Welcome from Inc Cattle Co...

Rarely in our hectic lives do things ever seem to get easier. Time becomes an adversary, slipping through your fingers so much like water. The older we get, tasks that were so easy to accomplish five years ago are tougher today. It can wear you down when all around the world feels like its unraveling right before your eyes. Circumstance and doubt can pull at you, drag you down, put you up against the ropes. Then you realize if you simply take a step back and listen – really look – you see there is so much for which to be grateful.

The cattle business, our Speckle Parks, have impacted our lives in the most positive way. In the eight short years we've been involved in this dynamic breed we've forged fantastic relationships with many good people from so many different places. Most, if not all our dearest friends are cattle people and some of them are guest consigners at the Big Chill. Day in and day out we strive to breed the very best cattle we can. We've watched the evolution of the breed, not just in our herd, but right across the board. Quality and consistency have increased tenfold. Interest is at an all time peak in the USA and gaining ground fast. What this says to the world is we are proud of what we've done, and we are true. We are so grateful to all the breeders who work tirelessly to make their own programs more successful. It's a fact – if others do well, so do we. We must continue to support each other and there are no limits to where we can go.

Thank you to our great friends a TBar C. Without you folks we wouldn't have gotten to where we are today. To our guest consigners, our dear friends, Highmark Stock Farm, Johner Stock Farm and KFC Farms Ltd, we appreciate you so much. You always bring your A game to the sale. Thank You!

At this special time of year, we ask everyone to be kind to one another and to share the bounty the world has to offer.

Merry Christmas!

Rob and Janice Harasymchuk

From the desk at T Bar...

Welcome to "The Big Chill" Speckle Park Sale, December 16, 2023, at 6:30 P.M. at the Sheraton Cavalier Hotel, Saskatoon, Saskatchewan. This, the most exciting event in the Speckle Park breed is presented by your hosts, Rob and Janice Harasymchuk from INC Cattle Company with friends and guests KFC Farms, Highmark Speckle Park, and Johner Stock Farm.

In under a decade, 8 years or so, Rob and Janice have built and developed the most powerful Speckle Park herd in the nation by acquiring the most predictable donors in the breed and a profound embryo program. The INC program has had a very successful fall show season dominating virtually all divisions with their nearest competition from their guest consignor Ken Friesen, of KFC Farms. INC comes to you loaded with the strongest and most exciting offering ever in the Speckle Park breed with unlimited opportunities.

All divisions are uniform in type, easy keeping, high converting (like Rob), very fertile and highly maternal. The folks at KFC have opened their gates and dug into the front pasture to offer special packages that will be heard from in years ahead. Harv in his quiet way comes to town with his best and they are the right kind. Justin and David open their embryo bank for all the progressive breeders far and wide.

This is an outstanding offering of the best Speckle Park breeding stock available. Whether you are looking for live cattle, embryos or semen, the diversity of the sale offering will give opportunities for all operations at all kinds of budgets. Do not hesitate to visit any of these programs prior the sale, stop by their displays at Agribition or just give them a call to discuss the limitless opportunities they offer.

It's just over a week to Christmas and a couple more before year end. The Big Chill is more than a sale... it's an event presented by the leaders in the breed. Plan to be with us on December 16th be it in person, online or on the phone. Feel free to contact any of the T Bar Team as we will be pleased to assist you with your selections and purchases in a confidential and professional manner.

Merry Christmas

We wanted to start off the Big Chill catalogue by offering a very unique opportunity. Here are a pair of deep sided females from which to choose that boast interesting pedigrees and promise the consistency we all seek. Big hair, so much rib and proven milk production. These calves are mirror images of one another - the very reason we leave it to the buyer to make the hard decision of which one to pick.

Consigned by INC Cattle Company

Female Pure Bred BW: 81 lbs.

Polled: PP Coat Colour: E^D / E^D Myostatin: Non-Carrier

IT'S THE TRUTH - we never intended on becoming one of the largest Speckle Park breeders in the world - we simply wanted to build a herd of which we could be proud and to do it as quickly as possible.

It's no secret, an endeavour such as this requires a lot of risk and no small amount of ingenuity. We developed an extensive embryo program and contracted several different co-op herds to help us reach our goal. Many of these breeders have much later calving programs than ours, so we held back these April born females to breed the following season. The result of our decision are group of monumental bred females. So much power and performance in these future momma cows.

DON'T MISS OUT!

I did some figuring if you took the time to sew together all the **BANNERS AND RIBBONS** these two magnificent beasts have earned in their life time, you'd have a kite the size of Manitoba. But banners and ribbons don't mean a whole lot in the grand scheme of things... after all they don't fit in ATMs. The proof of how good these bulls really are, can be seen in their Offspring... and anyone with a set of eyes knows these calves are straight money. Two of the very **BEST ANIMALS** to ever wear black and white coats.

Moovin Zpotz Zesty 2Z milks like a Holstein yet maintains an extremely good quality udder even at her age. A proven momma cows that need to be replicated for the health of the breed. The bonus here is her unique, outcross pedigree and add to the fact she has been paired with our powerhouse bull, Andchris Just Crushin It 20J, and you have the makings for something above and beyond.

Stored at Bow Valley Genetics. Guaranteed one (1) pregnancy if implanted by a certified technician.

There's a new queen at INC and her name is Baracuda. I dare anyone of any breed to find a better udder than INC 38J. Superior mothering and beautifully made, Baracuda was still at Bow Valley Genetics at picture time, and we missed our window to get it done. Her dam Prairie Hill Rachel 88R was a tremendous powerhouse and one of the best cows we've ever seen. Paired with Just Crushin It 20J this is going to be cool.

There's no need to say anymore about what 17W has done for INC. She will remain legendary. It's a rare thing to claim, but every single calf at INC resulting from the pairing of 17W & Unmarked has been a standout and they have always been consistent. Both the bulls and the females good, good. That's positive proof that these calves will work for you.

Of all the great cows we purchased from the Outback herd, we would have to say Landry Of P.A.R. 52B is possibly the very best. This is a female that needs to be replicated as much as possible. We've paired her with Talladega and his calves have proven their worth time and time again. Another big time opportunity .

JSF Essence 10A is a powerful individual with plenty of mass and muscle. She has been an excellent cow to flush and we haven't had a mating we didn't like. Her Gladiator heifer sold last year in The National Sale to Adelia Farms for \$15,000 and is back in our show string this fall accompanied by a full brother. We have a handful of this mating with Greenwood Coal Train 84J coming this fall and we are looking forward to them. Coal Train was the Champion Bull this summer at PA as well as Supreme Bull and recently was Champion Bull at Lloydminster Ag Ex.

Exportable.

KFC Gladiator 1G has had a strong impact on our herd in the few short years we used him. We have many replacements we are really excited about. His first daughters have calved and have really nice udders and are easy fleshing individuals. We showed 2 full sisters last year and we have 4 calves in our show string this year sired by him as well. He unfortunately suffered a breeding accident this spring. Don't miss out on an opportunity to use him in your herd.

Stored at Alta Genetics. Qualified for CAN.

Got to love it when a plan comes together. A female we purchased from the legend himself Leroy Argue at Agribition Sale as a heifer calf. The plan was for her to be in the flush program some day and here she is. Never missed from the word go. She has a herd bull walking pastures in the US and daughters in our herd off to an exceptional start, just like their mother. Great udder, great feet, superb temperament, loads of body and fills every third up as they should.

Terms and Conditions

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

INTERPRETATION OF Q SELECT GENOTYPES

Leptin genotype	CC	CT	TT	Increasing genetic potential related to fat accumulation, milk production, cow longevity, weaning weight, carcass composition.
PMCH genotype	TT	AT	AA	Increasing genetic potential related to fat deposition, tenderness, marbling, backfat.
IGF2 genotype	TT	CT	CC	Increasing genetic potential related to lean growth, rib eye area.
CRH genotype	CC	CG	GG	Increasing genetic potential related to stress response, hot carcass weight, rib eye area, docility.
