

TANDEM  FARMS

2023

**Private Treaty
Purebred Simmental
Bull Sale**

Smoky Lake, Alberta

Welcome!

TANDEM T FARMS

It is with great excitement and anticipation that we welcome you to our first private treaty offering. We have available, a mix of performance herd bulls and calving ease heifer bulls. We would like you to know, that the bulls are available for viewing anytime on the farm and we would love to show you through the pen. Everyone is always welcome in summertime for pasture tours as well.

We strive for quality and with selectivity in mind, we are determined to always bring our best to the Simmental breed. You can have the confidence to know that we stand behind our bulls 100%. With only having a small group of bulls this year, they are all very quiet, with great temperaments and should be easy to work with. The dams do all the work, as we provide no creep feed. Bull development for longevity is a priority.

We utilize natural heats to AI as many cows as we can, to calve in a tight window starting January 1st. All bulls were weaned on September 13th, utilizing the fence line weaning strategy. They are fed free choice hay and pail fed Bullseye bull developer pellets, for all their nutritional needs.

We thank you for your interest and if you have any questions, feel free to call!

Sire CROSSROAD CONNECTED 12G

Homo Polled Homo Black

Gestation: 290 days

Long, big topped Connected son, with definite eye appeal, backed by maternal consistency. A big-time herd sire prospect, that will be sure to add pounds to his calf crop. He is sure to produce females that you will want to keep in the replacement pen, as his dam goes back to the SKORS Black Enticer 4W bull.

**Hetero Polled
Homo Black**

Gestation: 281 days

4K is a pen favorite, with his natural docility, just like his dam. He is very smooth made, with the added Crossroad Connected performance. He comes to you, HOMO BLACK and with a well-balanced set of numbers.

**Homo Polled
Hetero Black**

Gestation: 298 days

This Connected son is one to look at! His attractive markings, great temperament and stacked pedigree makes for a super package. His dam has produced a lot of great purebred cattle over the years, as she is an "X". 17K's half sister just sold at the Spring Creek Simmentals Dispersal, Blacksand Neva 89B, along with a lot of great progeny. There is no doubt, 17K will make a great herd sire.

3

Sire HART STATE OF WAR 056C

**Homo Polled
Non-Dilutor**

Gestation: 282 days

Attention grabber right from birth! 9K continued to impress all summer, as we watched him excel into an amazing looking bull. His dam was purchased from Cody and Melissa Coupland at the Transcon Red and Black sale and raised one heck of a calf. She held her condition beautifully, we wouldn't mind a few more cows like her around. This Walk this Way son is sure to add pounds to the calf crop come fall time, guaranteed!

**Homo Polled
Hetero Black**

Gestation: 285 days

Another State of War son, with great calving ease and lower birth weight. He ranks top 2% for calving ease in the breed and would give peace of mind when breeding to heifers.

5

**Homo Polled
Hetero Black**

Gestation: 281 days

An impressive State of War son, who keeps looking better everyday. With his moderate birth weight, he is one to use if you're looking for a bit more calving ease. He has turned into one of our favorites.

**Polled
Hetero Black**

Gestation: 285 days

Here is a sleep easy bull! Black Rebel is a great heifer bull option, with his light birth weight. The attractive blaze sweetens the package, if you are looking to add some chrome to your calves.

7

The Family Farm

Come for a visit!

From the town of Smoky Lake, take Highway #855 and head South. Turn East on Township Road 590. Travel approx. 1.5 miles, turn North on Range Road 172A and travel approx. ¼ mile – farm is on the East side of the range road.

Terms and Conditions

Sale Terms: All lots will be sold on a first come, first serve basis, until all lots are sold. Animals are sold in Canadian dollars. The right to the bulls will not be transferred until settlement is made. No money transfers will be made or expected until purchased lot has passed a breeding evaluation by a veterinarian.

Breeder Guarantee: All bulls are registered, unless indicated in the catalog, and papers will be transferred to new owner. All bulls are guaranteed satisfactory breeders in accordance with the Canadian Simmental Association guidelines. Notification of a problem must be made immediately. In no event will the seller be responsible for reimbursing more than the purchase price. Note that EPD's are current at the time of printing.

Liabilities: Following Semen Evaluation and once a bull is purchased, Tandem T Farms will not be liable for injury, incidents and accidents to animal purchased. We highly recommend if leaving your bull on farm, that insurance is placed on your purchased lot.

Delivery: Bulls can be delivered up to 300km at no charge, at a convenient time for both the seller and buyer. Points beyond 300km will be at cost. Bulls can remain on farm until April 1st, unless otherwise negotiated.

Return Undeliverable
