Welcome to our 14th annual Carlrams Bull Sale!

Firstly, thank you to everyone who came last year. We appreciate you taking the time to come.

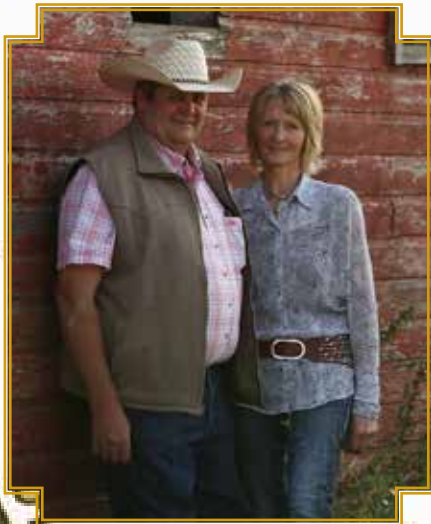

The cattle market is on an upward swing and the future looks encouraging.

Marilyn and I would like to invite you for Randy's prime rib dinner. He does such a great job for us.

We have the most uniform group of bulls ever offered. No feet trimmed, we never overfeed, and they're built to last.

We are also offering 20 bred red baldie heifers, bulls turned out June 20.

If you have questions or concerns, phone me. Sale will be on DLMS with videos available. The coffee is always on.

Thank you. Thank you for your support to those returning & to those who are new - Thank you for taking a read! 14 years with our annual bull sale seems a lot longer than what it feels like. I guess time flies when you're having fun or chasing kids.

Honestly, we are forever grateful & honored to continue the legacy of raising Ramsay Hereford bulls from Grandpa Carl, Cal & through to our own children. Although the styles of bulls have changed over the last 70 years, standing behind our bulls & fair dealing has not – that is something that will never go out of style.

Things haven't changed much at the ranch since last year's book was sent out. Please know that you are always welcomed to come tour the bulls before the sale, the cows at any time however they're easier to see during the summer months - we have a very large amount of snow this winter.

Kids are growing & have enjoyed being back into their sports & activities. Both Cordell & Calianne are in the Neilburg Multi 4-H Club. Cordell has been loving playing football in the fall & lacrosse in the spring while Calianne's competitive Cheerleading team goes from September to June. Curwyne has joined in the chaos by starting hockey this winter - already scoring his first goal this season! Crawley, well, he's a busy 2-year-old boy, that is all that is needed to be said.

These 40 bulls that are going through the ring come February are an even group of bulls that still carry themselves in their own groups. We have a group of high-performance bulls; a group of solid ranch bulls & a dependable set of heifer bulls this year to offer you. They've been fed hay & oats this winter. We try hard not to push them as they spend the summer on a half section of grass before starting the feeding program once the snow hits.

We still offer our sight-unseen program where after talking with Carl about what you're looking for in your program we will find you a bull. If you don't like him when we deliver him - no problem, he'll go back on the trailer & we will make it right. Let us know how we can help!

- Carl & Dalynn Ramsay, 306 398 7879
