Welcome 11TH ANNUAL MCTAVISH FARMS BULL SALE

We would like to welcome you to McTavish Farms Ltd 11th Annual Bull Sale with guest Charla Moore Farms. Again, this year we have set front another strong and consistent bull pen. Bulls in the pen have been sired by our tried-and-true herd sires, Elders CrackerJack 13D and SOS Hooley PLD 127D plus there are bulls from our exciting new herd sires, Pleasant Dawn Connection 195G and SOS Granite 8G. McTavish Farms Ltd is located just off the #1 Highway in the southeast corner of Saskatchewan, 6 miles east and 2.5 miles north of Moosomin, Saskatchewan.

We are offering yearling Charolais bulls, with built-in calving ease and performance. As far as the type, the bulls are structurally sound, moderately framed, stout, easy fleshing herd bulls with excellent temperament and thick hair coats backed by superior cow families.

Bulls are NOT CREEP FED; they are raised on momma's milk and grass prior to weaning. With the dry conditions weaning was early September. Weaning date always depends upon weather and grass. All bulls offered for sale are raised and developed as breeding stock. Bulls are fed a silage based TMR to gently target gains of 3-4 lbs. per day. The rations are designed to build muscle, not fat! All bulls are semen tested; vet inspected and scrotal measured prior to the sale. We stick to the same health protocol every year. Bulls are vaccinated twice with Bovi-Sheild Gold One Shot and Ultrabac 7, once in the spring prior to kick out to pasture with their booster shots done in the fall at weaning time. All are given Ivermectin at these times, as well as 45 days prior to sale day. Safeguard is given to weaned calves once they are eating well. Mothers are vaccinated yearly prior to breeding season with Bovi-Sheild FP5 and Tasvax.

It is always a hectic time of year, but this year we especially look forward to bull sale time since covid seems to be behind us. We will be able to reacquaint with old friends, customers and meet many new cattlemen in search of genetics to enhance their breeding program. We strongly encourage you to come and tour the bull pen prior to sale day for a more relaxed atmosphere.

The genetics we offer MARCH 25, 2022, are geared to work in any breeding program. We have done the culling for you, concentrating on traits like calving ease, vigor at birth, sound udders, temperament, and material qualities. Here at the farm, we believe that cows need to be able to calve on their own and have the pay weights at weaning time. We believe our genetics will work in any kind of environment and are confident that they will work for you. We would be honored to be considered as your genetic source for your next herd bull.

Jordan Moore of CHARLA MOORE FARMS joins us again as guest consignor. It is always a pleasure working with him. Jordan is the President of the Saskatchewan Charolais Association and has been doing great things to help promote the breed and breeders of Saskatchewan.

Please join us for lunch before the Annual Bull Sale. If you need help in any way, don't hesitate to give us a call. Videos will be available at www.mctavishfarms.ca. Online bidding will be available sale day at www.DLMS.ca. Again, come to the farm any time prior to sale day to view the bulls and their mothers. Hope to see you here on the 25th of March!

- Jared
