allowed to load out until the conclusion of the sale.
