

It's with great pleasure we welcome you to our family's 19th Annual Bull Sale. Another year has quickly blown by and we sure wonder where time goes. We would first like to take the time and thank our customers, friends and family who have supported us over the years. Without your generosity and support to believe in our program, we wouldn't be able to do what we truly enjoy. We sure appreciate the friendships over the years and people we have met along the way. We take great pride in getting to know our customers and understand their operations.

This past year we were definitely grateful for much needed moisture. This sure helped the feed yard get filled back up and water holes filled. There's no question this past year still presented some challenges but its sure inspiring to see the strength and faith our industry displays. We have really started to see the feeder calf market gain momentum and as we enter 2023 I think we can expect record prices. I truly think we are on the turning point in this cow calf business. It's time we all capitalize on a very strong market and get paid for our hard work for supplying the safest and highest quality food protein available world wide.

We are a family run operation that takes great pride in what we do around here each and everyday as the next generation becomes more involved. It's with your support our program has reached milestones that we never thought were possible. There isn't a day that goes by around here that we aren't talking about cows and how we can produce the best product for our customers. OUR PROGRAM DOES NOT FOLLOW FADS OR FLAVOUR OF THE MONTH IT FOLLOWS THE FUNDAMENTALS OF REAL WORLD CHARACTERISTICS. At the end of the day we like performance oriented, attractive, stout, structurally correct cattle that work and last for the commercial cattleman.

Over the years we have tried to build the best possible cowherd we can. Starting from the ground up good footed, functional udders easy fleshing females that offer capacity and dimension. We highly recommend touring the cows if your able too, we're pretty proud of them! When you flip through the catalogue I hope you can appreciate the generations of "LER" prefix that we have bred into these cattle. We strongly believe in our program and the direction we are headed. When you buy a bull from us your not just buying the bull but your buying apart of a cow family that's been built with discipline over the years. Our goal is to supply you with the most profitable, consistent and convenient product we can.

The bulls for 2023 have been highly anticipated. It's always exciting checking them in the summer and watching the progression of different bulls and sire groups. We offer some exciting new sire groups such as the dark red powerhouse Next Century, the calving ease specialist Monument, True North, Man O' War, Dimension, Ambition, Expresso, Kill Switch and Dreamboat. We definitely have lots of types to pick from to best suite your cowherd. Our Angus division will be highlighted by the powerful Three Rivers and Reserve National Champion Angus bull Chestnut Turning Heads 29.

Whether you are looking for a purebred Simmental, Angus, 3/4 blood, 1/2 blood, cow bulls or heifer bulls in all different styles, I think we have something everyone can appreciate in different price ranges. These bulls have been developed in large paddocks where exercise consumes a large portion of their day. We feel lots of movement is good for them and keeps them healthy and fit so they are ready to work for you. We mix our own grain ration for the bulls and we are more then happy to show you exactly what they are eating. We sure don't believe in self feeding!! We are happy with the feedback our customers have given us on how the bulls have worked and held together. We just try to do the best possible job we can. It's a big investment buying a bull and we want the bulls to last and work for you. I know when you read the sale report the average may seem kind of high, but we will sell 75% of these bulls from \$4500-\$9,000 making them affordable for everyone. Yes, doing our job as progressive seed stock producers we have sold some higher priced bulls, but that sure doesn't mean they all are expensive and often times you can buy half and 3/4 brothers to those bulls that land in everyone's budget.

As we conclude the welcome its been gratifying to watch the successes of Wheatland genetics in breeding programs across the country, Al studs and cow shows BUT MOST IMPORTANTLY THEY HAVE WORKED AND EXCELLED FOR THE COMMERCIAL COWMAN WHO PROVIDES THE BEST TESTING GROUND FOR ANY OPERATION.

Please take this as your personal invitation to join us March 23, at the ranch. We take being your genetic supplier very serious. If you can't make it to the sale, please feel free to come prior and look at the bulls. We always enjoy talking about cows and understanding your operations wants and needs. Whether you want to come for coffee, catch up on a visit or buy bulls plan to be with us March 23. Call or text us with any questions at your convenience. Let March 23 contribute to your hard work and success.

From everyone at Wheatland, Vernon & Denise, Riley & Maddy, Cody-Ray & Shayne

Schedule OF EVENTS
March

ALL DAY BULLS AVAILABLE FOR VIEWING AT THE RANCH, BIENFAIT, SK

9 AM BULLS AVAILABLE FOR VIEWING 12 PM LUNCH 2 PM SALE

Sale will be held at the farm near Bienfait, SK **Coming from Estevan:**

Take Highway 39 South East of Esteven for 13 miles. Come to the bottom of the valley, just before the train tracks take a left on Township Road 15. Go 3.5 miles East. We are on the left hand side of the road.

Welcome FROM T BAR C CATTLE CO. LTD.

Welcome to the 2023 edition of the Wheatland bull sale. This will mark their 19th annual sale and, as the third Thursday, it is one that the most astute cattleman has become accustomed to anxiously wait for some of the most sought-after Simmental, Angus and Sim/Angus bulls each year. This year's offering will not disappoint the true cattleman.

The red bull pen is as deep in quality as ever produced in Bienfait. It will be lead off by the first calf crop of Wheatland Next Century, the \$242,000 dollar high selling bull from 2021. His first sons on offer will carry his torch proudly as they are a stout, hairy, dark red set with phenotype to burn. This will be the largest group of red bulls Wheatland has ever assembled to offer. You will find a cross selection of power cow and calving ease bulls in the group.

The black pen has a phenomenal set of deep, soggy, hairy bulls packed with muscle and phenotype. They are backed up by a cow herd that was built from the ground up focusing on udders, feet, fertility and phenotype. This group has all the boxes checked and will not disappoint the most astute cattleman.

The Angus division is the largest and deepest set to date. With more embryo work being focused on, it has allowed the Angus division to excel in both numbers and quality. This group of bulls stems from elite cow families within the breed and have been mated to some of the most sought-after genetics, both new and proven in the breed. They are a mix of power bulls that take no back seat in the offering, as well, some bulls are focused on low birth calving and maternal traits.

There is a small group of extra age bulls that have been produced solely of a fall embryo program. These have been produced from some of the highest quality females Wheatland has assembled. They are a great fit for cattlemen that demand a combo of the best genetics with a little extra age to cover more ground the first year. Study this group as it will not disappoint.

The Wheatland program has always been a no nonsense operation with the very best customer service one would expect. Study the offering and be rest assured that this group has been gone through with only the top cut, sound, best structured bulls remaining. Repeat customers year after year will attest to the quality of seed stock this program has offered over the past years.

Study the offering, visit with the Lafrentz family prior to the sale at the farm in person. We at T Bar C know the program as well as the bulls on offer. We would be happy to assist you with any questions or absentee bidding requirements you may have in a professional manner you deserve and expect.

For the Lafrentz Family, Shane Michelson

Wheatland HERD HEALTH & VACCINE PROTOCOL

Our team at Peak Veterinary Health is proud to be working with Wheatland Cattle Co. over the past few years. During that time, we have seen their genetics be used extensively throughout many other high quality seedstock operations and commercial cow-calf operations. Their reputation for superior genetics, coupled with high quality customer service speaks for itself.

We visit the Wheatland Cattle Co ranch several times throughout the year to ensure the health status of all animals in the operation. We have worked closely to design a customized vaccine and deworming strategy for each class of cattle based on the conditions, ensuring the cattle perform as expected when reaching your ranch. All breeding females are on a Zoetis health program ensuring optimal protection from BVD Pl calves and ensuring high rates of passive transfer of immunity to calves. From birth to weaning all bulls are provided with a vaccine strategy that ensures these cattle are ready to face any disease challenge that comes their way.

Proper nutrition, high health status, and a lifetime of genetic selection has lead to highly fertile cattle. It is a pleasure working with donor cattle, and bulls that just plain produce. We routinely test Wheatland herd bulls at ranches in the surrounding area that are well into breeding careers. Fertile animals with sound structure results in tremendous longevity and functionality.

Peak Veterinary Health is a large animal veterinary clinic based out of Moose Jaw, SK. Our Practice offers a comprehensive list of advanced reproductive services including In Vitro Fertilization, Conventional Donor flushing, Embryo transfer, and Owners Use semen collection. We are a CFIA approved laboratory for embryo export and provide a recipient herd for our clients. Our mobile lab is fully certified to perform all services on farm.

Dr. Tyson Buyer, DVM, B. Sc

Reference SIRES AT WHEATLAND

The record breaking \$317,500 phenom that's seen heavy use at many progressive operations. His sons are very stout, wide based and big ribbed with awesome hair and good feet. Daughters look just like we expected, big bodied, easy fleshing and have beautiful udders. Be sure to grab a hold of a MOW son to see the impact they will make in your operation. Probably the hottest black baldie bull in the breed that has over 135 calves registered in his first calf crops.

The 2021 Agribition National Champion Simmental bull and top 10 finalist in the CN Beef Supreme. Appreciated by many for his eye appeal, balance and structural correctness. Outcross genetics with a nice blend of calving ease. When we purchased him as the high seller from Cardinal Cattle Company we also got to see his mother and grandmother. We have just calved the first True North daughters and they all have had great udders.

Outstanding phenotype and out of one of the top donor cows at Conely Cattle Company in Oklaholma. Sound structured, rugged built with a big square foot, a bull that blends tremendous calving ease and performance and is the top 4% for both WW and YW. Our first Dimension daughters are red, powerful cattle with extra length and performance. His cow family is now in production and have all dropped impeccable udders. If you are outstanding with great udders and feet plus their production record speaks looking for cattle with added body, hair and some new outcross genetics, zone in on these Dimension sons.

Next Century was our high selling bull in our 2021 sale selling to First Class Marketing. He definitely ranks as one of the greatest bulls ever produced in our program and we are blown away with our first calf crop. The red bulls for 2023 are the best set we have ever had and he's a big reason why. Dark for itself. Grab a hold and get yourself a Next Century son, they will impress.

We seen Dreamboat at eight years and were extremely impressed with the foot structure and substance this bull had. He's dark red, smooth made and very attractive. The day we bought him we also saw daughters milking and loved the udder structure. Dreamboat bred some of our younger red cows that spring and we sure like the results. Come easy and vigorous at birth and dark red. From there they took off and grew into powerful, very good footed bulls that are complete on paper and visual appraisal. Find this sire group sale day you will like them.

10% for CE,BW,WW,YW. A great combination of phenotype and progressive 16H sons they will be destined for the heifer pen. EPD profile.

Monument was our high selling black bull in our 2021 bull sale selling to Expresso sold to our good friend Treavor Walls in 2021 and is a definite our great friends at JP Cattle Company. He is a son of the popular WS Epic heifer bull. These sons on offer will calve to heifers without any problems. and combines breed leading calving ease and performance. His mother The calves come little at birth with great vigor, 16H is a son of the poplar 7002 is a donor cow for us that is our ideal type of female that also has Red Express who makes beautiful daughters with exceptional udders. If sale features in this years sale sired by Next Century. He ranks in the top your searching for docile, calving ease bulls pay close attention to these

From the moment we seen him standing in Dawson, North Dakota we knew he had to come home with us. Ambition combines incredible feet and legs, extra body depth and muscle shape while being attractive and easy to look at. A big nutted bull with extra length of body and performance. His mother only solidified our decision to own him, a beautiful looking big centered cow with exceptional feet and udder quality. These Ambition sons represent genetics with an impressive EPD profile while maintaining the fundamentals of everyday production cattle.

May A WHEATLAND BULL?

CUSTOMER SERVICE: We take great pride in getting to know our customers and touring their operations to see what works for them. If there is ever a problem you call us and we take care of the problem. We don't just call a week before the sale trying to sell you another bull we keep in contact throughout the year and have an invested interest in making sure the bulls are working for you.

VOLUME DISCOUNTS: We appreciate and recognize when some of our customers buy in volume. Your support certainly doesn't go unnoticed. 2 bulls 3% discount – 3 bulls 4% discount- 4 bulls 5% discount.

SIGHT UNSEEN PURCHASE PROGRAM: We understand everyone has a busy schedule and can't always make it. Call Riley or Vernon to talk about the bulls and its 100% buyers satisfaction upon arrival.

REPEAT CUSTOMER INCENTIVE: We sell over 70% of our bulls to repeat customers. We appreciate the continued support throughout the years and thats why we offer a repeat incentive. 2% discount on your 2021 sale purchase if you purchase in 2022.

COW FAMILIES: We are one of the few purebred herds in the land that hasn't sold any top quality females. We have kept these females to ensure our bulls are packed with maternal greatness. We are proud of our cowherd and have paid attention to detail. Udders, feet, fleshing ability and disposition along with fertility are the basics our cowherd was selected around. We believe in using a lot of our breeding to ensure uniformity and it also allows us to offer a lot of 1/2 and 3/4 brothers for our customers.

BULL WINTERING PROGRAM: You can leave your bull at the ranch after the sale free of charge, however he must be fully insured.

QUALITY: Our motto has always been quality over quantity. We take pride in producing the best cattle we can. That's not to say every bull looks alike and that's ok because we have different customers that select for different traits so we have to have something for everyone! However feet, scrotal size and disposition are something we always select for. These bulls are backed by real world cows that work.

FREE DELIVERY: We try to accommodate everyone and get as close as we can. Sometimes you might have to meet us depending on this distance but we try getting them very close to your location or right into your yard!

PAYMENT PLAN: You call us and let us know what works for you and we arrange a plan that works for everyone. This program has become very popular for good reason. Call for details.

IT'S OUR LIVING: This is how we make a living, we take it very serious and do the best job we possibly can. When you deal with Wheatland you deal with the family that calved them, bred them and done everything from start to finish.

Customer TESTIMONIAL ROWSER ANGUS & SIMMENTAL

Rowser Angus and Simmental from Northern Utah runs a herd of percentage Simmental in high elevation and desert conditions.

We have purchased two bulls from Riley and crew now both sight unseen. Riley listened to our needs and gave us several options on bulls that would work in our environment. Both bulls made it to Utah in a timely manner and in good rig, ready for turn out. We truly appreciate our friendship with the Lafrentz family and look forward to our continued use of their genetics. Great bulls from a great family that is in it for the long haul.

Cheers. Kasey Rowser & family

 Calving ease prospect here that's really smooth and correct in his makeup

· Moderate birth weight I think this bull could work in the heifer pen

 His sire Monument was a previous high seller that we have bred a lot of heifers to with great results

 His mother 864 is the type of cow you always want to point out to visitors, she's very powerful and has ideal udder quality

 Big nutted bull that still comes with dimension and muscle for a low birth weight calving ease option

Customertestimonial Greenwood FARMS

In 2022, we were looking for a power cow bull with maternal qualities and a blaze face. Over the past several years we have developed a great relationship with Riley. Riley's knowledge of his bull's bloodlines is unreal. He is quick to answer questions and make his suggestions. Riley's customer service is not only on or before sale day, its the follow up afterwards that separates Wheatland Cattle Company from the others. In last years catalogue, he was lot 33 but to me he is Walter from Wheatland.

WF FOREVER LADY Z165 ANGUS/ANGUS

- Personal favourite here, this bull is very good don't overlook him because of his age
- · Love this bulls character and striking profile as he crosses the pen with flexibility
- Long bodied, level made and square topped
- 2251 is a deep sided and smooth made
- His mother 2041 has been a great producing cow that has had many bulls in past sales
- · 2041 is a Protocol daughter that ties back to the legendary 902J & Teddy 131L
- · If you like attractive, well built cattle with dimension find this fella on sale day he's a good one

- · Might be the youngest bull in the offering but he's darn sure a good one with tons of rib and muscle shape
- · Again sired by Dreamboat you are really going to like this sire group and the feet under these bulls
 - Little bit of chrome on this bulls face will sure grab your attention
 - His mother 939 is also a red blaze face cow that is moderate in her frame and practical in her build
 - Keep every female out of this bull because they will have great udders
 - Don't overlook this bull because of his age, he's definitely worth discussion

MAY EVERY SUNRISE BRING YOU hope MAY EVERY SUNSET BRING YOU peace

Shall Born BULLS

This is our second year featuring fall born, 18 month old bulls. With the extensive embryo transfer work we have done over the years, we have accumulated a large number of embryos. We figured we would try something new and incorporate some extra age bulls into our sale to offer a better variety to our customers. These bulls come from some of our best cow families being embryo transplant calves, these are not a result of cows calving the wrong time of the year. These bulls were weaned in April, put onto a forage ration and turned to grass in June. We brought them in and started them on feed in October. We sure like how they have developed, they are mature and rugged built to withstand any environment. As we move into the future we will offer more of these extra age bulls as our fall program continues to grow.

- Powerful son of SAV President here that brings extra power to the table
- · Really long bodied bull with tons of rib and depth of flank
- His mother 5216 was purchased from Prairie View Angus in

Illinois she herself has left us beautiful daughters

- 5216 also has two SAV Net Worth bulls in this years sale
- 1510 will inject more frame and length into your calf crop

sired by the popular Turning Point. Great spread on paper from BW to YW and phenotypically attractive, smooth made and well balanced. Reserve National Champion Angus Bull at Agribition 2021.

High selling bull out of Chestnuts 2020 bull sale for \$40,000 A heavy muscled, long bodied bull that's extremely long fronted and eye catching from any angle. He also offers outstanding performance being in the top 1% of the breed for WW and YW. It's rare to find an Angus bull that sires cattle this attractive with true muscle and body length. His first daughters are now in production and are beautiful females with impeccable udders.

The talk of the Angus breed for more punch! We were searching to find a bigger, powerful Angus bull to use and landed on Three Rivers. His bulls are extra frame, length and great muscle shape. I think the feet and leg structure on these bulls are excellent. His mother is the famous EA Emblynette 6279 at the prestigious Ellingson Angus program. We are very excited when we landed on some Net Worth semen. He's Tried, bulls Tested and True. The cattle offer performance, muscle shape and fleshing ability. Travel the country and everybody talks about the lasting impact of Net Worth. We really like the sons we have on offer, buy with confidence.

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING: Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes – Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Simmental Association and the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that

T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE: Will be available sale day. We strongly recommend that insurance is purchased for full value. **ERRORS:** All announcements at sale time, written or oral, supercede any written material in the catalogue. **IN-HERD SEMEN:** Wheatland Cattle Co. reserve the right to collect on any bull sold through the sale. The semen collection will be at Wheatland's expense and buyer's convenience. Any semen collected will be for in herd use only.
