

DIAMOND RANCH

8th
ANNUAL
BULL
SALE

FEBRUARY 10, 2019 ♦ 1:30 PM ♦ ESTEVAN, SK

WELCOME FROM DIAMOND M

Welcome to our Eighth Annual Bull Sale on February 10, 2019. I would like to thank all of the people that have expressed an interest in our program and the repeat customers over the years that have purchased bulls and heifers. Your confidence and support is very much appreciated. Our year here was to say the least, challenging. Our spring was great for calving and seeding, but then we had a devastating hail storm on June 14. That storm hit 28 quarters of hay, pasture and all of our crop land. After that storm, I thought we were going to have to sell the cows because we were going to have no feed. The pea crop never recovered. The hay, corn, durum and oats all recovered amazing. We were able to get enough feed to go back to bale and corn grazing this year. So far this winter, we haven't received much snow and the temperature has been fairly mild.

DIAMOND **M** RANCH

**Jordan, Amber, Sasha,
Sierra & Wyatt Mantei**

PO Box 87, Estevan, SK S4A 2A2

Ph: (306) 634-2971

Jordan's Cell: (306) 421-1915
diamondmranch@sasktel.net

The bull offering has never been better quality or more uniform from top to bottom. Come look and we know you will be impressed. We are incredibly proud of our bulls and hope you will take the time to go through the catalogue. We have some new sire groups represented in both the red and black groups. There are also some great red and black 1/2 cross and 3/4 cross bulls that will add that extra hybrid vigour to your calf crop. I am truly committed to raising these two year old bulls because they are fully mature and won't melt away. The customer gets true value for every dollar spent on a bull and also many years of service out of that bull purchase.

These coming two year old bulls will benefit you, the customer, the most. These bulls are bigger, stouter and will breed circles around any yearling bull. Simply put, these bulls will breed more cows easily, stay in great shape during breeding and will take care of themselves if put in multi-bull pastures. All of these herd sire prospects are virgin bulls, which will be semen tested and guaranteed.

Here at Diamond M Ranch, we want to sell you a bull but more importantly, we want to sell you the right bull. So please give us a call, as we would be happy to help make the right selection for your herd. Then when you do find the right bull, you can rest assured that we will be there to back up that sale 100%.

If time permits, come and view the bulls and sires at the ranch, 1.5 miles west of Estevan on Highway 39. If you cannot make it to the sale, I or the staff at T Bar C: Chris Poley, Shane Michelson and Ben Wright can help you with an order or evaluation.

Mark Shologan will be in charge of Internet bidding through DLMS. A video of each bull will be available for viewing on the dlms.ca and www.buyagro.com websites in late January.

We would love to have the opportunity to be your hosts on February 10th. Come on out for some good food, good conversation, and a great opportunity to genetically advance your herd.

Sincerely,

Jordan, Amber, Sasha, Sierra & Wyatt Mantei

FROM THE DESK AT T BAR

Welcome to the 8th Annual Diamond M Bull sale! This progressive farming operation has again stepped up and presented you a fantastic set of two year old bulls. Slowly developed through two winters and grazed on native pasture has really built in the natural muscle and longevity into these bulls

One of the main reasons a seedstock operation will be successful is their choice of herdsires, come breeding season. Jordan and Amber have been very aggressive when it comes to purchasing herdbulls and don't let off when the opportunity arises. You'll notice many 1/2 and 3/4 brothers in the offering that will add so much consistency to your calf crop. A great mixture of red and black bulls with multiple baldies throughout; finding a one iron Simmental bull sale that offers only two year old bulls is hard to find. A ton of effort and time has been put forth to these bulls and with the young family around this ranch, you can rest assure on their dispositions. Also note with over 500 mother cows here at Diamond M, you can rest assure of an extreme culling rate to narrow it down to the best quality possible.

Jordan, Amber and family are true agriculture people. They raise good cattle on a solid foundation that has been in their family name for decades. So please join us in the heated sale barn on February 10, 2019, just west of Estevan right on the main highway. If you have any questions, please don't hesitate to call any of us at T Bar C.

TERMS & CONDITIONS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

Sire of Lot 1

The Vegas bull was one of the high selling bulls at Lewis' in 2015 at \$86,000. Vegas adds lots of depth of body and thickness to his progeny. The calves have lots of style and eye appeal. On the female side they are all keepers.

Sire of Lots 8 - 10

Terminator was the high selling bull at \$102,000 in Wheatland's 2013 bull sale. We had the great fortune to acquire the walking rights on this true standout herd sire. Terminator sure puts his stamp on his offspring. He makes them stout, with a ton of muscle expression, in a very complete eye appealing package. What is equally impressive is his low birth weights when used in the heifer pen.

Sire of Lots 11 - 13

This guy is just what we look for when we buy bulls: length, depth, tremendous muscle shape, lots of good straight hair, and structurally sound. He is one complete bull with strong dams in his background. 466B has brought length, power, and spring of rib to his calves.

466B

Sire of Lots 35 - 42

Wheatland Nitro 64X was the high selling bull at \$25,000 in 2011. We purchased him for his outcross pedigree on top and his elite dam Lady 351N on the bottom side. She is a beautifully made female that has produced some of the most powerful herd sires in the Simmental industry. Nitro has been used in the heifer pen with great success. His daughters are very powerful and have excellent udders.

BACKGROUND DEVELOPMENT OF BULLS

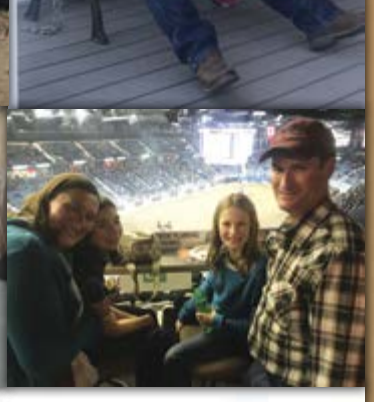

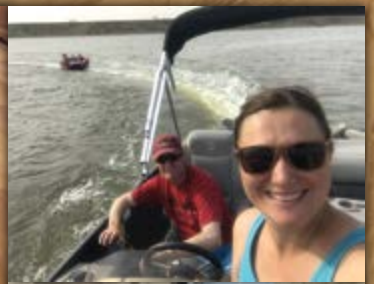

All of the bulls come as virgin bulls ready to go breed cows for you. The bulls are developed in large pens to promote exercise and give them lots of room to get away when fights occur. The bulls go through four culling phases before they ever reach the sale catalogue. They are culled once in the fall at weaning. Second time is when they go to grass as yearlings in May. Third time is when they come off of grass in September. Fourth and final time is in January before we make the sale catalogue. This process assures that you are buying quality two year old bulls that are developed slowly and will last a long time for their new owner.

HEALTH PROGRAM OF BULLS

As bull calves they are given Bovi-Shield Gold One Shot and Ultra Choice 8 (Blackleg) at turn out in May and again at weaning in November. The following spring turn out to summer grass as yearlings, the bulls are given the same vaccination shots for the third time. All of the bulls received Ivermectin pour on in November.

NUTRITIONAL PROGRAM OF BULLS

The bulls are fed a TMR (total mixed ration) which includes chopped hay, corn silage, brown oats and 2:1 breeder mineral package. All of the ingredients in the ration are harvested on our own land to ensure a quality feed mix. This is the first year we are using corn silage and it has been a great addition to the ration.
