

D&N LIVESTOCK

COMMERCIAL BRED HEIFER SALE

TUESDAY, DECEMBER 9, 2025 AT 1:00 PM
SALE TAKES PLACE AT THE FARM, PEEBLES, SK

We would like to welcome everyone to our annual bred female sale at 1pm on December 9th at the ranch located 3 miles south of Peebles Saskatchewan.

The 500 bred heifers on offer this December 9th are unprecedented. The goal from the beginning has been to raise fertile, productive, maternally sound females, that will directly boost your bottom line. These females check the boxes.

We strive to produce and offer large sets of consistent females that are half to $\frac{3}{4}$ siblings. With that said... 60 females all sired by SAV American Made is one of the highlights you will not want to miss. 440 females sired by SSS Deuce, SAV Bloodline, Wheatland bull 1108J, Maple lake Swagger 0399 as well as the Grand Champion bull at Agribition KKS Master Chief. A lot of females are sired by D&N walking herd bulls that carry a lot of weight in regard to quality, soundness and performance.

When selecting the service sire's, we put a lot of emphasis on the dam and bull behind the sire. He needs to come from a proven cow family as well as from a bull

that has proven progeny on the ground that are working. We strive to ensure there is no guesswork when it comes to the matings of these females, and how they will perform no matter which environment they find themselves in. All of the females were serviced to the HF HI Range, D&N Thunder Bird, SAV Rainfall, Millar Duke 816, and Musgrave Colossal.

The main cow herd of 1500 cows graze year-round. We run a registered herd of roughly 200 head along with our commercial herd consisting of 1300 mother cows. They begin calving April 20th. At which time they graze stock piled grass and bail graze. Moving into tame pasture June 1, where they will rotationally graze until they come home for a 21-day AI period in July. Once the calves are weaned at the end of September, the cows will go out to stubble graze until the end of December weather permitting. They will then move into corn grazing until calving in the spring.

The relationships between friends and customers that have grown along the way have been a rewarding part of the cattle business and is the reason we are here

THE OPPORTUNITIES FOR MOMENTUM ARE REAL.

THESE HEIFERS HAVE THE PEDIGREE, REAL WORLD DATA, AND BREEDING TO PUT YOU IN THE DRIVERS SEAT.

today! We thank each and every one of you from the bottoms of our hearts and look forward to working with each of you in making your dreams a success!

We stand behind these females 100% and nothing short of that. We look forward to assisting you in marketing the steer and heifer calves out of these females.

Last but not least we want to say THANK YOU to all past customers, partners, friends that have helped out.

Look forward to seeing you all December 9th here on the Ranch.

The Rajotte Family

We highly encourage everyone to take advantage for our \$1,000 discount if you attend the sale! That's \$100/head off, up to 10 head. We also offer a \$250 buyback premium on bulls we purchase out of heifers listed on the next page.

FROM THE DESK AT T BAR C

500 D&N Females Sell!!

For years the Rajotte family have been progressive in producing replacement bred females to the entire industry in quality and in volume unmatched to any in the entire business. Their extensive AI program is vigorously the best in the cattle world in Canada. AI'ing in excess of 2200 head this past spring on natural heats, gives the buyer of their resulting product such a huge advantage in terms of genetic merit, genetic value and again in such volume. This years sale offers as much diversity this year as any before. With the incorporation of red factored cattle this year and more sim influence then ever, we have all the bases covered to have the best replacement females you can buy in the month of December. With an ever growing cattle market and demand like we've never seen before, we'd strongly encourage you to visit the D&N location and view how they operate such high end quality stock in larger numbers than most would see. Their attention to detail and beautiful facilities are very welcoming, but best of all is the people behind this operation. Rest assured whether your buying from this sale or their popular bull sale at the end of February, their customer service and follow up is over and above the call of duty. But just think and research the offering within this catalog. There is literally no other place in this country where you can put together so many sisters that are carrying an AI service to some of the top bulls in all the purebred landscape. In my opinion, that is a huge positive for so many reasons to have the best cowherd you possibly can. All of us at T Bar are very familiar with this operation and would love you to be involved in this feature sale of the fall, so please don't hesitate to call us at anytime.

When it comes to maternal capabilities, SAV American made has truly raised the bar with what we have come to expect. Stamping them structurally sound, angular yet soft made, and most importantly with an absolutely incredible udder every single time. His calves come easy and then exhibit tremendous growth. Maternally made, cowy looking, and still attractive in their lines. This bull is the real deal, and we can not recommend his daughters in this sale enough.

We have utilized the service of HF Hi-Range 303M very heavily here at the ranch, and for very good reason. He is awesome on paper, combining negative birth, respectable growth numbers, and the highly regarded Rosebud cow family. We have loved the job that Ellingson Hi Range has done for the Hamilton and MWC programs, as well as those that have been fortunate enough to utilize him. An excellent first calf option whose influence is heavy throughout this catalogue, we are sure excited to see what the coupons in these heifers will go out and do.

Once again, we have a large selection of SAV Bloodline sired females. Commonly referred to as a force in the Angus breed, he combines excellent math on paper with herd bull presence; siring calves with heaps of volume, shape, while still retaining a maternal look and feminine makeup. A son of SAV Rainfall, he has calving ease built right in.

THE D & N PREMIUM

Being able to witness the success that our customers have had with the bulls and females purchased from our family over the years has been extremely rewarding, and we encourage producers to reach out to us when it comes time to market steer and heifer calves, we are proud to offer a 15 cent per pound premium to those that utilize D & N bred genetics!

THANK YOU FOR TAKING THE TIME TO EVALUATE OUR OFFERING
PLEASE REACH OUT TO ANYONE AT D & N OR OUR SALE STAFF IF YOU HAVE ANY QUESTIONS

TERMS AND CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

HEALTH:

All animals in the sale have met all necessary health requirements.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

DELIVERY:

D&N Livestock will deliver if 40 or more head are purchased. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supercede any written material in the catalogue
