

# EVERBLACK — A N G U S —

*Thirty - Third Annual*

## BULL & FEMALE SALE

MONDAY, MARCH 24, 2025

2PM AT THE FARM - VERMILION, ALBERTA

## Welcome

It is with great pleasure that we welcome you to the 33rd annual Everblack Angus Bull and Female sale.

Its finally time that the Rancher is able to enjoy a "Bull Run" as wall street would call it. We have been very fortunate to be a part of such a great industry over these past 33 years and couldn't imagine a better way to raise our children. Many customers have become friends and this was made possible through the ag industry.

It was an exciting year for us at Everblack as Jordan, Kristen and Sullivan welcomed a new addition to the family! Luke was born June 29, we have a new ranch hand in training!

We are extremely proud of our offering this year, we feel there is bulls at all levels to service your needs whether that be breeding cows or heifers. We source the best herd sires we can find, and walk these bulls in two breeding seasons. 95% of the bulls on offer are from our walking bulls, we feel this is very important to walk them firsthand. It enables us to evaluate their strengths and weaknesses with our own eyes. The large sire groups present a clearer picture of what the end product will look like as you are able to evaluate many 1/2 and 3/4 brothers. There are a couple new sire groups this year as well for our long-time repeat customers.

We calve 1/4 of our cows mid Jan-mar so that we can select a handful of yearling bulls for our sale, this also enables us to market some replacement females into early calving operations. The majority of the herd calves May-June, back in the hills with very little supervision. With two calving seasons, our cows are calved in the same manner as 99% of our customers, this gives a good indication of what works and what doesn't. We can then select for these desirable traits when producing bulls. The early calves are weaned the end of September, with the young calves staying on the cow until late November. No calves receive creep feed. Weaning weights are actual, not adjusted. No yearling bulls are sold privately, this gives us a good selection of two-year-old bulls that aren't picked over. Our focus truly is the two yr old bulls; they are mature, can cover more cows and there is almost no guesswork in visualizing what the end product will look like.

Our bulls to use on heifers are the result of mating calving ease bulls to low birth weight, smaller framed cows. This gives us calving ease consistency on both sides of the pedigree, as well as bulls that will mature at a smaller frame size so they can breed heifers for many years. The cow bulls are stout, rugged bulls with some added performance. All are sound, semen tested, and 100% guaranteed.

We take the most pride in our customer service, our youngest shareholder is 8 months old, so what I'm saying is we plan to be around for along time. If you have an issue don't hesitate to let us know and we will remedy it for you in a timely manner. We have an 85% repeat buyer rate and feel that speaks in itself. We would like to send out a heartfelt thanks to all who have supported us in the past and we hope to continue into the future.

We would be more than happy to have you join us March 24th for a steak and a bull sale!

Penned sale cattle viewing

**\*\* Please feel welcome to stop by the farm  
anytime prior to the sale to view the cattle.**

## Monday March 24

**9 AM** Presale viewing

**12 PM** Steak Fry Lunch

**2 PM** BULL SALE

**Buyer Draws and Social to follow**

## Possession & Delivery:

Your animal may remain at the farm if inconvenient for you to take possession on sale day.

Delivery can be arranged at a later date.

\$100 rebate on each bull purchase picked up sale day.

PLEASE NOTE: The animal becomes the responsibility of the purchaser after it is sold. We strongly encourage the bulls to be insured if they will remain on the farm after sale day.

Insurance will be available sale day.

## Weaning & Weights:

February - March calves are weaned  
late September

April - June calves are weaned  
late November

**WEANING WEIGHTS ARE ACTUAL WEIGHTS**

**ALL HEIFERS ARE PALPATED FOR REPRODUCTIVE SOUNDNESS**

**ALL BULLS ARE SEMEN TESTED AND 100% GUARANTEED**

Scrotal measurements and actual bull weights will be available sale day.

## Calving Ease:

Our heifer bull program consists of breeding low birth weight, smaller cows to easy calving bulls. This gives us more consistency on both sides of the pedigree.

- ★ Recommended for cows
- ★★ Recommended for cows and larger framed heifers under supervision
- ★★★ Recommended for heifers

## Volume Discount:

Receive a 5% discount with the purchase of 3 or more bulls.

# Full time on the Ranch

**Charles Dunk**

Charles has been with us 12 short years. He knows the operation inside and out, excels in operating equipment, and is handy around the shop. Chucky is the combine boss in the fall and jack of all trades the rest of the year. He is also a member of the Islay fire department.

**Steve Riley**

Steve "the cow whisperer" Riley has been with us going on 5 years this fall. He does an exceptional job of the day to day feeding and herd health around the ranch. Steve has a great love of animals and seems like he never has a bad day.

**Aarin Trach**

Aarin joined us last summer and has been a welcome addition. He's always willing to help out where needed and has spent most of his time in the shop maintaining the fleet of equipment. He also helps out when needed on the cattle side of the operation.

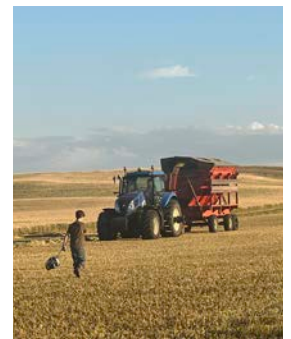

**Andre Dufresne**

Andre joined us last fall part time. If you have been around our place, "part time" usually turns out to be full time pretty quickly. He's handy around the shop and enjoyable to be around.

*Thank you*

... to our full time and seasonal help!

Andre Dufresne

# From the Desk at T Bar C

Thirty-three sales and stronger than ever!

It is a privilege to assist the Gibson Family with their annual spring sale.... one of the nation's leading events. This dedicated farm family has produced and supplied thousands of bulls... bulls designed using the principles of breeding Angus cattle by Everblack. Their repeat customer ratio is the largest in Canada... simply because the bulls are bred to work in their new pastures and backed by the outstanding customer service the Gibson Family has always supplied. The Everblack folks (of all ages) work hard as their operation is large scale and takes manpower... and they expect the cows and bulls to do the same.

Their focus has been two-year-old bulls... bulls that can cover more cows, bigger cow and those that can adapt to all types of terrain. They are May-June born, grass grown and not picked over virgins. Over the decades there have been many sires introduced into the herd... performance has been a selection trait but not as much as birth weight, calving ease and disposition. Over the years the cows have developed into a sound, productive herd with beautiful udders.

The yearling bulls come out of the early calving season from January through March. Several exciting prospects can be found in that pen... your next herd bull. The 2025 edition of Everblack is the strongest offering whether it be a yearling, a two-year-old or one of the fancy heifer calves for your front pasture.

Plan to be with us on Monday March 24, 2025, for the Everblack 33rd annual sale at the farm, (ranch), Vermilion, Alberta. For all who require high quality seedstock be it bulls or females do not miss this feature event.

If we, at T Bar C may be of any assistance prior to or sale day, do not hesitate to call any of our team and we will be pleased to assist in a professional and confidential manner.

## Terms & Conditions

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### LIABILITIES:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

### BULL WARRANTY:

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

### Calving Ease: ★ ★ ★

A Sooner son out of the Rose cow that has been such a consistent calving ease cow for us. 4004 is a moderate framed, big middled, nice headed, calving ease prospect. The dam, Rose 9328 keeps cranking them out, she has had our top selling yearling bull the last 3 sales. Most notably would be last years son, Everblack Ace 3004, he sold to Linden Cattle Co for \$32,000 for a half interest. A full sister to 4004 is a beautiful female in the replacement pen, this flush worked on both male and female. If your into numbers, he's got a nice set of calving ease epds with a 0.6 BW to a 109 YW.

Brooking Rose 9328 - Donor dam of JZT 4M and JZT 16M

### Calving Ease: ★

A Natural Law out of our old high-dollar donor Donna cow that has some extra length. Check out her calf (95L) in the 2-yr-old section. A lot of maternal strength here with Donna, Resource, and the famed female maker Natural Law. A full sister brought \$21,000 a couple years back through this very sale.

Everblack Donna 6H  
 \$21,000 full sister to JZT 6M  
 working at Linden Cattle Co.

**Calving Ease: ★**

Burly Stamina son that was a member of a very successful flush. We sold a full sister to Elk Ridge for \$20,000 in 2022, and figured she was so nice we would flush the mother 49F the same way. This turned out very well with 3 beautiful full sisters in the replacement pen, one being Sullivans 4-H project this year. This bull has some extra length and a big ol middle in him. If you want to make some daughters to build a cow herd, he will do the job.

**Everblack Annie 90J - Full sister to JZT 13M, was the \$20,000 selection by Elk Ridge farms in 2022**

**Calving Ease: ★ ★ ★**

A smooth made, sharp fronted son out of our calving ease donor Rose 9328. A full brother was the high seller in the 2024 sale at a \$64,000 valuation to Linden Cattle Co at Grand Prairie. As well a full sister was our top selling heifer for \$15,500 to Ferme Gagnon. 4016 is built to calve easy, he's smooth shouldered, long in his spine, but still has some performance to go with it. The dam, Rose 9328, has been a consistent low BW cow. She has also produced our top selling yearling bull for the past 3 years with an impressive list of buyers. Rocking Heart Range, Pederson Livestock, Clarke Ranching and Linden Cattle Co.

**Everblack Ace 3004 - \$32,000 half interest full brother to JZT 16M working at Linden Cattle Co. and Everblack**

**Brooking Rose 9328 - Donor dam of JZT 4M and JZT 16M**

**Calving Ease: ★ ★ ★**

A light birth weight bull that's hard to find a fault in. Nice calving ease numbers with a good weaning weight. Calving ease on both sides of the pedigree with Showtime and the Money made bull. That gives you consistency. His dam 181F is a full sibling to a top seller in 2020 that is doing a good job at 4K Angus at Earl Grey, SK. All of this goodness and he is built just right too. Make sure you check him out. Almost forgot; we used him on a set of heifers last summer so he is experienced and ready to go.

**Everblack Money 219H - A full brother to the dam of JZT 143L sold for \$16,500 to 4K Angus in 2022**

A moderate, well balanced Barricade daughter. She is out of a good producing Northern Select graduate from the Rosebud cow family. They did such a great job at MWC and Crescent Creek. 9G's first calf to Anchor 1 Angus at \$17,000, second to Full Draw Angus as the top selling heifer in 2023 sale, and her third to Wilbar Angus in 2024 sale. This is her fourth. Take a look! **Owned with Full Draw Angus.**

A Stamina daughter that is easy to find. Sound, attractive, and built just right. Have a look at her weaning weight, she has a weaning index of 118. Out of a heavy milking Bullseye daughter, that goes back to the Main Event bull that did such a great job for the Warrilows at Minburn Angus. Can't say enough good about the Stamina daughters. Sound, easy doing, with great udders. We love them! A brother to 81M was a top seller in 2024 sale to the Farrells at Vermilion. Make sure to check this big-time heifer out!

Stamina has cemented himself as an exceptional breeding bull. Not often is a sire able to have both sons and daughters that are extremely valuable, he has done that. With 267 calves on the ground to date, we are confident in his ability to sire cattle that are sound, good footed, easy fleshing, but have enough performance. His daughters have udders that are a pasture calving dream, they are tight with a nice teat size. The birth weights are consistent and his calves have great hair. The center body mass in his offspring is unmatched from any sire we have used recently. The maternal strength is strong with the Beauty, Rose, and Echo cow families in the pedigree. He is still going strong at 7 years of age, we anticipate another 60 calves from him this spring. There will never be a day when we decide that we have too many Stamina offspring in the herd.

We purchased Acclaim in the spring of 2020, we all remember the buzz around the Bravo sire group that spring. He has not disappointed, the Bravos seem to get better with age. Our Bravo son, 144G has become a real swiss army knife at our place. Very handy, he can be used on large cows to moderate birth weight, all while still keeping enough performance and an abundance of stoutness. He can be used on virgin heifers for trouble free calving while still having that stoutness that will add pounds at weaning time. An added bonus is his sons have a very moderate mature frame so they can breed heifers for many years. With being out of a nice Coalition mother, we are confident in his maternal merit. Based on 158 calves so far he boasts a nice EPD spread of -0.3 BW to 96 YW, also with double digit calving ease.

Showtime was the top selling bull at Six Mile in the spring of 2021 for a \$63,000 valuation. He was our pick of the phenomenal Showman 338 calf crop that spring. Showtime is a very eye appealing bull, moderate in frame and as sound as any bull we have walked. We are very pleased with how Showtime has sired. His daughters are capacious, wedge shaped females that are making cows with exceptional foot quality. The sons are versatile having very user-friendly birthweights for the heifer pen but still enough performance to be used in the cow pasture. We plan to continue using Showtime heavily in the future! Owned with Six Mile Ranch

Upgrade was a bull we kept for ourselves, he was the result of an embryo purchase a few years back. Being flushmates to the great Brooking National 0144 and Brooking Revival 0074, his pedigree needs no introduction in the cattle circles. Look for him to sire phenotypically pleasing cattle, they have attractive front ends with a great angus head. They also are very easy fleshing and capacious. We are currently calving his first daughters and they look to be maternal, big bodied females with good udder quality.

We purchased Blaster as a calving ease option from the highly regarded Switzer family in southwest Saskatchewan. He is a big bodied, sound made bull who looks to add heel depth. His calves came easy, we bred him to virgin heifers with no assistance during calving. The calves started small but grow well. We are calving his first daughters now and they are nice females, lots of body with a nice level udder. We lost Blaster to an injury in his first season so this will be his only set of sons to sell.

We purchased Barricade from the renowned Ellingson Angus program in North Dakota. He was our pick of the Sitz Barricade calves on offer that day. Barricade 2146 is a dense made, heavy muscled bull in a moderate frame who will add pounds to your calves pure and simple. Another great attribute is he is as quiet as a kitten and has passed this docility onto his progeny. If you follow EPD's he excels there as well. He ranks in the top 10% for WW, YW, Scrotal, Heifer pregnancy and Carcass weight.

Stunner was a bull we leased from Westman Farms, we liked him so much the first year that we leased him for 2 more after that. Stunner is another calving ease option, we bred him to mostly calving ease cows to produce low birth offspring that have low birth weights on both sides of the pedigree. Look for Stunner to sire calving ease bulls with a bit of stoutness to them. Owned by Westman Farms

Renegade was a bull we picked up as a 3 yr old from Country Lane. The maternal strength is strong, with him being the first natural son out of the great Merit Flora 6078. She has had numerous sale topping, breed impacting sons and daughters come out of the prestigious Merit program. Look for Renegade to sire long cattle with a great hip. His first daughters freshened last spring, I would say he would be an udder improver. Its not surprising considering the terrific maternal characteristics of the Flora cow as well as HF Tiger on the top side.

Tribute as we call him, has solidified himself as a go-to calving ease sire. Onto his second calf crop now, we are confident in his ability to do just as we asked...calve easy. They are built long, with a smooth shoulder and a nice small angus head. Aside from his good looks and easy calving, his best attribute could possibly be his pedigree. Sired by Mccumber Tribute who needs no introduction, even better would be his beautiful mother. Blairs Erica 267F recently commanded \$67,500 for a half interest through the incredible Golden Oak Livestock sale last December. I believe there's a lot more to come from that female.

Colossal 126H was our pick of the calving ease bulls at Peakdot in the spring of 2021. He has sired true to that statement as the calves have come easy. They are big middled with a moderate frame, his sons will be able to breed heifers for many years. We have a few daughters milking now, they are moderate framed, tanky, with exceptional udder quality. The grand sire Capitalist 316 needs no introduction as he was awarded the Pathfinder Sire status in the USA and still roams around at 10 yrs of age.
