Welcome to the 10th Annual Impact Bull Sale. My how time flies. To see how all three programs have progressed over the last decade makes me quite proud. Our offering this year is for sure our best, most consistent to date. There are some younger bulls due to an influx of early heifer calves and late bull calves but they fit into the group well. We still focus on calving ease and over 10 years it is quite built into the herd, but at the same time we strive for performance thus worry more about ease than birth weight. Another change we have made is using more of our own bulls ourselves. A couple bulls we have sold in this sale were shown extensively for our partners and when compared to others in the industry fared quite well. If they are good enough for you to use they should be good enough for us. They are. Like usual the bulls are fed a balanced ration of silage and grain to grow but not burn out. We are proud of the longevity of our bulls in their new programs.

Thank you again to our friends and neighbors, old and new customers for the continued support. It means the world to us. Congrats to our good friends the Georges and McAvoy's on 10 great years!! Hope to see you all on the 24th. Love the cattle business!!!

The Tetzlaffs

Holy cow, does time fly by! It seems like not that long ago that Randy and I were on the phone talking about starting a bull sale! Now here we are 10 years later! So, on that note, I would like to welcome you to the 10th Annual Impact Bull Sale. I sure hope that the last year turned out alright for everyone! At our place, it was one of the driest on record, virtually no rain all summer. Thank goodness for all the reserve moisture from the past years or we wouldn't have had anything. This year's calf crop is a great one! From some new sires such as S A V Ten Speed, S A V Resource and Peak Dot Tour of Duty, to our old faithfuls such as Smooth, Cover Shot, Bullseye and Rocky, these bulls offer something for everyone. Whether you are in need of power bulls, maternal bulls or a calving ease bull there is one here that will "Impact" your herd!

If you have any questions about the sale offering please don't hesitate to give me a call. All bulls will be semen tested and vet inspected prior to the sale. As well, the 365 day weights and scrotal measurements will be available prior to sale. Thanks again to the Tetzlaffs and McAvoy's, as well as all the people that help make our Impact Sale a great success!

On behalf of Shauna, myself and our three boys, Dawson, Carson and Connor, I would like to thank you for taking an interest in our program.

Thank you for your patronage and friendship, it is greatly appreciated. I look forward to seeing you on sale day!

Sincerely,

Jason

On behalf of my family, I would like to welcome you all to the 10th Annual Impact Bull Sale. I would like to thank the Georges and Tetzlaffs for being great partners in this event.

I would also like to thank all of our previous and repeat bull buyers who have supported our program. It is actually you that we strive to support producing

bulls that will get your program where you would like to be.

Once again this year we have a great mix of sound, hairy bulls with a variance in birth weights and type for you to select from. The addition of the Mantracker bull has been a great addition to our program.

Bulls are available for viewing any time on the farm and a couple days prior to sale at SLS. Come early sale day and view the bulls and be our guests for lunch at noon.

If you can't make it to the sale give us or the sale staff a call and we can give you our recommendations for the bulls to fit your program. We have also added the DLMS team to our sale so bidding online is available there.

See you sale day,

- Mike

From the desk at T Bar C...

March 24, 2018 marks the 10th anniversary of the "Impact Angus and Charolais Bull Sale" in Saskatoon, Saskatchewan. On behalf of the three great breeding operations, this is your invitation to be a part of this one-stop shopping event, offering some of the finest genetics available this spring season. For the past nine years, the "Impact" breeders have been supplying the livestock industry with profit earning sires in three breeds. These operations are all family run and have a passion for raising quality seed stock, for you the customer. What is unique is that they each raise different breeds but run them in the same fashion, ranch style, so that you can get a sound, select bull or bulls to add value in both your feeder and female replacements.

Randy and the Triple L team come to town with a great set of red and black bulls featuring sons of the National Western Grand Champion at Denver... "Kill Switch." Calving ease specialists without giving up the performance factor, they are rugged with lots of hair. The bonus is that you will want to retain every daughter as a replacement because of the high maternal values of the strong, highly functional Triple L cow herd. Triple L's aim is to totally supply your Angus bull requirements!

Jason and Shauna offer a powerful offering of black bulls which carry many of the strongest bloodlines in the Angus breed. Raised in the hills south of Kenaston (environment being the selector, as unsound breeding stock cannot thrive or survive) these bulls bring in an extra dimension of longevity. The sons of "Smooth" and "Resource" are thick, hairy with lots of lower third. The maternal factor is strong in these bulls, along with bred-in performance.

The McAvoy family have rapidly become a household name in the Charolais industry. Their bulls are sought after by breeders and ranchers across the nation. Big, stout, hairy with lots of testicle, their bulls are bred and designed to add extra performance at weaning with relatively no-fuss. Each year the cow herd base strengthens since they sell very few females. Sisters to the strong bulls they have sold in the past, are constantly rebuilding the strong foundational base. Take advantage and select a MVY bull... you owe it to your cow herd... and yourself!

We are all aware of the magic in the mating of Angus and Charolais... more pounds of calf at weaning, a high pay weight price at the market and the females can make the replacement pasture. There is no guesswork, just common sense. "Impact" offers you the opportunity to select from a great set of bulls and make your own magic... plan to be with us and put a lot of "Impact" into your program!

If we, at T Bar C, may be of any assistance, prior to or sale day, do not hesitate to give myself or any of our professional team a call, as we can help you with your needs.

For any bull purchased over \$2,500.00, up to a 200 mile radius.

Boarding Available...

We will keep the bulls until May 1, 2018. \$2.00/day will be charged after May 1st and purchasers must pick up their bulls. All bulls left at the farm must be insured for full purchase price.

Lunch will be served prior to the sale and refreshments served after the sale.

Insurance...

Stockmens Insurance: 306-932-4866

Triple L Angus, J & S Cattle and McAvoy Charolais would like to keep 1/3 semen interest in all bulls, collection at owner's convenience and our expense.

COWMAN FORMULA

Increase in pounds per calf from a top performance bull
X number of cows bred to him per year
X number of years to keep the bull
X expected selling price of calves
= Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves, mated to 25 cows per year for 4 years, and you sell his calves for \$1.00 per pound.
 $30 \text{ lbs} \times 25 \text{ cows} = 750 \times 4 \text{ years} = 3000 \times \$1.00/\text{lbs.} = \$3,000.00$

This bull is worth \$3,000.00 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not take into consideration the increase in value due to calving ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.

Red Six Mile Kill Switch 135Z ~ Reference Sire

Killswitch is a bull that brings a lot of great things to the table. His foot structure is impeccable, a big solid round foot that allows him to move with ease. He has a wide base with a great lower quarter that is hard to find.

In a world where we get paid by the pound he can also add pounds with a bit of frame and length. To top it all off his calving ease is as trouble free as any bull I've ever used. His daughters have beautiful udder structure and are the front pasture broody kind.

This sire is one of the most popular in the Angus breed. His moderate frame with added muscle thickness and easy fleshing ability put him at the top of the Angus breed. The two Resource sons that are selling are perfect examples of their sire; moderate framed with piles of added muscle that really punch the scale down. These Resource sons are definitely sale fatures!

Smooth was purchased out of the 2014 Krebs Ranch Bull Sale. He was purchased to add some outcross genetics without giving up style and correctness. Smooth offers a rare level of style, balance and class that would stop you in your tracks. His design and pattern are flawless. His calves at Krebs, Hamilton Farms and our place are impressive. Due to his passing, there will be very few calves sired by Smooth in the future.

Ten Speed is a well proven sire that is easy feeding, shows exceptional growth and performs at all stages. Ten Speed is the perfect choice for cattlemen looking for maternal strength and calving ease. If you are looking for a heifer bull, this Ten Speed son is fantastic! He comes from a first calf heifer that puts it all together. You will have to drive a lot of miles to find a heifer bull this good.

Cover Shot is a loose made bull with extra middle and a lot of hip. He assembles his great dimensional look in a very stylish package. Cover Shot was part of the pen of three bulls that won Denver. Cover Shot has all the attributes you are looking for in an Angus bull whether it be maternal strength, power, calving ease or just good eye appeal. These two Cover Shot sons are out of first calf heifers, they did a great job!

This bull was bought out of the 2016 Peak Dot Ranch Bull Sale. Tour of Duty 20C has exceeded our expectations. He excels in every aspect you are looking for in a herd bull. He adds extra length of body, has a quiet disposition, big scrotal, curve bending numbers, muscle expression and calving ease. There may only be a couple of his sons in this year's sale, the way his calves performed this year there will be a lot in next year's sale.

We purchased Rocky in Krebs 2015 bull sale. Rocky has extra length of body, wide pin setting and exceptional overall length and thickness. His progeny are thick made cattle with muscle expression and volume throughout. These Rocky sons may be one of the most consistent group of calves we have ever raised. We lost Rocky due to a twisted stomach, so this will be the last large offering of his calves. We only have 65 straws in the tank on this fabulous sire.

TERMS AND CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association or Canadian Charolais Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:

All animals in the sale have met all necessary health requirements.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and seller. T Bar C Cattle Co. Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal has been sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus and Canadian Charolais Associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

Return Undeliverable
