

R-PLUS SIMMENTALS

19TH
ANNUAL
BULL SALE

Sunday, March 3, 2019 • 1:00 PM

AT THE FARM NEAR ESTEVAN, SK

WELCOME TO OUR 2019 EDITION OF THE ANNUAL R PLUS BULL SALE

Marlin LeBlanc

We would like to take this opportunity to invite you to our 19th Annual Bull and Female sale on March 3, 2019.

Our goal is to raise cattle that make our customers larger profits. We will achieve that by offering bulls that are sound, fed for longevity, calving ease and giving you added performance of our Simmental Bulls.

By keeping our customer at the center of everything we do, building confidence in our strength and positioning and innovating to create new genetics, we are on track to set ourselves apart from the competition in the beef industry.

We are positive about the beef industry, we work everyday to raise a better bull. We are one of the few operations that sell very few females. We believe that you have to retain them in your herd to improve your bull pen. This years' offering was selected from 500 plus calves, so our culling has been done.

We run an extensive AI program. In 2018 we serviced well over 500 females on natural heats.

We are excited to show you our offering at anytime, if you can't make it presale, we welcome you to view the bulls the day before the sale as they are displayed in smaller groups to make your selection easier.

Come join us at R Plus for a Prime Rib Lunch before the sale, good livestock discussion and viewing.

We are very happy to continue on with T Bar C once again. They are very knowledgeable of our offering, and of our program.

Thank you

Sincerely Marlin and Lucille LeBlanc

Carcass Data, Scrotal Measurements and Weights will be available at the sale and on the website at www.buyagro.com the third week of February.

THANK YOU TO DENNIS ERICKSON...

We would like to take this opportunity to thank our good friend, Dennis Erickson, for his years of service as ringman and consultant at our sale. Dennis has been with us from the start. I grew up in this business watching Dennis entertain at the sales with his ring service, offer his knowledge and opinions while judging shows, or those one on one visits we had where if I didn't learn something, I wasn't paying attention.

We will certainly miss our invoices for service written on a napkin, two years late.

Dennis, take care and don't be a stranger, thank you very much for your service and friendship, you are appreciated more than you'll ever know.

FROM THE DESK AT T-BAR...

Welcome to the 19th Annual R Plus Simmental Bull Sale, at the ranch, not far from Estevan, Saskatchewan. The first Sunday in March has become a tradition for the LeBlanc family; pioneers in the breed, dating back to the seventies. R Plus Simmentals have been consistent producers of high standard bulls that have gone on to add value to programs, both commercial and purebred alike.

The one hundred bulls offered in 2019 are powerful and exciting; rugged, deep bodied and stout with lots of hair and testicles suitable for all types of breeding programs. Whether you require yearlings, two year olds or both, these red, black and blaze faced bulls will fill the bill!

Selected from nearly five hundred calves, these prospects have run on native grass with no creep feed supplement, they are weaned in mid September and developed on a high roughage diet to ensure soundness and fertility. You are getting "All Bull" with "No Bull"!

As change occurs in life, so it does in the livestock industry; never in history has that need for top quality bulls with predictable sires become as important as it is now. That, coupled with the powerful and predictable R Plus cow herd will give progeny from your R Plus sires an extra value added component in your steer calves and replacement pasture. When you add the R Plus wintering program and delivery to your gate, marking down Sunday, March 3rd on your calendar is a no-brainer. It's well worth the trip to Estevan.

Don't hesitate to stop by the ranch prior the sale, preview the bulls and see their mother's or give Marlin a call with your breeding needs and the bulls he recommends for your program.

If we at T Bar C may be of assistance, feel free to give Ben, Shane or myself a call; we will be pleased to give you our professional advice.

CHRIS POLEY

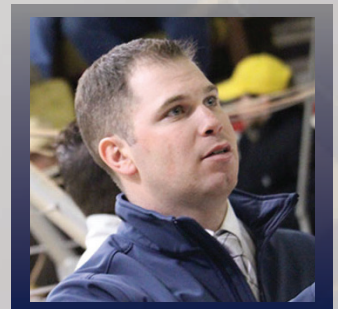

Box 2330, Warman, Saskatchewan S0K 4S0

Photography

Special thanks to Chad Wilson for taking our bull pictures.

Bull Development:

For 2018, the bulls were weaned by September 20, coming off native grass pastures with no creep. Bulls are on a chelated mineral, full vaccination and health program. Their development begins with a TMR ration of ground hay, corn based pellets and water. Mid November corn silage is introduced into the ration and the bulls remain on this total balanced ration until delivery to your ranch. The TMR (total mixed ration) means that every bite the bull takes is the same as the last, ensuring no overloading as other feeding programs may allow. The bulls are not creep fed nor full fed, they are developed.

Delivery: Free delivery to your gate at a mutual convenience.

Sight Unseen Program: We offer a site unseen program for buyers who are unable to attend the sale. We have an excellent and very qualified sales staff. We invite you to call anyone of them or myself. All Sight Unseen Purchases are 100% Guaranteed!

Reproduction Evaluation: All bulls will be semen tested and breeding evaluated by Carmen Langevin of Flying C Vet Clinic.

Hotel Accommodation

Days Inn 1-800-DAYS INN
1305 - 9th St. Estevan, SK

Livestock Insurance

Alameda Agencies Ltd. - Bonnie Thompson
306-489-2258 Cell: 306-483-7311

We ask that you insure your bull after the sale, as injuries can happen. Bonnie will be on hand to help you with your insurance needs.

WIN A \$2,000 SALE CREDIT

Purchase a bull from any current Sask member, and when the registration paper is transferred your name is entered to win a \$2,000.00 sale credit! The draw will be made at the SSA's Annual General Meeting in July. The lucky winner will have 1 year to use the credit at any public auction or private sale on bulls or females purchased from any current SSA member.

Edge is a bull we raised and sold in our 2006 sale to Westway and Lewis Farms. He has definitely influenced our program more than any other bull we have ever raised or seen in the breed. He is certainly influencing the Simmental breed through his sons and daughters that are working in several herds. The thing about Edge is he makes his calves better in consistency, kind and type. Throw aways are few and far between.

Reload sold in our 2013 sale to Westway Farms as our high seller. American rights sold to Springer Simmentals/Gun Simmentals/Denning Farms of Iowa. R Plus retained semen on Reload, and we are very excited that we did. A Reload pen of five won the 2015 National Western Stock Show. During the 2016 sale season, Reload daughters were high sellers at most female sales averaging \$10,000 plus.

THE AI TEAM, DALLAS AND 7 YEAR OLD ARIZONA.

R PLUS PHILOSOPHY...

The breeding of Simmental cattle has been a passion and dream of ours since the 70's. We made a move in 1991 to change our Simmental cattle into a moderate framed animal that survived well in our climate. The solid colored red and black cattle fit the bill: the performance and fertility of the Simmental cattle could not be compromised, so we began looking for genetics that would support our beliefs.

Present day, our beliefs haven't changed and we believe the cattle back this up.

We are raising cattle that survive and breed in short native grass pastures, with hay being their main ration; cattle that have fertility bred into them, as most of our bulls will be under a year of age at sale time and will have passed a fertility test and scrotal measurement that in the past has averaged around 38 cm. Hair coats are very important to us. Straight heavy haired cattle tend to be easier doing, happier cattle at R Plus. As we live in a short grass area, we have to have cows with large spring of rib. We believe that the rib eye measurement indicates this to us. Structure and conformation have to be closely monitored in our program as a large area of pastures are located in heavy rock conditions. Our cattle must have the ability to walk in these conditions.

As our operation is usually a two man show, the cow's ability to have a calf, that calf's vigor and the mothering ability of the cow are all things that are very important to us.

We do not believe that overfeeding bulls and females is necessary. Longevity is something that is needed in all cattle and overfeeding only helps to shorten their life span and affects their fertility. Our rations are developed to grow and allow cattle to mature at an optimal rate without causing any complications to that animal.

We have bred Simmental Cattle for over 4 decades, Solid Red and Black Colored cattle for over 3 decades. The multi generation of the red and black genetics will make your calf crop predictable in color. By using these solid colored genetics we have eliminated sun burnt udders, weak eyed cattle and created a trouble free animal.

R PLUS RELOAD 2006Z

Sold to Westway Farms, Springer Simmentals, Gunn Simmentals, Denning Simmentals (US semen rights). 2013 high selling Hard Rock son, first calves to arrive soon. Sired several high selling females in the 2017 sale run.

R PLUS ROCK HARD 145X

Sold to Perkin Land and Cattle, Tyler Lynn's Simmentals. His story has just begun, last year's top seller was a Hard Rock and many of last year's females were sired by Hard Rock. It was the 2012 high seller, several of the top bulls out of our sale are of Hard Rock mothers.

R PLUS KING OF THE YUKON

Sold to Springer Simmentals, Iowa. His legacy is still being written at this great herd. Sired many top bulls and sought after females.

R PLUS REDGE 8018U

Sold to Westway Farms. Top red son of Edge, continually sires the top selling bulls at Westway and R Plus.

R PLUS MCSTEAMY 8028U

Sold to Kenner Simmentals. Another Black Edge son that has done amazing things.

R PLUS BLACKOUT

Sold to Tri R Simmentals. The great female maker and also the sire of Yukon.

R PLUS BLACK EDGE 5028R

Sold to Westway Farms. Could be one of the most influential black Simmental bulls ever.

R PLUS PRAIRIE FIRE

Sold to Kopp Farms. His legacy, a number of top sellers at Kopp's recent dispersal.

R PLUS 2035Z

Sold to Highway 5 Simmentals, Canora, SK in our 2013 sale.

R PLUS 3197A

Sold to Traxinger Simmentals, Claremont, South Dakota in our 2014 sale.

R PLUS KEYSTONE 3011A

Sold to Kunkel Simmentals, New Salem, North Dakota in our 2014 sale.

R PLUS VENOM 4006B

Sold in 2015 sale to Circle G Simmentals, Lacombe, AB & Spring Creek Colony, Walsh, AB.

R PLUS HITMAN 4194B

Sold in 2015 sale to SIBL Simmentals, Cherhill, AB. Great Reload 2006Z son.

R PLUS 5015C

Sold in 2016 sale to Bonchuk Farms, Rocky Meadow Simmentals & JP Cattle.

R PLUS HAMMERTIME 5051C

Sold in 2016 sale to Porter Ranches & Soderglen Farms.

R PLUS 6200D

High selling red bull from 2017 sale to LaBatte Simmentals and Circle 7.

R PLUS 6103D

High selling black bull from 2017 sale to SIBL Simmentals and CRM Ranches.

R PLUS SWAYZE

High selling bull from our 2018 sale to W2 and Bohrsen Marketing.

R PLUS SIMMENTALS MISSION STATEMENT

Dedicated and loyal to the cattle industry, we believe in people, principals and performance. Building trust and credibility is an important part of building relationships, thus trust was and is rewarded with a positive working relationship with you and we thank you for this. Throughout the cattle industry, our paths will cross time and again, we look forward to this and thank you in advance for the experience.

R PLUS TWO YEAR OLDS

We have been retaining a set of younger born calves to offer up as coming two year olds.

This is our 4th offering. They are managed on a higher roughage ration through the winter, then turned out on native pasture until October. They then return to the ranch are placed on a high roughage ration again.

As our facilities do not allow us to calve the amount of cows in a shorten season, we purposely extend our calving season. The genetics are the same as our yearling bulls. By doing this we allow the younger age bull calves to mature without having pressure to breed at a year of age. The bulls in our two year old sale are selected for this program as calves. They remain there until sale day.

**HIGH SELLING BRED HEIFER 2019 COBRA EVENT,
VENOM DAUGHTER TO SPRINGER SIMMENTALS, IOWA
AND YARDLEY FARMS, BEAVER, UTAH**

LOT 96

SPECIAL FEATURE

We are offering you a chance to purchase a Pick of our 2017 Heifers with her 2019 calf at side. We feel this is a very rare and unique opportunity for any cattle breeder to influence their program.

Many of the past purchases have entered into their elite donor programs. We are very proud of this fact and wish them continued success and thank them for their confidence in our breeding program. At R Plus we offer very few opportunities to purchase R Plus females other than this opportunity. The pairs will be available for you to view prior to the sale.

2018 - KT RANCHES, KELOWNA, BC
2017 - RISK N HOPE, CRAIK, SK
2016 - RISK N HOPE, CRAIK, SK
2015 - SIBL SIMMENTALS, BARRHEAD, AB
2014 - LABATTE SIMMENTALS, GLADMAR, SK
2013 - BAR SK, LLOYDMINSTER, SK

EXAMPLES OF R+ FEMALES . . .

R+ have established themselves as one of the leading Ultrasound Carcass Evaluation Programs in the Simmental Breed. Not only do they evaluate their own bulls for their customers but they also use carcass evaluation as a selection tool for securing new headline herd sires. Following the R+ example not only helps out R+ but we believe that your program will improve as well. Remember the R+ Brand of Confidence.

What is Ultrasound?

Ultrasound has become an everyday use of “frequencies” to detect those things that we can not normally see with our naked eye. Example: (Medical World – it is used for a host of functions from detecting bodily problems to detecting the sex of a young couple’s first new born). In the outside world it is used to detect cracks or possible structural flaws in all types of equipment from bridges to engines. In beef cattle it is used to detect three major components of a live animals carcass composition; that being muscle (meat), fat thickness and IMF (Intra Muscular Fat or Marbling). As well, it is quite commonly used to detect the sex of embryos being carried with an amazingly high degree of accuracy.

When is it used?

For any meaningful information, it is best done during some relative time period similar to what slaughter ages are to be. The CUP system adjusts the carcass information to one year of age (similar to adjusted yearling weights). This then gives us at least a simple level playing field for making choices or decisions within common groups.

How are the Measurements Expressed?

Rib Fat – either in inches .3 inches or in mm’s 8 mm

AREA – usually in square inches

IMF or MB – as a % of that area (eg. 4.2 = 4.2%)

RP = Retail Product – is a % of a saleable carcass

Why ultrasound or better yet should we pay attention to this information?

Within the seedstock industry it seems like a distant or vague result that holds little real value, but in the commercial cattle world this tool of using ultrasound has become a well documented practice that when used has resulted in a clean, positive, decision making management choice resulting in extra profits of \$30 per head and higher. The ultrasound carcass evaluation when used a short time (7 – 10 days) prior to slaughter simply allowed the seller to market on a grid system or not at an optimal time. (This live pre-sort has resulted in an 80% - 95% degree of accuracy following slaughter. The pre-slaughter carcass data corresponded to slaughter data with measuring IMF and Fat to this degree of accuracy). As well reportedly we find major players in the North American slaughter industry securing software programs to in fact use this technology for a much more economic decision on their front. “Apparently the information is not as vague as we may believe.”

What is good or what is bad?

None of the figures or information is bad – the information should help us identify which animals or groups are superior for different traits, ie. the high IMF bulls could be sources to use on Continental cows who may well have lower IMF tendencies, or large AREA bulls or sire groups could be used on low yield, easy fleshing British cows whose IMF genetic makeup could already be abundant. Remember Retail Product (RP) takes a combination of this information into account. So is there a right answer?? Not at all, but there certainly is an advantage to you the buyer using this information if the bulls or sires are identified.

The first thing producers want to know about ultrasound is: How accurate is it? The answer to the question depends on who does the actual scanning of the animals and who interprets the images. Ultrasound data on these bulls was collected and analyzed by a technician that is certified by AUP and CUP. This means that the technician has met the standards set by many breed associations. The accuracy, although not perfect, is high enough that bulls selected based on ultrasound result in positive genetic change in progeny carcass traits. Heritability for carcass traits are moderate to high, which is slightly higher than birth weights, weaning weights and yearling weights.

IMF (Inter Muscular Fat or Marbling)

IMF is the best indication that we have to tell us what kind of eating experience we will have when eating beef. Extensive research shows that average AAA and above marbling produces the most satisfied consumers. As marbling increases so does the juiciness, flavorfulness and the tenderness. This may not always be true but for the most part AAA marbling produces more satisfied customers than does A or AA marbling carcasses.

Back Fat (BF mm)

Fat depth influences lean meat yield. Fat bulls have less lean meat/ muscle in the carcass. The fat measurement also gives an indication of the bulls fleshing ability. Calves from a bull with very little fat may finish too slowly in the feedlot. Body condition score (fat depth) in females is related to their ability to reach puberty at an early age, produce milk, rebreed and maintain a short calving interval. On the other hand, bulls carrying excessive fat may suffer reduced fertility.

Adjusted Ribeye Area (AREA in2)

The AREA is the largest muscle in the body at birth so AREA gives an indication of overall carcass muscling (measured in inches) and adjusted to one year of age.

RP (Retail Product/Cutability/% LMY)

RP is the percentage lean meat yield in the carcass. Yield grade is an important factor in both Canada and the US. Producing calves with a high genetic potential for this trait can be an important objective of a breeding program. Back fat will reduce yield by 7 to 8 times what REA will increase yield.

Summary

Like all traits we should avoid the extremes. Moderation is the key. As producers we need to evaluate our own females and then decide what kind of progeny we want to produce and this should dictate what kind of sire we want to purchase.

**Carcass Data, done by Rod Wendorff,
Windy Ridge Ultrasounding and will be
available after February 20.**

TERMS AND CONDITIONS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

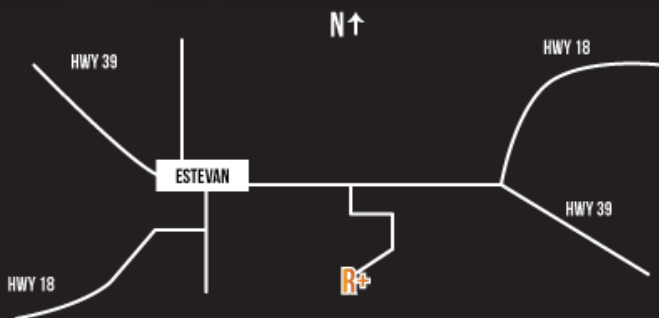

THANK YOU

**RETURN UNDELIVERABLE
CANADIAN ADDRESSES TO:**
