From the desk at T Bar...

March 12, 2022 marks the 36th year that the Brown family have staged Canada's largest one iron Angus production sale. With longstanding Angus heritage behind it, the LLB name is one that carries its weight over every facet of the livestock industry. Known for producing Angus cattle of the utmost quality, and at such a large volume, the reputation of LLB precedes itself. And that reputation does not only describe the cattle produced, the people of LLB are a pleasure to deal with on any kind of terms. All of us involved at T Bar C are honored to endorse this family run operation.

The female offering is a mainstay feature in the Spring sale run, with this year including 100 girls to select from. In all my years of attending this sale, I truly can not recall a pen of females offered like this from LLB. One contributing factor to that powerful statement is the ever-popular General daughters on offer. This curve bending sire has surpassed all expectations placed upon his progeny. Stout. Good looking. Numbers. Everything an astute cattlemen could desire. The other sire groups on offer in this pen are sure to impress, including progeny of Demand, Chester, and Thumper to name a few. Ensure you make a point to come and study this pen over, it is certainly a way to progress any program forward.

The 36th Anniversary's bull offering is as deep as ever, with yet again the General sons leading the way. This pen includes many heifer bull options, as well as the LLB trademarked performance-oriented bulls. The two year old bulls are built to cover more cows, and are ready to take on big pastures. What consistently impresses me most about the two year old offering is their temperament, they are larger in stature and easy to handle.

The T Bar team is extremely knowledgeable about the sale cattle on offer, and would happily assist you in any way in your road to obtaining an LLB tattoo, do not hesitate to call or text at any time. There is no way to stress enough how superb the Brown family are to deal with, and they can not be thanked enough for the support they give year after year to multiple sales across Canada. We invite you to experience the world class sale facility and hospitality that the LLB family is known for, it is certainly worth seeing.

For the Brown and T Bar crews,

Ben Wright

We are extremely proud of General progeny, the largest sire group we have ever offered in one sale. Progeny of and service to General were the high sellers in our December female sale, his semen recently sold for \$325 per straw. We purchased the Canadian semen rights to General in the 2019 Mohnen Angus Sale in South Dakota where he fetched \$90,000. His epd numbers are industry top 1% for weaning/yearling weights, scrotal and docility; his calving ease, milk and carcass trait numbers are well about breed average with plenty of accuracy. The lead off Lot 1 to 13 heifers and lead off yearling bulls Lot 101 to 119 are exciting progeny of General.

3 G Thunderbird 14D was chosen as the top selling two year old bull at the 2018 Hamilton Farms Sale for his calving ease and top 1% weaning, yearling, top 2% scrotal and strong maternal epds. LLB Thunderbird 555B was a \$15,000 top seller from our 2015 sale when purchased by Chico Ranches and 3"G" Ventures, his dam LLB Black Angel 7255 produced to fourteen with a weaning index of 108. A significant group of yearling bulls are sons of Thunderbird 14D and sell as Lot 175 to 187 yearlings and Lot 229 and 230 two year olds. His daughters are the very impressive Lot 78 to 90 yearling heifers.

OSU Blue Chip 4230 was the Senior Calf Division Champion and one of the top selling bulls from the 2016 NWSS at Denver, his son LLB Blue Chip 287E has ably carried on those winning genetics. Blue Chip 287E, like his sire, produces daughters that are among our most deep bodied, most feminine females, one is in the top 4 weaning weights in this offering. Paternal siblings to 287E include a \$30,000 top selling heifer and a maternal brother was a \$13,000 top selling yearling bull. In this offering a Blue Chip daughter is the Lot 65 yearling heifer. Sons and grandsons are the equally impressive Lot 122 yearling bull and Lots 223 to 228 two year old bulls.

Rivercrest No Doubt CSP 9F was a \$29,000 top selling bull from the 2019 Spady Sale, he was one of the most talked about young herd sires in Canada that season. His progeny is proving that interest was warranted, two of the top 10 weaning weight bulls last fall were No Doubt 9F sons. There are three ELITE DAMS in his tabulation – 1145A, 74S and 35P. The Lot 52 to Lot 54 yearling heifers are daughters of No Doubt 9F and his yearling sons are the standout Lot 123 to 128 yearling bulls and Lot 238 and 239 two year old bulls.

Foxhole was the \$18,000 top seller from the 2018 Angus Collection Sale. His sire as an established increased weaning and yearling weight epds. The dam of Foxhole has been a very successful donor female at Greenwood producing daughters sold for \$17,500 and \$16,000 and a son serving at Collins Angus. The Lot 57 heifer is a Foxhole daughter, and his sons are Lot 134 and Lot 135.

Peak Dot Eliminator 765Z was selected from the 2013 Peak Dot Spring Bull Sale. His sire was a popular \$95,000 outcross sire from SAV. Eliminator 765Z progeny display lots of thickness and length of body, in fact his sons have recorded top weaning weights the past seven falls, many have been some of our top selling individuals. The Lot 215 to Lot 219 two-year-old bulls are his sons. Eliminator 765Z daughters and his granddaughters have produced some of the top individuals in this sale offering.

CAA ELITE COW Criteria

- The cow must be enrolled in the Canadian Angus Performance Program.
- The cow must have a calf with a 205-day weight recorded within the past 18 months.
- The cow must have her first calf within 1000 days of her date of birth.
- The cow must maintain a regular calving interval calving within 395 days consecutively.
- The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105.
- The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio.

CAA ELITE COW Criteria

- The cow must be enrolled in the Canadian Angus Performance Program.
- The cow must have a calf with a 205-day weight recorded within the past 18 months.
- The cow must have her first calf within 1000 days of her date of birth.
- The cow must maintain a regular calving interval calving within 395 days consecutively.
- The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105.
- The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio.
