WELCOME...

The Leading Edge Group are proud to bring you our best. We've selected from the very top of our herds and are offering them to you. Our goal remains the same – we want to help both commercial and purebred breeders succeed. More and more, producers are seeing the benefits of using Speckle Park genetics - improved carcass quality, feed conversion efficiency, improved fertility are only a few of the attributes Speckle Parks bring to the table. We believe in these cattle and what they can do for the profitability of the industry. There has never been a better opportunity to try on a black and white coat! Our sincerest thanks for your support and welcome to the 2nd Annual Leading Edge Sale.

The Leading Edge Group

FROM THE DESK AT T BAR...

Welcome to the 2nd Annual Leading Edge Speckle Park Bull and Female Sale, April 18th at Saskatoon Livestock Sales located on Highway 14, west of Saskatoon, Saskatchewan. Five operations make up this group of progressive breeders, they offer a top lineup of bulls and a select group of females. The two-year-olds will cover more cows, bigger cows and add a dimension of uniformity to the calves at weaning. The yearling bulls are fresh, new and will be great to run with a package of heifers. The heifer pen is always exciting. . . remember you can never have too many elite females in this breed.

The strength of the Speckle Park breed is growing by leaps and bounds! As a beef breed, Specks have the highest return on investment. The specialized feeder sales have grown in numbers and volume and those commercial producers who had the foresight. . . are now enjoying the dividends. Speckle Park supplies the best carcass to the table, they are excellent converters of forage and protein and most importantly, they have calving ease.

Congratulations to Rob and Janice of INC Cattle Co. This couple have a lot on their plate, but if you want to get something done, give it to someone who is busy. They are movers and shakers in the Speckle Park breed. They exhibited the National Reserve Champion Female and captured the coveted Premier Breeder Award at Agribition.

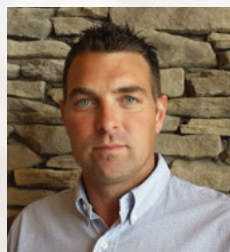

Along with INC, Harv and Fran, Highmark; Glen and Barb, Green Hills; Joe and Gayle, Pura Vida Acres and guest consignor David and Cecilia, Pine Valley Farms, they invite you to stop in at any of their outfits and preview the offering or don't hesitate to give any of these breeders a call to discuss the cattle that will fit into your program.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

PINE VALLEY FARMS

Welcome to the Leading Edge Sale 2020. We have been in the business of raising commercial cattle for a long time and for many that know us you are probably surprised to see us in the purebred business... well it all started when I was in the meat business and we were selling meat to a wholesaler in Montreal and ended up with a load of Speckle Parks. The buyers and chefs in Montreal were so impressed with the quality of the meat and uniformity of the carcasses that I started to do our own taste tests and we have never looked back! The cattle, though on our operation, have to perform just like our commercial cattle, they get no special treatment and they can get the job done. Our motto is Taste the Difference and we stand behind the cattle and the product!

David & Cecilia Fiddler
Pine Valley Farms

--	---

Every bull should be a Pornstar! Seriously though we sold this bull's sire, Pine Valley Pornstar 5C, to Texas when he was a two year old and have regretted it ever since. But Magic Mike resembles his father to a T! Some great female bloodlines in his background as well. His dam carries the genes of the great A & W 15R and with the influence of the legendary Codiak Unique 8R and Codiak Teressa 12T. This bull should be a COW making machine. Here is a chance to own your very own Pornstar!!

Male Percentage: 100% BW: 88 lbs. Mar 17/20 WT: 1405 lbs.
Polled: PP Coat Colour: E^P/E^P Myostatin: Non-Carrier

This CAJA Zeppelin son shows a lot of his sire's characteristics, long and deep he will sire some real performers. His dam comes from a long line of outstanding individuals in the breed, carrying the genetics of River Hill Traffic Jam, Moo Fassa, and the legendary, Codiak Unique GNK 8R.

Male Percentage: 100% BW: 80 lbs. Mar 17/20 WT: 1380 lbs.
Polled: PP Coat Colour: E^D/E^D Myostatin: Non-Carrier

This bull's mama is our best cow. She is thick, maternal, and a dream to handle but most importantly a consistently great producer. His sire Pine Valley Argo by Notta Frontline 303, was a large framed bull that consistently sired fertile females with great udders and calving ease. We used 8F on our own heifers last year and he got the job done, with all of them bred within the first cycle. One to watch!!

Here is another Argo son and he is just the bull you will want for your heifers but with enough power for your cows as well. This bull strides out well and can cover ground. Smoothly built with enough size to sire calves that will perform. Again, some great females in his genetic make-up, he should be a real cow maker.

This Avery Creek Banjo son has a great future as a herd sire. His structure will lend to calving ease, good hair coat and the ability to cover ground. Out of the great Codiak Attitudenous, he will pass on lots of good maternal traits to his daughters. Make sure to give him a look on sale day.

HIGHMARK STOCK FARM

Hi, we are Harv and Fran Fehr, owners of Highmark Stock Farm. We were drawn to Speckle Park cattle as the breed was developed in Saskatchewan with their traits including hardiness, quiet disposition and carcass quality.

We are so proud to be a part of the Speckle Park community and strive to continue developing cattle that will enhance both commercial and purebred herds.

If you are ever in the Hague area, we would love to put on a coffee and talk cattle.

Harv & Fran Fehr

This young bull carries the fine form that his mother puts out to all her offspring. Sadly he'll be the last, as we lost her this winter at 16. On the sire's side, he goes back to some great Redneck breeding. This bull will work great on heifers and will produce great producing females.

GREEN HILLS LIVESTOCK

Welcome to the Second Annual Leading Edge Speckle Park Sale.

My wife Barb and I own and operate Green Hills Livestock, which is located approximately 75 km northwest of Saskatoon in the hills surrounding Redberry Lake.

The focus of our breeding program is to produce functional cattle that will excel for their new owners, no matter the environment. We feel we will accomplish that by breeding for the strengths of the breed - structural soundness, hardiness, longevity, calf vigor and exceptional carcass traits. If you want to learn more about our program please do not hesitate to contact us.

River Hill 5C Farr-Out 827F was one of the high selling bulls at the 2019 Summit 3 Sale. He attracted a lot of attention because of his excellent growth, confirmation, disposition and genetics. Pura Vida Acres and Highmark Speckle Park paired up with Black Diamond Speckle Park in Australia to purchase Farr-Out so we could extend our tradition of having "good friends - sharing great cattle". We are just beginning to see his 2020 calf crop and they are bringing big smiles to our faces. It gives us tremendous pride to make this first public offering of his genetics through the Leading Edge Sale.

North America qualified only.

- 18J - 10 Straws of Semen

Semen is North American qualified, will be available June 1, 2020 and is stored at Custom Genetic Solutions, Mitchell, South Dakota.

An incredible opportunity to acquire the genetics of the two hottest bulls in the United States! INC Assassin 777G is the epitome of style and grace while INC Goliath 747G is the embodiment of power and performance. These southern born bulls were high sellers at the Denver Stock Show and were the talk of the town. At 10 months of age these bulls registered impressive numbers – both had scrotal measurements of 37 cm and each weighed over 900 lbs. These are premier herd sires in the making with fantastic leg structure, length and thickness.

19 3 Packages Consisting of 5 Units of Zeppelin and 5 Units of Six Gun

Semen Super Pack!

SUPER PACKS CONTAINING 5 STRAWS CAJA ZEPPELIN 1B AND 5 INC SIX GUN 428F ON OFFER. THIS FATHER-SON TEAM WILL PUT THEIR STAMP ON YOUR CALVES.

20C - 10 Straws of Semen

Nothing borrowed. Nothing blue. This powerhouse, however, is definitely something new. INC has acquired the rights to another performance bull out of the great Parkvale program in New Zealand. Parkvale Kiwi K1 exemplifies every single characteristic that defines a legendary herd sire. Add muscle, length and frame to your calves with this unique and limited opportunity. Sired by the renowned A & W 15R, Kiwi offers a unique outcross on the bottom.

North American Qualified.

Only 30 straws – 3 packs of 10 - will be on offer for 2020. Semen available June 1, 2020.

NOTES

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold. Buyers are responsible for all costs involved with shipping of semen and embryos.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
