We are very proud of this bull. This has to be one of the best bulls we have raised in the Red Angus industry. He was Reserve Calf Champion Bull at Stockade Round Up in 2018 as well as placing third at Farmfair. We used him on some of our cows last year and so far his calves are looking real good. In 2019, he placed third in his class at Stockade Round Up. We would like to keep semen rights for in herd use only on this bull because we believe he is the real deal. His dad has left a very good impression on his calves. He has had two females sell this past fall. One bringing in \$4,700 and \$4,400 for the other. His sons averaged \$4,200 last spring and were some of the first to leave the pen.

This bull here is out of the Eagle bull I purchased from my dad in 2017. He was a smooth bull and he passed this onto his calves. His mama does not miss a beat as every year she keeps giving us good calves. You can use this bull on heifers or cows and sleep easy knowing the calves are going to hit the ground running.

A Captain Morgan son here. He is out of one of my favorite cows. We showed at Stockade Round Up and Farmfair in 2018 and he finished third in his class at both shows and drew a lot of interest. Captian Morgan has been the best we raised to date. His females are turning out to be great as we sold one last fall to Layne Magnuson for \$5,000 at the Northern Select Sale. This guy will go breed your cows and put the extra punch into them to get your weights up in the fall. You don't want to miss out on him.

A Cruise son you don't want to miss out on. Cruise was a bull we got out of a cow we bought from Timber Wolfe Dispersal Sale. When he hit the ground I knew there was something special about him and I was right, as his calves stood out. Cruise likes throwing bull calves as we only have a few females from him that we sold last fall to Chitticks. This guy will give you easy calving, as we never had to help one of Cruise's calves.

Another easy doing Trouble son here. We purchased his dam from Dennis Ericson of Get-A-Long Stock Farms in 2017. We are very happy to have purchased this great female as she is climbing to the top of the herd quickly. This bull is just built right and can breed your heifers year in year out.

The only Energizer son we have on offer this year. The sire came from a cow we bought at the KBJ Dispersal Sale. He is from the Little Deep bull that sold in that sale for \$4,500. This bull is thick and built like a tank. His mom is not the biggest cow in the herd but when fall comes you can see she puts everything in her calf.

This is an AI calf out of a first time calver. She did a great job raising this bull as she put everything she had into this calf. We purchased this M.A.G.A. semen looking to add calving ease bulls and we got them. Sleep easy at night knowing them heifers can spit them out on their own.

This bull goes back to one of the best cows we have in the herd. She just knows how to raise a calf and she did just that here. Cruise has been the best black bull we have used for calving ease in our own herd. He is the best bull we have in the pen in my eyes. Lots of calving easy with a punch to finish them off as calves in the fall.

WELCOME FROM VERLEYSEN FARMS...

GAIL VERLEYSEN

Greetings and thank you for your interest in the First Annual Not Just Another Bull Sale. Thank you to Gord and Allyson of Royal Rock Angus for the invitation to be a contributor to this sale. I am thrilled to have selected four bulls from the top of the pens to offer in the sale. I am a big believer that purebred cattle must maintain or exceed the same standards of a commercial animal and therefore the purebreds are not managed any differently than the commercials. All animals are bred and fed to last; therefore, the bulls are grown out gently on silage oats and straw. For the first time ever I am offering yearlings for sale along with the two year old bulls. Any bull of mine purchased at the sale that is picked up on sale day will receive \$100 cash rebate. If the bull is returning to the farm the bull must be insured. I look forward to seeing you at the sale or at the farm if you wish to stop in. If you have any questions please feel free to call me at (780) 853-0810.
