

WE
DELIVER

RUSYLVIA CATTLE CO.

Third Annual BULL SALE

MARCH 1, 2023 | 1PM | ON THE FARM AT DERWENT, AB

Welcome from **RUSYLVIA CATTLE CO.**

It is with great excitement and anticipation we welcome you to our 3rd Annual Bull Sale. Rusylvia Cattle Co. was established in 1994 when Ken and Josie got married, and so this year marks the 29th year of selling bulls. Rusylvia Cattle is made up of grain, hay and pasture-land along with 400 cows. Our purebred herds are Simmental, Black Angus and Maine Anjou with the majority being black hided. Our commercial herd is Angus x Maine, and Angus x Simmental. All the cows are managed the same way in regards to: herd health, graze grass until November, corn graze next until December, and cereal silage or silage bales during the calving period. We utilize natural heats to A.I. about 140 cows each spring and put in 40-50 embryos as well. The benefit list is long with A.I. and E.T. programs, and it truly gets exciting every calving to see the results. Josie and Riley both A.I. with Josie having taught A.I. to hundreds of people over the 15 plus years teaching A.I. at Lakeland College. The bulls on offer are from some of the leading genetics on offer in Canada and in the U.S.

We sometimes get asked why three breeds. Josie got her first Maine in 1981 and brought 40 head to Alberta in 1994. The Maine breed performance, quietness, hair and incredible mothering ability is what we appreciate the most. The Black Angus purebreds started in 2005 with purchases from Stretton Creek, Mountain View Farms and KBJ Dispersal. We loved the commercial Maine x Angus cross calves for their pounds at weaning time and felt the two breeds fit together well. The Simmental is the newest addition with our first purchases in 2015. The boys being active on the show road across western Canada really loved the excitement, people and what the Simmental breed had to offer. With key female purchases, leading A.I. sires and embryos, our program rapidly developed.

Rusylvia Cattle is truly a family-run operation with our boys growing up showing, running equipment and doing all things agriculture. We love the lifestyle, the challenges but mostly the rewarding relationships we've formed through so many avenues over the years. One of the great relationships we formed is part of this year's sale and that is with the Shologan family. Lee Shologan is an eager, enthusiastic, and keen young cattleman who we enjoy having come out to help at the farm and shows. He is truly part of our team here with a keen eye for cattle selection. There's no doubt he will be a force to be reckoned with in the future. As well, as we couldn't do without Bronwyn Frenzel who keeps

the guys and mostly Riley in line at the shows and Nick Wasylik is also invaluable to us and seems to take a beating but keeps coming back. Our heartfelt thanks to you all.

We had an incredible run with showing cattle in 2022. It started with the boys and partners Nick and Lee showing their steer and winning many banners/jackpots across western Canada. It seemed every weekend that truck and trailer were headed to a show. Then, the fall show road started in October, and we had a tremendous show at all four shows – Olds Fall Classic, Lloydminster Stockade RoundUp, Farmfair International at Edmonton and Agribition in Regina. Our crowning jewel is no doubt Mr Rusylvia 39J, which sold last year in our sale to 12 purebred and commercial beef producers. Our proudest achievement was Mr Rusylvia We Deliver 39J winning Grand Champion Bull at all four shows, Top 4 Supreme Bulls at Lloydminster and Top 10 At Agribition. The decision was made to make the trip to Denver for the National Western Stock Show and after eight days, 5000km, one Reserve Champion Banner and quite a few stories, they made it back safe. That show is an experience and dream for many producers, and winning that purple banner is an experience like no other.

Bull buyers, show families, junior families, fall sale supporters, and the list goes on, you are truly the best part of the business. Some of the best times are every year at Agribition, Stockade Round up, Farmfair, Olds Fall Classic, Calgary Stampede, Summer Synergy or the multitude of other events we've attended. There's nothing we love better than having a cooler of refreshments waiting when we get a call someone is stopping in to do a pasture tour or getting the coffee ready after the bull pens have been toured. To all our past bull buyers, we thank you for your support over the years, often sight unseen until we arrive with the bull or the yearly visit to do your selection. This year, please plan to stop in ahead of the sale or the morning of to have a visit. The bull pen will be open anytime for viewing prior to the sale or the morning of the sale. Bulls will all be semen tested, guaranteed and have been on a cereal silage TMR with pea straw, hay and the Bullseye Bull Supplement. Many of these bulls are from the boys' own herd as you will see several tattoos. The boys' herds have been developing since they were nine years old.

On sale day, come early to tour the bulls, have some lunch, enjoy the video sale in our heated building and stay for refreshments following. We also have the option of bidding/viewing online from your home with dlms.ca. We truly believe the cattle business and it's producers will have some bright years ahead, and we look forward to enjoying those with you. Thank you for your time, interest and support. If we can help at all, please call or stop in.

All the Best,
Ken, Josie, Tyson, Riley and Taylor Pashulka
Rusylvia Cattle Co.

SALE DAY INFORMATION

Schedule Of Events

Lunch: 11:30 am
Sale: 1:00 pm
Refreshments: 3:00 pm

Viewing Of The Bulls

Anytime prior to the sale, or sale day morning.

Sight Unseen

Call Ken or anyone of the boys or sale staff and they will gladly assist you.

Delivery

Bulls delivered to central points in Western Canada prior to April 15/23. We highly recommend insuring bulls that are left at the farm following sale day. \$150 will be taken off if the bull is picked up sale day.

Payment

Balance payable sale day. Please call Ken to discuss other arrangements, we will gladly work with purchasers.

US Purchases

We will arrange all health testing and export papers at cost to US buyers. Delivery arrangements will be coordinated to the US Border Vet closest to purchaser. Bulls must be paid in full prior to shipping to the USA.

Video Sale

No animals will be entering the sales ring. Bulls will be penned outside at farm and are available anytime prior to sale for viewing. Buyers may attend the auction at the farm or bid online at dlms.ca

DLMS Sign-On Info www.dlms.ca

To view this sale visit www.dlms.ca, fill out the registration form located under registration and sign up for your free user account and select a username and password. Bidders: to be approved as a bidder, log into dlms.ca and click on the Buyer Approval tab, select the sale you are interested in bidding on and click sign up.

Feed

Bulls are on a TMR ration consisting of Cereal Silage with chopped hay and pea straw with Bullseye Bull Supplement. The bulls are kept in a 20 acre pasture to develop physical fitness and increase mobility.

Herd Health

Rusylvia Cattle Co has been a VBP plus Beef Producer for 12 years. The entire herd follows the Zoetis Program

Welcome from BOHRSON MARKETING SERVICES

BOHRSON
MARKETING SERVICES

One of the really great families in the entire livestock industry is the Pashulka's of Rusylvia Cattle Co as they are very hard working, humble people with a sharp eye for quality livestock. We are pleased to once again be working with them in the promotion of their years work as we welcome you to their annual Bull sale.

The Rusylvia program is a family run operation with a large, impressive cowherd including Angus, Mane Anjou and Simmental along side their commercial operation. Their heavy emphasis of Ai and the utilization of embryo transfer has elevated their program into one of the most diverse, consistent, high quality cowherds in Canada. They are always utilizing industry leading bulls to breed with and are forever in the hunt for the next cornerstone donor to build around. You will see many examples of this as you analyze the catalogue and see flush brothers and many half and 3/4 brothers. The bulls on offer are fed with the cowman in mind and are built for the long haul. These bulls are hard muscled and ready to get to work to incorporate their easy doing, low maintenance body type while incorporating the depth of rib, hair and strong maternal qualities bred into them. This set of bulls are so uniquely similar across the trio of breeds and we think you will quickly identify the type and kind of easy doing, high performing bulls the Pashulka's strive to breed. You can rest assured when you choose to buy your next bull or bulls at Rusylvia, they will leave you a heavy set of steers to market and replacement females that will make your neighbours jealous. Again this year they will have a sampling of open commercial females in groups available.

We hope you can make it to the farm near Derwent for the 3rd annual bull sale! The Pashulka's work 365 days a year to ensure a quality product is presented to you March 1. Come for the quality cattle, stay for the big time fellowship and enjoy sorting through this deep set of bulls to source your next herdbull(s). If any of us at Bohrson Marketing can be of any assistance, please reach out and we will gladly visit with you about the offering.

Best regards,
The Bohrson Marketing Team

It is a pleasure working with the great people from Rusylvia Cattle Co on their nutrition program. You will be tough pressed to find a family more dedicated to the agricultural industry. Whether you are in the market for Angus, Simmental, or Maine bulls, you'll be sure to find something in their impressive and consistent bull pen. I hope you can make the sale to see this impressive group.

The cowherd utilizes a customized organic mineral program that is balanced throughout the year. The bull development program is built to maximize forage utilization and gut health. All forages are sampled and analyzed to ensure quality feed sources are used. Once the calves are weaned, they are slowly transitioned to a TMR. The TMR is forage based and is designed to

promote lean muscle growth, allowing the bulls to express their genetic potential. Rumen health is of utmost importance, which is why suitable protein sources and proper starch levels are fed to the bulls. Organic minerals are used both on the cow herd and sale bulls to ensure proper immune function and overall health.

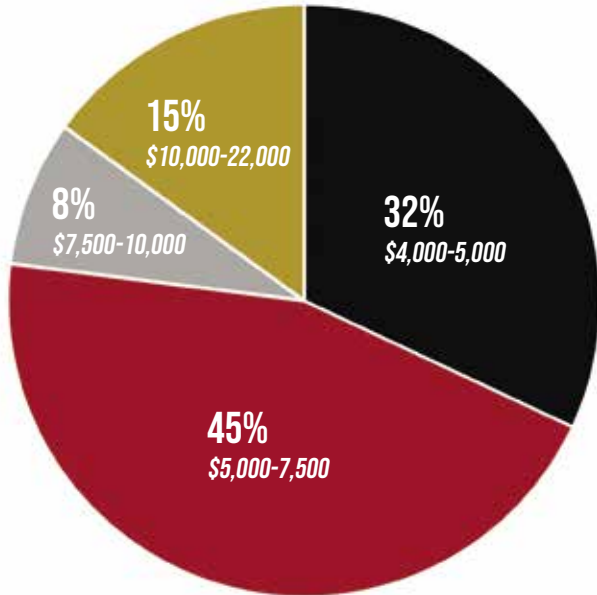

The overall nutritional health of both the bulls and cowherd is of major importance to Rusylvia and it shows in the quality and consistency of their cattle. If you have any questions about the nutrition program, feel free to reach out. Good luck on sale day.

Good luck on sale day!

2022 BULL SALE PRICES

Price Range

Rusylvia bulls are available in a wide range of prices to meet all of our customers needs.

TERMS & CONDITIONS

Terms

Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

Bidding

In person or online through DLMS.

Announcements

Any announcements made at the time of the sale will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

Insurance

We strongly recommend the buyer insures for full value on all purchases.

Weaning Weight Date

All weaning weights were recorded on September 10, 2022.

Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold.

Health

All sale animals have met all necessary health requirements. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

Certificate of Registry

A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each registerable animal after final payment has been made.

Information Supplied

The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.

DAM: **DAINES MISS BP 27E**

MADER BOILING POINT 45C
DAINES MISS 45X

Here is a bull with some volume and capacity. He is super stout and loose hided and will love the muscle shape and design to this bull. His dam was a past FNL high selling female and hasn't looked back since being a great mature cow with awesome feet and udder. One thing with these Superchargeds, they are consistent and we think good and their offspring will be the same.

This is a pair of bulls that we are super excited to offer to the public and think a lot of these two since the start. We had purchased pregnant recips out of the Wilson Stock Farm Dispersal and boy are we happy with the results. Their dam is the \$29,000 WSF Hoop N Holler donor and progeny has already been firing up the sale ring with having two sons selling for \$26,000 and \$10,500.

Here's a trio of feature bulls in this year's Angus division. These SAV America sons are big, stout, rugged, made bulls full of performance and style. If you're in the market for an Angus bull this spring, these will check all your boxes. Bulls with added power and mass, yet can get out and move on a great set of feet and legs. We purchased these embryos out of the New Year's Resolution Sale from KT Ranch, going 4/4 on the embryos with a full sib heifer, one of the highlights of the replacement pen.

Owned with Chatsworth Land and Cattle

Just like always, we have a few SAV Final Answer sons up for offer this year, and there is a reason why these cattle make it for the sale cut every year. With the overall quality and consistency of these Final Answer sons it hard not to love them. But one of the biggest things is the calving ease they all offer. This guy comes to you with a ton of volume and capacity and moves out great but is built for the heifer pen with his great skull shape and awesome front end. This will be one everyone has marked down.

52 / MR RUSYLVA 84K

#R522775 • FEBRUARY 03 2022 • KJP 84K • POLLED • 1/4 MAINE

ACT BW 80 ACT WW 815

SIRE: **CSCX BANDWAGON 513A SIMMENTAL**

DAM: **MISS RUSYLVA 80C** MAN AMONG BOYS
MISS RUSYLVA 80T

Here's a different twist to pedigree as 84K is sired by the 3/4 Simmental bull Bandwagon. This guy even comes with the money strip on his forehead. Another performance bull with a weaning weight of 815lbs.

53 / MR RUSYLVA 99K

#522785 • FEBRUARY 06 2022 • TDP 99K • POLLED • PUREBRED

ACT BW 82 ACT WW 750 CE 7 BW 2.1 WW 45.1 YW 59.2 MK 16.8 TM 39.2 MCE -1.5

SIRE: **MR RUSYLVA BENELLI 6B** GVC SUH 01W
MISS RUSYLVA 36U

DAM: **MISS RUSYLVA 7Z** BPSL BOOMER 1U
MISS RUSYLVA SASSY 42S

Off our only red cow 7Z, this cow has never missed to her Benelli mating so we keep breeding her the same way. First time in four years that we got a bull, so we are offering 99K. She has never missed in all her years of AI services, so she has very fertile genetics. This bull definitely has a herd sire look to him and will work well in either a purebred or commercial herd.

SIRE OF LOT 53

8 LOTS OF 3-5 OPEN COMMERCIAL HEIFERS

54 / 55 / 56 / 57 / 58 / 59 / 60 / 61

THESE HEIFERS ARE FROM THE TOP OF OUR COMMERCIAL HERD. WE WILL SORT THEM INTO GROUPS OF 3 OR 5 FOR UNIFORMITY. THE GROUPS WILL CONSIST OF ANGUS X, ANGUS/SIMMENTAL, AND ANGUS/MAINE.
