# WELCOME

Welcome to Clarke Family Farms Inc. It is with great pleasure we welcome you to our Volume II Bull & Heifer Sale.

After last year's sale, I couldn't express how overwhelmed I was to see you all at our sale. The excitement we had at the farm on sale day was unbelievable, Thank you. My family has been in the Agriculture Construction Business for over 50 years, and to see my childhood dream unfold is pretty exciting. To see our genetics go out to so many new homes was really nice. Then to see our lead off heifer 19J win the Ontario Jr Simmental Show for the Dudgeon family was a real highlight. I can't thank my crew enough for their hard work and dedication to the Farm.

We look forward in seeing you all again this year at our new sale Barn!

*Daryl and Connie Clarke*  
Clarke Family Farm Inc.

As we work at getting ready for our Volume II Bull & Heifer Sale. I can not express how excited I am about the offering. We have about two times the cattle as last year, with both Angus & Simmental equally represented and I think the offering is pretty nice. We were very excited to add the Norfolk Angus Herd to CFFI (thank you Brian & Dana for the opportunity). This is an exciting herd to be able to work with.

It has been quite a couple of years here for me at Clarke Family Farm Inc. Daryl, Connie and family have let me put together a very exciting cow herd, a great group of people to put it all to work. We have been building an outstanding cattle facility to work out of, and look forward to giving you a tour. Daryl's love for cows and agriculture impresses me to strive to try and make it happen. I thank you Daryl, Connie, Phill and Spencer for the opportunity to build and breed a unique herd and to promote CFFI to the world.

Last year was our 1st and boy what a day, it was the first cattle sale in over 70 years in Chatham-Kent County. The turn out was outstanding and the Blenheim Agriculture Community was on fire, thank you to all that attended. To the bidders and buyers – THANK YOU! Now onto Volume II, I am excited about our offering and working with you all again. If anyone has any questions don't hesitate to call anytime.

Big thank you to my staff here at the farm, the office girls and my family for letting me do what I love.

See you all at the Sale

*Hugh Ross*

We are selling off a few cow calf pairs, as we seeded a lot of new grass last year and with no rain. We just have a feeling we are going to be short of pasture. There will be a supplementary sheet prior to Sale Day with what all we are selling and lot tagged. A lot will be our commercial cows that didn't have an embryo calf or catch to their AI. There is going to be a mature package of cows as well.

THESE WILL BE A NICE SET OF COWS THAT WILL PRODUCE GOOD CALVES.

**SIMMENTAL YEARLING BULLS**

Big top, stout and big boned – here is his! This is a very easy doing bull with atributes to be a powerful herdsire. Once again out of Wheatlands Man O War 907G and the powerful 170F from the Silvertown Dispersal. Last year her heifer calf was a lead off in our sale selling to GR Simmental, Gary & Lea Rairdan – she is doing a tremendous job!

Well this is quite the bull. He's been everyone's favourite since day one. A ½ blood – just flat impressive, big bone, big top, hip of ass, shape, style, he's got it all! Our heaviest bull every time we weigh them. Out of a power momma cow that Daryl purchased at the Silver Town Dispersal, she is neat! Then out of the Champion Angus bull of Chad Hollinger's HLC GQ 278F, this bull took the show road by storm a few years back. Here is your chance to sit in and buy yourself one hell of a herd sire.

Lots of hair, bone and style – imagine a set of calves out of this bull! They will push the scale down and put the dollars in your pocket! Performance & Power sums up his dam the Brin 16E. Her last years heifer in the sale was a crowd favourite and headed to Saskatchewan to Double RN Ranching, Ryan Noble and Family. Have a look at this 206K bull!

Here is a son out of our Wheatland 8156F herdsire (son of Wheatland Bentley 630D) that I have liked all year. Mussel, shape and a nice hoof under him. He will get out and get the job done for you. His dam is a hard working cow at CFFI. Her heifer last year was one our volume buyers – Jon-Ern Farm purchased, and she is doing a heck of a job over there!

**SIMMENTAL YEARLING BULLS**

Well this will be one for the books, this bull has been outstanding – his long body, eye appeal, lots of red meat, power and performance! But his colour, grey?? I do have one hell of a time knocking him on his colour, but throw him with some black cows and they will look after the colour! His half sister was our high selling female for \$20,000 in 2022 to the Dudgeon Family, and she went on the be Champion Female for them at the 2022 Double Feature Jr Show. Don't let this bull pass you by!!!

The Man O War sons are all stamped the same "cookie cutter style". He is a bull that can get out and cover some cows and get the job done. A nice Revival daughter on the bottom side. Her last year's bull calf went to Derbyshire Farms and is doing a fine job.

CFFI 219K

**SIMMENTAL YEARLING BULLS**

Oh boy here is a neat bull out of a first calf heifer, a Riddler 323B daughter that we really like, and the sire I have loved since I got to CFFI. Daryl bought some embryos from Jack Oattes and raised this bull. He has a lot of great traits "Better Believe It". Neatest thing about this bull is he's 100% Clarke breeding on the top & bottom.

This bull has a lot of power in his pedigree! The Wheatland 8156F bull adds red meat and thickness, but the powerful Red Dawn 257D on the bottom is a brood cow over and over again.

## SIMMENTAL YEARLING BULLS

This Wheatland 8156F son is just impressive, when he gets done growing up – He's going to be deadly! His dam is one impressive cow 03F. Big, deep, long and powerful. Even power in the Grand Dam Chloe 203, raised out lead off High Selling Simmental Bull to LLB Angus, Stettler Alberta. The 03F black baldie son is working at Barry Robbins.

Our only 2 year old in the offering and he's impressive. We sold this bull last year to Emille Patten. We ran some heifers together and used him ourselves to clean up, but over the summer he grew some scurs (a bit more than we want). But he is a great bull to get out and cover some cows – raise one heck of a set of calves out of!

**SIMMENTAL YEARLING & 2 YEAR OLD BULLS**

**BRIAN GOOD** Well it was a sad, sad day to get the call that Brian had passed away! I was just talking to him a few days prior, and he said he was doing good and going to get out. I can't put into words how big of a mentor this man was to me. I met Brian back in the 1980's when we were showing cattle at Red Deer Fair and this friendly guy came by and introduced himself saying he lived close to town and was on the fair board. Since that moment I considered Brian a friend. This man couldn't help out more, what ever you needed Brian got it done.

Throughout every endeavor in his life and in mine, we kept in touch. He was always there with advice, a contact number, his opinion a shared hotel room and a meal. This was one of the best road trip partners a guy could ever ask for. I don't know how many times I have thought, well I better call Brian tonight! Damn I miss his visits. In later years, I got to know Brian's wife Linda-Ann and wow these two were made for each other! There has been a lot of great tributes to Brian from all over the cattle industry. Its really unbelievable how this man taught us all and so many. Till we meet again, happy trails my friend! Miss you!
