21ST ANNUAL BULL SALE

Sunday, March 7, 2021 • 1:00 PM

AT THE FARM NEAR ESTEVAN, SK

Welcome

to the 2021 edition of the Annual R Plus Bull Sale

2020 proved to be a challenging year for many but hasn't slowed us down at R Plus. We are proud to be back for our 21st year and to still be the brand of consistency and confidence. This year's offering is solid from top to bottom and we are confident that they will add value to your program.

Since 1992 and more since 2000 we have been able to influence and adapt our cow herd of 550 through the use of carcass data, intense genetic research, EPD profiles and visual appraisal to create a balanced animal which is exemplary to the industry.

We strongly believe that our customers are number one at R Plus. Our goal through new genetics, strength and positioning is that we develop animals that will produce profit for you and your operation.

Lucille and myself are grateful for everyone who has been with us over the past 21 years. We have developed strong relationships with clients, created some amazing memories and continue to appreciate everyone who has helped us achieve success each and every year.

We look forward to seeing you on the 7th of March.

Sincerely,

Marlin and Lucille LeBlanc

From the desk at *T Bar...*

Welcome to the 2021 edition of R-Plus Simmental Bull Sale, Sunday March 7 at the farm, Estevan, Saskatchewan. In past decades, R Plus have been suppliers of high-quality Simmental sires and have been a main herd bull source for the Simmental breed. The strength of the program is based on a powerful, predictable cowherd where “not one cow, but many” have contributed to the production of great breeder bulls.

The 2021 lineup is the strongest, most uniform group ever offered. Ideal in optimal frame size, filled with performance, hair, testicle and muscle, carrying bred-in calving ease and high maternal values. Selected from a base of over five hundred and fifty breeding females and run by a small labour pool, these bulls are bred to be efficient, problem free and profit earning for their new homes. The cow herd is run on hard native grass in a ranch style setting therefore soundness and natural performance growth is basic in the R Plus program.

As you go through the sixty-five yearlings, you will find many exciting opportunities to acquire your next sire or sires, red or black. They combine quality and predictable trait leading numbers for performance and carcass values. The thirty-four red and black coming twos are saved and programed for this sale. They are younger born, will cover more cows and are suitable for all types of terrain.

Their female opportunity is always totally unique as R Plus rarely sells females. Consider the opportunity to acquire a donor female and your next herd bull... all in one bid!

Feel free to visit the farm any time prior the sale and preview the offering where you can have a look at their mothers... or give Marlin a call to discuss the bulls which will fulfill your breeding needs.

Sunday March 7 is a trip you should be making if you are serious about breeding quality stock.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

Bull Development:

The bulls were weaned by September 20, coming off native grass pastures with no creep. Bulls are on a chelated mineral, full vaccination and health program. Their development begins with a TMR ration of ground hay, corn based pellets and water. Mid November corn silage is introduced into the ration and the bulls remain on this total balanced ration until delivery to your ranch. The TMR (total mixed ration) means that every bite the bull takes is the same as the last, ensuring no overloading as other feeding programs may allow. The bulls are not creep fed nor full fed, they are developed.

Delivery:

Free delivery to your gate at a mutual convenience.

Sight Unseen Program:

We offer a site unseen program for buyers who are unable to attend the sale. We have an excellent and very qualified sales staff. We invite you to call anyone of them or myself. All Sight Unseen Purchases are 100% Guaranteed!

Reproduction Evaluation:

All bulls will be semen tested and breeding evaluated by Carmen Langevin of Flying C Vet Clinic.

We purchased Sochi with Sunberry Valley Ranch in Alberta from the Schweitzer Simmentals Dispersal sale. We noticed the powerful set of females that Schweitzers had built with Sochi. Superior calving ease with high performance and excellent maternal strengths with an API in the top 5% of the breed. After witnessing our first calf crop we decided to breed the black heifers to Sochi for 2021 calving. Excellent results and no supported births to date.

R PLUS PHILOSOPHY...

The breeding of Simmental cattle has been a passion and dream of ours since the 70's. We made a move in 1991 to change our Simmental cattle into a moderate framed animal that survived well in our climate. The solid colored red and black cattle fit the bill: the performance and fertility of the Simmental cattle could not be compromised, so we began looking for genetics that would support our beliefs.

Present day, our beliefs haven't changed and we believe the cattle back this up.

We are raising cattle that survive and breed in short native grass pastures, with hay being their main ration; cattle that have fertility bred into them, as most of our bulls will be under a year of age at sale time and will have passed a fertility test and scrotal measurement that in the past has averaged around 38 cm. Hair coats are very important to us. Straight heavy haired cattle tend to be easier doing, happier cattle at R Plus. As we live in a short grass area, we have to have cows with large spring of rib. We believe that the rib eye measurement indicates this to us. Structure and conformation have to be closely monitored in our program as a large area of pastures are located in heavy rock conditions. Our cattle must have the ability to walk in these conditions.

As our operation is usually a two man show, the cow's ability to have a calf, that calf's vigor and the mothering ability of the cow are all things that are very important to us.

We do not believe that overfeeding bulls and females is necessary. Longevity is something that is needed in all cattle and overfeeding only helps to shorten their life span and affects their fertility. Our rations are developed to grow and allow cattle to mature at an optimal rate without causing any complications to that animal.

We have bred Simmental Cattle for over four decades, solid red and black colored cattle for over three decades. The multi generation of the red and black genetics will make your calf crop predictable in color. By using these solid colored genetics we have eliminated sunburnt udders, weak eyed cattle and created a trouble free animal.

R PLUS TWO YEAR OLDS

This is our fourth set of two year olds that we have on offer. As our cow numbers increased and facilities wouldn't allow us to calve them all in a shortened season, we made the decision to keep a set of later born bulls. By adding the two-year-old program we allow our younger calves to grow and mature to their genetic potential and be offered as a long age bull. This is an exclusive program at R Plus. These bulls are selected as calves and remain on the ranch until their second year, they are not culls nor have they been passed or previously marketed.

If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.
