# CRAIG ANGUS

On behalf of Craig Angus welcome to the 27th Top Cut Bull Sale.

Our purebred herd is managed just like our commercial cows. The herd bulls for both herds are turned out July 1 for 60 days and any female that is open or has not produced to my expectation is culled regardless of what their name might be on the registration paper. Grass and winter feed supplies are much too valuable to be wasted on cows that are not producing. Our sale bulls are grown out responsibly with their longevity in mind. The first winter they are fed with our steer calves then go to grass the first part of May until they come home in October where they are wintered in a 20 acre field until sale day. At no point during their development are they ever "pushed".

All bulls will be semen tested by Creekside Veterinary Service and have received their first two shots of the footrot vaccine and will just need their booster shot before turn out.

If you have any questions feel free to call or better yet stop in and have a look at the bulls.

Please consider this your invitation to join us on March 22.

Best regards,  
Jason & Tanya Craig  
Jim & Shirley Craig

# FORBES ANGUS

Welcome to the 27th edition of the Top Cut Bull Sale. I would like to thank our customers over these many years. Your support and interest in our program is truly appreciated. I look forward to discussing your herd bull needs and how our bulls could work for you.

My offering this year is ranch ready two year old's. My bulls are raised to be athletic, adaptable and durable. Raised in large pasture, there condition will be solid, natural, and functional. There have been no bulls sold off the top. They are the result of several rounds of culling.

Please Note:

- I run a Vet consulted herd health program.
- My goal is to sell functional, healthy, progressive bulls.
- Any bulls returning to the ranch, I ask they are insured and you are able to accommodate them at the earliest convenience.
- The bulls can be viewed prior to the sale or for best viewing the full day previous to the sale at the stock yards.

If you have any questions please get in contact with me.

Colin Forbes

SIRE - BURNETT COMPLETE 21C

21C was the lead off bull in Burnett's 2016 sale. Outstanding eye appeal and temperament, always attracts attention in the field. A moderate bull with tremendously good structure. I am very excited to see the impact of this well muscled, easy calving, and easy keeping herd sire for years to come. He is "Complete"; the front pasture kind.

SIRE - WIWA CREEK LEAD CHANGE 85'14

Lead Change continue's to be a well balanced bull. His stretch, muscle development, and performance make his offspring standout on grass or in the feed pen. Style, working temperament, and feed conversion to pay weight make his progeny the "Rancher kind".

64A was a Sire with depth, spring of rib and ability to maintain condition. He was a predictable calving ease sire for the cow herd. This bull is producing some outstanding females for the replacement pen. Eye appeal and temperament are bonus with this guys offspring.

# BEAR CREEK ANGUS

Directions to ranch: 4 miles south of Piapot and 1½ miles west

The past two years have been hard on the feed supply but these tougher years just further instill in us that Black Angus cattle are the ones that can get us through the tough years.

There are many tools at one's disposal in selecting your next breeding genetics: performance data, EPD's, genetic testing, carcass data, but for myself nothing beats the process of culling. In a world of efficiency, I focus on cattle that will walk soundly the duration of their lives, milk and breed without any maintenance. This leads to fewer cull cows, requiring fewer heifer calves retained, maximizing calf production.

When the structure, udder quality, and fertility is taken care of: I breed for length of body, eye appealing angus character, including an angus head which promotes calving ease, and naturally developing muscle definition. I don't expect my bulls to develop on a duck's breakfast (a drink of water and a look around) but they should muscle up and carry weight with a moderate amount of feed intake.

Beef cattle have been compared to pork and poultry, but one aspect will always vary, our environment. It changes what type of cattle work where and on what inputs. Our cattle are raised on ranch conditions and developed slowly to ensure longevity. We solely make our living raising cattle, commercial and purebred, and our cattle work for us because we need them to. And I believe they can work for you too.

Visits before the sale to view the bulls, cows, and herdsires are very welcome. Our website has pictures of the cows and herdsires. If you have any questions please contact us at:

REF - MERIT STONEY CREEK 4023

We had high hopes when we purchased 'Stoney', and he's exceeded all of them. His heifers are flat out amazing, the bull calves are the most consistent that we've raised. If you're looking for thick, hairy cattle to add spring of rib, and stick some meat on while doing it with moderate birth weights then Stoney sons are the bulls you need. It is amazing how these bulls weigh up with their thickness and length. They are angus cattle through and through.

LOT 55 - BEAR CREEK STONEY 796E

This bull really comes together exemplifying length and thickness while maintaining eye appeal and remaining fault free. He strides out, he's quiet, there's really nothing to not appreciate about him. His mother has been a steady producer, recently earning Elite Damn status in 2018. If you're searching for a herdsire, you need to check this guy out.

LOT 58 - BEAR CREEK STONEY 44E

I've always really liked this bull. A little more moderate in his frame than his brothers, but does he resonate with style. His mother is a good-footed, beautiful consensus daughter that's been designated as an Elite Dam. She's from our 56R cow that has raised us 12 calves and is still in herd. Her grand dam, 56N raised us 11 calves. There's longevity, functionality, and in the end profit behind the Lavender Lady cow family. It's really hard to go wrong with a bull like this at the end of the day.

This Stoney comes from an excellent 26T daughter that we unfortunately lost. He fits the mold of his brothers and should perform well.

SIRE - EASTONDALE JACKSON 63'15

Jackson is impressive. Starting with large, good feet, legs as correct as they come and natural thickness with an attractive angus head. His bulls are sure to please, they check all the boxes, but even more so do his heifers; they are incredibly consistent with a stamp to them. Aside from that, he's an outcross pedigree that does not sacrifice quality in any shape or form. Right now, Jackson and Stoney are our flagship herdsires and I'm very excited to get the Jackson daughter's milking.

LOT 63 - BEAR CREEK JACKSON 74E

One of the feature Jackson sons. This bull really does it well: thick, masculine, long - strided. His mother has raised two excellent bulls back to back, except last year's bull became permanently injured before the sale. I really think this guy has a lot to offer anyone.

LOT 65 - BEAR CREEK JACKSON 188E

Another Jackson son, does he ever stamp them. I can't say enough about how these bulls exemplify angus character with solid correct foundation in their foot and leg structure. A maternal brother went to the 76 Grazing Coop. His mother has proven to be consistent with a third yearling son in the pen for next year, that's one of the best of the pen.

I liked this bull so much I had to retain him as a two-year old. He's got an extra rib, comes from a proven cow family. He doesn't have papers, but he does not sacrifice quality in any way.

REF - EASTONDALE 6A WINDY 03'15

Windy has really proven his value here. He calves incredibly easy and with low stress the calf is up and nursing quickly making a trouble free calving season. So far we haven't had to help one of Windy's calves. Beyond that they grow well, weaning with excellent weights and continuing to grow well. Windy himself is impressive with a strong foot and moves as well as any bull I've seen.

Here's one of the last Main Event bulls for sale. They've done well for us, we have many daughters and they're excellent cows. This bull comes from one of oldest commercial cow families.

# HAWKEYE RANCHING COMPANY LTD.

Welcome once again to this years edition of the sale. We would like to thank the fellow contributors for once again allowing us to be part of this sale.

Our consignments this year are probably the deepest set of bulls that we have raised to date. Buy with confidence as we develop them with their futures in mind. We pail feed them a bull developer grain ration and free choice grass hay. The grain is fed at about 1.1% of their body weight, which is actually less than the suggested amount. By doing this we are confident that they will go out to their new homes and get the job done. As always we stand behind our products and look forward to answering any of your questions. Feel free to stop in any time before the sale to appraise them at your convenience.

Leif, Melissa, Emma, Kolt & Manni Brost

One of the most popular and sought-after herd sires of the breed. His calves really impress me with their depth and easy doing ability. They are also very docile. He is out of the legendary 4136 cow that has produced \$9.5 million in progeny sales with Renown being one of the best. If you are serious about the beef business have a look at these sons.

This bulls mom just doesn't miss. All of her calves have been top end bulls for the sale. Her first calf went to Watsons and this guys full brother was one of my personal favourites last year selling to the Baders in Hilda. His dam and 110F's dam are sisters out of one of our donor cows. Kolt and Manni don't want us to sell him as he is their favorite, they pet him every time we feed him.

Big power bull out of a big power cow. His dam is a sister to our feature Regard calves from the sale last year that were so popular. We have used two brothers in our own commercial herd. Sold embryos out of his grand dam to the UK this fall as well.

LOT 85 - HE 3439 RENOWN 26F

We have been really happy with the calves that Renown has given us. This guy is another good one out of a Tiger daughter that goes back to the famed Lady Blossom cow family.

LOT 86 - HE 3439 RENOWN 110F

Might be the sleeper of the sale. He was well on his way until we lost his mother in June. He spent the rest of the summer stealing milk off the other cows but still came home with a respectable weight. His dam was a really solid Tiger daughter with tremendous feet and udder. This bulls mom and 37F's mom are sisters. We flushed his grand dam because we like her daughters so much.

REF - S A V SENSATION 5615

The 650,000 high selling bull of the entire angus breed in 2016. He delivers calving ease with outstanding phenotype and his daughters have the look to be outstanding females. This should come as no surprise as he is out of the legendary 4136 cow who has produced \$9.5 million worth of progeny sales. His sire's dam is also the second top producing dam in the SAV program with \$3.7 million of direct progeny sales. Needless to say his pedigree is absolutely stacked!!!

S A V BLACKCAP 4136 - THE DAM OF \$9.5 MILLION OF PROGENY SALES. SONS INCLUDE SENSATION, RENOWN, RESOURCE ; JUST TO NAME A FEW.

DBRL IM HEDY 56U - DAM OF LOTS 88 TO 92

HE 125C MATERNAL SISTER TO LOT 88 TO 92

QUANTIFIED - MATERNAL BROTHER TO LOTS 88 TO 92

**FIVE FULL FLUSH BROTHERS**

**LOT 88 - HE 5615 SENSATION 113F**

Featuring five flush brothers out of our 56U donor cow. This is a well-balanced deep bull. Expect moderate birth with good growth with his calves. His daughters should be outstanding as well.

Big hairy growth bull out of a first calver. Even though he was born unassisted out of a first calver and out of Chinook we recommend him to be used on cows as his grand dam wasn't low enough birth weight to totally trust him on heifers. Goes back to the 1T donor cow.

This guy should add some stretch to your calves. Out of a good producing 2 year old daughter of our Brooking bull that was one of the longest bulls I have ever seen.

# COMMERCIAL HEIFERS

**2 Half Circle Ranch Ltd.**

**20 black open heifers**

Mike & Sabrina Paul  
Tompkins, SK  
res: 306-622-2276  
cell: 306-672-7705

From the top of his pen. They had 8-Way & Ivomec this fall

---

---

---

---

**Dot Bar Dot Ranch Ltd.**

**5 F1 black brockle open heifers**

Dustin & Janell Grant  
Fox Valley, SK  
res: 306-662-8570

Full pre-breeding vaccination. Breeding for top problem free low maintenance commercial cattle with lots of longevity. No expense has been spared for herd bulls.

---

**Craig Todd**

**5 black open heifers**

Tompkins, Sk  
cell: 306-672-7112

---

**Over Under Cattle Co. Ltd.**

**10 black open heifers**

Monty & Pamela Stokke  
Maple Creek, SK  
res: 306-661-8348

Right off the top. They are April-May Calves. Breeding for low maintenance, problem free cattle.

---

---

**Perrin Ranching 1990 Ltd.**

**10 black open heifers**

Reg & Coy Shellenberg  
Beechy, SK  
res: 306-859-7554

We have been buying Bear Creek Angus Bulls for a number of years now. We are very happy with the quality and consistency of the calves that they are producing. Heifers are vaccinated under the Express Verified Program. We have selected these heifers out of our first cut of replacement heifers that we weaned in the fall of 2018. They should make a great addition for top end herd replacement females. Thanks for the opportunity to sell at the Top Cut Bull Sale.

---

---

**Craig Angus**

**20 Black open heifers**

Jason & Tanya Craig  
Jim & Shirley Craig  
Tompkins, SK

Full herd health program, right off the top of the replacement pen.

## NOTES

---

---

---

---

---

---

---

---

**TERMS OF SALE:** The terms of the sale are cash or cheque, made payable in Canadian funds immediately after the sale. The right of ownership shall not pass from seller to buyer until settlement is made. As soon as the animal is sold it becomes the responsibility of the purchaser.

**BREEDING GUARANTEE:** All cattle are sound and sell with a responsible breeder guarantee of satisfaction. In the event any bull 14 months of age or over fails to prove a breeder after being used on cows known to be breeders, within six months of the sale date, may be returned to the seller at the buyers expense. The seller reserves the privilege of trying to prove that animal a breeder. Full settlement and satisfaction of all claims is the option of the seller (whether return of the purchase price or replacement of the animal with one of equal value.) Any animal returned must be free of disease and in good health.

**CATTLE INSPECTION:** All carry permanent identity tags corresponding to the sale lot numbers. All shall be available for inspection prior to the sale.

**ANNOUNCEMENTS:** All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any announcements.

**DISPUTES:** In the case of disputes bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The Auctioneer's decision in such matters is final.

**LIABILITIES:** All people who attend the sale do so at their own risk. The owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or any accidents that may occur on or about the premises.

**CERTIFICATE OF REGISTRY:** A certificate of registry duly transferred will be Furnished to the buyer by the breeder for each registered animal after settlement has been made.
