Buyers unable to Attend Sight unseen Purchase Plan

Simplify your selection process by giving us a call today. You know what you want in your breeding animals, we know best the potential of the bulls and females selling and will easily be able to satisfy your specific needs. Our experience over the past years is that the sooner you contact us, the better we will be able to match your expectations. Either Lee or any one of our capable sales representatives will make the purchase as if buying for themselves.

All purchases made in this manner will be 100% guaranteed for customer satisfaction

Welcome from LLB Angus...

Welcome to our 34th Annual Spring Bull and Female Sale. Each year our objective is to improve the quality, selection, and consistency of our sale offer, we believe we have accomplished that this year. We truly appreciate your continued support of our breeding program on sale day and throughout the year. Beef production and marketing is our only business.

For those not familiar with our program, we have been developing our Angus herd for nearly 50 years. It consists of females that are practical, powerful, functional and sound. These foundation females are the backbone of our operation, producing bulls and heifers that go out and work for our customers whether purebred or commercial based. Our breeding philosophy is based on long-term experience: acquire the best herd sires, select for performance traits, growth, and thickness; all the while maintaining structural soundness and strong maternal traits. Like most commercial operations our 1000+ head cow herd is managed in large groups. Calves are turned out with their mothers in breeding pastures as soon as the grass is available, and they are allowed to grow and develop without extra attention until after weaning. We expect consistency and top productivity, just like our customers.

Herd bulls are an important investment for any cattleman – purebred or commercial. Sires and maternal grandsires contribute three-quarters of a calf's genes. We have a large selection of top quality yearling and two-year-old bulls in this sale, many represent our new and exciting herd sires. We concentrate our effort in developing our program with our buyers in mind, striving for consistency throughout our bullpen. These herd bull prospects offer strong calving ease, performance, and maternal traits at an affordable cost. We are confident that you will find the herd sire you are looking for in this sale. These bulls have not been pampered, the two-year-olds ran on grass until late fall. Approximately 95% of our bulls are sold to commercial cattlemen.

Whether you are adding females to your registered herd or you are seeking top commercial replacement females, or you are needing show heifer prospects, rest assured the genetics in this offering are the very best and come from the heart of our herd. As in years past along with the purebred open heifers and bred heifers we will be selling select groups of quality open and bred commercial heifers.

If you are unable to attend our sale in person, we offer a Sight Unseen Purchase Plan. We have included as much information as possible in this catalogue, and encourage pre-sale viewing of the cattle. Videos of all animals in the sale offering will be available several weeks prior to the sale date at cattlevids.ca or on our website. Please feel free to contact us or any of our capable sales representatives to discuss your needs or questions.

Please drop in anytime to view the sale line up. We hope to see you on March 13th and March 14th!

From the desk at T Bar...

Thirty-four consecutive years of staging Canada's largest annual Angus production sale, is simply impressive. The Brown family has been at the forefront of the purebred cattle business for over five decades and all of us at T Bar C are proud to highly endorse this first class operation.

Year after year the open female pen is a sale highlight of the entire spring sale run. 100 open girls to sort through and this year's offering is as deep as ever before. Many sire groups are represented to give you an idea of how strong this large cowherd is. Breeding over 1000 + mother cows gives lots of selection for a salty pen of heifers. Also don't forget the AI sired heifers, with a feature Renovation daughter that is destined to be donor material. This year and in more volume than ever before are approximately 40 bred heifers that are close to calving. Many successful outcomes came from this division last year and we highly recommend evaluating these solid broody bred females that are mated to build programs around.

Now to talk about the bulls. As mentioned with this program breeding over 1000 mother cows you can rest assured of a strict culling program, as only the top percentage make the cut. The specifically held over two year old bulls are always sought after. With over 80 available in this year's sale. The selection is deep with many powerful cow bulls and ideal heifer bulls to cover lots of ground. The top sort of 125 yearling bulls offer a wide selection to suit any need. The front end of this pen has never been this stout with many large weaning weight bulls that well constructed from the ground up. Numerous heifer bulls are available that have been very well received in years past.

We all know as cattle enthusiasts how important the people are behind a purebred cattle operation. The Brown family are amongst the best in business and take customer satisfaction very seriously. So we truly urge you to consider their program when sourcing Angus genetics. Please make plans for a truly fun filled event at the classy LLB sale barn on the weekend of March 13/14. Any questions please feel free to call or text any of us at T Bar C.

See you At LLB!

Blair's Charlo 602C progeny are the largest sire group in this sale offering, they are an outstanding group of show heifer, brood cow and herd sire prospects. The dam of Charlo 602C is a very successful Blairs.Ag donor female that has two other herd sire sons in production. The lead off yearling heifers Lot 1 to Lot 7 yearling heifers and Lot 99 to 101 bred heifers are Charlo 602C daughters and his sons are yearling bulls Lot 162 to Lot 172 and the Lot 253 to 258 two year old bulls. Three of the top yearling weight two year old bulls are Charlo 602C sons and Lot 162 is one of the top five weaning record yearling bulls.

Selected as one of the high selling bulls from Johnson Livestock in 2017 JL Restoration 6034 has produced a very desirable first calf crop at LLB. His sire is a proven AI sire Renown, whose has produced 1060 calves in Canada – his sons have a weaning ratio of 102 and daughters 101. Restoration 6034 was selected for his low birth weight, deep body profile and performance numbers. His dam has raised eight sons sold in JL spring bull sales, two of which are used in purebred herds. Restoration 9034 daughters in this sale are Lot 38 to 44 and Lot 112. His sons are Lot 197 and Lot 203 and Lot 269 to 273.

LLB Concorde 717B is absolutely the best breeding son of our \$51,000 senior herd sire HF Concorde 252Y. His progeny reports top 3% weaning and yearling and top 10% maternal numbers. The mother of LLB 717B is an ELITE DAM with an impressive weaning ratio of 111. His son Lot 177 posted the second top 2019 weaning weight and his grandsons are Lot 178 to 184. LLB 717E granddaughters are the impressive Lot 51 to Lot 56 yearling heifers and his own daughter is the top weaning weight bred heifer Lot 96.

Reactor 40A was one of the top selling bulls from the 2014 Remitall Farms sale. LLB Nellie Pride 229U was a high selling bred heifer when purchased by Remitall. Now a successful donor dam, her nineteen head of progeny have a weaning ratio of 105, the most notable being Remitall F Cavalry 180C the successful show bull for Remitall Farms and Otter Creek and a PREMIER DAM daughter GR 76Z. The Lot 187 to 192 yearling bulls are Reactor 40A sons and grandsons. Daughters and granddaughters include the Lot 29 and 33 yearling heifers and the Lot 108 to 110 bred heifers. The 2018 \$12,000 top selling bred heifer was a Reactor 40A daughter.

HBH Dominic 29D came to LLB as the \$29,000 top selling bull from the 2017 Cattleman's Connection and is proving to be a very valuable calving ease herd sire here. Dominic 29D reports top EPDs for birth, weaning and yearling weight, milk, total maternal traits and calving ease. PA Fortitude 2500 also reports excellent, accurate carcass weight data. The dam of Dominic 29D has an outstanding weaning ratio of 111. His sons are the calving ease herd sire prospects Lot 204 to 206 and Lot 295, daughters are the yearling heifers Lot 23 to Lot 28 and bred heifers Lot 103 and 104.

WCC Defense B80 came to LLB as the \$30,000 top seller from the 2015 Wilson Cattle Co Sale in Indiana. He went on to be the Grand Champion Bull at both the 2016 Indiana and Ohio State Fairs and the 2016 NWSS Reserve Intermediate Champion Bull. More importantly his progeny in Canada are very impressive. Defense B80 sons are the Lot 196 to 203 yearling bulls, Lot 196 being our second top weaning weight bull last fall. His daughters are the Lot 73 to 76 yearling heifers and the Lot 234 yearling Bull, five of the top ten weaning weight sale heifers are sired by Defense B80 and his son Lot 196 had the second top yearling bull weaning weight.

LLB 825A Blackman 183C has been a standout since birth, he is exceptionally thick bodied and very correct. His sire was the top selling bull of our 2014 sale when one-half interest was purchased by Nordal Angus. He is a bull that has sired one hundred thirty offspring with his daughters weaning index being 105 and sons 101. The dam of LLB 183C is a fabulous Net Worth grand daughter with a weaning ratio of 108. Daughters of LLB 825A Blackman 183C yearling heifers Lot 10 and 11, and the Lot 113 and 114 bred heifers. Sons are yearling bulls Lot 157 to 161 and two year old bulls Lot 279 to 283.

OSU Blue Chip 4230 was the Senior Calf Division Champion and one of the top selling bulls from the 2016 NWSS at Denver. Blue Chip 4230 goes back to the Denver Champion Dameron First Class, an AI sire that continues to produce many present-day show champions. Daughters and granddaughters of Blue Chip 4230 are among our most deep bodied, most feminine born here over the past three springs, and include the \$30,000 top selling heifer last spring. In this offering daughters and granddaughters are the Lot 18 to 22 yearling heifers and the Lot 123 bred heifer. Sons and grandsons are the equally impressive yearling bulls Lot 213 to 216 and Lot 294 and 296 two year old bulls.

Rafter S Chinook Lake 241B was a \$21,000 top selling bull from the 2016 Stauffer Ranches Sale where his mother is an ELITE DAM. He reports top CAA weaning, yearling, maternal and calving ease trait numbers. The sire of Chinook Lake was the \$72,000 top selling bull calf at Agribition in 2012, he is a bull that continues to produce top progeny. Chinook Lake sons are the Lot 211 yearling bull and Lot 259 and 260 two year old bulls. His daughters are the moderate framed Lot 77 to 79 yearling heifers and the Lot 125 bred heifer. The \$25,000 top selling yearling heifer two years ago was Chinook Lake daughter.

Purchased from Rehorst Farms in Ontario, Dakota has sired an impressive group of moderate birth weight sons and daughters. His popular AI sire South Dakota has high accuracy epds for weaning weight (top 3%), yearling weight (top 6%), maternal (top 8%) and increased scrotal circ. The mother of Dakota descends from a cow family that has produced many top selling, champion females in Ontario. A daughter of Dakota was Luke's AJAA Pee Wee Heifer Calf Champion this past summer, LLB Beauty 288G, other daughters are Lot 70 to 72 and Lot 115 and 116. His sons are the Lot 219 yearling bull and a top ten weaning weight two year old bull Lot 252.

Red North Point Blue Rare 78B was purchased from the Zahacys at High Prairie as promising two-year-old red herd sire, he is bull that has proven himself very well thus far. There are ELITE DAMS on both sides of his pedigree – Pathy 416T and Princess 20M. More importantly a Blue Rare 78B son was our top 2017 weaning weight bull (both black and red) that was a \$8250 the top selling red bull in 2018 to Brox Stock Farm. His sons in this offering are the Lot 242 to Lot 245 yearling bulls that all record top 15% weaning weights; and the Lot 311 to 315 two-year-old bulls. Daughters are the impressive yearling red heifers Lot 84 to 87, all of them reporting increased weaning records.

Peak Dot Eliminator 765Z was selected by LLB from the 2013 Peak Dot Spring Bull Sale. His sire was a popular \$95,000 outcross sire from the 2010 S A V sale. Eliminator 765Z progeny display lots of thickness and length of body, in fact his sons have recorded top weaning weights the past six falls, many have been some of our top selling individuals including the top selling bull last year. The two-year-old bulls Lot 274 to 277 along with the Lot 186 yearling bull are his sons. His daughters are the Lot 35 yearling heifer and featured Lot 107 bred heifer. Note Eliminator 765Z daughters have produced some of the top individuals in this sale offering.

A tremendous Renovation daughter from our famed Eulima cow family. The Old Post dam of LLB 568G has a weaning ratio of 109, who has another daughter retained as an ELITE DAM and both sons have been feature yearling sale bulls. Both maternal grandmothers were exceptional brood cows – Eulima 315's nine offspring had a weaning ratio of 109 and Eulima 256L had twelve calves with a weaning ratio of 106.

LLB 23G will be very easy to find sale day. She is a standout Renovation daughter from a two year old Tour of Duty dam. She recorded one of the top three weaning ratios in the sale offering. Her mother is a sister to LLB Reflection 607A, the sire of Lot 12 and 13 heifers and Lot 218 and 220 bulls.

LLB Reflection 607A was a sale feature a few years ago when he was purchased by Hamilton Farms where he went on to sire numerous high selling individuals there. Another son of Dana 9028 is the Lot 183 yearling bull.

Canadian Angus Tag Program

The Canadian Angus Tag Program is the largest branded tag program in the world. The tags visually and electronically identify cattle that are guaranteed Angus. Animals wearing the green RFID tags are a minimum of 50% Angus genetics as they have at least one registered Angus parent. Canadian Angus tags are CCIA approved. Order your tags today and have them delivered right to your mailbox.

You have to tag them anyway, why not tag them Angus?

Order your Angus tags today: Call 1-888-571-3580 Visit www.cdnangus.ca

CAA ELITE COW Criteria

- The cow must be enrolled in the Canadian Angus Performance Program.
- The cow must have a calf with a 205-day weight recorded within the past 18 months.
- The cow must have her first calf within 1000 days of her date of birth.
- The cow must maintain a regular calving interval calving within 395 days consecutively.
- The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105.
- The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio.

LLB Philosophy of Two Year Old Bull Management

To properly manage our large cow herd we have an extended calving season - almost exclusively this group of two year olds are late season born bulls. They are unpampered and managed in large groups after weaning then turned out to grass during the summer until November 1 when we start preparing them for sale as coming two year olds in March.

- A) Package of Three (3) Embryos
- B) Package of Three (3) Embryos

We are very excited to offer the very first progeny of Mohnen General 548 in Canada, even more excited that he is mated to Jim Henderson's stellar ET donor female KR Lady May 5382! General 548 came to us as a \$90,000 top seller from the 2019 Mohnen Bull sale. General had created lots of excitement in 2018 as one of the top bulls born in North America in 2018. He reports top 5% weaning and yearling weight epds, along with top 2% scrotal and 10% docility numbers. The dam of General 548 is the legendary Madame Pride 5290, a \$2 million producing cow that has left her mark in the industry. His sire is a \$580,000 record setting outcross pedigreed bull from Baldrige Bros in Nebraska and is an AI sire noted for his structural soundness and increased muscle expression. KR Lady May 4382 was the second high seller in the 2018 Krebs Ranch Dispersal at \$50,000. She is an extremely fertile embryo donor female producing eighty viable embryos in the last year that have been top selling embryos across Canada in numerous sales. At the 2018 Falls View Sale Greenwood Limousin and Angus purchased the right to flush her for \$10,000.

2020 Commerical Bred Heifers

317

OPEN COMMERCIAL HEIFERS

Born in 2019

These yearling heifers will be pre-sorted into uniform groups. Details of each heifer group will be available, including weights.

318

BRED COMMERCIAL HEIFERS

Born in 2018

These are a top set of replacement bred heifers exposed June 1 to August 2 to some of our top calving ease, performance bulls. Details of each group of bred heifers will be available.
