80+
COMING TWO YEAR OLD
BULLS

Welcome to our 2020 Bull Sale...

(left to right) Justin, Jessica, Cindy & Robbie Garner, Christina, Henry & Grant Michelson

Jody and Carter

Jonas and Isabelle

Henry and Levi

On behalf of my family welcome to our 25th annual offering. Well, first thing to announce is the addition of our second grandson. Levi William was born January 20 to Christina and Grant. Big brother Henry is pretty excited for the chance to help his Mom and Dad with Levi.

We are excited to present our 2020 line-up. This group of bulls represents our on going efforts to find some of

the very best genetics of each of the breeds we raise, benefit not only our customers programs but raising beef economically and traits that are sound and profitable right to the end process of the carcass value. This is one of the first large groups of sons of our sires Impact, Counselor 5118, Payweight 6458, Tradition and Encore 71C. These bulls were selected not only for their phenotype and pedigree but also important to use as we calve the cowherd in the fields that calving ease and birth weight are an important starting point. We have placed a special interest on the carcass qualities of all of our sires. Ribeye and Red meat yield have always been a top ranking factor when selecting a new herd sire. Saying that, we have infused the high marbling genetics of Payweight 6458 into our Black Angus side with impressive results to date. With our Limousin, we have added the performance of Impact onto our Westmoreland females which held higher marbling traits. For our Red Angus, the infusion of Encore 71C has given a big boost to the performance and muscle shape of our Reds.

As we have been able to select our offering from a large group of bulls, one of the most important starting points was birth weight. We have tried to keep the birth weight for bulls going in the sale around 90 lbs. or less. Yes, we have lots bigger but for this event we have tried to assist the buyer in selecting bulls that should be consistent at calving time on any type of cow herd the bulls enter. Through time selecting for this, see a number of the genetic combinations gain a strong birth to weaning and yearling spread. It is important to get the pounds on for those selling at weaning time.

There is a great selection of specific traits or a combination of traits that we present to you. Whether it be straight up calving ease and low birth, big performance and muscle or top candidates for replacement type females or combinations of all, there are ones to match your requirements.

The cattle industry continues to be strong and we are excited to be a part of it. We thank those who have purchased and supported our program in the past and look forward to working with you in the future.

As in our past sales, for those who cannot take their purchases home at sale time, we will return the bulls to our farm. We have been able to deliver many of the bulls to their new homes when time and availability permits. For purchases that are going longer distances, we will keep the bulls until the necessary arrangements are made.

If you require more information on any of the bulls, please contact us or any of the sales staff, as they will have viewed the bulls at the farm beforehand. The bulls will be available for viewing at the farm or at SLS two days before sale day.

Thank you, Robbie

Welcome to the 25th Anniversary Sale for Nordal Angus and Limousin. For a quarter century the Garner family have been conducting bull sales and providing top quality bulls to progressive cattlemen throughout the country. The 2020 edition will provide you with an opportunity to buy the latest genetics available in the Angus and Limousin breeds. Over 80 two year old bulls, selected from one of Saskatchewan's largest seed stock producers, will be going under the hammer on February 20th. The bulls in this sale offering will showcase the right conformation traits and type that the commercial cattlemen and seed stock producers need to breed for success. Rob Garner works very hard in selecting high profile herd sires, with the latest genetics, promoting calving ease that excel in performance. These two year old bulls are long, deep gutted with natural muscle expression, excellent feet and legs that can get out and move. The Garner family have a passion for the cattle business with experience in all aspects of the cattle production industry, from cow calf, back grounding and right up to finishing. You are buying a bull from a true cattleman who certainly understands the cattle industry. I believe when sourcing a bull from a seed stock producer this experience has tremendous benefits. Congratulations to the Garner family for achieving this milestone sale and their past success in raising registered cattle. I look forward to seeing you on February 20th; you will definitely be impressed.

LIMOUSIN & ANGUS

BULL SALE

Thursday, February 20, 2020 • 1:00 pm

**Saskatoon Livestock Sales, Saskatoon, SK - (5 miles West of Saskatoon on Highway #14)
Sale Offering...**

Limousin:

- 22 Black Polled Limousin
- 7 Red Polled Limousin

Angus Two Year Olds:

- 36 Black Angus
- 29 Red Angus

Sale Day Phone... 306.382.8088

If you are unable to attend on sale day or would like to discuss anything about the bulls, give us a call or talk to any one of our sale staff.

All two-year-old bulls will have passed a satisfactory semen test prior to sale time and are fully guaranteed.

Delivery We will assist with delivery where ever possible. The bulls may be returned to the farm until arrangements can be made. We highly recommend insurance be placed on any bulls returning to the farm.

If we deliver, it will be at our timing to co-ordinate. As we also farm a sizeable amount of grain land, please advise us as to when you begin your breeding so we may schedule an appropriate delivery time.

**Please talk to Rob before sale time
306.946.7946 or 306.836.2035**

Justin Garner	306.946.7955
Jody Garner	306.946.9505
Jonas Short	306.536.4102

Board Nordal will keep the bulls for you until May 1, 2020 or until required; buyer will then be responsible for pickup. Saskatoon Livestock Sales is a major market, therefore trucking can be coordinated to any point across Canada.

- Current weights and scrotal measurements will be available shortly before sale time. Watch our website or call for the listing.

After his historic show career, Impact has settled into his walking herd sire duties here at Nordan. Our original goal with Impact was to compliment the growth and performance of our Westmoreland females. These females had the calving ease built in. With the influence of Impact we are realizing that goal becoming reality. We did not buy Impact as a calving ease bull, although some that purchased semen thought he might be. Simply put, Impact is a big bull. Saying that, we have used him in every area of our cow herd. He has calved great, and when the calves hit the ground they have lots of grow in them. We are impressed with his calves from our Simm X Angus cross females. These calves have the dimension and body to be highly profitable feeder cattle that will yield very well. Impact progeny are sound made, easy to work with and are standouts in the pen. He has begun a new chapter with his success as a breeding sire. In 2019 he sired both Female and Bull Agribition Champions. The greatest achievement being his son, Greenwood Electric Impact, a three time Supreme Champion following in his father's footsteps at Farmfair and Agribition. He has also produced numerous top sellers in his first calf crop including an \$18,000 female at Western Select, the very sale we purchased Impact from.

Accelerator is a black polled son of Unfathomable that we have used extensively as a calving ease sire on heifers and cows. He saw heavy use in 2017 as the Domino bull we purchased came with extremely limited breeding capabilities. Accelerator progeny are born easy with good growth in a moderate frame and lots of muscle development.

COUNSELOR

Upon purchasing Counselor as a top seller in Hinman's 2016 Sale we were very excited to add the influence of his dam, 1575, to our herd. We have used him extensively on our commercial and purebred females. He has calved great with low to moderate birth weights. The calves have grown exceptionally well with a tremendous amount of length. Counselor 5118 has outstanding carcass EPDs and it shows in his sons. Lots of width, depth, and shape, all with big scrotals. 1575 is one of the best Angus females we have viewed. She is also the dam of HA Outside, the sire of Cowboy Up and a junior sire of ours, HA Northside, a full brother to HA Outside. Our largest set of daughters will come into production this year. We had a number producing in 2019 with very well structured udders with ample milk volume. It looks as if Counselor 5118 will also produce a leading set of working females in a very moderate and correct made package. Counselor 5118 is a +2.47 scrotal EPD ranking in the top 1% and with strong red meat yield for carcass weight, top 35%, Ribeye top 20%, Fat top 25%.

Co-owned with Hinman Angus.

Here is a "stop in your tracks" kind of bull. He is as impressive in real life as he is on paper. The Saras Dream 9809 lineage is highly productive and popular. The Saras Dream line has had an astonishing amount of entrants in the National Junior Show in the U.S. plus being influential in many prominent sires. The EXAR Saras Dream 9809 female is one of the breeds high valued producing dams. Saras Dream 21A contains the highly proven Northern Improvement and First Impression lineage. We are excited about the breeding potential of this young sire. We have used two maternal brothers on our purebred females, one being our go to heifer bull. 21F has a strong pedigree to back him up with a well balanced set of numbers. Most of all, is his impressive physical appeal. Sound foot and leg structure. Ranks top 4% scrotal, top 25% ribeye, top 35% carcass weight, top 15% fat. Angus GS tested. Parent verified.

BW: -1.5 WW: 67 YW: 120 MILK: 40 TM: 74 CE: 16.0

I could go on a long time about the virtues of this Payweight 1682 son. We purchased him as a \$33,000 US top seller in the Hinman Angus 2017 Sale. He was part of a very successful flush group. Since coming to Nordal we have used him extensively on heifers and cows, both purebred and commercial. His sire, 1682, is one of the most popular and proven balanced trait sires. 6458's pedigree combines some of the breeds very best cow makers that have proven themselves over many years combining 1682 with In Focus and HA Image Maker. Note 6458 -1.5 BW EPD and high double digit +16.0 calving ease EPD.

First the low birth and calving ease is unmatched for any bull we have used when you couple with the growth and shape of muscle as they mature. His calves are exceptional in their style and correctness, all packaged in a very moderate frame. The one thing that stands out with his progeny is the amount of muscle shape and depth with a heavy hind quarter. 6458 has the ability to add a great deal of thickness, while making them very smooth throughout. One of the things that drew us to him was his high marbling score. He is a very easy bull to maintain and that ease of fleshing shows in all his progeny. One of the 6458's most heritable traits that he transmits is his very calm disposition. He holds a +33 Docility EPD. As we run our cows on swath grazing and stock piled grass in the fall and winter we anticipate his moderate framed daughters to excel on a highly forage based herd. A positive note to add is the very calm disposition he displays. He holds a +33 docility EPD. This is a trait that he strongly passes to all his progeny. Payweight 6458 is a trait leader of 3% or better in 10 important traits. BW 3%, WW 3%, YW 2%, MA 1%, CE 1%, MCE 1%, MARB 3%, Docility 2%, CW 10%.

For those looking to keep a moderate frame, yet big enough with lots of fleshing ability look to this group of Payweight 6458 sons. They have the physical attributes to show why their genetics are breed leading.

Payweight 6458B qualifies as a "Targeting the Brand" sire. Targeting the Brand highlights Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the CAB brand. High marbling, carcass, and beef value are used in the qualifications.

Pay Day 702F will come as one of our feature bulls of the group. He will be easy to find with his massive amount of depth, thickness and muscle mass. His sire does many things right, from calving ease, growth, body mass, but most of all a tremendous disposition, all of this found in 702F. It is easy to see why 6458 has qualified for the Angus "Targeting the Brand". Fleshing ease, marbling ability, and a total package, plus a negative birth EPD and double digit calving ease.

600F is from a first time calver and what a job she has done. A light birth weight and a lot of pounds of growth. Here is a pen favorite. He is a tremendous bull to work around. Stand close to him and admire the amount of volume and muscle he packs. A top choice for heifers, cows or both. Note the birth to yearling spread on his actual and EPD numbers. Curve bender with added maternal value.

Fortune 996F is sired by Hollywood, a past top seller from Lazy MC. Simple to describe this guy in a word is WOW. He is super thick muscled with a deep side and wide base. He displays a proud strong presence. His dam is coming up through the ranks as one of our strongest producers. She displays a perfect udder structure with lots of milk volume. We think this red bull has a very bright future with his pedigree, physical stature and strong performance.

Encore 71C came as a top seller from Blair's '17 Bull Sale. We appreciated his length, correctness and calm disposition. When his calves began arriving, what we most began to realize was their explosive growth and muscle. Encore 71C has become a true performance sire that can add muscle and thickness while maintaining excellent calving ease. His group of sons are impressive with their frame, sound made, and thickness. There is more than one of his sons that are our favorites in the pen. Encore 71C ranks in the top 10% WW and top 10% YW. BW: 79 lbs.

There is something about Fortnight 202F that keeps me coming back to him. His young dam is becoming one of our favorites with her low birth and udder design in a well made body type, plus her cow line "Lana" is one of our lowest birth lines. This ENCORE son is dark in his color, moderate in a sound structured frame with one of the longest stretches from end to end.

Tradition came as a pick from Lazy MC. He has continued from an impressive show career to a highly valued breeding sire. His progeny are typical in their correctness, length, and calm disposition. We have calved a number of daughters and are impressed with their maternal qualities. Tradition produced our top seller in 2019 to MC Quantock. One of the very thickest, heavy muscled Red Angus bulls you will find will be Lot 84, a Tradition son. Look for Tradition sons for calving ease, growth and sound structure.

Kargo 47Z will go down as one of the best bulls we have ever walked. Kargo calves easy and has strong growth, but for us was the added muscle he offered our Red Angus. The bulls have lots of scrotal, the daughters have ample milk with a perfect udder design. A solid group of sons are on offer. His greatest offering is through his daughters that have produced some of our very best in the sale. Look for Kargo 47Z to offer growth, natural thickness and strong maternal values. He ranks top 7% WW and top 5% MCE.

Pacesetter 23F came in dam as the choice from the Anderson Cattle pick from the 2017 Angus Foundation Sale. Simply put, if you want a sire that is full of meat from top to bottom, end to end, here it is. Also to rate him a 10 out of 10 in his quiet, easy going attitude.

The following lots, 90 through 95 are all sired by our low birth, calving ease 6B. His dam was our lowest birth EPD female in the entire herd. As evident in her EPDs, she consistently produces low birth without giving up performance. These sons of 6B are all from two year old dams. They will work as heifer bulls or be able to make calving a lot easier if needed in areas of your cowherd.

Epic 8023B came from the Express Ranches 2019 Spring Sale as one of the top sellers. He is sired by the multi trait leader, EPIC 4631. 8023B can be classified as a true breed outlier. He combines some unique highly rated values. Top 1% WW, Top 1% YW, top 2% MILK, Top 1% TM, Top 25% HPG, RADG top 4%, Top 3% MCE. Where his genetics get more interesting is his combination of ribeye, carcass weight and marbling. REA +0.83 top 2%, CW +72 top 1%, Marbling +0.70 top 10%. When all the beef values are combined he sits with a \$F +114 top 4%, \$B +172 top 10%, \$W +88 top 2%.

He has impressive I50K numbers to match his actual figures: BW 69, WW 868, YW 1554, IMP 6.06, REA 17.2

BW: 78 lbs.

Targeting the Brand...

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand. Only 3 in 10 non-parent Angus bulls meet the Targeting the Brand genetic requirements.

Minimum Genetic Requirements

	<i>Value</i>
Marbling EPD (Marb)	+0.54
Dollar Grid Carcass Index (\$G)	+46.0

For more information on Targeting the Brand™ visit CABcattle.com.

Terms and Conditions...

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding: Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Limousin and Angus Associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance: Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supercede any written material in the catalogue.
