www.summit3sale.com

Welcome

Welcome to the 9th annual Summit 3 Speckle Park Sale. This sale represents 3 highly accomplished Speckle Park programs. All three of these programs had tremendous success this past fall coming home with several banners from all the major shows. All three breeders are leaders in the production of domestic and exportable genetics.

We are honoured by the strong interest in this sale. The demand for Speckle Park cattle continues to increase as beef producers realize the high-quality carcass and minimal input that is this breeds trademark. Their value is being recognized by branded beef programs all over the world. Speckle-influence steers are being sought by feeders for their profitability when marketed on premium quality grids.

As always, the sale will be held at Codiak Acres, 10 miles east of Edmonton. As well, we will be using video sale format. Please join us early on Saturday, March 30, to get a good look through the offering and enjoy some hospitality featuring Speckle Park beef.

If you are unable to join us, please login to view & bid at www.dlms.ca

Sincerely,
THE SUMMIT 3 SALE GROUP

His dam was a moderate framed female, with a beautiful udder, backed by a powerful cow family. With a moderate birthweight and high weaning weight, this bull shows excellent growth. Aside from being extremely stylish, Fletcher was an easy pick for the show string as he's very quiet and well mannered.

Mr. Perfect has been a standout in our Bull Pen since he was purchased as a calf. He has grown to be a phenomenal bull that we are more impressed by every day. He is the total package, Power, Style and Performance. He moves very well on his feet and is a very easy doing bull. He proves himself through his offspring. Not only was Mr. Perfect Grand Champion Bull at Canadian Western Agribition, his offspring was the calf at side on the Grand Champion Female Pair at CWA. This is an exclusive offer of semen on this proven sire.

INTERPRETING *Genomic* TEST RESULTS

THE SPECKLE PARK BREED offers enormous value to the beef industry in terms of enhancing carcass quality through their inherent ability to develop intramuscular fat, also known as marbling. Quantum Genetix is a genetic testing company from Saskatoon, Saskatchewan, that offers several performance-trait genomic tests, including PMCH, igf2, and CrH4 (see below).

The members of the Summit 3 Sale group are committed to providing buyers with as much pertinent information as possible, in order to assist you with making the best acquisitions for your program. To this end, you will see that all the bulls have a genotype included for each of these three genes.

Certainly, we encourage you to use this information as simply another tool in the arsenal; **herdsire selection should always be a balanced, multi-trait, wholistic endeavour.**

If you've any questions, please feel free to ask or take a look at Quantum's website, <http://genetix.quantumgenetix.com>.

PMCH is a gene test that defines alleles as A or T. When compared to TT genotypes, AA genotypes will have an increased fat deposition, with results of increased tenderness, marbling, and 12th-rib backfat.

igf2 test results will show cattle with alleles to be either C or T (note that these are not the same alleles as those of the PMCH test). Cattle with the igf2 genotype of CC have larger ribeyes than TT genotypes.

crH4 test results will show cattle with alleles to be either G or C. GG-genotype cattle are able to handle stress better, resulting in increased hot carcass weight and increased ribeye size as compared to CC-genotype cattle.

DIRECTIONS

CODIAK ACRES, ARDROSSAN AB

10 miles east of Edmonton

Directions From Highway 16: turn north on Rge. Rd. 214.

Travel 3/4 mile, farm is on left.

PARKING

As farm yard space is very limited, ALL parking will be in the marked lot south of Codiak Acres. Shuttles will run back and forth.

GENETIC TESTING

INTERESTED IN TEST RESULTS ON HERD SIRES? Many of the sires represented by offspring in this catalogue have been tested for a variety of genetic markers. Please contact any of the owners to request results for homozygous polled, red carrier, Myostatin, Leptin, PMCH, igf2, or chH4.

TERMS The terms of the sale are cash or cheque payable sale day in Canadian Dollars, March 30, 2019. All settlements must be made with the sale clerk before the animals will be released, unless there has been an agreement made between the seller and purchaser prior to the sale.

DISPUTES In case of disputes the bidding will be reopened between the parties. If there are no further bids, the buyer will be the person the auctioneer accepted the last bid from. The auctioneer's decision in such matters will be final.

INSURANCE Each animal becomes the risk of the purchaser at the time of sale. If the animals are not taken home by the new owner sale day, arrangements must be made with the seller on March 30, 2019 for delivery. Animals returning to the seller's farm must be insured.

U.S. BUYERS All live animals that sell are guaranteed exportable to the U.S. Export costs are the responsibility of the purchaser. The rate of exchange will be announced sale day from the block.

HEALTH GUARANTEES All bulls and females are guaranteed breeders and in good breeding condition. All bulls are semen tested & guaranteed to be breeders. Each animal becomes the responsibility of the purchaser as soon as sold. All bulls must be insured.

DELIVERY We are pleased to deliver cattle free of charge within 250 miles, further at cost. Anyone taking advantage of the free trucking must insure their bulls. Free board is offered until May 1, 2019, and at a cost of \$5/day thereafter.

IN-HERD SEMEN Summit 3 consignors reserve the right to draw semen for in-herd use - at their expense and at the buyer's convenience - on any bull in the sale.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for accidents that occur. **Please DO NOT enter the pens of bulls with children.**

ANNOUNCEMENTS All announcements made from the auctioneer's stand take priority over printed or catalogued material.
