L7

As I am writing this introduction, I'm trying to come up with something brilliant and inspiring. I have come to the realization, that I am not very creative. The only thought I can think of is a statement that my neighbour told me years ago, "Hang on to the cow's tail and she'll drag you through the tough times!!" Well she's been a little weak the last few years, but I think her time is coming. This cattle business in my mind, is about to get real good!!

With that being said, we would like to welcome everyone to this year's bull sale catalogue. We would like to thank all of our customers and friends for your confidence in our program. As always, our goal is to continuously improve our cow herd thus improving the quality of bulls we have to offer.

We encourage customers to give us a call and come out to the farm so that we can show you our whole program. You can appraise the bulls and look at the sires and dams. If you aren't able to make it to the farm, we will offer you as much information as you need. We will again be offering videos of the bulls for sale and can take videos and pictures of the sires and dams on request. We are excited with our bull pen this year. We also have nine two-year old bulls to offer. They are selected on age and are not leftovers. We culled a lot of bulls this year in order to offer only our very best - top-end bulls at a reasonable price.

This is a family run business with Cheryl and I and our three kids along with their families. We are focused on customer service and satisfaction. If you have any questions, please do not hesitate to give us a call. We would like to invite you to come and assess our herd.

Top Notch was a feature bull in our 2020 sale. We wanted to keep a Kingsman son to use and Top Notch was the right pick - very much like his sire in every way. He has probably as good a foot as I have seen. His dam is one of our top cows - always bringing in a high-end calf. Co-owned with Maple Ridge Ranch.

Prior to purchasing 44Z, we looked at his sire; he was moderate with perfect feet at 13 years of age. Longevity is a dominant trait in these genetics as 44Z will be turning eleven years old this February. His bull calves are moderate-framed and easy-keeping, but what he really is known for are his females. They have proven to be exactly what maternal traits we are striving for. They are easy-doing, wedge shaped females with great udders, in a moderate framed package.

427C was our pick of the bulls at the 2016 Short Grass sale. His dam is a stellar cow at Switzer's. To date she has raised four bulls working in purebred herds. 427C is a stylish, moderate-framed individual with a lot of natural thickness. His calves exhibit all these traits. Was purchased for \$20,000.00 at Short Grass Sale.

We toured Belvin's herd and Flyin' High was an obvious stand-out calf. His dam was moderate framed with a beautiful udder. Flyin' High was the high selling bull at Belvin's 2019 sale at \$22,000.00 (Co-owned with Belvin Angus). Calves out of Flyin' High are eye appealing, high performance, moderate-framed and easy keeping.
