We are very excited about our front cover. It is a drawing Austen did for the Canadian Junior Angus Association fundraising auction at the Showdown in Lindsay, Ontario. The technique he used is called "reverse light" in which he grates graphite onto a blank page to create the black or darkness. With an eraser he draws or removes the "black" to release the "light" and create the image. It is amazing to watch him create these pictures.

Welcome to our 10th annual bull and female sale. As we reflect on a decade of hosting this sale and are so appreciative to our repeat buyers, friends and family that have helped grow this sale into what it is now.

This year will feature the new genetics of Red Blairswest Power Up 1B who was the Grand Champion Senior Bull at Manitoba Ag Ex in 2016 and competed in the RBC Beef Supreme. We also have a set of powerful red two year olds sired by Red U2 Magnum 227C. The offering is deep in quality and variety and includes many of the our popular sire groups from last year, including bulls sired by WRPA Legacy 314A and PA Fortitude 2500 and an impressive set of heifer bulls sired by four Pacesetter bulls. We have put a lot of faith in the Pacesetter line and the daughters in production have justified this decision.

This year the bulls were fed a balanced TMR growing ration of hay, corn silage, barley, 32% supplement and Blair's Performax mineral. The bulls are very athletic and have been wintered in large paddocks to ensure they get plenty of exercise. They will go straight to work and walk your pastures with ease. All of the cattle are familiar with both horses and dogs. We work with the bulls daily and we value the good dispositions in our breeding lines.

We exhibited at Yorkton Harvest Showdown, Canadian Red Round Up, Manitoba Ag Ex and Agribition. We were happy to see the cattle were competitive and hope you agree. We would use any of the bulls offered for sale in our program. Our cow herd has been built on large sire groups and you will find lots of consistency in these females. We select for structure and are very critical of udder development. Longevity is essential to a profitable herd.

Austen and Katie are both employed as teachers in the local school division and are involved in the operation on a daily basis. Breanna made a career transition this year and joined the Blair's Family of Companies as an Ag Business Specialist in Animal Nutrition. We value her knowledge on a daily basis and she has been a tremendous help in formulating our rations. We believe the cows have to work for a living, just like the rest of us. They came home from pasture in the end of October to bale grazing before grazing corn.

We can't thank our family and neighbors enough for all their extra help. A special thanks to Larry Burton, Ron Stanely, Leah Graham, Beth Black and Lynne Fullerton for keeping us going; you are part of our program in so many ways.

T Bar is once again managing the sale. We have complete confidence they will assist you with your requests. You are welcome to stop by the farm any time prior to the sale to view the cattle. If we can help you select your next herd sire or females, please don't hesitate to call. Hope to see you March 26th!

Sincerely,

**Bruce, Ione & Breanna
Austen & Katie Anderson**

FROM THE DESK AT T BAR...

Welcome to the 10th anniversary of Anderson Cattle Co. Bull and Female Sale at the ranch, Swan River, Manitoba on March 26th. The multi-generation breeding operation is steeped in history for producing high quality sires for the purebred and commercial sectors. In 2018, as a special bonus, Anderson Cattle Co. was selected as Manitoba's Purebred Breeder of the Year!

In 2019 they offer a strong and powerful group of 60 bulls suited for any type of operation, purebred and commercial; big and small. The two-year-old bulls are stout...grass run all summer on a big pasture, then brought in, in the early fall and put on a high roughage diet to maintain soundness and longevity. These money-makers will cover more cows and will be suited for any type of terrain, what a way to get your cows bred with new, fresh genetics. The yearling sector comes from the early calving cows, high in fertility and maternal values.

Although the group of bulls are full of performance, they carry a high degree of maternal traits insuring that the female calves will be great replacements for any or all programs. Yes, Swan River is a little north, but this group of prospective sires will be well worth the trip. Black or Red, you will not go wrong!

If we at, T Bar C, may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

Tonnes of performance, 78 lb. birth weight to 938 adjusted weaning weight. Bruce's pick of the pen, Red ACC Pacesetter 3F has been leading the pack in performance and now weights 1575 lbs. He is in the top 1% for maternal, 3% for weaning weight, 5% for yearling weight and 6% for milk, pretty darn good for 33D's first calf. We showed this tank at Agribition and he made a lot of friends there.

Triple star rated calving ease on this TC Aberdeen 759 son. We have raised a lot of Aberdeen bulls and they were always popular with buyers, easy fleshing, moderate and with highly maternal females that wouldn't keep you up at night calving. You'll notice that several times in this book a dam such as ACC Tibbie 79C will have two natural calves on offer in the same year. We think that's a testament to the consistency and dependability of our cow herd.

61 COMMERCIAL REPLACEMENT HEIFERS

Grant Macleod will once again be consigning 10 top cut open Angus heifers to this year's sale. His consignment last year was highly sought after by buyers from across Manitoba. Grant has been investing heavily in our program and purchased the second high selling yearling last year. He sees the value in selecting top grade genetics and takes pride in the impressive herd that he has built over the past decade. We will also be consigning ten commercial heifers from our replacement pen. These will be straight Angus heifers that exemplify the traits we desire in our registered females.

CANADIAN ANGUS RANCHER ENDORSED
Tag Program

The Canadian Angus Rancher Endorsed program is the largest branded tag program in the world.

For 15 years, Angus tags visually and electronically identify cattle that are guaranteed Angus.

Animals bearing the tag are a minimum of 50% Angus genetics as they have one registered Angus parent.

Angus branded beef programs source Angus tagged cattle through Canadian Angus Rancher Endorsed.

Angus tags are CCI approved.

The Van Daele Award

EPDS - EXPECTED PROGENY DIFFERENCE

The expected difference in performance of a bulls progeny when compared to the average progeny performance of all bulls evaluated. EPD's cannot be compared cross breed.

CE: CALVING EASE - percentage of unassisted births with the more positive number indicating greater calving ease.

BW: BIRTH WEIGHT - the birth weight of a bulls progeny when compared to the breed average, in pounds.

WW: WEANING WEIGHT - the adjusted weaning weight of a bulls progeny when compared to the breed average, in pounds

YW: YEARLING WEIGHT - the adjusted yearling weight of a bulls progeny when compared to the breed average, in pounds

MILK - a measure of amount of pre weaning performance gained by calves which can be attributed to the milking ability of a bull's daughters. The EPD is expressed in pounds of calf

TM: TOTAL MATERNAL - each of these terms measures a sires ability to transmit milk production and growth rate though his daughters. It predicts the weaning weight of a sire's daughter's calves. It is equal to the milk EPD plus 1/2 of this weaning weight EPD.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

PHONE, MAIL & WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supercede any written material in the catalogue.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers as well as Canadian Cattle Identification Tags.

HEALTH: The bulls offered for the sale have been vaccinated in June and October with Bovi Shield Gold and Ultrabac. All bulls were treated for external and internal parasites and **will receive the initial dose of Fusoguard (foot rot vaccine).**

DELIVERY: Please speak to us about arranging delivery or deduct \$50 from the purchase price, if you take your bull home sale day. Any bulls remaining at the farm must be insured and after May 1, 2019 will be kept at a cost of \$3/day.
