# WELCOME...

We would like to welcome everyone to our 2nd annual spring bull sale March 1, at 1:00 here on the farm at Peebles, SK in a heated barn. This year we will be offering 66 two year olds. There will be sons by Renown, Rainfall, Resource, Territory, Bismarck, Density, Governor, SBF Registry 9011, and Sitz Alliance 6595. There will also be semen available on D&N Rainfall 23H the high seller from last year.

This year we feel that this set of bulls is very consistent and offers large sire groups to select from. This should bring consistency to the programs that they enter. There is a large selection of calving ease bulls available from multiple sire groups. These bulls are developed to last. These bulls do not see any creep feed over the summer. From weaning they are on a back grounding ration till May when they head out to grass and then they came off of grass in October.

Feel free to come for a tour anytime, call or text one of us here at D&N. T Bar C and DLMS will also be able to help with any question about the offering.

RETAINING 1/3 SEMEN INTEREST IN ALL SALE BULLS

**THE RAJOTTE'S**

# FROM THE DESK AT T BAR...

Continually proving themselves as a dynamic force within the industry, the Rajotte family works towards a single-minded goal to always be pushing their own standards even higher. D & N is an ever-evolving operation that conducts its business at high volume, but one fact remains steadfast, the people behind it are true cattlemen. Hosting one, if not the most popular commercial bred heifer sales in all of Canada, you know the bull side of things is what the industry accepts, demands, and flocks towards. The cattle you will find within this catalogue are what exemplify this diligent breeding program, ensure you study it hard.

The Renown son you will find leading the charge will catch your undivided attention as soon as you lay eyes on him. Not only is he a feature for the Rajotte family, he will be a feature in the entire Spring sale run. Building upon what is already sure to impress, the sheer amount of quality Rainfall sons that are low birth coupled with thickness and eye-appeal defines consistency. Rainfall is a true breeding piece, with the 2022 edition of the D & N Bull Sale being a Rainfall son. Additionally, the high selling pen of commercial heifers were all Rainfall sired, fetching a tremendous price of \$55,000. In short, good cattle always rise to the top. Other notable sire groups featured in this sale are the popular Resource, Alliance 6595, Bismarck, and the tried and true Final Answer. These groups make up the balance of this pen, displaying size, hair, and excellent dispositions.

While the D & N crew operates day to day at an extremely high level of proficiency and sheer numbers, their down to earth personalities matches their capable cow sense perfectly. In the 2023 year they will AI over 2000 head of cattle. I would encourage you to just take a moment and ponder that number. Even with bearing such a high work load, the Rajotte family are rays of light within the cattle business.

I encourage you to drop by the Farm just south of Peebles to view these impressive rascals, as well as view the upcoming sale heifers planned to go under the gavel in December. As always, all of us on sales staff are very familiar with the D & N program, so do not hesitate to call or text at any time!

23H is a son of SAV Rainfall 6846 who is the popular proven calving ease bull with added performance. 23H was our seller last at \$27,000 and exemplifies the traits of his sire. He has a low birth weight of 75lbs and a BW of 0.5 and has a WW of 63 and YW of 115, both WW and YW rank in top 10%. We will have around 225 calves in May on this herd sire. Our confidence is high in what this bull is capable of producing. His sire is now deceased, so here is an opportunity to add some Rainfall backed by a fabulous Regard daughter.

Co-Owned with North Perth Angus, Wingham, ON

Renown has produced SAV Renovation 6822 who is one of the most popular bulls in the breed today, SAV Renew 8132 at ST Genetics, as well as Coleman Glacier 041 who sold for \$270,000 on 25% interest and SAV Abundance 6117 at Genex. This fall Meadow Bridge Angus sold a Renown daughter out of 3293 that sold for a commanding \$90,000. This Renown son is a fault free calving ease herd sire. His mother comes from the Evening Tinge cow family that is tried and proven. Recommended for heifers

These Rainfall sons are gaining popularity as time goes on because of the ability to calve easy, add pounds, great disposition, all built on good leg and foot structure. The females this fall in our bred female sale were favorites. The Rainfall bred heifers have averaged \$4150. The daughters are moderate, high milking with impeccable udder structure.

9011 was the high selling calving ease bull from the 2020 Strongbow farms spring bull sale. 9011 is a S A V Registry 2831 out of S A V Emblynette 6379 a Ten Speed daughter. 9011 is has been our herd sire for the purebred herd for the last three years and looks like he has quite a few more. We have not assisted any of the calves. The sons and daughters both have shape and are structurally correct. In a month we will have calves out of his daughters and they are looking promising.

# TERMS AND CONDITIONS

## Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## Health:

All animals in the sale have met all necessary health requirements.

## Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

## Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
