Special Representative

Bob Toner - 306-834-7385

Gate Guarantee

If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.

Semen Tests & Measurements

All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal measurement & weight information will be available sale day.

Board and Pick Up Program

We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2017. Insurance protection is mandatory for this option. After May 1, a feed charge of \$2.00/day will apply.

Insurance

Insurance will be available sale day.

Larry Toner: cell 306-834-7652. All bulls returning to Merit after sale MUST be insured to protect your investment.

INSURANCE IS MANDATORY!

Larry provides various packages to suit your needs.

Delivery

Free delivery will be provided up to 200 miles on purchases totalling \$3500.00 or more. Purchases less than \$3500.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.

Welcome to our annual Cockburn/ Merit bull sale. We would like to thank our 2017 buyers and bidders; your support is greatly appreciated.

Our bulls are developed with longevity in mind. They are fed to meet their potential to emphasize on muscle development, not to over fatten and jeopardize their longevity and fertility. The bulls will all be fertility tested and guaranteed breeders. We are Very excited about the group of bulls we have to offer this year.

We make our living solely from our cattle. We have built around strong cow families emphasizing on sound feet and legs, thick easy doing cattle with good udders, and herd sires with Muscle, performance and do ability as well as calving ease. Our purebred cows are run on native grass along side our commercial cows with no special pampering or creep feed. We believe our cattle should work harder than we do, and we cull strictly to ensure we stay on track.

We invite you to join us March 26th at Johnstone Auction Mart in Moose Jaw, come presale for lunch, refreshments and to view the bulls. If you are unable to attend the sale, please feel free to contact myself or any of the sale staff to help you with your order. We will be sure to find a bull to suit your needs and we guarantee your satisfaction. For any questions or to tour the bull pen or cow herd feel free to call. I look forward to visiting with you.

Cowboy kind was the high selling bull in Peipers 2014 sale at \$70,000. We were fortunate to secure one of only two semen packages released in Canada. This is our second set of Cowboy Kind sons and we are excited about them. They are big ribbed, with lots of shape and dimension. His first daughters milking now and they are broody females with excellent udder quality.

Specialist was added to our herd bull line up for his outcross genetics and his combination of calving ease and growth. He constantly sires calves that are born very easily, yet don't give up on performance. Specialist has been the most reliable calving ease sire we have ever used. The Specialist sons were very popular in last years sale and a son was our \$77,500 high seller. We are excited about the first set of daughters we have milking, they are attractive, easy doing females. Owned with Wilbar Cattle Co.

Breakout was the high selling bull in the 2012 SSS bull sale. Since then he has sired our high selling bulls and sire groups several times, as well as left us many outstanding daughters. He sires cattle that are moderate framed, and easy doing with tons of shape. His daughters are excellent cows with quality udders.

Heavy Duty was our 2016 high seller at \$39,000 to Rainbow Red Angus and Ledoux Ranch. Heavy Duty possesses mass and muscle second to none combined with an attractive look and true herd bull character. His dam is a pure power cow with huge capacity and an excellent udder. Watch for a larger set of sons in our 2019 sale as we feel Heavy Duty has much to offer the industry.

MERIT CATTLE CO.

Welcome Once again we will begin by saying a huge THANK YOU to our customers, for a very rewarding 2017. We were humbled by one of the best Angus bull sales of the spring season. It was an extremely gratifying to experience the interest and support of our fellow cattle breeders from both the seed stock and commercial sectors. We are grateful for you all!

We have always believed the commercial industry steers the purebred market place, not the other way around. Our program has always focused on the basic traits that are important to real cattlemen.

Calving ease, good growth, high vigor, exceptional foot structure, great hair, good temperament, backed by sound and functional momma cows. 30 plus years of genetic predictability takes the guess work out of your purchase. Like our customers, we are the ones who provide the manual labour, so our tolerance for management cattle is extremely low. It starts with cows that are designed with the capacity and hair coat to be efficient forage converters with feet and udders that will last into their teens without intervention, and sound maternal minds so they stay in the herd long enough to be profitable.

Merit bulls are managed for optimum growth and soundness. They are highly exercised and athletic as the field they are housed in from weaning to bull sale time is set up for maximum exercise with hay, pellets, water and bedding locations forcing the bulls to travel. The bulls are walking a minimum of 1.6 miles a day!

We feel this year's group of bulls is our strongest and deepest to date. There are bulls to fit everyone's needs and budget. There are calving ease bulls designed for your heifers and growth and power bulls designed for your cows, all backed by quality Merit maternal genetics so the heifers that you retain will be sound, productive and profitable. The sale will be broadcast on DV Auction. Please feel free to call, email or text. Our sales staff is highly competent and trust worthy so feel free to ask them about the offering as well.

Range Boss was found in Kansas by our friend Riley LaFrentz, who thought we would be interested in this unique breeding piece. His structure is impeccable and he consistently passes that on to his progeny. Range Boss checks a lot of boxes. He's got a great look and presence about him. He's long bodied, deep sided and easy fleshing, with great hair, good scrotal and feet and a disposition that is second to none. The Pride cow family at Bar S is a cornerstone in their operation. He's really stamped his progeny and we like his sons and daughters equally. His sons have met great acceptance being highlighted by Merit Sting who sold 1/2 interest in the Masterpiece at Agribition to Double F for \$52,000. A daughter, Merit Flora 6078 is a popular many time champion including Grand Champion female at the Weyburn Regional, Champion owned female at Showdown, and Reserve champion female at Llyodminister Stockade Roundup Gold Show. Another daughter was selected by Poplar Meadows as the \$15,000 high selling pick of the herd donation to the Angus Foundation's Building the Legacy sale. His first daughters calved this Spring and display impeccable udder structure. Range Boss is poised to become the next generation foundation sire at Merit.

Stoney Creek was a herdsire highlight in the 2015 sale, selling for \$22,000 to Bear Creek Angus. Stoney does so many things right. We just love his progeny, as do Weiss's. This comes as no surprise, as all the females on the dam's side of his pedigree are model cows. Stoney has been proven to be heifer safe yet his progeny will weigh up with the best at weaning. His sons display exceptional muscle and volume. His daughters are big bodied, deep ribbed, easy doing, low maintenance cows. We'd love to use him more extensively, but are somewhat limited with both GDAR Insight and Dutch up close in his pedigree.

Cast Iron was one of the high selling bulls in the country in the spring of 2016 when Circle 7, Soderglen and Cow Trax paid \$53,000 for 2/3 interest. His unique depth, thickness and performance set him apart from all contemporaries. He boasted a 128 weaning ratio and won Junior Bull calf division honours at both the National show and Agribition. Now, two years later, we couldn't be more excited to offer his first progeny. He is a consistent sire of his likeness. Both his sons and daughters exhibit unmatched depth and volume with extreme performance. Visitors through the summer marvelled at the raw mass the Cast Iron progeny possessed. Quite possibly their most impressive attribute is their fleshing ability. His daughters are the easiest fleshing females we have ever raised. Look to Cast Iron sons to add unmatched payweight to your steer calves while powering up your replacement heifer pen while improving do-ability.

Unit was a feature of the Hamilton Farms 2016 bull sale. Rob and Gail had enough confidence in his breeding potential to retain and interest and utilize him in their elite program. We purchased Unit on Gail's recommendation and Shane Castle's scrutiny. He is quite possibly the best headed and cleanest sheathed Tiger son in existence. He has proven to shorten gestation and consistently lower birth weights. He has the character of a herd bull with a big foot and full switch. Many sons will work in heifer programs but we believe his true legacy will be the daughters he and his sons will sire.

Valor was slated as a feature for our 2016 sale. He had an infection that kept him out of the sale so we kept him to use for ourselves. He's an impressive individual that boasted a weaning weight of 878 and yearling of 1504. He displays tremendous character in an extremely correct, sound package. We also felt it was an added maternal bonus that his dam is a daughter of 77X who has been siring females that have great udder type, are sound made and functional ranch females. He sires progeny with extra length of body, and growth. His disposition is second to none.

RECOMMENDED FOR HEIFERS

What a great way to start the bull offering. 7009 has always had a presence about him right out of the gate. He has a big hip, loads of body and the character of a herd bull. His **Hoo Doo!** mother is gorgeous and ultra feminine with a great udder. Both his grand dam and great grand dam are still in production in the herd. Buck boasts a weaning ratio of 108 and yearling ratio of 109. He's below breed average for birth and above for growth traits and milk. His disposition is second to none as an added bonus.

RECOMMENDED FOR HEIFERS

"Gibby" is a definite sale feature. Starting at only 66 lbs, he posted an adjusted 205 day weight of 817 to index 109. Then he continued to perform with a 365 day weight of 1435 to again index 109. His EPD profile is just as impressive. Phenotypically, he is every bit as exceptional as the numbers he's tabulated. Gibby is muscular, masculine, and loaded with Angus character. He was raised by an April born first calf heifer with a perfect udder she probably weighs less right now than he did at 10 months. She's the picture of efficiency. Whether you mark him for his EPD's, his individual stats, his herdbull presence, or his highly efficient dam, you will mark him.

7029 is a big hipped, thick haired performance oriented son of Range Boss. His grand dam, Merit Jilt 2023 has been designated a Premier Dam by the CAA. He should sire some fantastic females.

As a result of bylaw changes within the Canadian Angus Association, Merit will be retaining a "NON revenue" sharing interest in every bull we sell. This allows Merit to collect semen on any bull in the offering for in herd use only. This will be done at Merit's expense and the new owner's convenience. This is the same as in past sales but the change now means that 'Merit' will remain on the registration paper as an owner in order to satisfy association rules. This will apply to all bulls unless other terms are announced sale day.

RECOMMENDED FOR HEIFERS

Here's a total outcross for our long time customers. This McCoy son was produced by a Beletta heifer we purchased from our friend Mark Forsyth. The Beletta tribe has written quite a history for Beverly Hills and Forsyth Ranch, producing herd bulls like Duration and Centennial.

**It ain't about the banners, ribbons or buckles.
 We don't raise show cattle.
 We simply show the cattle we raise!**

What a tremendous gift we are able to give our kids, teaching them work ethic, goal setting, perseverance, friendships, marketing, competitive spirit, love of cattle and disappointment. Tools of life that we hope makes them better people.

RECOMMENDED FOR HEIFERS

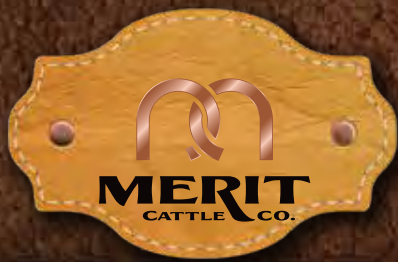

Garrett's good Range Boss son has been found by nearly everyone who has toured our bull pen this winter. He has an undeniable presence about him. This should be no surprise as his two year old dam is a direct daughter of our donor Merit Socialite 48X. 48X was a many time champion when shown as a cow, being named Grand Champion open division female at Showdown in Olds AB, and Supreme Champion of the Young Ranchman's show in Swift Current. She produced our past high selling bull, Merit Rage. 7042's dam, Merit Socialite 5038, was heifer calf Champion at Showdown and Champion Angus female at Agribition Junior Beef Extreme. *This ones got the credentials to be a herd bull.*

This bull's got some extra class. His maternal brother, Merit Chief, was a featured and high selling bull in last year's sale to Flemming Stock Farm. We used Chief and have calves on the ground this winter. If you've seen his dam, you'd understand why. She is an absolute model cow that at ten years old could pass for a five year old. Her feet and udder are nothing short of perfect and she's about as correct and attractive as you could design one. 7093 indexed 105 at weaning and 117 for yearling gain. There's no guess work here.

Hot Iron has been Janelle's pick of the pen all year. He has a style and presence that is undeniable. He was our number one ranking bull at weaning with a 122 ratio. This is the second time his ultra feminine dam has accomplished this feat in two tries. His maternal brother, Merit Shift, was a featured and high selling bull last year to LCL Angus. Shift was part of our display team last fall and was admired for his performance, length, muscle, and soundness. When you consider the production and predictability in this equation, we think you'll want Hot Iron putting his stamp on your next calf crop.

7139 could be the performance king in this pen of stout Cast Iron sons. He indexed 115 at weaning and posted a 1458 lb yearling weight. He had many admirers as part of our Agribition display. His mother is a perennial favourite. If I could clone one cow into an entire cow herd, it might be her. She is positively flawless. His birth weight will likely eliminate any purebred breeder interest so he'll sell at stockman value. He should miss this heavy market topping steers and replacement females we'll all drool over. Dont miss this one!

We normally wouldn't catalogue a bull this young, but we think a lot of this stout Upfront son. His dam, Merit Beauty 1104 was one of Macy's 4-H projects and is a favourite among the Visa daughters.

Canadian Angus Tag Program

The Canadian Angus Tag Program is the largest branded tag program in the world. The tags visually and electronically identify cattle that are guaranteed Angus. Animals wearing the green RFID tags are a minimum of 50% Angus genetics as they have at least one registered Angus parent. Canadian Angus tags are CCIA approved. Order your tags today and have them delivered right to your mailbox.

You have to tag them anyway, why not tag them Angus?

Order your Angus tags today: Call 1-888-571-3580 Visit www.cdnangus.ca

MERIT CATTLE CO.

TERMS & CONDITIONS

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on

animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
