# Welcome

## FROM WHEATLAND CATTLE CO.

It's with great pleasure we welcome you to our family's **18TH ANNUAL BULL SALE**. Another year has quickly gone by! We would first like to take the time and thank our customers, friends and family who have supported us over the years. Without your generosity and support to believe in us, we wouldn't be able to do what we truly enjoy doing.

This past year has presented challenges that we never imagined would be possible. It's definitely been a learning curve for everyone along the way. However, we are truly blown away with the strength and faith our industry displays in these uncertain times. Many of us were faced with a very hot dry summer that also presented a lot of challenges however its truly inspiring with the perseverance of those within our industry and how we continue to push forward. I think we should be very proud of what we do and continue to show our optimism.

We are a family run operation that takes great pride in what we do around the ranch everyday as the next generation becomes more involved. It's with your support that our program has reached milestones that we never thought were possible. There isn't a day that goes by we aren't talking about cows and how we can make the best possible product for you. **OUR PROGRAM DOESN'T FOLLOW FADS OR FLAVOUR OF THE MONTH IT FOLLOWS THE FUNDAMENTALS OF REAL WORLD CHARACTERISTICS!** We have sure enjoyed showing cows over the years and will continue too but I think it's very important to understand that does not mean these are "pampered cattle". The same cattle we have shown are the same cattle we have built a program around, that's been a lifetime in the making! When the sun goes down at the end of the day we like performance oriented, attractive, structurally sound cattle that last and work for the commercial cattleman and seed-stock producer. This past fall we were honored to exhibit the National Champion Simmental bull at Agribition and the Reserve National Champion Angus Bull, it was a very exciting fall for us.

We truly like to raise cattle that are functional and convenient. Our cowherd grazes until mid-December and then are trailed home and fed hay and straw before calving. We like big middled, sound footed cows with good udders and excellent fleshing ability. The kind that look good seven days a week! We have never sold any females over the years and we truly feel our cowherd allows our bull pen to get bigger and better each and every year. We really recommend touring the cows if you get a chance. We are strong believers in cow families and a bull is only as good as his mother! When you flip through the catalogue, I hope you appreciate the generations of the 'LER' prefix we have bred into these cattle. We strongly believe in the type of cattle we raise and will continue to use their genetics moving forward to supply you with the most consistent, profitable product we can.

This set of bulls for 2022 have been on the radar for a long time. We can remember a few times checking them in the summer and thinking to ourselves 'this was the deepest set of bulls we have ever offered.' From the time they hit the ground till weaning they definitely did their job. We offer some exciting new sires this year such as the record selling \$317,500 Man O War, the poplar Dimension and Agribition Champion True North and many others. We will also include sons Red Express, IPU Bentley, KillSwitch, Epic, 9106 and Ambition. We are extremely proud of these bulls and think they have been managed and designed to last for the long haul. Our Angus division will be highlighted by Chesnut Turning Heads 29, SAV President, Bravo and

Attractive along with May-Way Unanimous, a true powerhouse. We think our Angus bulls offer a great selection from calving ease to true power bulls.

Whether you are looking for Simmental, Angus, 1/2 blood, 3/4 blood, cow bulls or heifer bulls, we darn sure have something for everybody in all different price ranges. We have developed these bulls in large paddocks where exercise consumes a large portion of their day. We feel movement is not only good for them structurally but also keeps them healthy and ready to work for you. They are formulated a grain ration that we mix ourselves along with having free choice hay and mineral. We feed the bulls to their potential. We don't feed them like feedlot cattle and we sure don't believe in self feeding them. We are happy with the feedback we have received developing our bulls this way and will continue to do the best possible job we can. These bulls have to last!

I know when you read the sale report the average may seem fairly high, but we will sell 75% of these bulls from \$4500-\$9,000 making them affordable for everyone. Doing our job as progressive seedstock producers we have sold some higher priced bulls, but that sure doesn't mean they all are expensive and sometimes you can buy half and 3/4 brothers to those bulls that land in everyone's budget.

As we conclude the welcome it's been gratifying to watch the success of Wheatland genetics in breeding programs across the country, AI studs and cow shows across the nation but **MOST IMPORTANTLY THEY HAVE WORKED AND EXCELLED FOR THE COMMERCIAL COWMAN WHO PROVIDES THE BEST TESTING GROUND FOR ANY OPERATION!**

Please take this as a personal invitation to join us March 24, at the Ranch. If you can't make it, please feel free to come prior to the sale or call us at any time to talk about the bulls. We always enjoy talking about cows and your operation. Whether you want to come have a coffee, catch up on a visit, or buy bulls, plan to be with us March 24.

Call or text us with any questions anytime. Let March 24 contribute to your hard work and success!

**FROM EVERYONE AT WHEATLAND,  
Vernon, Denise, Riley & Cody-Ray Lafrentz**

# Welcome

## FROM T BAR C CATTLE CO. LTD.

**Chris Poley: 306-220-5006**

**Shane Michelson: 403-363-9973**

**Ben Wright: 519-374-3335**

Welcome... March 24th is officially “Wheatland Day” in Canada with celebrations at the ranch, Bienfait, Saskatchewan. This marks the 18th Anniversary of this pace setting event and we, at T Bar C, are proud to have assisted these great livestock producers from their first sale. Their motto “Our business is the bull business” has rang successfully for the Wheatland folks, but moreover it has increased the herd value for the scores of purebred and commercial producers throughout the continent using sires sourced from Wheatland. The list of impact sires produced by this breeding operation would take pages to document... many of which are household names in the industry.

So, what makes this breeding program so powerful and unique? Simply put... cow power... rarely does a female leave their yard and for five decades, Vern and Denise and now with the boys, have propagated their best cow families... selecting optimal framed, sound footed, ideal uddered females and after that test they must add predictability in performance. The cowherd is dynamic... a program one needs to see to understand why the bulls are that darn good from end to end in quality, performance, and body type. Embryo transfer has helped speed up the expansion of the top cow families and you will see the results of that success throughout the sale offering.

The 2022 lineup of Simmental, Black Angus and Hybrid Bulls is the largest and strongest they have ever offered. The first crop of sons by the record setting Man O’War are exciting... many are flush brothers out of the embryo program. There are numerous firsts in the offering... the first sons of the 50th Anniversary Canadian Western Agribition Champion Simmental Bull “True North” ... the first sons of the Agribition Reserve Champion Angus Bull “Turning Heads” ... and not to overlook the new dawning outcross baldie super star Dimensional 1147J! The opportunities at Wheatland are limitless whether you are looking for a power bull or one for the heifers... Simmental or Angus... you can be assured your selection will be out of a top mother cow. The genetic diversity of sires represented here are made by the folks at Wheatland. They are always sourcing new genetics to strengthen the program, but more to supply their many repeat customers new genetic choices. Although, they participate at major shows, and may I add very successfully, sire selections are decided upon the factor of function for Wheatland and their commercial customers.

This superb offering of herd sire prospects is hard to duplicate. We urge you to stop by the ranch prior the sale, tour the bulls and go find their mothers... it’s a trip you should not miss. Feel free to give Riley, Vernon, or Denise a call and discuss the bulls that will move your program forward in the years to follow. This cattle market is very good and pointing to getting a lot stronger. Plan to be with us at Wheatland where “Bulls are their Business” ... whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

**FROM THE DESK AT T BAR,  
Chris Poley**

# WHEATLAND

## HERD HEALTH & VACCINE PROTOCOL

Our team at Peak Veterinary Health is proud to be working with Wheatland Cattle Co. over the past few years. During that time, we have seen their genetics be used extensively throughout many other high quality seedstock operations and commercial cow-calf operations. Their reputation for superior genetics, coupled with high quality customer service speaks for itself.

We visit the Wheatland Cattle Co ranch several times throughout the year to ensure the health status of all animals in the operation. We have worked closely to design a customized vaccine and deworming strategy for each class of cattle based on the conditions, ensuring the cattle perform as expected when reaching your ranch. All breeding females are on a Zoetis health program ensuring optimal protection from BVD PI calves and ensuring high rates of passive transfer of immunity to calves. From birth to weaning all bulls are provided with a vaccine strategy that ensures these cattle are ready to face any disease challenge that comes their way.

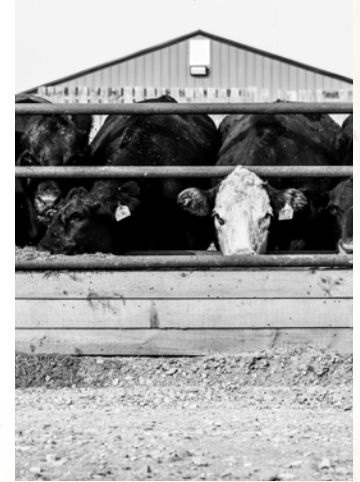

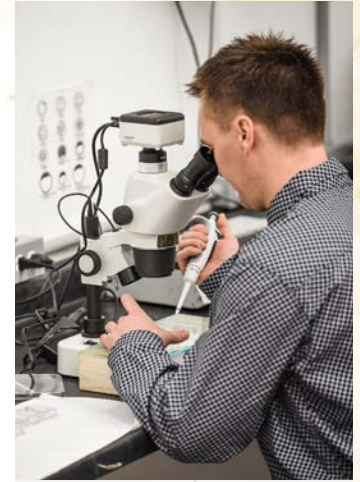

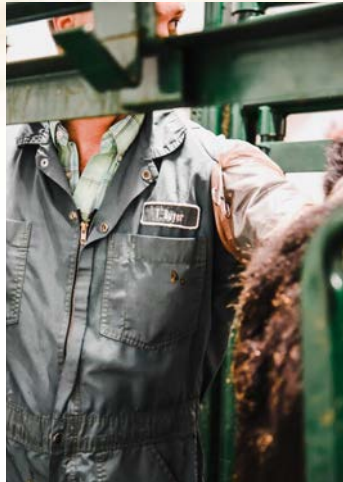

Proper nutrition, high health status, and a lifetime of genetic selection has lead to highly fertile cattle. It is a pleasure working with donor cattle, and bulls that just plain produce. We routinely test Wheatland herd bulls at ranches in the surrounding area that are well into breeding careers. Fertile animals with sound structure results in tremendous longevity and functionality.

Peak Veterinary Health is a large animal veterinary clinic based out of Moose Jaw, SK. Our Practice offers a comprehensive list of advanced reproductive services including In Vitro Fertilization, Conventional Donor flushing, Embryo transfer, and Owners Use semen collection. We are a CFIA approved laboratory for embryo export and provide a recipient herd for our clients. Our mobile lab is fully certified to perform all services on farm.

# REFERENCE SIRES

## WHEATLAND MAN O' WAR 907G

*The record breaking \$317,500 phenom that's seen heavy use at many progressive operations. His sons are very stout, wide based and big ribbed with awesome hair and good feet. Daughters look just like we expected, big bodied, easy fleshing and dimensional. Be sure to grab ahold of a MOW son to see the impact they will make in your operation. Probably the hottest black baldie bull in the breed that has over 135 calves registered in his first calf crop.*

## LLW CARD TRUE NORTH 671

*The reigning Agribition National Champion Simmental bull and top 10 finalist in the CN Beef Supreme. Appreciated by many for his eye appeal, balance and structural correctness. Outcross genetics with a nice blend of calving ease. When we purchased him as the high seller from Cardinal Cattle Company we also got to see his mother and grandmother. Very excited for his impact moving forward.*

## CKCC LD DIMENSION 8965

*Outstanding phenotype and out of one of the top donor cows at Conely Cattle Company in Oklaholma. Sound structured, rugged built with a big square foot, a bull that blends tremendous calving ease and performance and is the top 4% for both WW and YW. Our first Dimension daughters are now in production and have all dropped impeccable udders. If you are looking for cattle with added body, hair and some new outcross genetics, zone in on these Dimension sons.*

## WHEATLAND AFFILIATE 7128E

*The \$200,000 phenom from our 2018 sale that was purchased by JP Cattle Company. Incredible mass, hair and eye appeal backed by one of our very best females. Affiliate embodies the type of cattle we love and we feel is one of the very best bulls we have ever bred and raised. His daughters are now in production and are moderate framed, capatious cows. His most famous son to date would be JP Confederate that sold for \$40,000 to Kearns Cattle Co in Nebraska.*

## WHEATLAND BULL 9106G

*A past sale feature that sold in our 2020 sale to Bar T Ranch. Awesome phenotype and cow power, his mother 512 is a complete powerhouse and Grandmother 1157Y is still in production. 1157Y has mothered numerous herd bulls and they are averaging over \$14,000. Great big footed bull with tons of body and mass. We sure like how his sons are all stamped.*

## WHEATLAND BULL 8100F

*A past sale feature in our 2019 bull sale that sold to JP Cattle Company. 8100F blends calving ease and performance in a complete package. He was the junior bull calf champion in Agribition 2018. Mothered by 5191, a beautiful made moderate framed cow with ideal udder and foot structure.*

# REFERENCE SIRES

## WHEATLAND RED EXPRESS 890F

*Our high seller in our 2019 sale for \$110,000 to Bouchard Livestock and Boundary Ranch. His mother has the perfect foot and ideal udder and has raised many sons that have sold through our sale. Red Express sires big middled, easy fleshing cattle with a nice blend of calving ease. A bull we will definitely use more of in our red program.*

## WHEATLAND BULL 849F

*A red blaze face son of Alliance mothered by the awesome 542 female that traces back to 902J. Very stout, bold ribbed and wide based while being docile and big nutted. We typically get a blaze face with his offspring. Intermediate Bull Calf Champion at Agribition 2018.*

## WHEATLAND KILL SWITCH 598C

*The record breaking \$210,000 powerhouse from our 2017 sale that sold to Curtis Simmentals. Kill Switch sons will blow you away with extra hair, body and muscle. They are sound structured cattle that are very marketable. His daughters in production are some of the best uddered females anywhere in the country. Kill Switch is a bull that we are honoured to have bred and raised that remains one of the hottest bulls in the business today.*

## WS EPIC E152

*Epic was selected as the high selling bull at the Wilkinson Ranch in 2018, purchased with Semex. Epic is a deep ribbed powerhouse that is huge nutted and sound footed. His BOZ Red Coat mother is a dark red big bodied powerhouse with an exceptional udder. The Epic calves come easy at birth and grow like crazy, they combine performance, calving ease and structural correctness. Epic has been used extensively in our program, he embodies the push for modern day beef bulls with outcross genetics and an unparalleled EPD profile.*

## BCLR AMBITION E301

*From the moment we seen him standing in Dawson, North Dakota we knew he had to come home with us. Ambition combines incredible feet and legs, extra body depth and muscle shape while being attractive and easy to look at. A big nutted bull with extra length of body and performance. His mother only solidified our decision to own him, a beautiful looking big centered cow with exceptional feet and udder quality. These Ambition sons represent genetics with an impressive EPD profile while maintaining the fundamentals of everyday production cattle.*

## WS MARKSMAN 50G

*We purchased Marksman from Wilkinson Simmentals in North Dakota. Outcross pedigree and calving ease option that's very dark red. Top 10% CE & BW, Top 40% WW & YW. His sons come little at birth and grew well, if your looking for some calving ease red bulls pay attention to these Marksman sons.*

# Why a Wheatland Bull?

- 1 CUSTOMER SERVICE:** *We take great pride in getting to know our customers and touring their operations to see what works for them. If there is ever a problem you call us and we take care of the problem. We don't just call a week before the sale trying to sell you another bull we keep in contact throughout the year and have an invested interest in making sure the bulls are working for you.*
- 2 SIGHT UNSEEN PURCHASE PROGRAM:** *We understand everyone has a busy schedule and can't always make it. Call Riley or Vernon to talk about the bulls and its 100% buyers satisfaction upon arrival.*
- 3 COW FAMILIES:** *We are one of the few purebred herds in the land that hasn't sold any top quality females. We have kept these females to ensure our bulls are packed with maternal greatness. We are proud of our cowherd and have paid attention to detail. Udders, feet, fleshing ability and disposition along with fertility are the basics our cowherd was selected around. We believe in using a lot of our breeding to ensure uniformity and it also allows us to offer a lot of 1/2 and 3/4 brothers for our customers.*
- 4 QUALITY:** *Our motto has always been quality over quantity. We take pride in producing the best cattle we can. That's not to say every bull looks alike and that's ok because we have different customers that select for different traits so we have to have something for everyone! However feet, scrotal size and disposition are something we always select for. These bulls are backed by real world cows that work.*
- 5 PAYMENT PLAN:** *You call us and let us know what works for you and we arrange a plan that works for everyone. This program has become very popular for good reason. Call for details.*
- 6 VOLUME DISCOUNTS:** *We appreciate and recognize when some of our customers buy in volume. Your support certainly doesn't go unnoticed. 2 bulls 3% discount - 3 bulls 4% discount- 4 bulls 5% discount.*
- 7 REPEAT CUSTOMER INCENTIVE:** *We sell over 70% of our bulls to repeat customers. We appreciate the continued support throughout the years and that's why we offer a repeat incentive. 2% discount on your 2021 sale purchase if you purchase in 2022.*
- 8 BULL WINTERING PROGRAM:** *You can leave your bull at the ranch after the sale free of charge, however he must be fully insured.*
- 9 FREE DELIVERY:** *We try to accommodate everyone and get as close as we can. Sometimes you might have to meet us depending on this distance but we try getting them very close to your location or right into your yard!*
- 10 IT'S OUR LIVING:** *This is how we make a living, we take it very serious and do the best job we possibly can. When you deal with Wheatland you deal with the family that calved them, bred them and done everything from start to finish.*

- A great way to initiate the 2022 offering with none other than a son off the Canadian National Champion Simmental Bull True North 671!
- This powerfully constructed blaze face stud come into the world small at birth and never looked backed
- You will appreciate his length of body, muscle shape and herdbull presence he displays
- Very gentle, big nutted and flexible on the move
- His powerful Epic mother is the front pasture kind, his grandmother 150Y has placed many herd bulls in progressive operations around the country
- Study his pedigree, he's darn near a total outcross in the world of black Simmental cattle in Canada
- A great combination of calving ease and growth, impressive weaning weight at 1013, top 20% CE & BW
- A bull we think offers a lot of potential for the commercial cattleman and seedstock producer

- Here's a bull the great commercial cowboys will find for good reason
- 127 is a big framed, long bodied bull with a great hair coat
- You will appreciate his muscle shape and width over his top
- Scratch him in the pen and watch him walk away one will appreciate his soundness and size of scrotal
- His mother 29X is still here and calved again, her udder and feet are incredible for 12 years old
- The 29X female has had many bulls in the sale and daughters in production
- If your searching for a powerful beef bull that's mothered by one of the very best cows on the place play close attention to 127
- Over 900 pounds at weaning with an 82 pound birth weight, that's the convenience and kind we all want

- An absolute powerhouse with all kinds of muscle and shape
- A smooth shouldered, long bodied bull that's very good footed and big nuted
- His sire Wheatland Bull 8100 was a former high seller that sold to JP Cattle Company
- 666D is a black blaze face cow with a great udder that goes back to the popular HOC Broker bull
- Over 1000 pounds on weaning day, just imagine how his offspring will perform
- We think this bull will perform very well for the commercial or purebred producer
- His combination of calving ease and performance coupled with his phenotype makes him an easy find on sale day

# CUSTOMER TESTIMONIAL

We were looking for a change within our herd and wanted to try a Simmental Angus cross. As we had heard good things about the Wheatland bulls, we decided to contact Riley. He was very helpful and gave us a list of bulls that he thought would meet our needs as we were unable to attend the sale. We couldn't be happier with how this bull come through for us during breeding season. He is easy to handle and well tempered. We will definitely purchase from Wheatland Cattle Company again.

WHEATLAND MAN O' WAR 907G

STF SHE'S THE ONE X227

*Laramie*

**STF ONYX 451W**

*FULL SISTER TO SHE'S THE ONE*

No female in the history of the STF program has produced as many top selling bulls and females as STF Onyx 451W. She herself was a 2 time Louisville Champion Female. She's been admired for her angularity, overwhelming body and power with a very nice udder. She has definitely wrote her own story in Simmental history. We purchased her full sister X227 and were very impressed with how she turned out and produced. We have sold sons out of X227 to Hogl Simmentals and Lazy S Ranch. We unfortunately lost her due to an injury, but her legacy lives on with groups of impressive flush calves like lots 18-22.

*Flush Brothers*

WHEATLAND LADY 519C    GCF MISS CALIENTE

- Very unique in his build and where this bull excels, a lot of other Simmental bulls don't
- So sharp from the profile, up headed and clean throated but yet offers a masculine herdbull look
- 167 is wide based and packed full of meat, he's thick topped and bold ribbed
- Big nutted, docile and very good footed
- He will definitely catch your eye as he crosses then pen
- Awesome haircoat and level made this bull has all the eye appeal and stoutness you could ask for
- Once the cows are bred if your looking to put a halter on one and go compete at the National level 167 can most definitely stand the competition
- 167 is a definite sale feature and one of the very best our program has produced come see him for on March 24

**WHEATLAND MADE AT WAR 167J**  
*MADE AT WAR REAR VIEW*

19

# WAR RELIC

- An absolute tank that is picked out by visitors for good reason
- Probably the biggest ribbed deepest bodied flush brother that's loose hided
- 198 is wide topped and powerful from every angle
- He's very good footed and sound, you will appreciate how long and level his hip structure is
- Big nutted bull that's very docile and awesome haired

20

# WAR ZONE

- A soggy built powerhouse here with an excellent haircoat
- Deep flanked and bold ribbed you will be very impressed when you step in behind 1200 to admire his shape and width
- He's got a patch of white on his head, each brother has their own little markings
- It's definitely been hard to pick how we would rank them because they all offer something that is unique
- One thing is for certain MOW and Onyx get the job done

21

# WAR ADMIRAL

- A thick topped very hairy bull that's smooth and correct in his makeup
- Big bodied and deep flanked with that perfect baldy face
- Clean sheath, good footed and sound as he crosses the pen
- With Man O War and Onyx in these flush brothers blood the potential is endless they will both have their own page in Simmental History

22

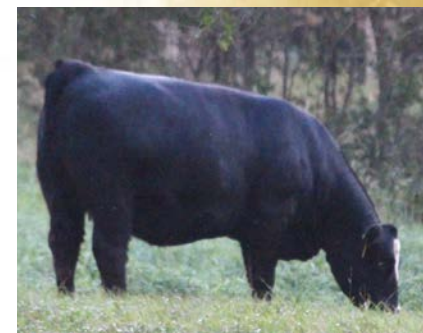

# BATTLE GROUND

- The solid black powerhouse of the flush brothers
- Huge topped and wide based this powerhouse is packed full of meat
- Bold ribbed and big bodied he sure has a herdbull presence to him
- Tick more frame and length of body compared to his brothers
- This set of flush brothers have been fun to watch grow and develop it will be interesting to see the impact they have

- His mother 529C is a bigger framed powerful cow with a very good foot and udder structure
- 1108 is extremely stout and heavy muscled
- Gentle and easy going, big nutted and very good footed
- Check out that weaning weight at over 1000 pounds
- Here's the power bull with extra chrome that displays all kinds of performance

## CUSTOMER TESTIMONIAL

We have a strong focus on raising quality replacement females in our herd. We look for moderate framed, low maintenance animals with great udders, good feet and a quiet disposition. The Wheatland bulls we've purchased really seem to fit the bill for us and we've been really pleased with the calves they've sired. Customer service has been excellent and Riley has been great in helping us choose the bulls that will work for us.

JPCC FOXY MORGAN 29B

- Dimensional 1147J is absolutely overwhelming from any angle and definitely one of the very best bulls that has left a footprint in the soil on the ranch
- This powerful black blaze face stud is jaw dropping in regards to shape and dimension
- Incredible depth of body and rib shape but step in for the rear view and you'll appreciate his wide pin set, expressive stifle muscle and large scrotal size
- From the profile this long bodied, level made bull is flawless in motion for handling this kind of power
- He's big footed, deep healed and square toed plus he's flat jointed and hits his track every single time, not something you often find with a bull that carries this kind of power and shear volume
- His mother 115F was purchased from our good friends at JP Cattle Company, she is a direct daughter of the Agribition Champion Wheatland Royal Flush 435B, he was definitely a bull that made a huge impact for JP and ourselves
- Royal Flush added scrotal size, dimension and foot size plus he was definitely an udder improver making females with beautiful udders
- He come into the world at 86 pounds and hit the weaning pen at 1017, he's definitely been fun to watch develop and now he ranks in the top top 2% of the breed for growth with 146 YW
- His growth doesn't come at a sacrifice to calving ease being 86 pounds at birth and still offering a 8.0 CE
- His sire Dimension is making big waves and also sired the Supreme Champion Pen of Bulls at Agribition
- In the world of black Simmental Cattle he offers fairly outcross genetics and we think his potential is endless
- Plan to be with us March 24 to evaluate one of the best bulls to sell anywhere this spring

- Here is a bigger framed, longer bodied son of the popular Dimension
- Very docile, big nutted and sound footed
- His mother is a 298Z daughter with a great udder, she's a very low input and functional female
- With Royal Flush, Dimension and 298Z in his blood you will want to keep every daughter, they will have awesome udders
- Top 30% CE, BW, WW and YW
- Very complete, well made balanced bull here that catches everyone's eye as he crosses the pen
- Expect him to sire male progeny that push down the scales and keep maternal traits in check to build a cowherd

# EXTRA AGE BULLS

New to our sale this year is some fall born, 18 month old bulls. With the extensive embryo transfer work we have done over the years, we have accumulated a large number of embryos. We figured we would try something new and incorporate some extra age bulls into our sale to offer a better variety to our customers. These bulls come from some of our best cow families being embryo transplant calves, these are not a result of cows calving the wrong time of the year. These bulls were weaned in April, put onto a forage ration and turned to grass in June. We brought them in and started them on feed in October. We sure like how they have developed, they are mature and rugged built to withstand any environment. As we move into the future we will offer more of these extra age bulls as our fall program continues to grow.

LAZY H BAR FOREVER LADY 317  
DAM OF LOT 68

- Very complete well balanced bull here sired by the popular Attractive
- Mother is one of our best angus donor cows owned with JP Cattle Company
- 454H's full sibling sold for \$22,000 in JP Cattle Company's bull sale to LLB
- 454H is a deep sided, well balanced bull that's sound and smooth shouldered
- Combination of First Class & Attractive is a rich and famous pedigree
- Definitely a bull that will leave a positive impact in any operation

# ANGUS BULLS

# REFERENCE SIRES

## CHESTNUT TURNING HEADS 29

*High selling bull out of Chestnuts 2020 bull sale for \$40,000 sired by the popular Turning Point. Great spread on paper from BW to YW and phenotypically attractive, smooth made and well balanced. Reserve National Champion Angus Bull at Agribition 2021.*

## MAY WAY UNANIMOUS E109

*A heavy muscled, long bodied bull that's extremely long fronted and eye catching from any angle. He also offers outstanding performance being in the top 1% of the breed for WW and YW. It's rare to find an Angus bull that sires cattle this attractive with true muscle and body length. His first daughters are now in production and are beautiful feamles with impeccable udders.*

## SAV PRESIDENT 6847

*The \$750,000 powerhouse from the famous SAV program thats packed with muscle and dimension. His mother is a great producing cow that needs little introduction. We sure like the bulls and females we have on the ground; excited to get them into production.*

## SCHIEFELBEIN ATTRACTIVE 4565

*A well know AI sire that's made a huge impact, very nice EPD profile that excels in regards to performance. Attractive would be the sire to the famous Showman bull. Sires big bodied easy fleshing cattle with extra dimension.*

## COLEMAN BRAVO 6313

*A very popular AI sire that has sired high sellers all over the land. Very big bodied bull with greasy muscle shape and substance. Our Bravo cattle are big bodied, easy fleshing and powerful.*

- Big time performance here; if your looking for some extra frame and length of body find this bull sale day
- Big nuted, thick topped and very docile with excellent feet
- His mother 9C is a powerful HF Rebel daughter with a beautiful udder she herself was Champion Angus female at Olds in 2018 and a top 5 in Albertas Supreme along with being a Top 10 finalist in the RBC Beef Supreme Challenge at Agribition
- His sire Youngdale Xclusive is a powerful individual who is also the sire to the high selling black angus cow from the famous U2 Dispersal
- Look for 1J to add extra muscle and performance to his calf crop without sacrificing maternal strengths

- Here is an absolute beast that will challenge any angus bull in the country
- Huge bodied, wide topped and structurally perfect
- You will appreciate his foot shape and flexibility as he crosses the pen
- Big time performance stats as he weaned off at 980 pounds and ranks in the top 10% of the breed for WW & YW
- His mother has produced sons working at Six Mile Ranch, MJT Ranch and Lost River Ranching
- Very good bull here that offers a lot to the beef industry
- Plus he is sired by one of the hottest bulls in the Angus business

- A very intriguing individual that's been on the map for a long time, his balance and eye appeal combined with muscle and shape is not easily replicated
- From the time this fella was a month old he had the stamp of a herd bull
- Sired by the \$750,000 SAV President and mothered by a beautiful Bar EL Natural Law grand daughter that exhibits all the traits and functionality that you would expect from the famous Natural Law
- 172 is wide topped, bold ribbed and has a great hair coat and presence about him
- Big footed and square off both ends this docile individual is sure to impress the most critical cattleman
- Definitely a bull we would like to use in our program

- Angus heifer bull here
- Sired by our walking herdsire purchased from Youngdale Angus that is sired by the popular Stunner bull
- 1156 is small headed, smooth shouldered and structurally correct
- His mother was a first calf heifer that was purchased from LLB Angus
- If you need to get heifers bred and don't want to miss the kids hockey game pay close attention to 1156 on sale day

- 1188 has always been a standout and a bull we definitely rank very high in our books
- Again a son of the Reserve Champion Angus Bull at Agribition
- His mother Lazy H Bar 3111 come out of Iowa and she is a direct daughter of the famous First Class bull who has made waves in the Angus breed and semen has commanded top dollar
- She's a big framed, bold ribbed power cow that has a perfect udder and awesome feet, she had another bull calf this spring sired by the popular Three Rivers
- His great grandmother would be the famous Forever Lady 5001 female who some say is one of the greatest angus cows of all time
- 1188 is a deep sided, thick topped bull that's loaded with eye appeal and character
- Very good at the ground and stands on a strong foot; we think this is a bull you could put a halter on and take down the road and have some fun
- This bull has a lot of potential he's bred to make a difference

- Pretty interesting individual here with a rich and famous pedigree
- His mother is arguably the most prolific cow in the business Youngdale Grace 126Z
- We purchased a flush on Grace and decided to flush her to Bravo, we were very happy with the offspring
- We just got the one bull calf and two powerful heifer calves in the replacement pen
- 1179 is big bodied and stout made while being attractive and proud in his design
- Big nutted, sound footed bull here that is bred to make a huge impact
- I'm betting you will make awesome females and bulls alike outta this lad

# Notes

**TERMS:** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**BIDDING:** Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

**ANNOUNCEMENTS:** All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

**BREEDER'S GUARANTEE:** Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

**EXCEPTION GUARANTEE:** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

**CERTIFICATE OF REGISTRATION:** Each animal will carry papers issued by the Canadian Simmental Association and the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**PEDIGREE ESTIMATES:** Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

**LIABILITIES:** All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**RIGHTS AND OBLIGATIONS:** The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

**DELIVERY:** We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

**INSURANCE:** Will be available sale day. We strongly recommend that insurance is purchased for full value.

**ERRORS:** All announcements at sale time, written or oral, supercede any written material in the catalogue.

**IN-HERD SEMEN:** Wheatland Cattle Co. reserve the right to collect on any bull sold through the sale. The semen collection will be at Wheatland's expense and buyer's convenience. Any semen collected will be for in herd use only.
