## SALE DAY LOCATION

JACKSON CATTLE CO. SALE FACILITY  
Box 159 Sedley, Sask S0G 4K0 Phone: 306.537.9251  
From Sedley: Go 4 miles north on 620, then 1/2 mile west and 1/2 mile back north.

## SIGHT UNSEEN PURCHASE

If you are unable to make the sale, we will help you with your selection and guarantee your satisfaction. Contact any us or any of our sales staff for more information.

## SALE DAY VIDEO SALE

We have elected to go with a video display only sale again for 2023 and forgo running big, two year old bulls through the handling system and into the sale ring. We do this primarily for the safety of the bulls to reduce the risk of injury and bruising. As always, the bulls will be displayed and sorted for viewing in pens right outside of the sale center. We feel that with your pre-sale evaluation and the excellent videos broadcast on the screens, that you can make a selection with confidence just as previously.

## DELIVERY

Delivery will be arranged to central locations in Western Canada. For US customers, delivery will be arranged to central locations in the Northern and Central USA.

## ONLINE BIDDING

www.dvauction.com  
Register to bid early as bidding approval is required. Contact Sarah Hasson with DVAuction.com with any questions at 306.681.5340 or email her at sarah@goldenthread.ca. Tech Support 402-316-5460

# THE PURSUIT of EXCELLENCE

Bull Sale 2023

## WELCOME TO THE BLAIRS.AG 2023 PURSUIT OF EXCELLENCE

BULL SALE - FEBRUARY 7, 2023 - 1:00 PM

Jackson Cattle Co. Sale Facility | Sedley, Saskatchewan

### Calving Ease Legend

Calving Ease is often related to birth weight of a bull. This is partly true but there are other factors that influence calving ease. The dam and her management are at least 50% of calving ease. Also, the consistency of the birth weights of the sire and dam should be considered. Nutrition, gestation and environment all influence birth weight. We have rated each bull in the sale based on the information we have.

#### ET Bulls:

We have identified each bull that is an embryo calf with the letters(ET) at the end of their name. It is important to note that the birthweight(BW) is heavily influenced by the recipient dam. The calving ease scores have taken into account the influence of the recipient dam when determining our scoring.

- Should produce minimal problems when bred to medium to large frame heifers.
- Recommend for larger frame heifers, second calvers or small framed cows.
- Recommend for mature cows 1400 pounds plus.

# WELCOME TO THE SALE...

The 2023 sale has a slightly different mix as we culled extra hard on our coming two year old Angus bulls last fall and this spring when we and many others were in an extreme drought. The Simmental program has expanded in numbers so the amount of Simmental yearling bulls has increased in this years offering and we thank Jordie & Luke for the management of our Simmental program as well as their commitment to consign their own Westbrook bulls to the Pursuit of Excellence Bull Sale. We are very excited about the offering and believe it has something for everyone. We are fortunate that the drought in a large part of North America has ended or appears that it has based on recent snow accumulations. We do know that cow numbers across the continent will be down entering the 2023 breeding season and we believe when you analyze the sale offering you will find an extremely high quality offering with some highly sought after pedigrees. Our program has embryo transfer as a top priority and we will continue our genetic advancement through the use of strategic embryo mating's from our elite donor program and industry leading sires. We would love to have you tour the sale pen prior to sale day but in the event that you are unable to see them in person, please feel free to contact anyone on the sales team for their expert opinion and professional service. We are proud to surround ourselves with leaders and innovators and would entertain a call if you want to talk more about our program, our future strategies or our view of the industry going forward. We look forward to seeing you sale week.

*Kevin Blair*

# FROM THE DESK AT T BAR C...

Welcome to Blairs.Ag Cattle Co. Annual "Pursuit of Excellence" Bull Sale, Tuesday February 7, 2023, at the Jackson Cattle Co. Sale Facility, Sedley, Saskatchewan. This event features a powerful offering of herd building two-year-old Black and Red Angus sires specifically maintained for the sale. The 2023 Simmental section has increased in number as their herd base has grown and co-operative Westbrook have added to the consignment.

There are bull sales virtually every day... so what makes this sale special? Over the past decades and generations, Blairs have produced and supplied some of the industry's finest seed stock. Their goal has been and continues to be... producing the best the breed can genetically produce. The quality and consistency are based on the strength and predictability of their donors and cow herd base.

The two's, Reds, and Blacks, combine ruggedness and muscle with calving ease and high maternal values as half of your calf crop will be in replacement pastures. Not picked over, they will cover more cows in a breeding season, shorten calving intervals and add uniformity to the calf crop.

The Simmental yearlings are stout, with tons of hair and muscle offering that same maternal value without sacrificing performance. Many are sons of Betts, a proven calving ease sire.

Plan to be with us on February 7th and add value to your breeding program in this exciting livestock industry... it will be well worth the trip! Feel free to stop by and view the bulls any time prior to the sale or give Kevin and the Blairs. Ag crew a call to discuss the bulls and those that will bolster your breeding herd.

We have graded this powerful lineup... if we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, and we will help you in a professional manner.

# Platinum Warranty Program

Blairs.Ag Cattle Company guarantees to sell a bull that is able to pass a semen test prior to the 2023 breeding season. Should any bull purchased through the Pursuit of Excellence bull sale fail to be a satisfactory breeder or be unable to physically service a cow or heifer, he will be replaced with a bull of equal value. Should this not be possible, we will issue a credit to go towards the purchase of another bull. We will not however provide warranty for mismanagement.

While under our warranty, the bull is covered for injury, sickness or death. We will service your needs with a replacement bull, a sale credit or a cash settlement. Should you have any problems with a bull, please contact Kevin Blair and he will work to make sure your cows get bred and you are a satisfied customer. We do have back up bulls set aside and that will be the first step to cover off any warranty issues. Blair's Platinum Bull Warranty is designed to protect your purchase during the most high risk time of a bull's life.

We offer the following options and are required to be paid on the day of the sale. It is the buyer's responsibility to purchase at the settlement desk.

PLAN	DURATION	RATE
#1	90 days	4%
#2	8 months	7%
#3	14 months	10%

## COVERAGE:

Plan #1 – This plan is designed to warranty a bull from sale time until the bull can be delivered and has the opportunity to adjust to its new surroundings. The length of the Plan #1 warranty is 90 days. Plan #1 warranty covers 100% of the purchase price less the salvage value when applicable.

Plan #2– This plan covers the bull through breeding season and is 100% of the purchase price less the salvage value when applicable.

Plan #3 – This plan covers the bull for a full year which will include one (1) breeding season and one wintering period. In Plan #3 the warranty covers 100% of the purchase price less the salvage value when applicable.

## EXCLUSION TO WARRANTY:

Any injury or death due to malicious, willful or intentional acts or mistreatment are considered fraudulent claims.

Should an issue arise with your bull please notify Blair's immediately by phone 306-365-7922 or by email kevin@blairs.ag. You will also need to contact a licensed veterinarian to diagnose and treat the animal and fill out a vet form. If the animal dies, a post mortem will be required.

Note: All bulls that are left at Jackson Cattle after the sale for delivery will be automatically charged the 90 day Plan #1 bull warranty on their invoice. This is designed to protect both the buyer and seller.

Here is a calving ease sire off the calf that was at side of PM Echo 8'16 when they were crowned 2018 RBC Supreme Champion Female at CWA. The PM Echo 8'16 female has an interesting story as she was the 2017 Reserve Champion female at CWA as a bred heifer and then returned as a pair in 2018 to be named Grand Champion Female and then RBC Supreme Champion Female. This rascal has that cool look and a rock solid pedigree. The Echo 270F dam has never failed in her short life so far. Add some calving ease and predictability. *Owned with Dale McKay.*

2023 is shaping up to be the year for Blair's Martial Law 593E to take center stage. We really believe the Martial Law cattle are the right kind for where the Angus breed is headed and here is an opportunity to combine Martial Law and OSU Final Exam into a powerful calving ease pedigree. We purchased the OSU Final Exam sire in the yards in Denver from Oklahoma State University and he left fantastic, soft made females with great udders and excellent calving ease sires. Here is a sire to improve your replacement heifer pen in a big way.

*Our*  
**TWO YEAR OLD  
BULL PROGRAM**

It's important to note that not all two year bulls are not created under the same conditions. We are careful to develop our bulls in a manner that ensures their longevity. Our bulls spend the first winter on a ration of pellets and hay to ensure they are grown out without getting over conditioned and then they go to grass for the entire summer without any supplementation and are further developed by grazing on high quality grass. In early Sept they are removed from pasture and begin to transition to a hand fed balanced ration along with free choice hay. The goal is to ensure that by sale time the bulls are in ideal breeding condition and exhibit natural muscle expression so buyers can see the genetic potential of the bulls.

McCumber Tribute has earned the right to be the sire to breed your top females with semen bringing as much as \$650/straw. Now look at the bottom side of this pedigree and you will again see more Erica 74A. Blair's Erica 595F now resides at MJT and is co-owned with Noe Villalobos and went directly into their donor program. The Duff Napoleon x Erica 74A cross has become one of the most talked about matings in the breed. If you want to raise moderate, efficient cattle then look at Blair's Tribute 534J.

102's ability to combine a double digit calving ease figure with tons of rib and substance on an awesome set of feet and legs is something we find rather unique. Yet, it's his pedigree that may be his most valuable asset. With Lucky Strike and Larkaba 42A on the top side, and one of our favourite Priscilla 44Z show heifers on the bottom, this past division winner at Canadian Western Agribition is a perfect representation of the impact that our two most profitable cow families have had on our program.

Consistency in type, calving ease and predictability of performance is what you should expect from the Kargo son's that have a shot of Warcraft and Yankee 12W.

**RED RINGSTEAD KARGO 215U**  
Sire

Kargo 215U, Warcraft and Yankee 12W pretty much says it all. We really love the balance of this bull but also love the balance in his data set. The Warcraft dam has a bit more frame with tons of power and dimension.

Kargo on Trump daughters flat out works. Expect to be overjoyed once the daughters get into production.

The grandam Red Riverdale Princess 120T was one of the greatest dark red females to ever walk the pastures at Blairs.Ag Cattle Co. Check out the WW on this son and imagine big strapping dark red calves coming off grass for you. Damar Trump makes them soft made, haired up and big boned. Owned with Rob Saik.

**LARKABA 9010**  
Full Sister to Dam

**LARKABA 42A**  
Maternal Grand Dam

Larkaba 42A's impressive track record of generating sale topping sons and daughters across the nation truly speaks for itself, so when we had a pair of Razor x 42A flushmate sisters a few years back, we knew they had to stay at our place. One of them was Larkaba 9010, the cow we had immense success with this past summer and fall on the show circuit, and the other was 108's dam, Larkaba 9013. 108's rugged yet attractive herd bull presence, raw shape, and stoutness should be extremely valuable in generating low input, powerful cattle with a maternal lineage that just flat out works every time.

- Sound in his make up from the ground up, lots of true herd bull character starting to develop.
- A full brother sold to ABC Cattle in last years bull sale, as well as a maternal brother selling to Galbrath Livestock.
- A full sister is in the replacement pen and we are very excited to watch her turn into a momma cow to follow her moms footsteps.
- Maternal brother to 802K

*Hetero Black*

- We hope every year for a female out of this cow and last year she really showed us by delivering twin bull calves
- 11K the black twin claims the heavy weight spot of the yearling bulls every time they cross the scale.
- Longest made bull in the group

- The natural born calf of our donor Brooke
- Also the youngest of the offering
- His Angus sire Brooking Emerald turned heads in the summer of 2021 where he was a highlight of the Rose Bowl.
- Genetically he truly is one of a kind
- Maternal brother to 51J

*Lot*  
**59**

**BLAIR'S WESTBROOK FINESSE 809H**

Full Sibling

- The second youngest bull in the group and will just be coming a year old a few days after the sale.
- Coming from the ideally uddered Dilmer cow, 493E, she's been very productive for us. First calf was retained to breed heifers and is still our go to guy in the heifer pen and a heifer that sold in the Jenna/Flirt Event to Frederic Lapage.

# TERMS AND CONDITIONS

## Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## Certificate of Registration:

Each animal will carry papers issued by either the Canadian Angus Association or the Canadian Simmental Association accordingly, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## Health:

All animals in the sale have met all necessary health requirements.

## Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by either the Canadian Angus Association or the Canadian Simmental Association accordingly, with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

## Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
