The Spring Storm contains all the makings to be a groundbreaking event not only for Springside Cattle, but for the Charolais breed as a whole. And who better to pioneer the stepping stone of hosting an exclusively frozen online sale than Mike Panasiuk; a breeder with more drive, energy, and ambition than most of us can fathom. Not only does holding a full time feed rep career, running a very large purebred cow herd, attending every major show from East to West, and hosting an annual sale take an almost superhuman amount of energy; the extraordinarily high standard of perfection that each division is held to is admirable.

The Springside Cattle collection of proven and up and coming donor females are iconic. The December 2021 dispersal of Springside Farms was not only historic in white cattle circles, it captured the attention of stockman across all breed divisions throughout North America, where we saw the record-breaking value placed upon an SOS prefixed cow. These females are going on to write their own stories for their astute new owners, and we are forging ahead in celebrating the next chapter of Springside Cattle Co. Celebrating 40 years in the Charolais breed, the Spring Storm is your opportunity to obtain the results of four decades of breeding excellence.

I highly encourage you to study the photos of the incredible matriarchs that are on offer within these pages, as well as the caliber of progeny that have already been produced. To obtain a full brother or sister to the Player's Club Champion SOS Apex, a maternal sibling to the \$85,000 SOS Hefner or the recently crowned 2023 Camrose Grand Champion Ranchers Choice bull is a no brainer. We could write a novel regarding the evaluations and banners that have been placed upon and collected by progeny from these great females of the industry. The caliber of female here deserves to be mated to only the best sires this breed has to offer. The Spring Storm gives you the opportunity for genetics out of the 2022 Canadian National Champion, SOS Timber, and the highly exclusive 2023 US National Champion, SVY Mayfield. It can not be stated enough how highly rare these opportunities will be going forward, so ensure you are ready to get in on the ground floor.

The Springside crew really is no stranger to hanging banners. At every show Mike attends, he finds himself in the limelight of the winners circle. Yes, this is accomplished by vast amounts of hard work. But it is also necessary to have females in your arsenal that are designed to produce champions. Looking outside of the show ring, the annual Springside Bull Sale is a highlight of the spring run year after year. To find a cowherd that can go on to produce both champions of the ring and the pasture is rare, so when the vault is opened such as this, we can not encourage you enough to take hold.

Please join us live online at DLMS for the innovative Spring Storm. We at T Bar C are extremely knowledgeable regarding the Springside program, so do not hesitate to contact us with any questions regarding this offering.

**CHRIS POLEY**

Excitement doesn't begin to explain our feelings as we welcome you to the Spring Storm! This type of sale is a first of its kind for Springside Cattle Co. and the Charolais breed in Canada. No producer has hosted an online sale featuring all embryos and semen. After 40 years in the business what better way to celebrate! Over the years we have invested heavily into quality females and sires, many of which you'll find in the pages of this catalogue. We have spared no expense in building the ultimate genetics we are presenting here today for this limited window of opportunity.

With advancements in vet medicine over the last 30 years, embryo transplants have become common practice in purebred breeding operations, and after looking through this catalogue I think you'll see why! The ultimate goal in breeding cattle is to select for qualities and traits in your cow herd that are going to elevate your program. When you find a good cross, you need to capitalize on that. By incorporating embryo transplant into your breeding strategy, it makes it possible to fast-track your program and to imbue genetics from cows who have proven their worth. What you'll find here are a group of dams and sires who have toured the country hanging banners and pumping out sale-toppers time after time, year after year. This is your opportunity to take the guess work out of your breeding by purchasing top tier genetics, so don't hesitate.

In my experience as a feed sales rep over the years, I have gained valuable insight into the effects of feed and nutrition on herd health and fertility. By feeding proper mineral and nutrient programs, you'll find that you obtain higher flush rates of better quality embryos with better conception rates. This is the philosophy that we take when feeding our cows so you can be sure that all the embryos you purchase here are of the utmost quality. We can't wait to share what 40 years of breeding has amounted to and to share our genetics with you. We look forward to seeing how these genetics can go to work in your programs.

MIKE PANASIUK | 250-832-8209

## HOW TO PARTICIPATE IN THIS DLMS ONLINE ONLY LIVE SALE

1. Visit [www.dlms.ca](http://www.dlms.ca), click the REGISTRATION link and fill out the registration form. From this page you will sign-up for a free user account and it allows you to select a username and password for use on [www.dlms.ca](http://www.dlms.ca) Already have an account, simply sign in with your username and password.
  2. To be Approved for bidding on the sale - Log in to [www.dlms.ca](http://www.dlms.ca) with your username and password and click BUYER APPROVAL link located on the left hand side of the page, then click the SIGN UP button beside the sale you are interested in bidding on. We recommend that you request to bid for the sale at least 24 hours prior to the sale, we will do our best to approve you after this point but the earlier the better to confirm approval of bidding.
  3. Approx. 24 Hours ahead of the sale we will post and update sheet with sale order and any up to date catalogue information & changes to the sale offering. Go to the sale page and view the up-to-date sale lot info, pictures and videos on each lot selling.
  4. On Sale Day go to [www.dlms.ca](http://www.dlms.ca) and with your username and password log in to the DLMS website. After the sale broadcast has started click the VIEW SALE button on the home page for the sale you are interested in bidding on. (DLMS starts purebred sale broadcasts approximately 30 min prior to sale time and the VIEW SALE button will appear at this point when the sale broadcast is started.)
  5. During the sale when the lot comes up you are interested in bidding on simply click the Bid button. When your bid has been accepted your bid button will turn RED. If the price increases and you are out bid your bid button will turn back to BLUE to stay as the high bidder you must bid again. PLEASE remember that your bid button must be RED to be the high bidder and win the lot.
- If you require assistance with getting approved for the sale, Interested in Proxy Max Bidding or bidding via phone talk to any of the DLMS Purebred team, Sale manager or Sale consignors and we can help you in purchasing the lot you are interested in.

## TERMS AND CONDITIONS

**TERMS:** The terms of the sale are cash or cheque, payable at par at sale time. The right of property shall not pass until after settlement has been made; unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**PEDIGREE ESTIMATES:** Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

**LIABILITIES:** It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**DELIVERY:** We will assist in arranging transportation wherever possible. Each purchase becomes the risk of the purchaser as soon as sold.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to participate in the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Announcements at sale time, written or oral, supersede any written material in the catalogue.

**Return Undeliverable
