DIRECTIONS:

It is with great pleasure that we welcome you to the first sale here at Worth-Mor to carry on the Eastern Extravaganza tradition. We are excited about the offering that we have selected from our top end and are excited to have our first calves off HLC Private Stock as part of the sale.

Ontario is excited to be hosting Showdown in 2024, and Jordyn and Mason would be happy to help the new owners exhibit and look after their new purchases if needed. Please contact us and we can discuss prior to sale day.

Every one of the consignors have stepped up and selected from the top of their herds and we look forward to a great sale and seeing everyone on September 30.

Please plan on joining us after the sale for refreshments and a time to socialize with fellow Angus enthusiasts.

Thanks,

KYLE, RACHEL, JORDYN AND MASON PETHERICK

As the saying goes, "Without change there is no growth, and without growth there is no success."

While that growth may not be exhibited in terms of numbers for the 2023 edition of Eastern Extravaganza as we host a smaller offering of cattle, the quality that these progressive breeders are presenting more than assures us all that the changes this sale has undergone are taking it in the proper direction.

To host a sale on your farm does not come without a large amount of planning and preparation, so the sheer work that the Worth-Mor crew has put in does not go unnoticed. Not only are Kyle, Rachel and family opening the doors to provide a venue, they bring to us an outstanding set of Angus genetics. Leading the charge is a cow as powerful and good looking as you will have the luck to lay eyes on all fall. This phenotypic Blackcap May beauty defines all the attributes of a donor female. Also of note is a set of maternal sister heifer calves that any junior wishing to lead a stellar one around the ring should analyze; and make special note of the Petherick's offer to assist in getting your animals ready for the bright lights of Showdown 2024.

The next family that deserves special note and thanks as a continued spearhead of this event is the Cornish family of Whiskey Lane Livestock. Paula and Scott's dedication in the planning of Eastern Extravaganza throughout the years has been a driving force in it's continued growth and success. They have brought to us a bred heifer with an exclusive service to the calving ease and curve bending LVVF Tanker, as well as a heifer calf that has show ring attention written all over her.

An exciting feature this year is the first Angus consignments to come from the River Valley program, and they are coming out of the gate with a bang. A royally bred heifer calf by the proven Velvet cow family that will mark herself as a force in any cow herd leads their offering, as well as the opportunity to get your bull shopping done early with a powerfully constructed and good looking future herd sire. The Gillco operation are mainstays in this sale, and it comes as no surprise that they are bringing two deep-sided, big-hipped, attractive made bred heifers to the pens of Worth-Mor.

As I said above, while the head count of this sale is lower in numbers, the quality has only gone higher. The bred heifer and heifer calf selection in this sale is extremely consistent in quality, and whether you are in the market for an animal to hang a halter on or to display in your front pasture, I am certain you will find it here.

While the Eastern Extravaganza has undergone many new looks from it's original founding by the Bailey boys, the one factor that has remained the same is it's trademarked status as a market place to find some of the most coveted Angus cattle in the province. I encourage you make plans to be with us September 30 at Worth-Mor for an evening of hospitality and fun with this great group of consignors.

See you in Campbellford,

BEN WRIGHT

- Blackcap May's define everything that makes the Angus breed what it is, 6354 carries on the family name
- Purchased through the famed JL Dispersal, she and her mother commanded attention and praise
- Past sons have sold through the JL bull sale to Brad Toews and 4G Cattle Co.
- Extra body dimension and capacity with a balanced look and highly feminine design, take extra note of that beautifully constructed udder
- Phenomenal flushing record and due back early, her upcoming offspring are going to be headliners

This is the first daughter off our herdsire we bought last spring at Chad Hollinger's that we had fun campaigning last fall across Canada. We couldn't be happier with the calves we got this spring. This girl puts it all together, Rocket 310L is deep middled, wide topped, and yet still has the fron end like a champion. If there is a junior looking for a competitive one for next years Canadian Angus Showdown in Ontario here she is. If no juniors in your program reach out to us, Jordyn would love to show her there for you! Also entered I the Ontario Angus Futurity at the Royal Winter Fair. Don't miss your opportunity sale day!

This pair of maternal sisters may be the hardest thing we have put up for offer yet! This daughter out of the now deceased Renovation is what we have been striving to make here at Worth-Mor! Full of meat and muscle but yet still elegant enough to hang a halter on! She has been Jordyn's 4-H project this summer and has been winning banner for her along the way! Maternal sisters have been high sellers to Premier Livestock and Red Maple Angus. She will be a lot of fun next year for her new owners to show or breeding her for the next round of fun! Entered in the Ontario Angus Futurity at the Royal Winter Fair!

AI BRED TO HLC CSI PRIVATE STOCK ON APRIL 21. PREG CHECKED SAFE TO AI.

We wanted to have a strong cow/calf pair in our offering for our first sale and this was the beauty we chose! This young cow has always gave us a top end calf and this year is no exception! 813F has the udder that we all love as cattlemen, well attached and small teats for a calf to get up and going fast. The best part is she calves the 1st of April and came in heat 20 days later, and sure enough she caught! The catch up game is done and she's carrying a full sibling to the fancy little sweetheart beside her! Consigned by **Worth-Mor Cattle**.

We at River Valley are tremendously excited to be offering our first Angus consignments from our program at the Eastern Extravaganza. We knew when we decided to venture into the Angus business, we wanted to gather a few elite females to begin with. We have admired the Velvet cow family from the Gilham's for quite some time, and when 1L's mother was offered through this very sale in 2021 and offered the power of Net Worth and the presence of President, we knew we had to own her. 1L is a shapely made heifer calf, she's deep middled and ties it all together with a gorgeous amount of extension through her neck. Her sire Atlantis is known for producing highly maternal stock, with an extra shot of foot quality and docility. 1L continues on the long line of front pasture females stemming from the Velvets.

In our Hereford program, we place a heavy importance on herd sire selection, and we understand first hand the influence that the herd bull you choose to run can have on your operation. We carry this importance over into our Angus division, and the fact that we are choosing to offer a bull calf right out of the gate should be an indication of how highly we think of him. Locked and Loaded is an accurate description of this masculine presenting Atlantis calf. We love the thickness he displays throughout, combined with a deep barrel and an extra extended herd bull neck and head. He is backed up by a beautiful dam that we purchased from Rail Line Farms, our eye always goes to her as we walk the pens as she displays herself proudly with presence every time. The McIntyre's sing the praises of what the Jilt family has produced for them over the years, so know with confidence that you will love the daughters 4L leaves you with.

COLOSSAL ON APRIL 7. PREG
CHECKED SAFE TO THIS SERVICE.

One of the very few Mohnen General heifers available this fall out of a powerful Bismark cow purchased from the heart of John Robertson dispersal. 122K's mother was always one of Ben's favourite cows at Robertson's. Like her mother, 122K will mature into a strong, big ribbed, good milking cow. Bred up early to Musgrave Colossal, for a January 14th calf, you don't want to miss out on this bullet proof heifer.

Thrilled to be a part of this sale, as this will be our first ever consignment in the Angus breed and we couldn't be more excited about what we have to offer. She has been one of the favorites since day 1 and grabs your attention the first time you see her with her near perfect angles, long and straight in her lines with her tremendous dimension, swoop bellied and being stout from end to end. Not to mention you will love her on the move, she hits her stride and looks good doing it, with flexibility on both ends. Her pedigree is unique as they come, her dam is a beautifully made Blacklist daughter which in turn goes back to the Liberty cow family from the Dunford Royal herd. On the top side, it's an outcross to most pedigrees today. With greats such as HF Prowler 43U, Duff New Edition, and OCC Anchor, it makes for a pedigree with predictability and efficiency streaming through it.

With the opportunity to be part of the new Estravangaza sale we offer up the best from CNS. We purchased this beauty's mom few years back from Hawthorne Farms topping the Cattleman Choice sale and she has not disappointed. Closing in on 10 years old, maternal is in her DNA. This Marvel heifer calf has been eye catching since day one and is a pen favorite for touring visitors. She is correct in her lines and wheels out on a great set of feet and legs. It was no question that Ava wanted to show her as her 4-H project. Show or cow prospect we think she has both. CNS Dana 4L is fully vaccinated with Triangle 10 and Tasvax 8. Retaining show right until after the RAWF at our expense. Consigned by CNS Livestock.

The Evening Tinge cow family is legendary and we were lucky enough to purchase one 2 years ago. She definitely didn't disappoint with her first calf. 101L is a very attractive, cool-made PVF Marvel daughter. She excels in her correctness and attractiveness. On profile, she exhibits a high neck attachment and excellent body depth and then combines that with a stout hip. On paper, the show ring, or your donor pen, this is one to look out for.

Hot off the presses: we are pleased to offer the very first American Made heifer in public auction in Canada. American Made is a genetic treasure with all the credentials. His EPD profile places him among the most elite in the breed with a moderate birth weight and breed leading performance. He is a sound, free moving bull with added eye appeal and dimension. All the greatness this bull has to offer is clearly shown in his daughter. Missie 103L excels in power and depth and possesses a powerful hip with loads of volume and bone. She has a very attractive front end and is clean through her chest floor. Buy with confidence on the cow she will become.

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
