Welcome to the Hollinger Land and Cattle Annual Bull and Female Sale, Tuesday March 21, 2023 at the ranch, Neudorf, Saskatchewan. In this the 11th annual spring sale, Hollingers present an outstanding lineup of Black Angus bulls... their strongest and most uniform to date... while Nu-Horizon, not to be out done, supply an exciting set of Red Angus. This is a "must-attend" event if you are serious about producing high value cattle.

"HLC Elevation" will be headliner sale day! The Intermediate Bull Calf Champion at the 2022 Canadian Western Agribition comes with outstanding performance numbers, style and shape. His sire "Bloodline" is marking his own history but the strength of "Elevation's" mother, makes him a must own bull. Not to be over-shadowed, several paternal brothers with breeder potential are not far behind. The genetic diversity of the leading Angus bulls is represented in this great angus offering and what uniformity with shape and dimension! This uniformity must be credited to the predictable HLC cowherd. Whether you are looking for a power bull to add pay weight to your calf crop or a heifer bull to keep the replacements happy, the shelves are packed full of quality.

The folks at Nu-Horizon are coming to this event with a powerful and exciting lineup of Red Angus bulls and in this group are all the members of their popular Agribition pen display on herd bull alley. Genetically diverse but uniform in frame and body type, there are several heifer bull candidates who will give you calving ease without losing performance... bulls for every type of breeding operation, all budgets and you will retain all their daughters.

The commercial heifers... blacks, reds, and baldies are fancy, uniform and ready for your replacement pastures... many sired by HLC sires. They will be valuable property in the years ahead!

Feel free to stop by either operation any time prior to the sale for a preview of the bulls or just give one of the boys a call to visit about the bulls and those who will fit your breeding intentions. Plan to be with us for this feature spring bull sale!

If we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

An exciting opportunity to to acquire an individual that combines real world power, soundness, and eye appeal in a genetically stacked package. "Elevation" 100k is bull that will add bone and hair as well as length of body and huge centre body dimension. Possibly one of the most exciting pieces to the puzzle is his dam, Erica 561G. She is a female that has proven herself to be a superior maternal masterpiece. Her progeny have not only got it done in the show ring, they are proving them selves in the breeding fields as well. The first calves by maternal brother, Private Stock, are hitting the ground now and couldn't be more exciting. They'd easily be the most consistent calves we have seen hit the ground this spring. Take some of the guess work out of your breeding plans and elevate your calf crop to a new level!

29K I see big time herd bull potential in this bull. Moderate at birth with tons of growth, he's a bull I admire for his squareness of hip, and over all muscle pattern. He is big testicled, good footed and as sound as you can make one. His beautiful dam is a moderate framed female that has an exceptional udder. She has a daughter working at Sortland Ranching, and a son at VT Ranch.

Superb herd bull candidate. He is sired by Firebrand, a bull that has worked very well for us. Fire Storm 103k is a bull that is packed with muscle and thickness throughout. His expressive muscle shape and herd bull presence draw your eye from every angle. His hard working dam by Angus Valley has sons working for LD Stock Farms, Trevor and Tawnya Campbell, and Art and Debbie Pask as well as a daughter working at Prime Time Cattle co.

One of the youngest bulls in the offering, he is a bull that I think puts a lot of the right things together in a super complete package. When you analyze this calf you'll find it hard to put a hole in him. Tons of muscle shape, big topped, smooth fronted and to top it off he is heifer pen safe.

Hello Fellow Cattleman,

A sincere thank you to our bidders and buyers from past years sales for having trust in our program. This will be our fifth year offering **RED ANGUS** bulls in conjunction with the Hollinger Land and Cattle Bull Sale.

**ALL OUR BULLS ARE SIRE VERIFIED!**

We are extremely excited about the eleven bulls we have consigned to this sale. There are six different sires to choose, from leading bloodlines in the industry. Whether you are looking for a heifer, cow or a bull that can work both ways, there are choices for you.

Our belief is to build them with a good foot, strong maternal traits, phenotypically correct and longevity. We look for a balanced set of EPD's as well.

Again, thank you Chad and Trevor for giving us the opportunity to be a part of your sale. Feel free to give either of them a call, T Bar C crew, or Kieran or Kodie to discuss the 2022 offering.

Our **OPEN HOUSE** is on March 11 and 12 at the farm to view the bulls prior to the sale! This gives you an opportunity to see our females and the mothers of these bulls. However, if you are unable to make it, we welcome you to drop in any time to view our program and our bulls. Come and check the bulls out early, you will not be disappointed!

Sincerely,  
Kieran, Kodie & Deb
