Site Unseen Purchase Program

We understand in today's high tech world of social media, Twitter, Facebook and so on, it seems to become harder and harder to physically accomplish all that needs to be done in a day or a week. As we know that many of you have other jobs besides the cow business, not to mention young families involved in hockey, curling, dance, gymnastics and the list goes on, sale day isn't always an option. The four outfits from Wilson/Lees have been raising Purebred Polled Herefords for three, four and five generations. We know what works! Tell us what you need; growth, hair performance, calving ease or whatever and we will do our utmost to fix your outfit with the bull you need. Feel free to call any of the owners; the guys who bred them, fed them and stand behind them. If you feel more comfortable placing your bid with any of our sales staff, we have confidence in their integrity and overall appraisal.

FROM THE DESK AT T BAR C

Welcome to the 19th Annual Wilson-Lees Annual Spring Bull Sale. Friday March 31, 2023, at the Right Cross Ranch Sale Facility, Kisbey, Saskatchewan. Founded in the year of BSE, this event has grown to be the largest Polled Hereford Sale in the nation ... the main source for the leading bulls in the breed.

This is an outstanding group of bulls to select from. The muscle mass, hair with undercoat, deep bodied, plenty of testicle, great dispositions... bred and designed to be muscular yet maternal. Several of the bulls in this lineup are members of their fall show teams... bulls that have proven to be competitive and will be leaders in their new homes. The power and uniformity has not happened by chance... these multi-generational breeders have been producing a better value-added product for decades... constantly improving the mothers ... the factories that produce these powerful individuals. A high degree of soundness of limb, ideal teat size, milk and udders, hair with pigment. As other breeds promote blaze and baldies for identity, white face identity is here for you to take advantage of whether you are a seedstock producer or a cow/calf operation that needs the characteristics that this offering can provide.

Those who follow the purebred side of the livestock industry know that within this group of breeders, "Miss World" was achieved again for the 3rd time by these breeders and for the 11th straight year, the premier breeder at Canadian Western Agribition was captured by the Haroldsons... such achievements are difficult to duplicate.

Over the past decades, these four breeding establishments have dominated competition be it on the senior circuit or at Junior shows.

"The cattle are only as good as the people that breed them!" These are some of the best... loyal and dedicated to the breed, they have dedicated time and expense to make the breed and the livestock industry better for juniors of all ages. They breed the right kind and back it by their own personal guarantee. Feel free to visit any of these breeding operations any time prior to the sale, preview the bulls and get them to show you the mothers. The bulls will be at the sale facility Thursday prior to the sale. Do not hesitate to give them a call to discuss the bulls and those that will suit your needs.

This sale is a feature in the Hereford breed and is the source of quality sires with predictability... plan to be with us for your next herd bull!

If we may be of assistance prior to, or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

I really like this bull a lot. He is very long sided with a tremendous top and hip. He's really wide based with some extra stifle and shape down low. He's a maternal brother to Pavati and a full brother is working for Rimke Cattle Co. Take note of his birthday, there's a lot of performance here.

We introduce to you High Country. This is a bull that we are extremely high on. When you start from the ground up, this bull stands on an exceptional foot, is very sound structured and certainly accents this when you see him in motion. This bull has presence, I love his head and the herd bull character he displays through his skull and front end. He's a bull full of muscle, lots of shape and expression to his top, when you get behind him, he is big hipped, carries that shape down low with that extra stifle. His 3/4 sister is one of our favourite young females and is in preparation for the donor pen this spring. His mother and grandmother are great uddered females that are very sound structured and have that extra longevity in mind. High Country will play a huge role in our operation in the future. Contact myself or one of the T-Bar staff if you'd like more info on High Country.

It's with a hint of sadness we offer Enforcer 107H for sale. This guy has been very exciting for us, watching him grow and develop. Enforcer hung banners at our stall the past 2 Agribitions, most recently as Senior Champion Horned Bull 3 months ago. Enforcer was used heavily here in 2022, and we have some very good calves by him. He walked with 35 cows last summer, got pulled late and still was able to get into show shape without a lot of inputs. His momma adds to his appeal, she's absolutely perfect uddered still at 7 years of age. Brothers to 107H work for Wyatt Ramsey and Charles Davis.

Gamble 82K - Lot 56

The only Game On son to sell and is one of our best! His sire Game On was the 2021 Agribition Champion Bull and top 10 finalist in the Supreme. He is coon eyed for pigment, has ample amount of body and tremendous muscle pattern. Mother and grandmother are both still in production and possess perfect udder design.

We really admire the muscle pattern and body that this outstanding bull has. Very sound in his structure and will develop into a great breeding bull. His mother is an easy doing bus of a cow. Backed by an excellent cow family.
