Welcome to the 2025 Spring Sale.

It is our pleasure to welcome you to the Annual Peak Dot Ranch Spring Bull Sale. Thank you for making our program your program. Our emphasis has always been committed to producing bulls that keep the commercial cowman on the top side of the market. We are proud to be a family owned cattle ranch operating from the same location for 4 generations.

The bulls are penned and sorted by sire group with many groups of half, three-quarter and full brothers. There are several herd bull candidates in each group and we welcome your visit anytime prior to the sale. They sell in volume so they will be affordable in everyone's price range. All bulls are semen tested and checked for soundness and ready to go to work. Over 75 percent of the bulls selling are calving ease bulls with superior performance that will work well on heifers. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we strive to accomplish.

We offer the best cull bull incentive program you can find anywhere. We are going to help you get the most out of those old, broken down, worn out bulls. See the next page for details.

This year we are again offering 30 open replacement heifers sourced from long time Peak Dot customer Hillcrest Enterprises. These heifers are 100% Peak Dot influenced commercial open heifers with decades of selection and are developed to make long-term producers who deliver profit. They all sired by Musgrave Colossal a proven female producer that stamps them with body depth, balance, femininity and maternal presence. Be sure to check them out.

We hope to see you all at the sale and if anyone cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fourth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

Follow us on Facebook and Instagram for Sale updates, bull videos and more.

Sale starts at 1:00 p.m. C.S.T. Sharp!

Crossfeild Agencies  
Camille Scott: 403-369-1791

### Cull Bull Incentive Program

We offer the best cull bull incentive program you will find anywhere. We are going to help you get the most out of those old broken, down worn out bulls.  
Why take a chance on bunch of open cows this fall when you can replace them with fresh strong new bulls. All you have to do is email us prior to the bull sale or bring a copy of your bill of sale from the auction market after selling your cull bulls and you will receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

# We offer the following Services ...

**We will pay 4% of your Comprehensive Insurance.**

**Free Delivery 500 miles or \$100 Pick up Discount.**

**Semen Tested and Ready for Immediate Service.**

## **Sight Unseen Purchase Plan:**

We would like you to attend the sale, but if you cannot, you can have Carson personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Carson gladly will assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.

Carson Moneo (306)266-4414

## **Genetic Information** **ANGUS<sup>GS</sup>**

All registered lots in the sale have had the genomic Angus GS test, and EPDs listed reflect the Gene Seek analysis. The test will increase the predictability of economically important traits. With the genomic test you will have more accurate higher accuracy EPDs than conventional EPDs.

**Cull Bull Program:** Receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

**Sale Bull Videos:** Videos available at [www.peakdotranch.com](http://www.peakdotranch.com)

**Online Bidding:** Sale will be broadcast live. Watch and bid on DLMS.

For purchases going beyond the 500 miles we will help coordinate delivery to get the cattle to you as economically as we can.

## **Did you know you can finance bull Purchases with FCC?**

When you finance livestock through FCC, you have the flexibility to Customize your financing – your way. Apply now to get pre-approved so you can head to the Peak Dot sale with confidence knowing you already have the financing in your back pocket. Call 1-888-332-3301 or your local Office to get started.

# GLOSSARY OF SALE INFORMATION

## EPD ABBREVIATIONS:

EPDs are a powerful tool that is available for making genetic progress. EPDs incorporate the performance of the individual along with the performance of all its relatives.

**CE:** Calving ease - the higher number predicts more calving ease.

**BW:** Birth. A lower EPD predicts more calving ease.

**WW:** Weaning. Higher weaning EPDs predict higher weaning weights.

**YW:** Yearling. Higher yearling EPDs indicate greater expected yearling weights.

**Milk:** Milk EPD should be used to predict the milking ability of the daughters of the bull in question. Higher milk EPDs project more milk.

**REA:** Rib Eye Area in sq.in. Describes marbling potential of calves expressed as difference in grade score.

**MARB:** Marbling. Describes marbling potential of calves expressed as difference in grade score.

**CW:** Carcass weight in lbs. Predicts differences in hot carcass weight of progeny.

**\$C:** Combined value (\$C), expressed in dollars per head, includes Growth, Maternal, Carcass, all 15 traits. It is expressed in terms of dollars and it reflects the expected difference in profits between bulls progeny.

For example: Bull A \$C = \$250

Bull B \$C = \$150

On average, progeny from bull A will be \$100 more profitable in a Canadian commercial operation than the progeny from Bull B.

**Current weights and scrotal measurements will be available sale day.**

**The Powerful new Genomic Selection Tool**

*"Gable is a big bodied bull that excels in every trait including looks!"*

Schiefelbein Gable 311 the \$90,000 Sale feature from the 2022 Schiefelbein Farms Sale selling to Peak Dot Ranch. Gable 311 is a true breeders bull with a flawless EPD package, stunning looks and an outcross pedigree. As we enter the stage of the cattle cycle where retaining females is a must Gable 311 is the best option for doing such a thing. His +100 \$M combined with +20 EPD for Heifer Pregnancy rank him in the very top 1% of the breed. Two very important traits. He ranks in the top 30% for 12 of the 13 major traits including top 1% for WW,YW,HP,DOC & \$M. Combine that with double digit calving ease and a light birth weight along with a \$C in the top 2% of the breed. Gable 311 is a big scrotal bull with a nice look and loads of rib, great hip and a big thick butt. His young dam Frosty Elba Lizzy 5569 boost outstanding EPDs and is quickly climbing the ranks in the Schiefelbein herd. His grandam Frost Elba Lizzy 3565 is a pathfinder cow with a proven track record.

Rectify is an exciting new herd sire at Peak Dot Ranch, he offers calving-ease and performance with outstanding maternal pedigree and bred in longevity. Rectify is a thick topped, deep sided, soft made, good headed and comes with great feet and excellent scrotal that the Sitz Stellar sons are know for. He weaned off at 845lbs and holds a \$ Weaning index in the top 3% of the breed. His dam is phenotypically outstanding and was the pick of the 2021 Raven Angus herd selling to Simon Cattle Co. His productive grandam is 11 years old and looks like she will live and produce for another 11 years. His great grandam is a 13 year old Pathfinder at Raven Angus. We think the world of this young herd sire and he will be used heavily at Peak Dot again this year and in the years to come.

Revival is a sound, athletic herd bull that was a feature in the 2021 Woodhill bull sale where he topped it for \$55,000 USD. He is as impressive in the flesh as he is on paper being extra long spined, wide pinned, stout quartered with a real herd bull look to him. His backing of the extra maternal cowherd at Revival is truly exciting for this calving ease bull backed by generations of great cows. His exciting EPD profile, with 10 traits in the top 10%, calving ease, birth weight, weaning weight, yearling weight and carcass quality.

Ellingson Big River the \$40,000 sale feature from the 2021 Ellingson Angus Bull Sale purchased by Peak Dot Ranch. Big River progeny are well made with lots of size, body shape, hair and bone and as much sheer thickness as any sire we have ever used. His daughters are among the very best in the replacement pen. Ellingson Big River is a very important piece in our breeding program here at Peak Dot as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He continues to generate all kinds of interest from breeders across the country after seeing his progeny top sales the past few years not only here at Peak Dot but at several other places.

>Easy fleshing Charlo dam has a quality udder.

# Profound Bulls...

## Peak Dot Profound 1018G *Peak Dot Reference Sire*

A standout from the 2021 Spring Bull Sale selected by Hillcrest Enterprises. Profound 1018G is combination of power and performance with added length, thickness, muscle and pounds. A bull with very good feet and top ranking hoof EPDs backed by two consecutive generations of donors made this a bull a must use back in our program. He was the heaviest bull of his flush where he earned a 205 day weight of 891lbs and yearling weight of 1600lbs. The progeny of Profound 1018G are performance type cattle with extra volume and added rib shape.

**PEAK DOT LADY 51E**  
 The dam of lot 79

>Recommended for cows.

>A stud. Moderate framed good topped and thick made. Weaning ratio 105.

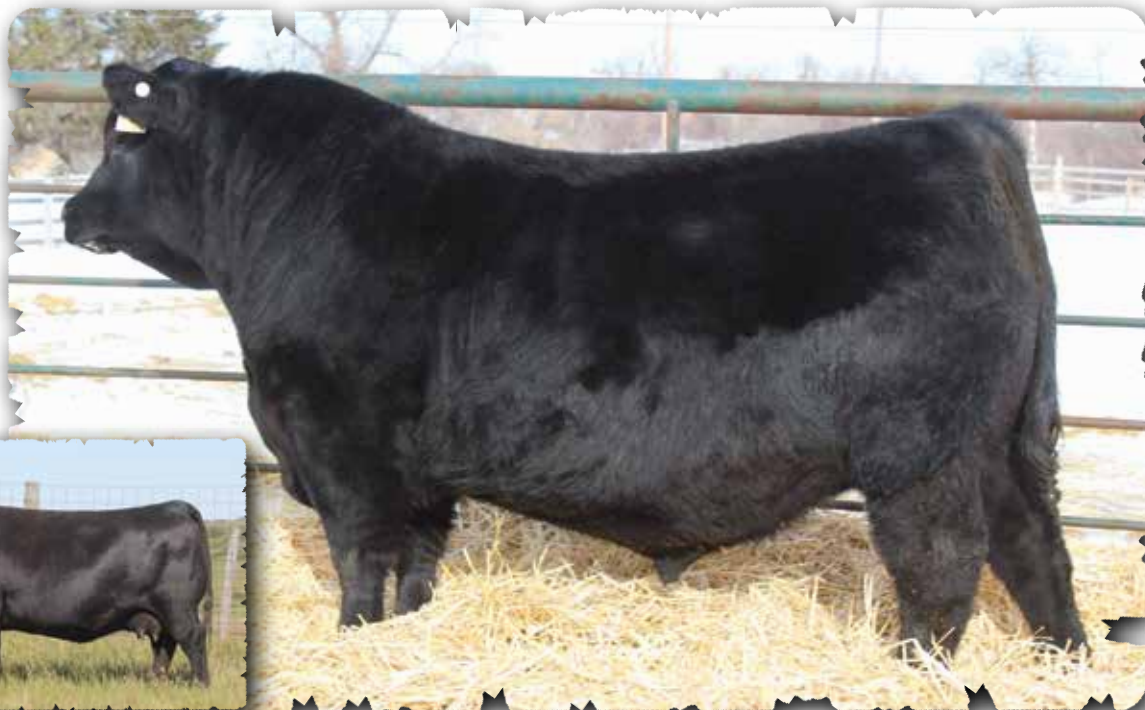

>Top 4% for weaning and yearling weight. Top 3 % for hoof claw and angle EPDs.

>Peak Dot Lady 51E is a model Angus female with a little extra look, loads of body depth and excellent production and fertility. She is one of two direct daughters of the Genex sire Peak Dot Foothills 1012B that we decided to flush this year. Peak Dot Lady 51E is an Elite/Premier Dam with the CAA and has an average weaning ratio of 109 on her last five calves. She is also the dam of the \$30,000 Peak Dot Four Leaf 157L purchased by Six Mile Ranch.

Ponderosa the bull that is on the radar of the Angus World and already has begun to write his own chapter in Angus History. He started as the popular high selling bull out of the 2023 Schiefelbein Farms Bull Sale where he was regarded as the thickest Angus Bull in existence. He went on to set new records every time his semen sells and the demand and momentum continued on with Ponderosa embryos selling for \$3750 per embryo in past sales. Never before has there been a time or a push in History to get back to good functional, deep-bodied, correct cattle. Ponderosa is leading the charge with his mass, performance and fleshing ability while adding style and balance.

On behalf of Bullseye Feeds, we are proud to be working with the great people of Peak Dot Ranch on the development of their yearling bulls on offer for the sale season of 2025, as well as the nutrition of their Angus cow herd. When developing these younger bulls, the focus is to ensure longevity and boosted immunity and health so that these future herd sires are equipped with breeding vigor, sound feet and fertility: allowing these bulls to cover cows and maintain longevity and fertility for the producer who are investing in Peak Dot Genetics. From a feed standpoint, we focus on optimum protein levels while maintaining enough energy to properly expose these bulls without sacrificing structural soundness, fertility, and breeding vigor when breeding time arrives. These bulls are placed on a 38% protein supplement that provides a fully chelated mineral package and plant-based proteins for healthy muscle development, frame growth, and boosted immunity. The emphasis on producing a quality product for the producer here at Peak Dot Ranch is second to none. You will be sure to find a sound, healthy grown set of bulls walking the pens of Peak Dot this spring. Be sure to join them on April 2 2025 for great hospitality and quality set of Black Angus Bulls.

**PEAK DOT LADY 626A**  
 The maternal grandam of Mosaic

Peak Dot Mosaic was the \$60,000 sale feature from the 2020 Peak Dot Ranch Spring bull sale selling to SSS Cattle Co. He offers extra natural width and depth of body in a structurally sound package. He is backed by some of the best cows on the ranch with two consecutive generations of donors. Mosaic sons posted impressive weaning weights with tremendous depth of body, width and ideal growth curves for real-world cattle producers.

**PEAK DOT LADY 51E**  
 The grandam of lot 95

>Recommended for heifers or cows.

>A big upstanding Mosaic bull with extra length and growth. Wide topped, Wide pinned.

>Dam is moderate with excellent phenotype. Grandam is the mother of lot 79. She is a model Angus female with a little extra look, loads of body depth and excellent production and fertility. She is one of two direct daughters of the Genex sire Peak Dot Foothills 1012B that we decided to flush this year. Peak Dot Lady 51E is an Elite/Premier Dam with the CAA and has an average weaning ratio of 109 on her last five calves. She is also the dam of the \$30,000 Peak Dot Four Leaf 157L purchased by Six Mile Ranch.

**Peak Dot Pride 88B**  
 The dam of Lancaster

**Peak Dot Profound 110J**  
 This maternal brother sold to Yarrow Creek..

Lancaster is a rugged built stock bull with true muscle definition, extra rib-shape and real performance. He was the featured lot 2 bull in the Spring 2020 Bull Sale selling to Glasman Farms for \$56,000. His progeny display a nice pattern with body depth, fleshing ability and real muscle shape. His dam is a very well made SAV Eliminator 9105 daughter that ranks near the top for milk and marbling. She is also the dam of the \$25,000 Peak Dot and Hillcrest Enterprises herdsire Peak Dot Seedstock 38F. Her son Peak Dot Profound 110J sold in the 2022 spring sale for \$20,000 to Yarrow Creek.

### Roughrider Daughters ...

**Peak Dot Queen 15G**  
 Purchased by KT Ranch  
 for \$24,000

**Peak Dot Lady 270G**  
 Purchased by Shawn Stadnyk  
 for \$10,000

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He sold for \$70,000. He carries much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big, solid, stout legs and has excellent feet with lots of heal. His daughters are regarded as some of the best females Ellingsons and Peak Dot have ever raised. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today.

This power bull has peaked several peoples interest that seen him and his calves. His name is Peak Dot Belfast 2099H. He is a Colossal son that offers calving-ease with more frame and performance. His easy fleshing, fertile Element dam has an excellent udder and very good feet. She has excellent milk and her last 5 calves had an average weaning ratio of 108. Belfast sons were a real feature sire group in last years sale and certainly will be a feature sire group again in 2025. His daughters are among some of our favorites in the replacement pen.

Peak Dot Boost 162K was the \$80,000 top selling bull from our 2023 Spring Sale to Eaglehawk Angus Australia. Boost 162K is a low birth weight bull that will also add some real pounds to your calf crop and dollars to your bottom line. You will love the look of this bull. He displays real muscle, capacity, softness and substance with powerful phenotype. He weaned off at 911lbs to earn a weaning ratio of 114. He is off a great looking No Doubt daughter with a nice udder and his grandam earned Elite Dam status with the Canadian Angus Association. Peak Dot Boost 162K comes with a ton of performance packed into a moderate frame.

Peak Dot Colossal 164J was a top ranking calving ease son of Colossal purchased by Hillcrest Enterprises we use back in our herd. He is a great looking, early gestation, low birth weight sire that can be used on virgin heifers without sacrificing thickness, muscle and capacity much like his sire. There are several outstanding females in his pedigree. His progeny present calving-ease without compromise, displaying muscle, capacity, softness, substance and performance.

## Peak Dot Colossal 118H *Peak Dot Reference Sire*

Peak Dot Colossal 118H is a well rounded calving-ease sire with abundant muscle and natural fleshing ability. He is a highly fertile great breeding bull with structural integrity and superior feet quality. His sons are complete in every way - stamped with thickness, volume and muscle. The daughters are equally as impressive and we look forward to incorporating them into our herd. Colossal 118H phenomenal dam is jointly owned with Canadian Donors and she is a stellar producer with 19 progeny. She has a flawless udder and abundant milk.

>Recommended for cows  
 >A nice headed bull with volume and thickness. Ranks in the top 5% for hoof EPDs.  
 >Dam is a stout bodied deep made productive looking Three Rivers daughter with good foot scores.

>Recommended for heifers  
 >A stylish, well muscled low birth weight bull that will leave nice looking daughters. Weaning ratio 107.  
 >Moderate framed Roughrider 122G daughter did a good job on this her first calf.

**PEAK DOT GUARANTEE 711K**  
This outstanding up and coming new herdsire is the sire of lots 154 to 164

Tenderloin was our top pick of the 2021 Poss bulls. He is an attractive, high marbling, thick made bull that combines calving-ease, performance, carcass and maternal traits along with a big scrotal and gentle disposition. His dam is one of Nolan Poss favorite cows in the Poss herd. He is bred very similar to the popular \$900,000 Poss Deadwood with the combination of Poss Maverick and Poss Easy Impact 0119 in his pedigree make up. Owned with Semex Beef.

# New Up and coming Herdsires...

## Mohnen Stability

One of the top bull prospects to sell this year when he sold for \$82,500 in the record breaking 2025 Mohnen Angus Bull Sale to Peak Dot Ranch. He posted a 954lb weaning weight and a 40cm scrotal and comes with breed leading EPDs. It is not very often you get a bull this deep, this thick, perfect feet, wide topped being a +1.22 on marbling. He is going to leave some nice females. His dam Mohnen Madam Pride 3189 is a powerful donor. She is the #1 daughter of Confidence Plus in the entire breed for scrotal EPD. She is just a gorgeous female with phenomenal udder qualities and exceptional feet. Her Pathfinder dam SAV Madame Pride 5290 has sold over a million dollars worth of progeny and has a weaning ratio of 108 on her last six calves.

## HF Hi-Country 7L

It's been a significant amount of time since we've seen or heard of a bull like Hi-Country 7L come into the Angus scene. Hi-Country is big crested, long bodied, wide based, stands on perfect feet and has that ultimate herdbull presence. All the numbers are in the right place. Top 1% for Weaning Weight, Yearling Weight, Scrotal, Hoof Angle, REA and Milk EPDs. Hi-Country offers a negative BW with loads of performance and is heifer approved. He posted a large 40 CM scrotal. Incredible mother and impeccable udder with Hi-Country being her first effort. These are just some of the reasons he commanded a \$185,000 sale price.

## Peak Dot Halo 184M

Halo presents authentic angus bred character with incredible thickness, muscle shape, capacity and soundness. Nice headed with an exceptional hair coat, added bone and great feet. Halo is a low birth weight bull that comes with a stacked pedigree and performance numbers that run off the charts ranking in the very top 1% for weaning weight and yearling weight EPD. He also ranks right near the top for heifer pregnancy rate and milk EPD. He is a heifers first calf and weaned off at 885lbs in September. They say behind every great bull there are outstanding females and that is certainly the case here. His dam is the \$73,000 top selling female in the Freeze Sale to River Valley. Halo's maternal grandam is a fertile proven producer and an Elite/Premier Dam with an average weaning ratio of 107 on her last 6 calves.

## Peak Dot Brutus 421L

Peak Dot Brutus 421L is a 76lb low birth weight bull with tremendous performance and big numbers. He is very well built bull blending thickness, muscle, style and cow power. He has a soft made easy fleshing appearance and looks as good returning home from the pasture as the day he was turned out. His dam and grandam are models of efficiency and are the type of females we strive to produce. Peak Dot Brutus will be used to carry on the legacy of his now deceased sire Brookdale Brutus here at Peak Dot.

# New Up and coming Herdsires...

## Peak Dot Gatsby 135L

Gatsby the \$140,000 valued sire from the 2024 Freeze Sale has the look of a real cow maker and will sire deep bodied females with quality udders, added softness, style and maternal presence. Gatsby comes with a stacked pedigree and performance numbers that run up the charts ranking in the very top 1% of the breed for weaning weight and yearling weight EPDs. He also ranks right near the top for heifer pregnancy rate, milk, hoof claw and docility EPDs. All very important traits. Gatsby was just 80lbs at birth and went on to wean off at 806lbs to earn a weaning ratio of 105. His SAV Seedstock dam is a model Angus cow with ideal body type and unmistakable maternal presence.

| 2.0 | 86 | 150 | 30   | 55 | 0.37 | 0.41 | 341 |

## Peak Dot Bunker 407L

Peak Dot Bunker 407L was the \$50,000 top selling bull in our 2024 Fall Sale to Parkview Farms and D&N Livestock. This bull we consider to be a total herd improver. He is a low birth weight big scrotal sire that can be used on virgin heifers with out sacrificing thickness muscle and capacity. His SAV Seedstock 4838 dam is a herd favorite with unmatched phenotype, performance and production. His maternal grandam is listed as Elite Dam with the Canadian Angus Association and has a weaning ratio of 104 on her last six calves. You will be sure to hear a lot more from this exciting new sire in the years to come.

| 1.5 | 68 | 136 | 26   | 57 | 0.32 | 0.38 | 299 |

## Peak Dot Big River 139K

Peak Dot Big River 139K is absolutely one of the best we have ever raised with incredible phenotype, performance and cow power. This bull was a stand-out since day one and impressed us every time we put him on the scale. 139K weaned off at 955lbs to earn a weaning ratio 120 and weighed 1406lbs at year with a 104 weaning ratio. His feet are impeccable and are supported by his top ranking hoof EPDs. He is backed by three generations of deep bodied, easy fleshing productive females. His dam has true breed character and possesses all the qualities of an ideal beef cow. Some bulls are worth the drive to see in person. Peak Dot Big River 139K has been appreciated by even the most astute cattle visitors.

## Peak Dot Big River 711L

Peak Dot Big River 711L along with his flush brothers lead off the 2024 Spring Bull Sale and were the two top selling lots at \$70,000 and \$60,000 selling to Skogen Livestock and Hillcrest Enterprises. They are true power bulls loaded with muscle and performance with the same maternal backing as Peak Dot Newfoundland 83H the lot 1 top selling bull in the 2021 Sale. Their dam Peak Dot Mia 247C is a beautiful donor who currently has 54 progeny. Peak Dot Big River 711L posted a 205 day weight of 955lbs and will be used back here at Peak Dot as we continue to breed pounds heavy cattle with big appetite that weigh up well and are structurally correct.
