With the world in crisis the importance of beef production is at an all-time high. If you want the best, we have it; efficiency, pounds per day of age and performance. These traits are the most important when it comes to feeding the world.

We are proud of this year's sale offerings, we feel that once again, this program has proven itself and it gets better every year. We don't push our bulls, as you may know from experience, because at this stage of development their long term health is the top priority. The percentage of bulls sold through this sale that have gone on throughout the years and performed, at the top of the breed, for their new owners has been extremely high.

Our attention to detail, gives our buyers the ability to cover all corners of the beef industry from the commercial breeders to national show contenders. This allows the buyers the maximum ability to capitalize on their investment. If you are here, you already know what our program consists of. If you are unsure, please give us a call we will do our best to catch you up to speed on where the breed is and where it's going.

Notta Ranch Speckle Parks, along with our sale partners, Spots 'N Sprouts Speckle Parks and Ravenworth Speckle Parks welcome you to the 2020 Supreme Speckle Park Sale. It is our mission to put together a sale offering that will supply the industry, both commercially and with purebred seed stock. Thank you to all the supporters of this sale past, present and future! Contact us any time with any questions you might have!

## SALE PARTNERS...

The past year has been another rewarding year for Spots 'N Sprouts. We again accepted the challenge to offer a 'Pick of the Herd' in the CWA Sale. Many thanks to Underhill Specs of Guelph, Ontario for purchasing our animal and to all the runner up bidders who put their trust in our breeding program.

Again, this past November, we entered several of our commercial Speckle Park in the S.P. Influence Sale at Northern Livestock Sales in Lloydminster. We were happy to see the numbers were up again this year and the prices stayed strong. Purchase a S.P. bull in the Supreme Sale and you'll be reimbursed by selling his offspring next fall in the Northern Livestock S.P. Influence Sale.

The two-year-old bulls we have entered in this year's sale are the best we have to offer. None have been sold by private treaty before today's sale. They come from several different sires, including a couple of our favorites, Custom Chrome and Cajun.

Once again we wish to thank Notta Ranch for hosting the sale and T Bar C for the excellent job they do of managing it. We wish all the contributors and buyers another good sale day.

— *John and Dale*

Wow, sale time again. We are very excited with the past year with our Speckle Park herd. Ravenworth Invictus 103C sired the Grand Champion Bull and Reserve Champion Female, as well as other division champions at the Lloydminster Stockade Round Up. The phenotype of his progeny is very appealing, as well as the working daughter we have in the herd are doing a fantastic job. Once again we would like to thank all of our buyers, bidders and supports, we truly appreciate the support for our breeding program. This year's offering is very

exciting and special from Ravenworth with great live cattle, frozen genetics and for the first time ever, pick of our heifer calves. Once you have looked over the catalogue give us a call with any questions, we love to talk about cattle, or to come and tour our herd. We are able to offer every assistance for you to participate in the sale via online bidding, or on the phone. Once again we would like to thank Jason and Sarah for hosting this event and our sale partners John and Dale.

— *Ravenworth Cattle Speckle Park*

\*We reserve the right to draw semen on any of our bulls in this sale for on farm use at the new owner's convenience and our expense.

## FROM THE DESK AT T BAR...

Welcome to the 2020 edition of the Supreme Speckle Park Bull and Female Sale hosted by Jason and Sara Goodfellow, April 17th, on the hill at Notta Ranch, Neilburg, Saskatchewan. This sale is one of the highlight events of the breed each year.

To say the breed is growing and gaining popularity would be an understatement, as registry continues to grow in Canada and the United States. International breeders have been strong customers for purchasing Speckle Park cattle, embryos and semen. Domestically the breed has grown two-fold. The number of Speckle Park feeder calf sales has doubled in both numbers and size, while feeders and packers have adapted to the breed and the value of its marbling and carcass qualities.

Jason Goodfellow is a "spark plug" ... as one of the first in the breed, he has traveled, promoted, and supported all segments of Speckle Park. Congratulations on breeding and owning the Canadian National Champion at Canadian Western Agribition. Showing cattle has become commonplace for the Goodfellows and they have garnered many awards for their efforts.

John Herbert grandfathers the sale. John and Dale run Spots 'N Sprouts Speckle Parks, one of the largest Speckle Park herds in the breed since its beginning. Each year, they offer a powerful group of two-year-old bulls, bulls that will cover more cows, more ground and put uniformity into a calf crop.

Garry and Donna Berting, Ravenworth Cattle are celebrating their 11th year in the breed. They run Black Angus in addition to their Speckles which has proven very successful for their outfit. At the Canadian National Show, Ravenworth exhibited Reserve Senior Champion Female and captured the coveted Get of Sire Award with the get of Ravenworth Invictus 103C. Their eye for cattle reflects the quality of their consignment.

The heifers offered are selected from the replacements and are difficult to part with. The yearling bulls are exciting and will fit most programs. We must also remember that a herd bull is fifty percent of your herd, you can ill afford to purchase a substandard sire...your calves will lack performance, but where you will lose it most, is in your replacement females.

Plan to be with us for another day of Speckle Park history. Stop by any of the farms to preview the offering or give Jason, John or Garry a call to discuss the offering and how they can work for you.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

It's always a good feeling when you have the knowledge to put combinations together that work. This cow has the ability to make a genetic impact on the breed's percentage of keepers vs. culls! We have used the Joey bull enough to know this combination has that works effect! These are guaranteed to be all coloured calves!

Obsession was in our show string last fall and did a fantastic job. He is extremely wide based like his sire, carrying that width right from his hooks to his stifle and legs. We appreciate this bull for his overall muscle shape, his great neck extension and width.

Stetson was in our show string last fall with his dam, Ravenworth Lightning Lady 120C, as our mature pair. They were Reserve Senior Female at Agribition. This bull offers a lot of stretch, coming from his MGS Ravenworth Navigator 15Z. With super length of body, wide top and great performance this bull attracted a lot of attention at the shows.

Without a doubt this is our favorite cow in our herd. She has all of the traits we look for in a female. Sired by Ravenworth Kleos 3Y, our foundation bull, we always love the females he makes, and the bulls – sire of Invictus as well. Her show record was amazing. She was Champion Yearling Heifer at Agribition, Breed Champion in the First Lady Classic at Agribition as a bred heifer and she was Grand Champion Female at the Stockade Round-Up as a mature cow in 2017. We have calves on the ground from this mating and love the style. The bred heifer in our show string last year was this exact mating, Ravenworth Northern Star 127F. Ravenworth Northern Star 117A is a solid foundation type cow who will produce females to build on. We are offering three embryos, the rest will be going into our program.

For the first time at auction we are offering the opportunity to flush one of our females. Here is Ravenworth Northern Star 120E. She was in our show string last fall with her calf at side and was Reserve Senior Female at the Lloydminster Stockade Round-Up. She is a full sibling to Invictus and has many of the same traits. Her body type, overall make up and structure are bang on. She has a picture perfect udder and raised a fantastic first calf.

**\*Buyer supplies semen and pays all associated costs of transporting of cow and all costs associated with flushing.**

**This is for one flush, up to 8 embryos – anything over 8 embryos will be split 50/50.**

**CONSIGNED BY: RAVENWORTH CATTLE**

# *Birth Weight & Calving Ease*

**University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:**

1. The birth weight itself influences calving ease by 65%.
2. The female has 60-70% influence on birth weight of her calf.
3. The bull has 30-40% influence on birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of cow influence calving ease.

Most commercial producers do not take birth weights. Guessing is as inaccurate as driving with a broken speedometer - what's thought to be 55 mph may in fact be 65 or 70 mph and what's thought to be 70-80 lbs. may be 80-90 lbs.

Remember, everything is relevant. Increased growth, frame and performance will increase BW. A longer-bodied calf will weigh more. If a calf is expected to have genetics for growth, it will display this prior to birth as well as after. As a rule of thumb, it takes a calf weighing 85 lbs. at birth to finish at 1200-1250 lbs. A cow should easily give birth to a calf weighing 8% of her own body weight. Thus, a 1200 lb. cow should give birth to a 96 lb. calf with ease.

**Continued selection for light birth weights will ultimately reduce the mature sizes and performance of your cattle.**

## TERMS & CONDITIONS...

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATIONS:

Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
