Directions to the farm from Melville:

5 miles West on Highway 10,
Turn South onto the 618 Grid,
Travel 5 miles South.
Farm is on the West side of the road.

It is a great honor to invite you to our First Annual Online Bull Sale. I am very excited to present this offering of our 2019 yearling bull calf crop. I would also like to thank all of our past customers for the purchases and confidence in our program.

As many know, for the past few years we have been marketing our bulls by private treaty. This format has worked well for us. In saying that, I wanted to make it better for our customers. I feel that the online sale format will do just that. There will be no sale order, making every bull available for sale as long as the sale is open. You as the buyer can bid on any of the bulls for the duration of the sale, even when it is closing. No bulls have been sold prior to the sale and you the customer will determine the dollar value of each bull.

I want to make sure that you feel comfortable bidding online. If for some reason you require assistance, please feel free to contact myself or any of the DLMS crew list to aid in making your purchases.

As you browse the catalog you will notice that we have selected a handful of bulls to sell by private treaty. These bulls have been raised and developed the same as our online offering. They will be offered for sale, following our online sale on March 26, 2020.

Each year we try to add a new sire group so that our repeat customers have options for their breeding programs. Whether it is an AI sire or Natural service, a lot of thought and research goes into these breeding decisions. The FF Black Gold C19 sire group has done an excellent job here. He adds an extra element of calving ease without giving up performance and soundness. This fall we once again exhibited cattle at various shows and the Black Gold cattle were very well received.

Just like in the past we will offer free delivery or will aid in the delivery of you bulls purchased. We would like to have the bulls to you by May 1, 2020 but can discuss options if they need to stay longer.

Please feel free to call with any questions or stop by the farm at any time. We will continue with our open house setting as in the past on March 26, 2020. I am very proud of the bulls we have on offer and would be thrilled to show you our breeding program and discuss your breeding needs. Hope you can join us on the 26th.

Thank you,

Jordan

How To Bid

1. Visit <https://farmgatetimeductions.ca> , click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to signup for a free user account. It allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots, or someone challenges your proxy bid. This is why you will be asked for both your current email and cell phone number.

If you are a past participant in the Farm Gate Timed auctions, simply enter your username and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions. Select the J SQUARE S ONLINE BULL SALE.

2. You can choose your favourite lots in the sale at this time. The program will allow you to open either all sale lots, or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list, you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you. But if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again, or moving your attention to a second lot of interest.

4. At closing time of the sale, the entire sale will extend bidding for 5 minutes if a bid is placed on any lot in the sale. Any bid received after 6 PM will extend the sale by 5 minutes, from the time of that bid. When no bidding occurs for 5 minutes, the computer will declare the sale finished.

5. Within 24 hours of the sale close, the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/pick up of your lot.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list or proxy bid, or you just plain want to bid via phone, please talk to any of the DLMS team.

We feel that this is a true herd bull in the making. From birth until present day it is tough to find a hole in this bull. He is long yet extremely stout and commands your attention. He is square made, very well haired and is showing excellent testicular development. I really admire his extension and how smooth he comes out his front shoulder. His sire, FF Black Gold has done a great job in his first year of breeding here. His sons are very consistent, and his daughters will headline our female sale this fall. 82C is proving to be an outstanding cow in her early years of production. She is a larger cow but brings in one of the biggest calves every year. The Georgina cow family has a long record of consistency. Also take note of his balanced EPD's. 989G was part of our fall show string placing third in class at CWA and also making the top 10 at the Saskatchewan Angus Sweepstakes. We feel the future is bright for this herd bull in the making.

Black Gold 900G

A good solid bull who is a 3/4 brother to the Lot 1 Bull. The Black Gold X Justified combination is proving to be very successful. 900G goes back to our first donor cow here, Brookmore Enchantress 229S, who is also the mother of J Square S Fireman 14Y, a bull who walked the pastures of Hamilton Farms. Moderate in his make up and smooth made, I truly believe that he could work on a set of heifers.

SIES 518C - Dam of 900G

A true heifer bull in the making. He is backed by a really nice made, hard working Slow Ride cow from a cow family that has raised numerous herd sires. If you are looking for a bull to cover a group of heifers, take a serious look at this bull.

Black Gold 930G

A really solid and sound made son of Black Gold. He exhibits extra length without giving up any thickness. He is very proud in his character. He is the bull on the cover. 930G is backed by the great Echo cow family. A maternal sister sold to Nu Horizon Angus in last years female sale.

SIES 823F - Maternal sister to 930G, sold to Nu Horizon Angus

This is the first of three flush brothers out of our great Forever Lady donor cow. 904G is extremely long made, yet still thick and very proud fronted.

This may be the most docile bull in our offering. He also was in the Saskatchewan Angus Sweepstakes and made the top 10 on the Black Angus side. 904G is a bull I wouldn't be afraid to use in the heifer pen. Take a good look here.

Lute 908G

A really solid herd bull in the making that exhibits a little more frame and bone than his other brothers. He is square made and like the previous lot, very proud fronted. We have been extremely pleased with the LUTE X 301Y mating. We have 3 full sisters to this bull and they are making excellent cows. If you are looking for a well-mannered bull to cover cows, I feel this bull will fit that bill and raise you a great set of calves.

Pleasant Valley Lute - Sire of lots 5, 6, and 7

The third of three brothers that is a very balanced mixture of the two previous lots. This is the third year that we have sold bulls of this mating and all the new owners have giving extremely positive reviews. Brothers have sold to Garry Hawcutt, Trevor Smith, Vern Hall, Trevor Protz, David Shiels. Take a good look here.

Stunner 939G

This is bull is the result of an in-dam purchase from Wayne Stetson, Vermillion AB. I have always admired his herd and was excited to obtain this bull's mother last year. He is a performance calf sired by Musgrave Stunner. You have to admire this bull's thickness and depth of body.

A solid her bull prospect here. He is an ET son out of our One iron daughter from Merit Cattle Co a few years ago. Density has played a huge role in our herd and when we decided to flush this bull's mothers I couldn't think of a better mating. If you are looking to build a group of females this is your bull. His full sisters will likely headline our female sale this fall. .

JS 204X -Grand Dam of 935G

Sired by the 2017 Toronto Royal Reserve Champion Bull, CrossFire 569C. We have been extremely pleased with his progeny and are excited for the calves this year. He is backed by the Karama cow family making this bulls grand dam the feature cow in the Female Focus Sale to Iron Saddle Ranch. A really solid herd bull in the making here, definitely worth a look.

Crossfire 935G

This bull has always had a really nice look to him. He is moderate, stout made and extremely hairy. His mother might be one of the best uddered cows on the farm and goes back to the well-known Ruth cow family. A maternal brother sold to Vern Hall.
