

**47th ANNUAL SIX MILE
RANCH
BULL SALE**

SATURDAY APRIL 2, 2022 · AT THE RANCH, FIR MOUNTAIN, SK

SPECIAL OFFERING OF FEMALES

Welcome TO SIX MILE AND OUR 47TH ANNUAL BULL SALE

Welcome to the 47th Annual Six Mile Bull Sale! Please consider this your invitation to stop in to tour our bull pens or join us at the ranch on April 2, 2022 for sale day.

Whether this is your first year looking through our sale book, or your 47th year buying a Six Mile bull, we are grateful and thankful. The Six Mile program was built on learning and listening to our customers and we are only successful if you are!

We feel the cattle industry is the most unique and rewarding industry to be a part of. It is a place where my mentors have become industry icons. On a daily basis their roles can evolve from my competitor to a teacher, then from a show evaluator to my potential customer or partner. The cattle world has the ability to seem so large there are days I question if we have any control over our livelihood; to days so tight knit and intertwined that I am reassured that together, we all will make it through the most difficult of times. This industry is, hands down, the best and only place I want to raise my family.

We certainly appreciate you taking the time to study our sale offering this year. We understand that in today's fast paced world, there are numerous options for where to select your next herdsire, donor or replacement females. Everything is so conveniently available to us at our fingertips! We feel honored that you are considering Six Mile genetics to add to your program. Please do not hesitate to contact any of our Six Mile family or our talented sales team with questions about the offering. We love talking cattle and look forward to earning your business!

Sincerely,

Tyson Hertz & the Entire 6M Crew

Clayton, Corinne, Cade and Coy Gibson, Tyson, Callie, Sloane and Fowler Hertz

Box 8, Fir Mountain, Sask. S0H 1P0

GENERAL SALE INFO

SIGHT UNSEEN PURCHASES If you are interested in purchasing a bull, but cannot make it to the sale, please contact Clayton or Corinne Gibson or Tyson Hertz preferably 48 hours prior to sale day. We will discuss your needs and come up with a list of bulls that will work for you. On sale day we will endeavor to buy bulls on your behalf. Your order will be held in strictest confidence. Your SATISFACTION is 100% guaranteed when you have discussed your order with any of the Six Mile ranch team prior to purchase.

PAYMENT TERMS The terms of the sale are cash or check payable at par at the completion of the sale. If you purchased an animal as an absentee bidder, please make arrangements to mail a cheque or wire money within 48 hours of the sale. Free Delivery within 500 miles if paid for within 14 days.

Please contact Clayton or Corinne Gibson prior to the sale, if you require special payment or financing terms.

More Sale Info found on Page 47

From the desk at T BAR 

Welcome to the forty seventh annual Six Mile Ranch Bull Sale on Saturday, April 2, 2022, at the ranch headquarters, Fir Mountain, Saskatchewan. Six Mile Ranch is a household name in quality seed stock production and have spread their influence around the globe. Dating back seventy-three years when the ranch was established this family is laden with both history and heritage.

Over the past year Mother Nature has tested the strength of the cow herds throughout Western Canada. The Six Mile cowherd passed all her tests as you will find when you tour this powerful set of bulls they have on offer. Whether you require Red or Black Angus or the SimmAngus halfbloods (the best of both worlds), the quality and opportunities run deep. During the past several years they have expanded their embryo transplant program to a later calving component ... the results are exciting, as you will find several herd bull opportunities in the coming two-year-olds. These two's have been slated for this event and are untouched. The proven genetic diversity offers purebred breeders and ranchers alike an outstanding selection to choose from.

Juniors and over aged juniors, check out the fancy group of open heifers on offer. They come from a great cow herd with high maternal values, making foundation females.

Stop by the ranch anytime prior the sale, go through the bulls, and see the mothers. Feel free to give any of the Six Mile team a call to discuss which bulls will fit your breeding requirements.

Plan to be with us the first Saturday in April and select your Six Mile sires, whether it be in person, online or on the phone. We have graded the offering... feel free to give any of the T Bar C team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Chris Poley

Welcome from Bohrson 

The Six Mile Ranch name has stood the test of time in the livestock industry and has become one of the widely renowned programs in the entire business. The Six Mile name brings to mind many thoughts, of history, success, influential cattle, consistency over the years, family, friendship - and most of all damn good cattle. Every year Six Mile scours the Angus and Red Angus breeds for the best genetics to acquire to enhance their bull offering, and every year the bar is raised. Touring this year's bull offering, it's evident how that diligence continues to pay off and result in a more consistent and impressive product.

The cow family strength at Six Mile is evident every year and is the backbone of the bull offering. Their concentration on maternal strength was evident last fall, with the depth of high quality females that came through the ring in December and were sought after across North America. When you buy a Six Mile bull, you are also investing in a genetic program that is designed with the commercial cattleman in mind to positively impact their program. The bull pen is deep in quality and is always one of the really sensibly developed sets of the spring, brought along with breeding ability, athleticism, and longevity in mind. These bulls can go out and work in true range conditions, just like the mommas they are backed by.

Six Mile cattle perform wherever they are selected and we see repeat customers come back to replicate the success of their past purchases. The legwork is done genetically and management wise to bring you an offering that is physically impressive and backed by proven generations of Six Mile breeding. Customer service is top notch and we encourage you to reach out to the Six Mile team as they are dedicated to helping you find a bull to fit your needs and best compliment your program. We hope to see you in Fir Mountain on the first Saturday in April, but if you can't make it on sale day, our team is very familiar with the program and is available to assist you with your selections in any way.

Best regards,
 The Bohrson Marketing Team

Six Mile *Driven* BY RESULTS

SIX MILE JOHN WICK 882E

John Wick has exceeded all expectations since selling to Niobrara Red Angus. Wick has sired high selling bulls and females in both of our programs. Now deceased, his semen is highly coveted. Recently a John Wick daughter raised by Harmony Hill was crowned the Grand Champion Female at the 2022 National Show in Oklahoma. Congratulations to Leon Cattle Co, Harmony Hill, Shayla Sancic and Robby Currey.

SIX MILE BRANDO 666C

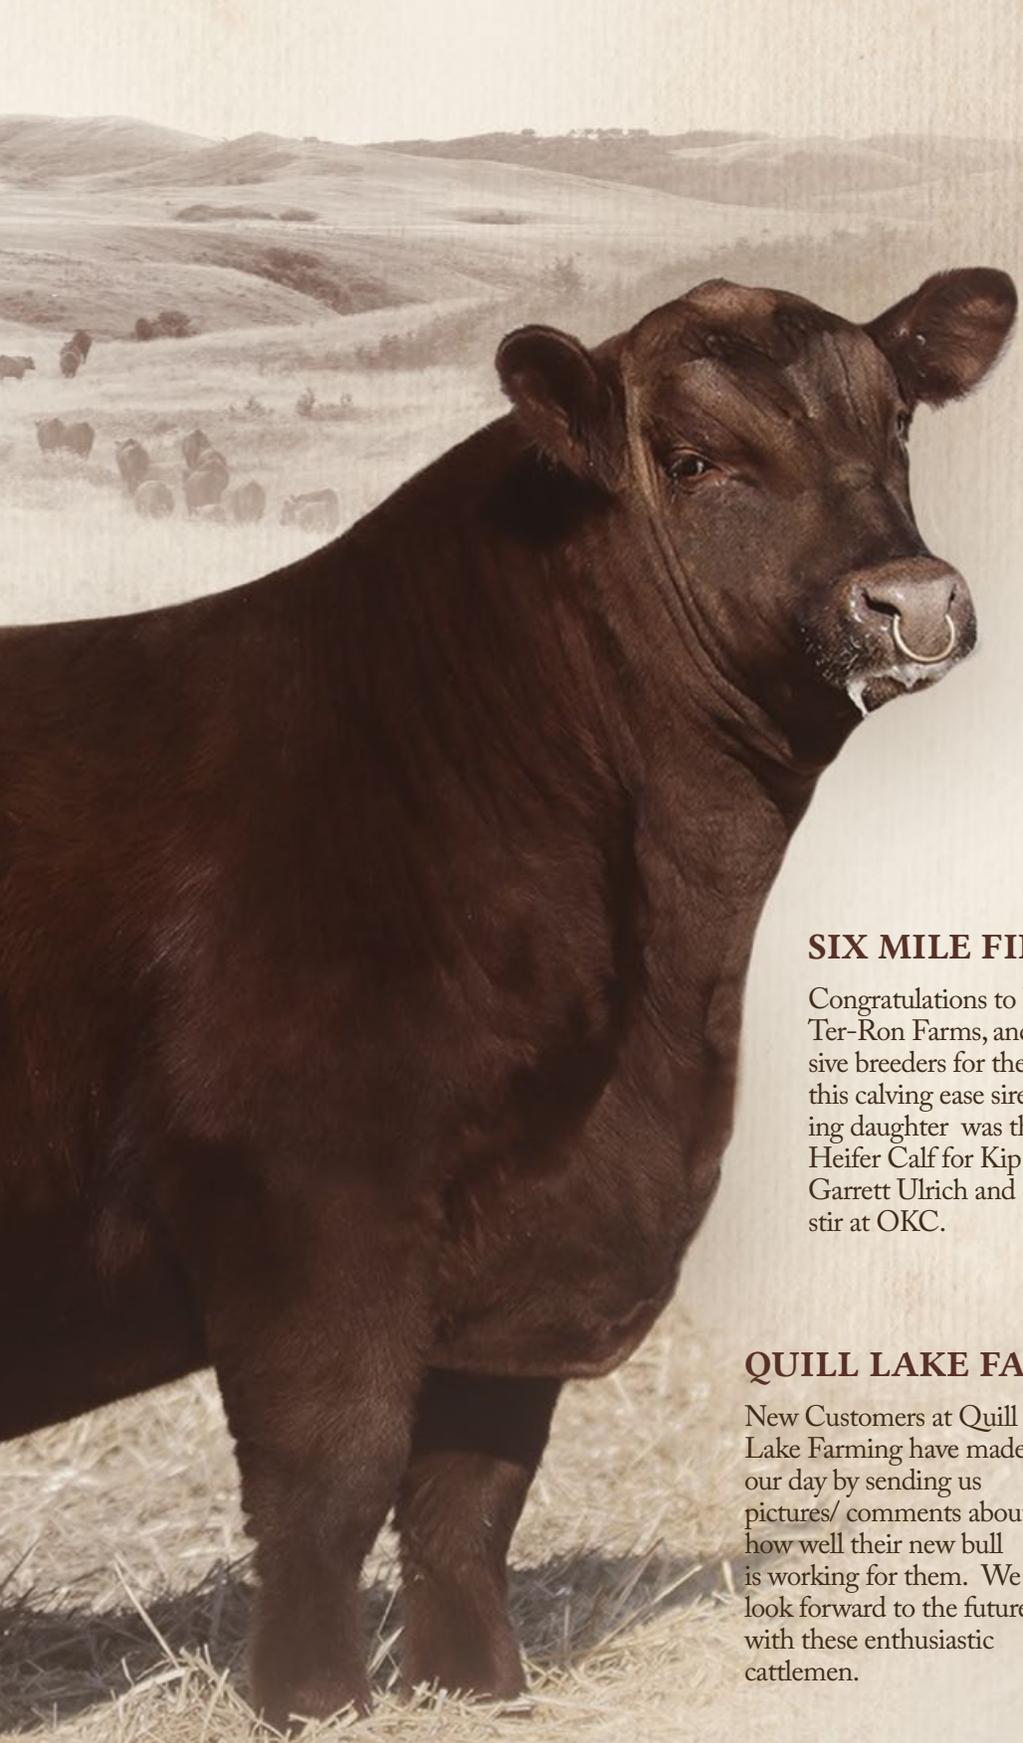

If you think you can't afford a breed changing sire at Six Mile - think again. Brando was purchased by Weber Red Angus, MN for \$6000 and has sired high selling bulls and females. Look at the lead off bulls in their elite bull sale for direct results.

SIX MILE HORIZON 163H

Mar Mac purchased this elite Showman son to service their Black Angus females. He bred and sold in their dispersal sale for more than they originally paid. We are proud of their success.

RUNNING JR RANCH, SK

The Remple family have purchased numerous bulls ranging from \$6500 to \$36,000. We are thrilled by their success with each bull. Warcraft 254Z paid for himself with his first calf crop and semen sales. Ruff Ride 51Z left many influential daughters in their herd and walked their pastures for many years. Recently Stealth 269F is proving his worth siring their high selling bull last year (who was out of a Ruff Ride daughter) Great program – great results.

SIX MILE FIFTH SENSE 43F

Congratulations to VF Ranch, Ter-Ron Farms, and other progressive breeders for their success using this calving ease sire. An intriguing daughter was the High Selling Heifer Calf for Kip Wallace and Garrett Ulrich and created quite a stir at OKC.

QUILL LAKE FARMING CO., SK

New Customers at Quill Lake Farming have made our day by sending us pictures/ comments about how well their new bull is working for them. We look forward to the future with these enthusiastic cattlemen.

SIX MILE BIG TIMBER 654C

Purchased for \$6750 by the keen eye of Garret Knebel at Harmony Hill. Big Timber recently sired the Reserve Grand Champion female at a very strong U.S. National Red Angus Show. Rosebud Cattle Company was involved in her promotion and recently sold high dollar embryos sired by Big Timber. Congratulations to Leon Cattle Co, Emily Paden, Rosebud Cattle, Will Coor and Sydney Sanders.

- sale feature flush brothers, elite quality, breed leading EPD profile, fresh yet proven genetics, dark red shag
- Donor dam Baneberry 33X was one of the highlights from the Soo Line Dispersal. She earned CAA Elite status in 2017 and a spot in our donor program in 2020. Her production record includes Ruff Ride (80 registered progeny) selected by Running JR, the Rempel family, sons selling to Lohse Farms, Horse Creek and Jim Enge and 3 perfect uddered, highly productive daughters in the Six Mile herd.
- We firmly believe ELITE herdsires come from proven cows- and our females need to PROVE they deserve a spot in our donor pen. Production records trump fancy pictures.
- Dam Average Wean Ratio of 106 (10)
- Terms to be Announced

- sale feature, elite phenotype and AI stud worthy EPD profile, perfect foot, big time herdsire prospect
- donor dam Tafetta 142B does not miss. 642J is her natural born calf that she weaned off with 112 ratio in a severe drought. This cow is impossible to pick a hole in; she makes high sellers every year, puts elite replacement females back into the herd, stands on a beautiful foot and has heavy milk production with a picturesque udder.
- The feature bulls in this sale have generations of elite cows behind them. We are excited to offer a bull of this caliber to the Red Angus industry; a bull who supports a pedigree that is unique from the heavy influences of mainstream. 642J may be one of the most exciting breeding pieces to come out of Six Mile.
- Dam Average Wean Ratio of 113 (4)
- Terms to be Announced

Dam - Taffeta 142B

Maternal Brother - Wick 428H

- super sound with a beautiful dark foot, herdsire presence, outcross genetics
- Oakleaf 246F is one of the most beautiful black-red carrier females on the ranch. A near-perfect udder, attractive profile, impeccable feet and easy on the eyes. Her Powder River son was retained in herd covering our commercial cows last summer.
- Dam Average Wean Ratio of 101 (2)

Dam - Ms Oakleaf 246F

- calving ease specialist, streamline design, sleep ease heifer bull
- 589G originates from the productive and long-lasting Berry cow family. Mix Berry 373X with Barry 040C and you get a sound uddered, great footed mama cow.

CUSTOMER TESTIMONIAL - HORSE CREEK RANCH

"We have been buying bulls from Six Mile and selling bred heifers in their heifer sale for many years. Good friends and people to deal with. When they say they stand behind their program, they really do. One year we had trouble with calving heifers bred to one of their bulls, and they went above and beyond helping out. Even calling our heifer customers to help out with any troubles. Their program works with ours. Thank You Six Mile."

Daryl & Kathy Eklund & Family, Horse Creek Ranch - Saskatchewan

42

- high quality bull with a balanced EPD profile, small headed and long fronted, robust forerib
- 203F has royal lineage being a direct daughter of Lakota 35W and Signature. After losing her first calf at birth, she raised this guy off with a 101 wean index.

	CED	BW	WW	YW	Milk	CEM
Angus One EPD	7	-1	38	66	21	7
Percentile Rank	18	15				28

- heifer bull deluxe, great foot shape, sensible frame size and super good temperament
- Poteet 257C is a moderate framed, hairy, dark red, neat and tidy uddered mother cow who often catches your eye on pasture tours. Look for her to inject calving ease into her progeny. A son sold through last year's bull sale for \$10,000 to RJ Lanoie Ranching.

92

- big bodied and easy keepin, big nutted and rugged, new exciting pedigree
- This is Frado 209U's natural born calf from 2021, weaning him at 14 years of age. She still shows her power, stature and dark red hide in the pasture.
- Dam Average Wean Ratio 102 (10)

Sire - Payload 9500

- long free stride with a cocky herd bull look, his moderate frame lends him to multiple years servicing heifers.
- Abby 464F has the exceptional udder that Hard Drive daughters are known for. She raised this calf off with a 102 wean ratio.

U.S. Exchange

U.S Exchange  U.S. funds will be accepted at the current rate of exchange sale day and will be posted prior to the sale. The U.S. dollar is currently at a big premium in Canada giving our U.S. customers added buying power and value.

Calving Ease Guide

Every year the most frequent question we receive is which bull will work on heifers. Well.....only you know your heifers and must consider breed composition and hybrid vigor - but we try our very best to evaluate each bull to assist you. We developed the following guideline for calving ease by evaluating many traits in making our recommendations:

- actual birth weight
- birth weight EPD
- Calving Ease and Maternal Calving Ease
- Dam's past birth weight and calving records on progeny
- Sire's birth weight and calving tendencies
- Bulls physical attributes.

This Calving Ease Guide is our most accurate prediction based on the above mentioned criteria.

Calving Ease 1 Cow Bull - Recommended for mature females only. Not recommended for heifers.

Calving Ease 2 Recommended for use on larger, well grown heifers only, expect to assist some normal births from first calf heifers.

Calving Ease 3 Recommended for heifers, easy calving with minimal assistance on normal births

Calving Ease 4 Highly recommended for heifers, expect little to no assistance on normal births

A Note about EPDs

CAA Average Black EPDs for all calves born in 2021, **CAA Average Red EPDs for all calves born in 2021**

BW	WW	YW	Milk	SC	CED	CEM	Marb	REA	FAT	CW
1.2	38	64	23	0.61	2.5	5.2	0.23	0.36	0.001	22
2	51	89	23	0.81	3.6	6.8	0.42	0.49	0.015	38

ARAA BOLT Average EPDs for all calves born in 2020

CED	BW	WW	YW	CEM	Milk	Stay	Marb	YG	CW	REA	Fat
11.3	-0.8	55	86	6.3	23	16	0.28	0.05	18	0.04	0.012

The EPD's you find in this catalog are the product of Canadian AngusONE Genetic Evaluation. These EPD's are calculated in partnership with the American Black Angus Association. The aim of this brand new system is to eventually make ALL ANGUS in Canada- red and black- comparable with each other, as well as U.S. Black Angus cattle.

We also listed BOLT EPD's on a few select Red Angus bulls. These EPD's are generated by the Red Angus Association of America. AngusONE and BOLT EPD's can not be compared to each other. WE will have all BOLT EPD's for the Red Angus Bulls listed on our website and available to be sent at anytime, please just ask.

A Note about Weaning and Adjusted Weights

BW-Actual Birth Weight, WW-Weaning Weight adjusted to 205 days, YW- Yearling Weights adjusted to 365 days

VOLUME DISCOUNTS

We are able to fill your needs whether you need one or a trailer load of bulls this year. We are pleased to offer the following discounts to those needing multiple bulls:

- 3 - 4 bulls 3% discount
- 5- 9 bulls 5% discount
- 10 or more bulls 10% discount

This discount will only apply to bulls that are paid for in full on sale day. Absentee buyers will have a 14 day extension for their discounts. Partnership bulls will not apply.

Six Mile & Guests "Range Royalty" COMMERCIAL BRED HEIFER SALE

Congratulations to the progressive commercial cattlemen for consigning their high quality commercial bred heifers to this successful event. Using Six Mile Genetics enables to you to consign your top end Angus and Angus cross females to this sale. Join Us

December 2022

at Heartland Livestock, Swift Current.

- long spined, high performing and large outlined, striking on the profile
- 137Z was Designated a Premier Dam by the CAA in 2021- an incredible feat. A son was a highlight of last year's sale going to Lost River Colony. She also had a son selected by Brad Sayers and a daughter working at Bar H Land and Cattle. Two daughters retained in Six Mile herd, 3 granddaughters and 2 great granddaughters! Talk about longevity and fertility!
- Dam Average Wean Ratio of 105 (7)

- Syringa 42E is a powerhouse producer with three consecutive bull calves selling in three consecutive bull sales. Previous sons have sold to M Bar Ranch and Lee Woloshyn. She raises off large calves while always maintaining great body condition. Look at that wean ratio!!
- Dam Average Wean Ratio of 118 (3)

BREEDING SEASON WARRANTY PROGRAM

Our warranty program is now in its fifth year and was developed to help you protect your investment at a reasonable rate. Under our warranty your bull is covered for injury, sickness, accident, disease fertility, structural breakdown or death. Should such a problem arise- we will service your needs with a replacement bull or credit to next year's sale. We keep high quality bulls out of the sale for this reason, to ensure we can assist you our customer. We offer the following options to be paid the day of the sale. Maximum Value is \$15,000 or less.

OPTIONS:

Option 1- 3 Month Duration at 3% - we strongly suggest for bulls not going home on sale day

Option 2- 6 Month Duration at 6%

Callie Hertz will be available to discuss these options the day of the sale. If a problem is to arise please contact Callie immediately at 306-640-9275 or callie.sixmile@gmail.com. We will require a veterinarian complete a report.

EXCLUSION TO WARRANTY:

Six Mile will not warranty any injury or death due to malicious, willful or intentional acts of mistreatment.

Larry Toner with Stockman's Insurance will be available for all other Insurance Needs

- Tina is the looker of the pen! She commands your attention with her high tying, elegant neck and loose flexible structure. She couples that with adequate body depth and stout pin set. Her dam 180Z sets a higher standard for offspring quality and consistency; her sons have commanded top dollar to J-6 Farms, Richard Rieder, Naco Farms and Mike Tilleman. And her John Wick daughter, Tina 249H, was a high seller last fall to Sunberry Valley at \$20,000.

Maternal Sister- Tina 249H

Dam - Tina 180Z

- I could write a short essay on the success we have had with the Reckoning x Coming in Hot cross. It works every time. 373J might be the best one yet; she is as cowy as we can make one. Explosive in her forerib, pulled way down on her flank yet offers genuine skeletal shape with true base width. Her dam, Pathy 314F, is a past Agribition Reserve Champion and is proving to be a big-time producer, boasting a 123 wean index on her first two calves. Bid with confidence on this dark red beauty.

Dam- Ms Pathy 314F

- The Cactus Coulee herd acquisition was exciting on so many levels for us at Six Mile. Calving out the first Eddie 500E daughters was one of the highlights! He was the first herdsire prospect we marketed from our lead donor Taffeta 142B-Mr. Bjelland knew he had to own him after laying eyes on 142B. These Eddie females are simply gorgeous when they hit production; deep soft sweeping rib cages that tie into a long fore udder attachment with perfectly spaced and sized teats. Serena 653J adds the maternal strength from Eliminator into the mix- I think this one only gets better as time moves on.

RED SIX MILE GENTRY 342G | REG# 2099330

Gentry was our high selling bull to Cactus Coulee in 2020. We have never seen a Red Angus bull with his consistency of calving ease, dark red color and foot quality. Use a Gentry son to increase the maternal strength in your heifer pen.

RED 3SCC NORTHBOUND F344 | REG# 2104666

We selected Northbound from the Sonstegard family in Minnesota. His outcross pedigree and added stature blended perfectly in our herd. He represents the largest sire group in this year's offering. Tight and tidy udders are a staple from Northbound first calf females.

RED SIX MILE WICKED STICK 272G | REG# 2099318

Wicked Stick was selected by Hillcrest in the first offering of John Wick sons. He was an outlier for power, build, color, foot quality and muscle. His first calf crop is very consistent in quality and stature.

RED SIX MILE STEALTH 269F | REG# 2048206

The Rempel family of Running JR added Stealth to their bull battery in 2019. He injects the highly respected Vision Unanimous into the red gene pool. Look for a Stealth son to add dark red color, added foot quality and high maternal to your next calf crop.

RED SIX MILE FIFTH SENSE 43F | REG# 2048233

Calving ease specialist, Fifth Sense, was selected by VF Red Angus in 2019. We appreciate the added length and extension in this sire group. Add a Fifth Sense son to your heifer pen and sleep easy during calving season.

RED U-2 TOWNSHIP 17G | REG#2123885

We sampled Township in our AI program after he was selected by Sunberry Valley in 2020. This group of bulls are moderate and easy fleshing.

RED WHEEL STARK 67G | REG# 2104790

Stark was our selection to carry the Banknote pedigree into the Red Angus herd book. The added rib, body and flank is what makes the Stark sire group easy to identify. We also appreciate the added docility and hair in his offspring coupled with a dark foot.

RED RAINBOW ROLEX 15F | REG# 2052004

Rolex is the dark cherry Assassin son that stems back to a gorgeous uddered Signature daughter. He has demonstrated superior calving ease, sensible frame sizes and his blood red color. Stop by the ranch, we would love to show you why we are so excited about his first daughters in production.

SCHIEFELBEIN SHOWMAN 338 | REG# 2133416

Showman was the \$125,000 USD selection from Schiefelbein with Hamilton farms. His first two calf crops have commanded the attention of some of the most astute cattlemen in the country. Daughters hit production with quality udders and high milk production.

REMITALL F DIESEL 76D | REG#1909643

Diesel is the tried- and-true option in our black offering. His foot quality is unparalleled and he blends that with EPD's that are very impressive.

PF OKLAHOMA 6625 | REG# 2025734

PF Oklahoma was used as an AI sire to add calving ease and explosive growth with added pen presence and style. We were very happy with the calf vigor, birth to yearling grow and feed conversion post weaning.

CUSTOMER TESTIMONIAL **CALVIN, MARLA, RHYS & QUINN GAVELIN**

We have been using Six Mile genetics for years, and calving season has become a dream. Last year, We calved out 65 heifers, assisted 1 (leg back) and had 100% calf crop at weaning, but best of all 97% bred back with 60 day exposure. We also background some at home and the rest at Red Coat Cattle Feeders at Hazenmore. It's really amazing hearing the compliments on our Red Angus cattle. The best comment is the feedlot manager raving how feed efficient they are, and then seeing the kill sheets showing them classed as Triple AAA or Prime. In 2020 as a result of Covid, We(Gavelin Farms) began selling beef and our customer base continues to grow with everyone raving on the marbling, tenderness, size of the cuts and the taste. Annually, we slaughter 70+ animals from home, while having fellow Rancher's ask to source bred heifers and open replacements. We highly recommend you consider your next purchase to be Six Mile Genetics because they have pushed our operation to reach a new level.

Thank You
To all the buyers and bidders at our 2020 sale.

BIDDING: Each animal will be sold to the highest bidder whenever there are two or more bids. The auctioneer will settle any disputes. **TERMS:** The terms of the sale are cash. The right of property shall not pass until after the settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch. Financing terms are available if prior arrangements are made with Clayton and Corrine. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. Cattle will be kept free of charge until May 1, 2019, when they are to be picked up or delivered. We strongly urge the buyer to insure any bulls left, as they are yours when the hammer falls. **DELIVERY:** We offer free delivery of your bull(s) to central locations in Canada and the United States up to 500 miles. Free delivery applies to purchases of \$5,000 or more. Purchases below \$5,000 will be delivered at cost. If you choose to haul your own bull, and take him within 5 days of the sale, we will deduct \$100 from the purchase price of each bull. **INSURANCE:** A Livestock Insurance Agent will be present to care for the insuring of cattle. **CERTIFICATE OF REGISTRY:** A certificate of registry and transfer will be furnished on all cattle sold as registered animals. **ANNOUNCEMENT:** Changes of information contained in this catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue. **BREEDERS GUARANTEE:** Six Mile Red Angus guarantees to sell you a bull that has passed a semen test and breeding soundness evaluation completed by a qualified, licensed veterinarian. However, should a problem arise, please let us know so arrangements can be made without delay. Should your bull fail to be a satisfactory breeder - as agreed upon by buyer and seller - he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit given towards the purchase of another bull. Six Mile keeps bulls out of the sale for this sole purpose. Yearling bulls shall be guaranteed breeders for no more than 20 females. AGAIN, each bull as passed a semen evaluation, however, it is the buyer's responsibility to make sure that your new bull can physically service a female and is able to settle them. In the rare case he is not working, please let us know ASAP and we will be happy to rectify the matter. We will however, not provide replacement or adjustment for physical injury or mismanagement. Bearing this in mind, we stress the important of insurance on your bull. At no time shall the seller's liability exceed the purchase price of the bull. In the event of any unlikely dispute the standard terms and conditions of the Canadian Angus Association will apply. **IDENTIFICATION:** Each purebred animal carries a readable tattoo. **LIABILITY:** Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks or anyone connected with the sales assumes any responsibility, legal or otherwise, for damage of any kind. **HEALTH STATUS:** All Six Mile bulls have been vaccinated with Express 5 vaccine which includes IBR, PI-3, BVD - type 1 and 2 and BRSV. They have also been vaccinated with a somnugen and black leg vaccine. Each bull has been treated with Ivomec. **US FUNDS & EXPORT:** American money will be accepted at the most current rate of exchange on sale day and announced prior to the sale. Bulls will be export tested at Six Mile's expense and delivered as soon as possible following the sale. **RIGHT TO DRAW SEMEN: SIX MILE RED ANGUS reserves the right to draw 100 straws of semen for within herd use from any bull sold in the Sale. To be done at Six Mile's expense and Buyer's convenience. DNA TESTING:** Any bull sold needing DNA testing will be done by Six Mile provided the bull remains at Six Mile after the sale. Please inform the sales clerk at time of settlement. **SIGHT UNSEEN PURCHASES AND GUARANTEE:** If you are unable to attend our sale, but are interested in our bulls - We can take an order on any of the bulls in the sale. Our sales consultants can also help you make selections. Give Clayton or Corinne a call to ensure the bulls you (or our sale consultants) have selected are ones we feel will work for you. If you have discussed your selections with Clayton or Corinne prior to the sale, your satisfaction is 100% guaranteed. When the bull is delivered to you, you are under no obligation to take him should he not meet your needs.
