FROM *at T Bar C...* THE DESK

WELCOME *from Wranglers*

Welcome to the 10th Annual "Wrangler Made" Charolais Bull Sale, Saturday February 26, 2022, at Wrangler Farms, Westlock, Alberta. For over four decades, Wade and Sherry Meakin have been a part of the Charolais Breed and dedicated suppliers of high quality Charolais bulls in Northern Alberta. As the farm name suggests, they raise and believe in "cowboy bulls" for both the rancher and purebred producer. Their herd expansion over the years has developed a powerful herd base and this allows them to offer a uniform lineup of profit makers from their many sire groups.

Thick, rugged, muscled, with lots of hair, and complete with optimal birth weights, you can beef-up your herd bull pen whether your requirement be an exciting yearling or one of the 10 two's that will cover more cows and bigger pastures or both. And how about a free bull? Celebrating their 45th anniversary in the breed, Wade and Sherry want to give a little back... an awesome gesture!

Feel free to stop by the farm anytime prior the sale, preview the bulls and even their mothers or give Wade a call and have him suggest bulls that will suit your breeding needs... you will get a straight answer! Plan to fulfill your Charolais breeding needs with a "Wrangler Made" Charolais bull whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Hello everyone,

Wade and I would like to welcome you to our 10th Annual "Wrangler Made Bull Sale." This year marks our 45th year in the Charolais industry. What a ride it's been. The people we have met, the ones we have lost, hanging in there through the highs and lows; how grateful we are for it all. Not only has our herd expanded, so has our family with the addition of two grandbabies. Some of our herd sired we have used are Expedition, Durango, Silver Gun, Circle Cee Inferno, Fan Favourite, and Aquarius. We are offering 40 yearlings and 10 two year olds.

Given this is our 45 year in the Charolais business, we want to give back to our buyers by having a draw for a "free bull." We have appreciated your support and we would like to give back. Looking forward to seeing you at the farm on Saturday, February 26, 2022.

Wade and Sherry

I found Expedition in Creek Edge Land & Cattle Co.'s show string at Agribition in 2015, and the good thing was they were selling pick of their bull calves at the sale that week, where I was fortunate enough to purchase him. Expedition is a smooth power bull with length of body, tied in with sound feet and legs. We are welcoming our fifth calf crop now and loving what he is doing for us.

Silver Gun was the high selling bull at Doll's Charolais 2018 bull sale. We were searching to bring in a outcross pedigree into our herd. First using him in the heifer pen and later moved to the main cow herd. Silver Gun is a perfect footed bull which he will pass on to his offspring, as well as his daughter coming into production. They have super udders with small teats, so if you are looking for a outcross pedigree that will fix feet and udder quality, take a look at Silver Gun sons.

Ty Cobb was the high-selling bull at Cedarlea's 2016 sale at \$28,000. I was looking for a herd sire for my Kingston daughters, and thought this Circle Cee Legend son out of a CSS Show Boat daughter would fit into my program. He has super EPDs and performance, while still offering calving ability, a big hoof, and good temperament. For the most part his first calves were very small with lots of vigour, but still came on tremendously over the summer.

Aquarius is a bull we have watched doing a super job at the Sugarloaf herd. As we were looking for another bull to use in our heifer pen for AI, we found out that he could be used on heifers. So we gave him a try and have been happy on his calving as well as growth. 3 sons are selling in our sale.

Thank you

to our many past customers, we appreciate your support of our program. We value the trust you have put in our genetics
