## Weights and Semen Tests

All bulls will have a sale day weight available on the day of the sale. They will all be semen tested and those tests will also be available.

## Board & Delivery

- We prefer the bulls to be insured and will not assume any risk or responsibility if your bull is returning to our care. Bulls may return to Footprint Farms and will remain on ration.
- We will deliver bulls at our convenience to central locations in Alberta and Saskatchewan. In most cases, to your yard.
- We will work with our buyers arranging transportation outside of Alberta and Saskatchewan.

**21 YEARS** of selling  
*Charolais Bulls*  
Bred to work for commercial  
cattlemen in tough environments

Welcome to the annual Footprint Farms bull sale. This year marks our 21st year of Footprint Farms selling Charolais bulls. We are proud of the fact we have been selling bulls for many years, and we are excited for the future of selling bulls for many more years to come. The past couple years have been extremely dry, and very trying in this hard grass country we live in. Rest assured as the saying goes the strong will survive, and I believe that the people who remain in the cattle industry today are the strong, and we will survive. It's never more obvious today of the benefits of using a Charolais bull. The calves your bull sires will continuously bring more money at sale time than any other breed, no matter if you're a cow-calf producer, backgrounder, or finisher. It's a proven fact. Our herd has changed over the years and we've made a conscious effort to lower birth weight, increase calving ease without sacrificing weaning weights and overall growth and structure. Using a Charolais bull is not a fad & the market has always demanded Charolais genetics and will so for many years.

Please be our guest and join us on March 16th to view our offering in this year's sale. The sale will begin at 3:30 PM, with the hopes that a later start will allow everyone a little more time to do your chores before rushing off. Again, our sale is a video sale. NO BULLS will be entering the building. We will have the bulls penned right beside the heated building for your viewing. So if for any reason you need to look at the bulls while the sale is on, you simply walk out the door and the bulls will be right there. The spacious pens will allow you to walk around the outside of each pen on three sides, allowing safe viewing for both yourself and the bulls. I would again urge everyone to come early and score every bull. In other words, make a larger list than you normally would just to make sure you are prepared for bulls not entering the building. We value your efforts in attending and want this to be beneficial for yourself, all the while still allowing the bulls to be stress free.

As always, if you have any questions about our program or any of the bulls in the sale please give me a call. If for some reason you are unable to attend sale day, please give myself or one of our local sales representatives a call. Let us know the type of bull you're looking for, the type of cows you are breeding these bulls to, and we will do our best to find a bull that meets your needs. If you cannot attend the sale we encourage you to take advantage of DV Auction online services.

The bulls can be viewed at home prior to sale day. This will allow you to be able to appraise the bulls at your own pace. Sale morning the bulls will be penned by 12 PM, to allow plenty of time for viewing. We know some of you are calving, so rest assured we run a quick sale which will have you back on the road if need be. As always I look forward to visiting with everyone on sale day. See you at the ranch.

Sincerely,

*Travis*

*Reference Sire* - **SVY Marksman 436B**

Marksman is the senior statesmen of our herd bull battery & he has done another great job for us. He is a breeding machine & he continues to see heavy use here with high conception rates. Whether he is producing sons or daughters they always seem to be some of our best. Marksman will add hair and pounds to his offspring, along with keeping them moderate and functional. His daughters will carry on his presence in our herd for years to come.

*Reference Sire* - **LT Signature 6136D**

Signature is a bull I selected out of the famous Lindskov- Theil herd in South Dakota. I was searching for a bull with not only calving ease, but a bull who would increase weaning and yearling weights. When I first laid eyes on this guy, I immediately was taken with how quiet, and easy to handle he was. I loved his depth, width and overall muscle, along with his easy moving stride. Once I found his picture perfect dam I knew I had to own him. He still has a great big foot under him, and is maturing into a very large bull. This is Signature's third set of sons to sell and they do not disappoint.

*Reference Sire* - **LT Del Rey 6161**

Del Rey was selected out of the Lindskov-Theil herd the same year as I selected Signature. I wanted to find a bull to breed our heifers to and who would carry on the calving ease side of our program the way Footprints King had. Not only has Del Rey been a calving ease sire, his offspring have lots of vigour and get up and go. We have been fortunate to market semen on Del Rey to other purebred breeders, and have had many of them reorder once they have witnessed first hand the success with his calving abilities. His sons and daughters have both found their way into the keeper pens, showing us he is more than just a calving ease bull. Recently Del Rey was selected by Semex to head up their AI line up.

*Reference Sire* - **TR PZC Turton 0794**

Turton was the 2011 National Champion Charolais bull, and has remained very popular ever since. His pedigree is stacked with Champions and continues to sire winners and sale toppers. Turton is a trait leader for milk, Mtl, and REA. He is an impressive, sound, deep, thick bull with lots of muscle.

*Reference Sire* - **WCR Commissioner 593P**

WCR Commissioner is a new sire for us this year. The results are as expected, he sired bulls just as I had hoped he would. They calve light and continue to have rapid growth. They are easy to find in the pen with their eye appeal. I think they will sire an amazing set of feeder calves.

*Reference Sire* - **SVY Grizzly PLD 521C**

This is Grizzly's third year of bulls sired by him here at Footprint. I love the hair and docility he throws in all his progeny. Grizzly sired sons will fit a wide range of needs of the commercial cattlemen. They have the ability to have moderate birth weights, but really push down the scales at weaning time and at yearling weigh in. I bought Grizz because I felt he would be a great option for guys wanting a little more calf than what they would get from a heifer bull type. I am really excited with Grizzly's addition to our bull battery and expect great things from both his sons and daughters.

*Reference Sire* - **Main Lone Ranger 13D**

Lone Ranger is our only red factor herd sire. He is homo polled and homo red. I always liked his sire and felt Lone Ranger would mirror his father. I liked him and his mother so much I bought them both. His mother is still here producing year in and year out. The Lone Ranger sons will not only offer you color but they will stretch out your calves as he is as long as you can find. He has a big hip and a wide top with great feet!

*Reference Sire* - **War Lord 2003F**

The new kid on the block so to speak. I selected Warlord out of 1200 bulls at De Bruyckers in Montana, and was extremely excited to be able to have the winning bid on him. Warlord was selected to lower birthweight, add hip and lower quarter. While maintaining growth and a lots of hair. It didn't hurt he followed me around the pen sniffing my hand either. Warlord is tested homo polled, making all his offspring polled as well. His dam was a beautiful hard-working young cow. With great feet and udder. I'm really excited about the future of Warlord and his future impact on our herd.

*Reference Sire* - **SCR Triumph 2135**

New sire this year, 2135 is a power bull. Look to his sons to offer performance and weight to your calf crop. He himself is a massive bull with loads of body capacity, and muscle. He is homo polled so look for his sons to take away dehorning at branding time of you select a son who is also homo polled.

*Reference Sire* - **Footprint's Crimson Tide 15G**

Crimson Tide sold this very sale to Hopewell, and June Rose Charolais. He is a bull I still admire and will continue to use. He is quiet in nature, sound made, with lots of hair and loads of natural muscle. He also is Homo polled.

*Yearling Bulls*

GRAND  
CHAMPION  
HANNA  
DISTRICT  
4-H

Footprint Farms bulls sired the *Grand Champion and the Reserve Champion* carcass steers in this years Hanna District 4-H Carcass competition.

**FOUR OF THE TOP FIVE CARCASS STEERS** in this competition were also sired by Footprint Farms bulls.

## About Our Operation

For anyone new to our operation, we run two totally separate cowherds. One herd calves in January and February, producing our yearling bulls, while the other calves in April and May producing the two-year-old bulls. We feel we are unique in this approach in terms of offering two options to you, the buyer. None of our bulls have been previously offered for sale – which means we don't hold over a yearling bull that didn't sell for whatever reason to try and sell him to you as a two-year-old. The yearling bulls are weaned in early fall and fed a high fiber based TMR ration. The two-year-old bulls stay out grazing as long as the grass will hold, and are then fed a high fiber TMR ration as well. Our rations are formulated with slow, healthy growth of maturity at the forefront. A high fiber based TMR ration helps ensure that these bulls have been developed to last while out in the breeding pastures, and for many years to come.

## About Our Feed Program

Another relatively dry year yielded excellent quality cereal silage and hay, allowing a high-forage ration with premium quality whole brown oats, as the basis for Footprint Farms' bulls development. This low-starch, yet high quality diet, is key for long-term soundness in breeding bull. As proper nutrition doesn't begin at weaning, each year, a well-balanced feeding program is in place from conception to sale time. Utilization of organic mineral technologies and proper vitamin supplementation throughout the year optimizes health and growth in the bulls for sale every year.

The extra time and effort taken to ensure consistent feed supply, consistent mixing and delivery to the feed-bunk, provides the results seen in the cattle on sale-day, and results in the future.

Best wishes for an excellent sale!

Jack Fisher M.Sc., P.Ag.  
Beef Cattle Nutritionist  
Delta Animal Solutions, Inc.

# ACA Purebred Breeder *of the Year*

Travis Foot is the fourth generation Foot to reside on the family ranch in Esther, Alberta with his wife Nichole and sons Ridge and Reid. 2022 marks the 112th year the family has resided in the short grass area in southeastern Alberta.

In 2000 Travis Foot purchased his first group of Charolais cows and made a conscious effort to concentrate on raising purebred Charolais in 2001, along with the commercial cowherd of his father's. Having the commercial cowherd allowed him to remain connected to the grassroots & the needs of his bull customers.

For the first year, Footprint sold their bulls via private treaty but have since transitioned to an annual bull sale where they sell 70 - 90 bulls, featuring both yearlings and two-year-olds. To satisfy the needs of their customers, Footprint Farms has two calving programs for their Charolais herd where they calve a traditional January & Feb calving program for yearlings, and a grass calving program which focuses on raising two-year-old bulls.

In addition, Footprint Farm runs 300 commercial Red and Black Angus cows which are all bred to Charolais bulls.

Travis served 2 terms on the CCA board and would love to get back involved. Footprint Farms has been a supporter of Alberta events, from showing cattle in Farmfair International to buying cattle in AB/BC sales over the years. This young family is a staple in the Charolais community and deserves recognition as Purebred Breeder of the Year!

# Commercial Heifers

We are offering replacement heifer groups. These are straight Black Angus and Simmental Red Angus cross. We sourced 100 head and will offer only 40-45. They will be sorted by body type and colour into smaller groups. These are exceptional replacement quality heifers. They are on our full herd health program and fed for longevity. They will be palpated before sale day.

*Two Year Old Bulls*

# Disposition Scoring System

---

I have decided to move away from adding footnotes to each bull. I found it increasingly difficult each year to come up with new ways to say the same thing over and over. Most of the bulls are very similar in their overall makeup. With many of the bulls being brothers in reality they should look the same. I wanted to focus more on hard data such as weighing the bulls more and offering an ADG, as well as offering a disposition score on all the bulls. This should be more beneficial in aiding selection. I urge you to come to the bull pen ahead of the sale and take your time in your selection process. As always I will give you my honest opinion of my bulls. I take great pride in helping you select your next herd sire. I not only want to sell you a bull, but my goal is that selling you the RIGHT bull will lead to future purchases.

1. These bulls are extremely quiet and will take a lot of pressure.
2. Most of the bulls fit into this score. 2's are very easy to handle but will move off pressure with ease.
3. Harder to handle with a wide flight zone. These bulls will get worked up very easily when alone or under pressure.
4. These bulls have been eliminated from the program. They are not easily handled.

*Disposition scores will be available sale day, along with scrotals and sale day weights.*

## **TERMS & CONDITIONS**

---

**Terms:** The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

**Bidding:** Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

**Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

**Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

**Certificate of registry:** Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

**Breeders Guarantee, bulls:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

**Exception guarantee:** In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

**Settlement:** Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

**Mail or telephone bids:** Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

**Rights and obligations:** The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
