

SIXTH ANNUAL BULL SALE

MARCH 16, 2023 AT 1 PM
AT THE FARM, HARTNEY, MB

Welcome

It is with great pleasure that we welcome you to the Strongbow Farms 6th Annual Bull Sale. We are honored to be able to offer the industry the largest selection of Black Angus yearling bulls in the whole of Manitoba.

We would like to thank our past customers for their support in our brand and the confidence that you have placed in our breeding program.

This year presents the most diverse offering to date – a fantastic offering of calving ease bulls along with a tremendous offering of power bulls. The sire groups on offer include Rainfall, Growth-fund, Renown, Bloodline, Renovation and Taft to name a few.

The offering of bulls with heifer pen potential is second to none this year – sired by breed leading genetics, sporting low birth weights, and heavy gaining traits.

If you have any questions or would like to discuss the bulls please feel free to give us a call or text anytime, no one knows these bulls better than we do.

Free delivery will begin right after sale day. If you are unable to take your bull when we are going by the bulls can be pick anytime before the end of May.

We encourage you to come and personally examine the bulls here at the ranch prior to bidding. They are always available for viewing. A live sale will be taking place at the ranch this year and will also be broadcasted live through DLMS for internet bidding for those not able to attend the sale in person. We look forward to seeing everyone.

From the desk **AT T BAR C**

It is with great excitement that we at T Bar C welcome you to the Strongbow Farms Sixth Annual Bull Sale, hosted at the Bertholet family's beautifully designed ranch in Hartney, Manitoba. The SBF cowherd is expansive, through Devon and Heather's fierce focus on always progressing further and sourcing the greatest genetics offered on the market, they have built a set of females responsible for producing the quality of bulls you will see in these pages that have solidified their status as a force within the Angus industry. Strongbow Farms boasts the not only the largest offering of Black Angus bulls in Manitoba, but also cattle of the utmost quality, consistency, and predictability.

The Growth Funds lead off the sire groups in the 2023 catalogue, with an exceptional herd sire prospect as Lot 1. Growth Fund 2060 is massive no matter what angle you choose to analyze him from, which translates to a big weaning and yearling when you critique his figures. We think there is a huge amount of future here. As a whole, the Growth Fund cattle are born easy and take off, all while stamping a great structural design and foot into his progeny. Following along is the largest sire group, the Bloodline's. Bloodline is heralded in the industry as being the best son thus far of Rainfall, which should go to show the value he holds. Again, these type of cattle are made to come easy and do nothing but grow, all while maintaining an excellent body score at all times. Of course, to follow suit would be the Rainfall sire group, and he sure has been good to the Strongbow operation. Leading off is a phenomenal son of S A V Emblynette 5360, this proud made bull will be easy to find touring the pens in Hartney. The Rainfall group as a whole are a moderate framed brand of cattle, but once they are put on a scale you realize just how much that stoutness and thickness translates. The Renovation progeny follow suit, featuring cattle with a tremendous amount of hair and lower base, all put together in an extremely attractive package. Some of the smaller groups on offer include Saturate, Taft, Franklin, General, and Renown. These are all extremely uniform groups which are made to cover many bases. Whether you are looking for calving ease or performance, it can be found here. The one thing that is constant throughout the 100 bulls offered is the sheer beauty and high level of production from the dams behind these future herd sires.

As the front of this catalogue states, every aspect of Strongbow Farms is truly done to the highest level. From the beautiful sale facility and yard design, the tremendous support of fellow breeders when sourcing cattle, to the strict focus on their breeding program and development of their product. But perhaps most of all, it is their commitment to providing top notch customer service that sets the Bertholet family apart. We at T Bar C are truly proud to endorse this young family that is dedicating their lives to the agriculture sector in a trailblazing fashion.

Please be in touch with any of us at T Bar C if you have any questions regarding this powerful offering. We truly believe the best bull to suit a variety of needs can be found here at Hartney.

See you sale day,

FIVE REASONS TO INVEST IN A STRONGBOW BULL

5. **THE TOP CUT.** This bull pen has been sorted down from our 850 head cow herd. Only the very top cut (25%) of the calf crop sells.
4. **ALL WE DO.** Our entire family relies on the beef industry. In 2023 we plan to calve 2000 head between purebreds and commercials. We know they type of cattle that last.
3. **CLOSELY RELATED.** We have been very strategic when purchasing our cattle and especially our herd sires. Many 3/4 and 7/8 brothers are on offer this year to keep as much consistency as possible.
2. **ONE PHONE CALL AWAY.** Being Manitoba's largest supplier of Black Angus bulls, we want to make sure you are handled in the best possible way. We feel we have a bull for every situation, whether it's cow or heifer bulls. Please do not hesitate to call us or any of our staff to insure your success.
1. **CUSTOMER SUCCESS.** We stand behind our cattle. We live to create and breed the best possible product available. In saying that, we understand problems can occur and we sure want to address them with 100% honour.
